

CHENGWATANA

Issue 4

PINE CITY, MINNESOTA

March, 1957

On Monday, March 25th at 8 P.M., the Phy. Ed. classes including the grade school, gave a Physical Education Demonstration. Under the capable supervision of Miss Conley and Mr. Sporer, there was tumbling, trampoline, routines, square dancing and creative dancing.

The grade school was represented by children chosen for their ability on the trampoline. Many skills were performed on the mats, including flips, headstands, pyramids and group work.

The kids spent considerable time preparing for this demonstration and the result showed it.

The Phy. Ed. classes are now playing volleyball, badminton, deck tennis and aerial darts. There is also a noon-time recreation program where the boys play volleyball.

The Sub-district declamation contest was held in Hinckley on March 13. There were only eleven competing in the contest and in some categories there was no competition. John Barry and Albert Harvey were lucky in that they had no competition but they both received superiors, which permitted them to go on to the district contest. The other three P.C. girls each received an Excellent rating.

Band News

The annual magazine drive was very successful this year. The total amount collected was \$1,335.65. High room was Mr. Bethel's eighth grade room with \$291.00. The high salesman was Janet Kozak with \$63.25. The money that is received from the school's commission goes to the band. The band uses it to buy new instruments and fix old ones. Last year the band bought a bassoon.

SENIOR CLASS PLAY

As could be expected the Seniors are working frantically on their spring presentation of "Orchids to Lori", a romantic comedy in three acts.

After his daughter, Lori wins his nomination without his consent, Ben Parker's troubles have just started. Mr. Stevens, Present mayor and Parker's employer, hears of his intention to run for mayor and fires him.

To get the rest of the story, you'll have to come and see for yourself.

JUNIOR HI LITES

The Junior Class is planning to take a trip to Chicago in the spring of their Senior year. The Burlington Railroad Company has made plans for their stay in Chicago. The program they have in mind includes a ride on a subway, a stay in a large hotel, a trip to the Museum of Science and Industry, a ride on a large sight seeing boat on Lake Michigan and many other interesting activities.

You can easily see that the big problem confronting the Junior Class now, is a project to raise as much of the money needed to finance the trip as possible. The cost is approximately \$30.00 per person. The more money the class can raise, the less the money each individual will have to pay. This will enable more students to take the trip.

The Juniors have several vague plans as to how they will raise the needed funds, so whatever they undertake, let's give them our whole hearted support!

SNO QUEEN

"Oh!" was all that our surprised and happy Queen Janice could say as Jack placed the 1957 Sno-Ball crown on her head.

When asked what her favorite food was she replied, "I like everything, but especially chicken." She enjoys playing the piano in her leisure time, and advanced algebra is her favorite subject.

After graduation Janice plans to work during the summer and enroll, in Sept., at Northwestern Hospital school of Nursing.

We wish Janice the very best of luck in the future.

Topic: "The Topic!"

"Come on, baby, let the good times roll!" That's one of the frequently played songs on the work-weary jukebox at the Topic, and believe me, truer words were never spoken. It took a while to become adjusted after the "big switch" from the Liner but now it seems like home. The added space is heaven sent; now the kids around the door are standing only two-deep instead of three. That's progress for you! Hope you all realize how lucky we are to have a place to spend our Friday nights. Judging from the number of strange faces that I see weekly at the Topic, I'd say that a lot of other kids aren't quite as lucky as we are. This isn't something to be taken for granted, kids! We used to think that the Liner would always be there and look what happened. If we want the Topic as a place of frolic permanently, let's show it by being on our best behavior while we're there. That doesn't mean sitting around like goons with our legs crossed and our hands folded in our laps. What it does mean is dancing and laughing and having a good time without being destructive and malicious. How about it, kids? Let's make sure the Topic will always be open to future generations. I thank you! Amen!

FACULTY FACTS

Varsity versus Faculty

The high school basketball team defeated a fat but rugged faculty squad 66 to 45 in their annual "scrimmage." It was no contest from the beginning; the fat boys on the faculty team couldn't match the class of Coach Ziebarth's fast, well-knit offense and were never in the game. (They couldn't buy a basket.) Mr. Clark had visions of the coming drubbing and made up the excuse of a "sore back" to escape this sure defeat.

Besides showing the faculty what the game was all about, it was a thrill for

Think of this —

Spring does wonders to the kids. Only yesterday we saw Bill Tuma heading South. (R.C.?) Arlyce was wondering about the Perraults of Spring when Nancy S. clued her that the chord for spring harmony was D-A-V-E! Of course Barb Suasen had her own ideas, fishing with Engle worms. Elva has been enjoying Friday, wonder why? Dar Bergstrom is pitching for Rabbit Ears. Archie is nervous in the service, huh Dee? Lyle A. likes the 57 model Carr put out by Mora. Bill, (R.C.) and Beryl, cute pair, steady too! Betty & Delores, twins huh? Swell hayride, where were Dick and Pat?? Cowboys ahoy, Punk V. and Sharon H. Jim B. likes the fragrance of sweet Brozes. Jack is stepping high with one of our major-ettes. Sandra's not worried about Spring, she's got everything down Pat. Ron has got a beaten path, and it leads right to Ketha. (pardon the corny poetry). Seen in the halls; Judy H. and Delbert Lauer.

Congrats to the old stand bys, (for standing it so long) Muff and John, Areatha and Virg. Jer and Joy, Mar and Gary, Sue and Dick, Linda & Dennis, Alice and Jerry, Judy and Kenny. Janet and Barty.

from such faculty greats as "Marcus" Bethel, "Goose" Rigney, "Superman" Sporer, and "Hairylegs" Wallberg. (I won't mention Mr. Nell because he might make it rough for me next football season.) The faculty had a strong bench in "George" Melstrom.

Jerry Yost led the school team's scoring with 15 points, none of the faculty's hatchet men made enough buckets to even rate a place in the box score.

Another faculty game is over and Mr. Ziebarth's boys again showed the faculty that they belong in the classroom, not on the basketball court.

P.S. Don't wonder why I'm not in school the day after the paper comes out.

Dance a Success

The Junior High party was a big success. The eighth graders made the little gym look real "cool" by decorating it in aqua and white streamers. Both lunchrooms were in use also. The large one was used for the serving of cake and punch. The small one for checkers, ping-pong and chess.

The chaperones were Mrs. Vosika, Mr. and Mrs. Bethel, Mr. and Mrs. Mellstrom, Mrs. Beckstrom.

L.N. and J.H. were the astronomers of the night. Say kids, did you find any new stars or planets?

Everyone had a swell time and we all hope we will be able to have another party before the year is over.

"Believe it or not, that's actually me! Just look at my nose! And my eyes! Holy cow, can't I ever take a good picture?"

Regardless of whether they like them or not, the kids have their pictures and they are stuck with them. Now I may be prejudiced, but I think they all look pretty swell, and in about 50 years when ye olde students are showing them to their grandchildren, chances are they'll think they're pretty swell, too, even if they are old fashioned by them.

Old driver's licenses and valuable ticket stubs are being emptied out of billfolds to make room for the picture of that favorite boy or girl and the girl's dresser Mirrors at home are encircled with a mass of smiling faces which make it extremely hard to get ready for bed at nite. No privacy whatsoever. Seems like Jack Swedlund is always watching when I smear the mud pack on my face, and Jim McClellan's eyes just about pop when my skirt comes so much as 2" above my knees. Well my goodness, it's my bedroom.

There's no doubt about it pictures are fun. Maybe next year yours will be better.

"LUCKY PEOPLE!"

The Sophomores have been studying different types of literature. Julius Caesar is the favorite as you probably guessed. Every place you go you hear a tiny voice from some corner vainly memorizing, "Friends, Romans, Countrymen, lend me your ears." Now they are reading The Mikado, by Gilbert and Sullivan. Very amazing!
