BUSY GALLOWS

The gallows are busy these days, it seems, according to news reporters in Europe. At Bratislava a fat, bullet headed Roman Catholic priest walked to the gallows. On a scaffold, Dr. Josef Tiso, expresident of the wartime Nazi puppet state of Slavakia, murmured a prayer and cluched his rosary. Seven minutes later the rosary slipped from his hand and he was pronounced dead.

In Poland a German criminal saw his last dawn also. Convicted of sending over 4,000,000 persons to death, Rudolf Hoess, former commander of the Oswiecim hanged on the same gallows where many of his victims had died.

Once again the gallows offered death to be the fate of some Nazi warlords charged with plotting a rightest coup against the coalition government, three Hungarians were sentenced to hang a la Hongroise." In this procedure the condened man stand on a stool before a high post topped by a hood. A thin rope is tied about the victims neck and pulled taut about the hood. Then the stool is keked out from under the victim. His neck is not broken by the fall. As a measure of mercy, the excutioner sharply twists the victims neck while a couple of assistences pull his legs down.

So ends the lives and careers of those who tried to rid the world of democracy.

UNITED NATIONS CONFERENCE

Yes! The United Nations Conference is over and it was not successful but it could have been if they could have gotten together on an ageement. The way I see it is that the conference was not a failure because it is not over yet. It has only convened for a while. Why not look at it this way: if you went to a baseball game you wouldn't of leaving after the first inning because the score was nothing to nothing. It just isn't reasonable. It is the same way with the conference it isn't over yet.

The next time it comes into session they may have a better understanding of each other and be able to agree on things of importance. At least we hope so.

BIGGEST WRECK IN YEARS

At least 16 holiday seekers were killed Monday May 5 in Australia's worst railroad accident in 21 years.

More than 35 persons were injured-23 seriously-when the train jumped the tracks on the steep hill at Cape Mountain, 12 miles from Brisbane. The train was carrying about 400 vacationists, including 150 children.

A stamp to honor doctors has been announced. How about another to honor the people who pay them?

A guest conductor was driven crazy at rehearsals because at least one member of the orchestra was always missing. After the last rehearsal he tapped for attention and said, "I want to thank the first violinist publicly for being the only man in the orchestra who had the decency to attend every rehearsal."

The first violinist hung his head. "It seemed the least I could do," he said, for I can't be at the concert tonight."

ON THE RACE TRACK

NOW FOR A SMILE

Last Saturday, May 3, one of the foremost racing classics of our modern age was held at Churchill Downs race track. The famed Kentucky Derby with all its splendor and beauty was the end of the many months hard training of trainers and owners. One woman of horse racing fame, Mrs. Elizabeth Arden Graham, was amply awarded and which made her very happy for she had all of her carefully bred animals except one destroyed in the fire of her stables last year.

The race all the way through was as close as you would want it. The favorite of the race was Thalax but the horse had a bad start and stayed last until the last long stretch on which he zoomed to get the second place ribbon.

The glorious victor was Jet Pilot who got a good start and stayed in the lead until the finish. He got \$92,162 in purse for the owner and some additional prizes for the rest of the stablemen.

THE FIRST LOSS

The first game of the season was played at the Pine City Fair Grounds last Sunday with the strong Hinkley team. Pine got a bad start and did not get ahead during the whole game but did manage to get a very close margin between scores. The final was Hinkley, 12 and Pine City 10.

A pessimist may have his faults but his ideas about fishing are pretty accurate.

Some men wake up and find themselves famous, but most of us wake up and find ourselves late.

Employee: "I have been here for 10 years doing 3 men's work for one man's pay. Now I want a raise."

Employer: "I can't give you a raise, but if you'll tell me who the other men are, I'll discharge them."

"Waiter, I know meat is expensive but isn't this steak rather small"

"It is, sir, but it will take you a long time to finish it."

Medical Professor: "What would you do in the case of a person eating poisoned mushrooms?"

Student: "Recommend a change of diet."

Housewife: "I see a spider web in the corner, Ethel. To what do you attribute that?"

Maid: "To a spider, ma'am."

Simple Dishes!

"Just for a change I'd like to seat at the top and work down!"
