

Dr. Robert Lawrence Eliseman The passing years shalf not erase I noble lefes serest farme Or dim those sacred memories That eluster round his names His friends evera legion, staunch and true And these will ever be Inspired to live for better lives Thrue his nobility We are assured he walked by faith The blessed way of peace and lane
The way that leads to God: Robert Frederic Ediseman Grandson May your life be as noble and helpful This book igs for Dreta, also, to beforther perusal Drandaughter OUR PIONEERS brought beautiful and accurate watches and clocks with them when they moved out to what is now our Upper Midwest, but did you ever wonder about what authentic time they had to set them by. Mrs. Mary Wiseman of Frederic, Wis., recalls an anecdote about an uncle of hers who was a wholesale jeweler in St. Paul. Back in 1853 he realized the need for authentic time, so he sent for a large sun dial and installed it. The noon mark, he discovered, was off from 7 to 10 minutes. He then sent for a fine astronomical transit clock and ship's chronometer at a cost of \$1,000. He took observations of the stars through a telescope for several nights and finally found the true meridian of St. Paul and thus could obtain true sun time as is done in Greenwich and Washin, ton. For years railroads depended on Jeweler Greenleaf for accidate time.

agent uncle of Dr. Rabert Eficement was Red. John Ediseman, a Methodist minister. It was commissioned by Bishop abouty- The facsimilie of the commission is found in the Elliseman genealogy. He served in bath the Polonial militia and in the Continental line in the Revolution The was with Edashington at Walley Forge 1818 he moved to Ohio.

BROTHER SENIOR COUNSELOR.

"In the midst of life we are in death."

Never was the reality of these solemn and oft regard works more sorrowfully exemplified than when on the morning of January 10th last, the information came over the wires announcing that our beloved colleague, friend and brother counselor, George S. Wiseman, Senior Counselor of our Council, had died at his home at Pine City, Minn.

While no words of ours can add peace to his ashes or sweetness to his sleep, we beg to place on record a tribute of our affection and esteem.

In the death of Brother Wiseman this Council has suffered an irreparable loss, one who labored hard and faithfully to upbuild our organization and in his

dying moments he had his faithful wife communicate to us his wishes for our Council's continued success and expressing his hopes that Saintly City Council could always proclaim of itself "The Greatest Council of America."

O, that every member of our Beloved Council would arise in emulation.

Brother Wiseman's untimely death is to be deplored, but it is a pleasure to be able to say with truth that from his early youth and to his latest manhood he was in every way a model man.

He was moral, upright, temerate, honorable in his conduct, modest and unostentatious, broadminded, and while quiet in demeanor, he was straightforward in action.

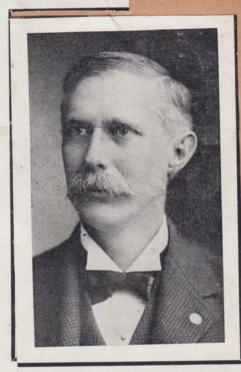

Brother Wiseman was a successful business man, one upon whose judgment you could tie to on all occasions. A man who took great delight in his home, surrounded by his loving wife and children. With his associates he was a warm hearted and genial friend.

Born in Ohio in the year 1849, at the age of seven he came to Minnesota where he has always made his home. In 1877 he became a resident of

Zumbrota and engaged in the hardware business. Early in 1882 he came to St. Paul and formed a connection with Farwell, Ozmun, Kirk & Co., as traveling salesman in whose employ he remained up to the time of his last fatal sickness. Mr. Wiseman was also the owner of two hardware stores, one at Harris and one at Pine City, both Minnesota towns.

Prior to the past summer Brother Wiseman resided with his family at No. 1835 Iglehart Street. Merriam Park, St. Paul, where he had a pretty home, but with his failing health, and being afflicted with an incurable malady, cancer of the liver, we find him patiently and with fortitude shaping his business matters for the end.

Purchasing a new home on beautiful Cross Lake

GEORGE S. WISEMAN

Gaur grandfather

at Pine City, in which town his eldest son, Dr. Robert Wiseman, is a practicing physician and his youngest son, Roy G., managed his store, Mr. Wiseman removed with his family, comprising another son, Albert H., who succeeded to his father's position with Farwell, Ozmun, Kirk & Co., a daughter Lucy, who attends the St. Paul High School, and Mrs. Wiseman.

Ever solicitous for the comforts of his loved ones, we find those noble and lovable traits of his heart manifested in the arrangements made for the future

comforts of his family prior to his death.

Brother Wiseman was always apparently happy in his new home, always with a pleasant, cordial greeting to his hosts of friends. "The Boys on the Road," who never missed a visit with George when the

opportunity was granted, but his time on earth was to be short, and on January 10th, 1902, in obedience to the dictates of an inscrutable Providence, his spirit passed across the silent river.

On January 11th his funeral was attended by a large concourse of friends, and with the "U. C. T." and Masonic rites his body was tenderly consigned to the tomb.

In the beautiful words of our Ritual he was a tender husband and affectionate parent, a kind master and a considerate neighbor, living at peace with all mankind and possessing their regard and esteem. His gray hairs are crowned with glory and honor, and he sinks into the grave obedient to the will of God, accompanied by the benedictions of all who knew him and with a well founded hope of a blessed immortality.

Thy day has come, not gone;
Thy sun has risen, not set;
Thy life is now beyond
The reach of death or change.
Not ended—but begun.
O Noble soul! O gentle heart!
Hail and farewell.

RESOLVED. That a copy of this memorial be placed upon the records of this Council, that a copy be sent to the "Sample Case" and "St. Paul Trade Journal" for publication, and a copy be transmitted to the family of our deceased Brother to whom we tender our profoundest sympathy.

Respectfully Submitted,

GEORGE W. GOFF, ALBERT J. CAPSER, JAMES MORROW, J. M. DRESSER.

Dr. Robert Eliseman and brother Ray 1924

We are what we are because me stand on the shoulders of those who Freceded us may me so line that those who fallow us may stand on our shoulders "

the lined so happily in Pine City from 1900 until he was called Home in January 1927

Much of the time he was the only doctor serving a very large district in the days of airful roads - at first he Hept fine harses going over conducay & sand roads " in the summer and up the river on the ice or off on the lake & from there on to so called minter roads through the woods - at last came our auto mobile the first such machine in toron

Can you find any resemblances to the slick streamlined, can of today?

Nardrubber tires that bumped over terrible roads, for there were no such Things as good roads in horse and buggy days - It is the use of the automobile that has brought those-Curtains that fastened on the outside, so if a hard shawer came suddenly, one jumped out and granted a number of different sizes of curtains and snapped them on while thoroughly enjoying the chainer - Then if it rained quite hard no doubt the engine would be stalled. Gir cooled engines that always became too had on the road where there was no tree to shade us, and there we sat and maited until it very gradually evaled enough to start again. But with all of its faults have me loved it, and many the trips we took Together. The roads of course were extremely dusty so we all ware "questers" longlinent coals to corer us Thoroughly, and me had the aux hats (the roomen that is) with long It took must of the day to travel now were home in Time Rity to St. Taul such deep sand which they often conered It straw from there to turest Lake -That was our halfway place where - always must stop for our pienie which and recreation before we earld

finish the rest of our journey Before long balaon tires were invented and that helped greatly. Ine day at the State Fair Nactor investigated a new fangled affair called a "self starter" what a fine thing that would be if it really worked, for it was a difficult jak to start wear and many an injury was received in trying By 1920 one could make the tripeasely on good roads - Godacon and go to the haspital-perform an operation have a good dinner, take in a good show or concert and home. For great was the aquance made which we one very greatly to the invention of and improvement in making those autos-This was all a great relief from the horse and buggy days. Often the doctor couldn't even use a cutter, but had to use a law sled sleigh, through deep drifts too deep for even horses as there were no snow ploughed highways Often at night he mud shorel deep drifts to make a road for the harses to travel, and then dripping with perspire tion, pull up his fur coat & sit in the open sleigh and freeze - just a few of the hardships of the horse and buggy days after leavy rains he often became mired, and often carried with him a

black and tackle affair to full the buggy But he never failed to answer a call no matter what the weather - at one time he was coroner for many terms. The sheriff died, and the coroner took that office too, until the next election two weeks off. During that time two murders were committed. after a long search he arrested one of them-The other murder was the result of drugging a lumbergack in a "blind big and to get evidence the doctor had to consilly remove the heart of the victim while the murdered laskson. He went a quarter of a mile to the train in great fear, that this would be discovered, and sent the heart on by me to the State University, where chemical examination proved the presence of Toison- Thus two of the morst murderers The had often drugged lumber men in The town of Bruno Minnesota, were but in prison for life, and the dactor was highly praised by the governor is telegram - also he received propuse plagues from the citizena of Bruno.

Often emergency operations had to be performed on a Kitchen table and by the light of a Kerasene lamp. The ansarhetic given by a staking husband-

So through the years. he devoted his life to his work and it seemed as if the time had some at last when he earld have relief from his hardships and take he work much easier-

the had a comfortable home with a heated garage, fair roads, being constantly improved, another doctor in town to take his share of the work, and hapes of longer vacations

But one can never be sure of one's plans, for after a serious illness, he was called to his other Nome Jan 26 1927

"I tell you they have not died; Their hands clasp yours and mine They are but glarified. They have become diaine."

Rob was one of the tenderest hearts, and a sentiment of such refinement and delicacy and affection as belong to those who are of the choice characters of the world-

"THE BELOVED PHYSICIAN" HAS BEEN CALLED HOME

Hundreds Gather at Armory To Bow In Sorrow at Last Earthly Rites For Dr. Robert L. Wiseman, Whose Mission In Our Community Has Been a Mission of Mercy and Self-Sacrifice

As stated in our last issue, funeral services were conducted on Saturday afternoon, Jan. 22nd., from the armory in this city for Dr. Robert L. Wiseman, who died at St. Joseph's hospital, St. Paul Thursday morning Jan, 20th following a major operation.

No church in this community would have held the throng of life-long friends who gathered in the extreme cold of Saturday to pay their last respects to the memory of one who for the past thirty years has given of his very life's blood in the interest of humanity. As it was, the capacity of the armory was taxed, and many who came late found the weather too inclement to remain long outside the armory.

The floral offerings were reautiful beyond description and bore mute testimony of the love and esteem in which the departed physician was held by the people of this community.

Conspicuous among the floral offerings was one given by the children of the local schools, every grade from the first on thru having had some part in the fund secured to buy flowers for the doctor. These children have known the doctor from birth and they were deeply grieved when the news of his death reached here.

The service at the armory was one of the most impressive it has ever been our privilege to attend. Hundreds of people who have known the doctor for a quarter of a century or more, drove in, many of them with teams, to honor the man who had been with them thru sorrow and adversity and in times of rejoicing, and who never failed to get to his objective if within the limits of human endurance.

Rev. Reinhardt, pastor of the Presbyterian church, was in charge of the service. Rev. T. J. Buckton, former pastor of this city and a close friend of the departed, delivered the funeral eulogy, taking as his text the words "The Beloved Physician", taken from Col. 4-14., Rev Buckton also read a portion of the 13th Chapter of 1st. Corinthians, and upon these based his remarks. Truly Wiseman was "The Beloved Physician." We doubt very much if there has ever been a man in Pine City more highly thought of and more dearly loved. As Rev. Buckton unfolded the story, so well known to most of us, of the beautiful life of love and devotion to duty, hundreds of eyes were dimmed with tears, and hundreds of throats tightened. In the throng gathered at the service, were many with whom the doctor had gone into the valley of the shadow. when some loved one was lying at death's door, and nothing but kindly Providence and the skill the overworked country doctor could bring back the life of the one in danger. There were hundreds who were ushered into the world by this faithful, beloved physician, and they all felt the deep solemnity of the occasion. All of these friends and assoclates of long standing, and many from nearby towns sensed the tragedy of the occasion and their hearts went out in sympathy and consolation to the brave wife and companion, and the children, whose great privilege it has been to be part of that life of service. Fr. Leo of St. Mary's church and

Fr. Leo of St. Mary's church and Rev. T. B. Clark of the Methodist church both spoke briefly before the conclusion of the service, and their

thy

etro

du

Both dwelt on his life of service and sacrifice, the former speaking from a knowledge gained thru years of assol cation, and the latter from the many good things he had learned about the hope that something could be done. He had diagnosed his own case, and in our midst.

Music for the service was rendered by a mixed quartet composed of Mrs. Ell Huber, Mrs. R. E. Carlson, E. A. Cleaver and Rev. Reinhardt. Mrs McEachern presided at the piano.

Bearers were R. J. Hawley, O. So botka, Robert Wilcox, J. P. Miller, F. A. Johnson and E. J. Prochaska,

Robert Lawrence, eldest son of Mr. and Mrs. George S. Wiseman was born at Stockton, Minn., July 9th 1874 and was in his fifty-third year. When trips to the city this winter with the hone that something could be

a small child he went from Stockton with his parents to St. Paul and the family soon moved to the Merriam Park district. He was the eldest child in a family of four, and is survived by his two brothers, Roy of Birtish Columbia and Albert of Minneapolis and by one sister Lucy, Mrs. McDaniel of Douglas, Ariz.

The doctor attended Central High school in St. Paul and as a student met Louise Davis who later became his wife, graduated from Central in 1892 and continued his studies at the University of Minnesota where he took the course in Medicine. After finishing the course there he came to this city in 1897, and began his life of service. In 1900 he was married at Merriam Park to Miss Mary Louise Davis, and they immediately came here to live. Shortly after their marriage the doctors parents came to this city to reside as Mr. Wiseman was lill with almost the same ailment that the doctor recently succumbed to, and he was here where he could be treated The elder Wiseman died within two weeks of twenty-five years previous to the death of his eldest son.)

Three children blessed this union, Ruth the eldest now Mrs. Clair Shuey, George and Grace all of this community.

Besides the members of his immediate family, two brothers and one sister and his mother, Mrs. Robert Derr, survive. Mrs. Derr has been closely confined to her home for some weeks, taking a rest cure, but was able to attend the funeral

led him to consult the best specialists in the cities, and he made several trips to the city this winter with the hope that something could be done. He had diagnosed his own case, and numerous doctors who had studied his condition were agreed as to the cause. This major operation of last week was a last resort, a sort thousand to one shot that the trouble could be removed. The Supreme Ruler must have had work for a good and faithful physician in the other world, and just about 24 hours after he went into the operating room, he went home to his God, after hours of the most excruciating suffering. With him at the last were his wife, who accompanied him to the hospital the previous Sunday, and his three children who were called to the city Wednesday night. O Sobotka took George and Grace down early in the evening and Mr. and Mrs. Shuey went down late that night. The doctor carried on like the good soldier he was, and even in those last awful hours, concealed his pain with Sphinxlike stoicism.

FTUR

mage

EZUZ

COL

he

Relatives present at the funeral were Albert Wiseman and wife of Minneapolis, George Becker of Turtle Lake Wis., an uncle of the doctor, and his son John Becker of St. Paul, a cousin, Fred Meen of St. Paul. Friends of the family from distant points were Mrs. J. J. Hannahan, Merriam Park, Mrs. C. L. Bostwick, Duluth and Mrs. W. H. Bastien, Buhl.

Members of the profession were here from all of the nearby towns to pay their respects to the memory of a man who had worked with them thru storm and sunshine.

The doctor was a member of the Knights of Pythias, A. O. U. W. Maccabees, Modern Woodmen and E.F.U. He found time in his busy life to serve three terms as president of the village council and for many years has been a trustee of the Presby terian church. He started what is known as South Park, during his term on the council, and it was always his idea to make this a beauty spot in the village. He had the trees planted there which are now growing nicely and the suggestion that this park be completed and named in his honor would be but small tribute to the memory of one who loved beautiful growing things. The doctor found many hours of pleasure at his cottage on Cross Lake, where he occasionally found time to work with growing plant and tree life. The grounds of his home were always well

cared for and contained many beautiful flowers, and he took extreme pleasure in caring for these things. As we all knew, his one passion was hunting, and hardly a deer hunting season has passed since we have known him, that he did not spend some time in the woods.

It is hard to prepare a fitting eulogy for an institution like Doctor Wise-For institution he truly was, As we look back over the years, we wonder how any man could go thru was and months of almost incessant in all kinds of weather and moler the most trying conditions and earry on. Not only was he locbut be was counselor, advisor, and To pardon a personal alwe who have driven with him Tery little bit of the grief conwith his life of service in the can appreciate the wark he has done for the people The County. We also know under he was sometimes put make his country calls, when it as though his great heart ander the load. How sart for the home of some me damily, with stump puller or and make, and with shovels and mer necessary to "get there" at his objective, perthan the patient he was How he carried on and on turns the flu epidemic of a of years ago, when suffering alled and he heard and But why enumer-Those of you Doc" Wiseman, know Things without being told.

Miney was a secondary was a secondary was a secondary was a secondary this country doctor, and been. If the family of the paid the bill all well and they couldn't pay, all well suffering bumanity was the might slip into the min't go; and he went.

Only one who has stood with him at the bedside of a dying loved one, can know the great love he had for all humanity. When we say that his place in the life of this community can never be filled, we know whereof we speak. Everyone in this section of Pine County has lost a friend, a more than friend. His family has lost a kind and loving husband and father, but they can get much satisfaction in the knowledge that thru all the years they have had him with them, they have been in close communion with one of God's noblemen.

Truly he was "The Beloved Physician".

CARD OF THANKS

It is just impossible to express by words the gratitude and love we feel toward the dear people of our community. God bless you all.

Mrs. Wiseman, Ruth, Grace and George.

The dedication of the Ediseman Memorial Bark

The exercises opened with the standing of retreat by Battery E and the local Boy Scout Troop in the Memorial Park as the flag was lowered. The balance of the program was conducted from the bandstand in the Rob-

inson park.

Speakers on the program were J. Adam Bede of Duluth, Dr. Savage of St. Paul, Dr. Stephan of Hinckley and Rev. Buckton of Red Wing, with M. B. Hurley as chairman, all of whom had been intimate friends of Dr. Wiseman. The speakers all eulogized Dr. Wiseman and commended this community for providing such an appropriate memorial to his memory. A vocal solo was given by Frank Gottry and there were selections by the band.

The park, although only a year old, is a beautiful spot of nature, with a thick grass lawn like a beautiful green velvet rug, the shrubbery, flowers, hedges and trees and the winding cinder paths, is a memorial fitting to the memory of Dr. Wiseman who gave unstintingly of his time and money to the health and welfare of the people of this community for thirty years. He was a great lover of nature and this beautiful park is a monument worthy of the character of the man whose name it bears, and whose memory it will keep fresh in the memory of the people of the community.

An additional feature, placed in the park, is a bird-path donated by Rev. Buckton, intimate friend and spiritual advisor of Dr. Wiseman during Rev. Buckton's residence in Pine City.

Business men are raising the fund for a memorial. It has not yet been decided exactly what form the memorial will take. A park may be established or a library may be built in honor of his memory, it was said today.

Pine City to Build Memorial to Its 'Country Doctor'

Starts Fund With \$1,000 for Tribute to Dr. R. L. Wiseman —300 Children He Brought Into World Buy Flowers

While 300 children—virtually every one in the Pine City public schools—mourned the death of the physician who brought them into the world, citizens of Pine City and its vicinity today planned a great memorial to the country doctor who devoted his life to them and their families.

It has been less than a week since Dr. Robert L. Wiseman, known and loved all over Pine county for the last 30 years, died. Today more than \$1,000 had been subscribed toward a monument to his memory—and that in a town of some 1,300 population.

When he died the whole county mourned. At his funeral last Saturday nearly 2,000 persons crowded the Pine City armory. On the platform sat clergymen of every faith. From miles outside Pine City the farmers and their families drove in to the funeral services.

Never Missed a Call

As they talked outside the armory they told how Dr. Wiseman was for many years the only physician in Pine City, how he drove miles through snowdrifts and storms to answer sick calls—and how if his horse was blocked by drifts or, in later years, his car was stalled, he would get out and walk. He always got there, they said—never in all the years failed to answer a call no matter what distance it came.

Chief among the flowers at the funeral services were those sent by the children in the Pine City schools—practically every one of whom was brought into the world by Dr. Wiseman, it is said. They brought pennies and nickels and, in all, raised approximately \$20

Graduate of University

Dr. Wiseman was a Minnesotan, born and reared. Born at Stockton in 1874, he moved to St. Paul with his parents when he was a few years old. There he lived until he went to Pine City in 1897. He was a graduate of St. Paul Central high school and of the University of Minnesota school of medicine.

Since 1897 he has practised continuously at Pine City. He was married in 1900 to a Miss Louise Davis of St. Paul.

1900 to a Miss Louise Davis of St. Paul.
Twenty years ago he was resident physician at Pokegama sanatorium, at Pine City. He was a former mayor of Pine City and at one time served as a member of the city council.

All business houses in Pine City closed during his funeral and the whole town attended.

MEMORIAL FOR DR. WISEMAN

Residents of the south end of Pine county are planning a me-morial for Dr. Wiseman. This was decided on at a meeting attended by over a hundred people held in the court room, last Thursday evening. Major C. R. Boo acted as chairman of the meeting, and after a general discussion, he appointed a committee to handle the matter.

A memorial fund was started and \$845 has already been subscribed by residents of the village. Other committees are being appointed in the towns of Pine City, Rock Creek, Royalton, Mission Creek, Chengwatana and Brock Park and the names of these committee members and full particulars as to the plans for the memorial will be available for next week's issue. Ed Prochaska is charman of the seneral committee.

A TASKI

To be honest, to be kind; to earn a little and to spend a little less; to make upon the whole a family happier for his presence; to renounce when that shall be necessary and not to be embittered; to keep a few friends, but these without capitulation; above all, on the same grim condition, to keep friends with himself, here is a task for all that man has of fortitude and delicacy.

Robert Louis Stevenson

Rab was one of the tenderet hearts and a sentiment of such refinement and delicacy and affection as belongs to those who are the characters of the world

FROM THE PINE COUNTY PIONEER June 29, 1900

Dr. Wiseman, accompanied by his valet, James Heywood, took Wednesday's noon train for St. Paul, where he took unto himself a wife at Presbyterian Church at Merriam Park.

Sheriff R. J. Hawley, Charles Griffith and sister, Vernie attended the Wiseman-Davis wedding, and also attended the Elk's carnival in St. Paul.

LIFE IN THE PARKS.

A WEEKLY RESUME OF MIDWAY

Local Personal Gossip, Parties, Socials, Picnics, Entertainments, and the General Run of Amusemets for Next week.

Of all the interesting June weddings in Merriam Park none awakened more popular interest than that of Miss Louise Davis, who was married on Thursday evening to Dr. Robert Lawrance Wiseman, of Pine City. Miss Davis has grown up in this community and has always been prominent in social circles when not at school. She spent two years at the Winona normal school after completing her work in the St. Paul schools. She has endeared herself to the children of the community as a teacher in the Longfellow school and in the Presbyterian Sunday school. This fact was in evidence last night when scores of children lined the curb stone in front of the Presbyterian church where the ceremony took place. Miss Lucy Wiseman, a sister of the groom, was maid of honor. Miss Kittie Sullivan and Miss Williams were bridesmaids. Roy Wiseman, a brother of the groom, was best man. The ushers were: Frank Savage. Willard Walther, Herman Chapman and Howard Woodman. The presence in the bridal procession of Helen Shepardson and Grace Barwise as flower girls and of Guy Barwise who bore the satin hassock added a beautiful feature. Miss Hattie Donnelly presided at the organ and as the bride appeared Mrs. Hartigan sang from Mendelssohns wedding chorus. The church was beautifully decorated in green and white by the Presbyterian ladies society as an effectionate tribute to Miss Davis. The Bride wore a gown of white twiss with Thite sold ribbon and carried white ross. Davis the bride's mother, wore black and white silk, and Mrs. Wiseman, mother of the groom, white lawn over pink. The maid of honor and other maids wore white organdie and white roses. A reception followed the ceremony at the residence of Mr. and Mrs. George Wiseman. Those assisting at the reception were, Laura Shepard, Freda Nyebury, Edna Oakes, Hattie Bishop, Ethel Hosteries Bertha Cunningham, Alice Wood. Katie Donnelly, Mamie Donnelly, Hattie Chandler, Corine Smith, Clara

Buswell and Clarise Wittelsey. Amid the usual showers of rice and roses Dr. and Mrs. Wiseman left at ten o'clock and went immediately to their new home at Pine City. Dr. Wiseman has achieved an enviable reputation as a physician in this section of the state. The congratulations of the entire community follow the young people to their home.

DESCRIPTION OF THE PARTY NAMED IN

STREET, SQUARE,

realize rest, of

George D. Wiseman, son of Mrs. Robert L. Wiseman, and Miss Helen V. Engler, daughter of Mrs. Emily J. Engler of Chengwatana, were united in marriage yesterday morning, July 15th. The ceremony was performed by Rev. D. W. Thompson at the home of the bride's parents at 10 o'clock. The wedding was a quiet one with only relatives present. Miss Margaret Engler, sister of the bride, was bridesmaid and Wadia Moses of Rush City attended the groom. A wedding dinner was served, following the ceremony, after which the newlyweds left on a wedding trip. 20%

Both the newlyweds were born and raised in this community and both are graduates of the Pine City high school. George studied at the Junior college in Virginia and also took a course in electrical engineering at Dunwoody Institute in Minneapolis. He worked in Minneapolis for a time and now operates the Midway Service Station, formerly the Pine City Tire and Battery shop, which he purchased last spring. The bride also graduated from the local Normal department and taught school one year. She has been working for the Power company at Amery, Wis., recently.

Frank the Engler family joins the Elisemen family, and Mrs Emelie Engler reminisces about her fine family, and these interesting accounts wies he fatind a little further in this books under the Engler Family."

YOUNG WISEMAN VISITS PINE CITY

Has Become Expert in Radio and Electrical Work; Is Son of Late Doctor.

George Wiseman, a son of the late Dr. R. L. Wiseman, has returned to his home at Pine City for a visit with his mother and his sisters, Miss Grace Wiseman, and Mrs. Claire Shuey who lives east of the village, after having completed a course of study with the Institute of Applied Radio in Minneapolis. Young Wiseman has taken a course in radio and auto electric work at both the Junior College in Hibbing and the Dunwoody Institute in Minneapolis, and was also employed by the De Luxe Radio company of Minneapolis. He is a member in good standing of the Northwest Radio Trade association which requires the passing of a thorough test before a person can get a card as a member of that group. At present Mr. Wiseman is busy repairing and toning up radio sets for folks in southern Pine county who want to get the best results out of their instruments in order

MOTHER PRAYER

By Clara Hood Rugel

BECAUSE I am a mother
Teach me to ask not one exceeding favor
Of this child given to me.
Teach me instead the way
To pay my debt
To one young boy
Who, in his mother, roots
All faith there is to be.

TEACH me to seek no small exchange
For what I give.
Better that unsolicited
His smallest thoughts of me
Be born—and longer live.

HE IS my blessing—teach me that— Not I, his! Teach me to say, "Make me worthy, God, Of this, my son, Every day!"

GRACE WISEMAN MARRIED MONDAY

Miss Grace Louise Wiseman, youngest daughter of Mrs. Louise Wiseman of this city-became the bride of Mr. Wadia F. Moses of Rush City in a very pretty church wedding, solemnized at the Presbyterian church in this city Monday July 27th at tenthirty.

The ceremony was 'performed by Rev. D. W. Thompson in the presence of a large number of friends. The ring service was used.

Music before the creemony began was furnished by Miss Annette Bastien of Buhl, a former resident of this city and close friend of the Bride. As the pianist moved into the stately strains of the Lohengrin wedding march, the bride and her attendants marched up the main aisle of the church to be met by the groom and his escorts.

Miss Lucille Moberg of Rush City sang, "Oh Promise Me", as the service started and near the close sang the well known "At Dawning." She was accompanied at the piano by Miss Bastien.

The maid of honor was Miss Verona Moses, sister of the groom and bridesmaids were Misses Adela Carlson and Ione Sobotka.

The best man was Howard Nessel of Rush City and ushers were James Ardner and George Snyder, also of that city.

Miss Grace wore a wedding gown of white satin with flowing tulle veil and she carried a shower bounet of brides roses and sweet peas.

The maid of honor wore yellow flowered chiffon and carried pink, yellow and orchid sweet peas and snap-dragons. The brides maids wore white eyelet embroidede batiste and carried bouquet of pink, yellow and orchid sweet peas and snap dragon.

The bride was given in marriage by her brother, George Wiseman of this city.

Decorations at the altar were of hydrangeas and gladioli, with an arch of green, having a satin bow at the peak.

Following the ceremony the bridal party and a few guests from out of town repaired to the Wiseman home for the wedding breakfast and that afternoon the young couple left for the northern part of the state for a horeymoon trip. Afte their return they will be at home to their friends at Rush City where Mr. Moses will be associated with his brother Harry in the furnishing business.

Grace was born and raised in Pine City, has attended the graded and high school here and since leaving school has been employed at the Amery offices of the Eastern Minnesota Power Corp, as private secretary to Mr. Houger, the geneal manager. She is a very popular young lady among the members of the younger class in this city and had many warm friends at Amery, who knew and admired her while she worked there the past year.

Wadia is the son of Mr. and Mrs. M. J. Moses of Rush City and although not born in that city, has resided there the greater pat of his life. He is a graduate of the Rush City schools and has been associated with his father in the mercantile business since leaving school.

Guests from out of town at the wedding were Mrs. Hanahan of Minneapolis, Mr. and Mrs. W. H. Bastien and daughter Annette of Buhl, Mr. and Mrs. Fred Mean, Mrs. Watson and daughter, and the mother of Mrs. Watson, all of St. Paul, and the Moses family from Rush City.

The newlyweds received many beautiful and useful gifts for their new home.

THE THIRTY-SECOND ANNUAL REUNION of the

WISEMAN FAMILY ASSOCIATION

Will be Held at Rio Grande, Ohio

Sunday, August 25, 1940 10:00 A. M.

Rio Grande is very conveniently located on US-35 about 13 miles from Gallipolis, Ohio. As it is centrally located, we should have a large attendance from both east and west.

We will have the large campus of Rio Grande College and the large Community Hall building available.

Please make a special effort to tell everyone of the Wiseman name about our reunion.

Let's make this a real "Better Acquaintance" reunion.

Be sure to hand to the secretary any data as to births and deaths in your family.

Please register as soon as you arrive.

BASKET DINNER!

Come with well filled baskets and enjoy the day.

CLAUDE F. WISEMAN, Secretary, Box 495, Charleston, W. Va.

Bob Wiseman was wearing a specially made pair of glasses Friday night, but they fogged up so bad in the first quarter of the game, and he brought them over to the bench. If they can just find a formula to keep them clear he will be set. Even without his glasses Bobby was doing all right and "Big" Anderson of Grantsburg will vouch for that, as Bobby "nailed" him viciously on several occasions, once forcing him to fumble and then recovering the fumble in the air.

Mr. Robert Frederick Wiseman
on Sunday, the nineteenth of August
Nineteen hundred and fifty-six
at twelve-thirty o'clock in the afternoon
St. Lukes Methodist Church
Frederic, Wisconsin

Ripley-Wiseman Nuptials Solemnized

St. Luke's Methodist church, Frederic, was the scene of a lovely wedding, Sunday at 12:30 p.m., when Geneva La Myrta Ripley, daughter of Mr. and Mrs. Horace Ripley of Barronett, became the bride of Robert F. Wiseman, son of Mr. and Mrs. George D. Wiseman. Rev. L. Kieth Hanley pastor of the church performed the single ring ceremony.

The bride, given in marriage by her uncle, Lawrence Brunclik, was lovely in a chapel length gown of white taffeta, with lace net over skirt. Her veil of illusion net which had been used by a friend was over thirty years old. She carried a bridal bouquet of white roses and yellow chrysanthemums.

Misses Ellea and Eleanor Ripley, sisters of the bride were

maids of honor.

The maids of honor who are twin sisters wore identical gowns of pink organdy, chapel length with satin sashes and large bows in back. Their bouquets were white and pink carnations. Judy Moses, a cousin of the groom, and Judy Ripley, sister of the bride were candle lighters.

Donald Bair and Donald Anderson were the groom's attendants. The groom and his attendants wore light colored suits, blue ties and white boutonnieres.

Mrs. Edwin Knieff played the nuptial music, and Mrs. Raymond Amundson sang, "O Perfect Love" and "The Wedding Prayer" before the ceremony.

Following the ceremony a reception was held at the home of the groom's parents. Honors were shared with his parents in honor of their 25th wedding anniversary, which was July 15. The observance of their silver anniversary was postponed as their daughter, Miss Greta, was in Pennsylvania and Robert was in Idaho. Miss Greta was home to attend her brother's wedding and the silver anniversary.

the silver anniversary.

A buffet luncheon was served to about 100 guests. Special guests were the bride's grandparents, Mr. and Mrs. George Anderson of Clam Falls, the groom's grandmothers, Mrs. Emilie Engler of Pine City, and Mrs. Mary L. Wiseman. Other guests were from Rush City, Pine City, Braham, Hinckley and Minneapolis, Minn.; Barronett, Shell Lake and Clam

Falls.

The bride is a graduate of the Shell Lake high school and has been employed in Minneau The groom is a graduate of the Frederic high School, served the Armed Forces for two years and has been employed in Idaho.

After a wedding trip to Idaho where they plan to get a trailer house, they will live at River Falls, where he will attend State College.

Brenda Grace, daughter of Mr. and Mrs. Robert Wiseman of River Falls was baptized at services at St. Luke's Methodist church, Sunday morning. Rev. L. Kieth Hanley, pastor of the church officiating. Miss Greta Wiseman and Donald Moses were the sponsors. Mr. and Mrs. George Wiseman entertained relatives at dinner in honor of the occasion.

rend 19. José

A daughter was born to Mr. and Mrs. Robert Wiseman at River Falls Friday, Oct. 4. Her name is Brenda Grace and she weighted over seven pounds. Her paternal grandparents, Mr. and Mrs. George Wiseman of Minneapolis, stopped to see her Friday enroute to Frederic and again Sunday enroute to Minneapolis.

Greta ann Wiseman. Greta was born in Fine City. The family lived very near me, so I had the great joy of watching her develop Iso well remember the marning that George called me "Marker come right over me have the cutest little girl you ever saue." I was harvely expecting the news, so rushed over -Ilooked in the crib, and exchanned at the wonder of her, and then he said "Laok here" and there was another one! They said that the expression on me face was worth seeing as I had not expected two Alas The little Brace only lines a few haurs and that was a great disappointment as the parente mere so thrilled. Greta was such a tiny immature baby but grew steadily with a strong child-It seemed that very early her little mind worked ensity and fast. She memorized al the stories we read to her, and she was a great joy to us alf. She was so happy to have a baby brother ters years later and they grew up such pale It was a great joy to me to be with them and watch them develop. They lined in Frageric when Breta starte to school & she and Mary Grace lived mes to each other, dressed allke & were such pals. When Kuth died, and Strace has with her for a few months, the has the little girls together often. They mere the I had the great goy of living me frond of them as they started to schan watched them advance in Known

early days Greta was a leader and has red to be, a great therst for Brownledge I deine to be helpful in energy way. So like my dear Ruth, that she is very dear altho a good student in Nigh School, she ection in school activities & church School and camps-rounding out a many ways graduated from Thigh Dohad as Dresident The was and a Home group and gard the had always wanted to study nursing wery happy to enter the Namline Il morresite in St. Paul for the four year the had a most enjoyable 3 years and is a lorable character make a wonderful nuise July 1954 Mess Greta Wiseman, who is wacation from her duties at Asbury Hospital, Minneapolis, is m night duty at the Frederic Municipal Hospital this week. Was camp nurse at the Methodist camp at Whispering Pines for two weeks.

Greta Wiseman Wins Degree At Hamline University

GRETA

Greta Wiseman, daughter of Mr. and Mrs. George D. Wiseman, Frederic, was graduated at Hamline university's 97th annual commencement exercises, Monday, June 6. Miss Wiseman was awarded a bachelor of science degree in nursing and graduated cum laude.

Graduating seniors at Hamline this year totaled 146 with students receiving degrees ranging from bachelor of arts to bachelor of science in nursing and bachelor of science in medical technology.

The 97th commencement week program of Minnesota's oldest college opened on Saturday, June 4, with the alumni class reunions and the annual alumni banquet. Special awards went to the members of the class of 1905 who gathered for their fiftieth anniversary reunion.

A concert by the Hamline university band, under the direction of Thomas Nee, preceded the commencement exercises.

Mrs. W. F. Moses and Margaret, Mrs. Leslie Annett and Mrs. Derothy Skow attended the graduation exercises at Hamline Uni-

wersit, St. Paul, Monday morning where Miss Greta Wiseman graduated from the school of nursing. Her parents, Mr. and Mrs. George Wisemen, also attended the graduation.

Mr. and Mrs. George Wiseman returned Saturday from a week's trip. They took their daughter Greta to Hyden, Kentucky, where she entered the Frontier Nursing Service to further her nurse's training. The Wisemans enjoyed their trip to Kentucky. They visited the Mammouth Cave and other places of interest. They came home through Michigan and visited her niece, Mrs. Robert DeWeese and family at Grand Haven. They crossed the lake at Ludington enroute home.

Helen's George entertained, friends and relations at a pienia at lomo Park after the graduation exercises. Janet Morse returned to theferic with the Wiseman for forward.

This her graduation picture its ignifies that she is a cerm lande graduate

Miss Greta Wiseman, daughter the George Wisemans, drove to Hartford, Conn., recently and taking a six months course at the seminary there. She is taking training for overseas

George Wiseman took their daughter Miss Greta Wiseman, R. N. to Hyden, Kentucky Thursday porning of last week, where she will take six months of medical Miss Greta Wiseman who is attending a medical seminary at Hartford, Conn., came a week ago Sunday, to spend the holidays at the home of her parents, Mr. and Mrs. George Wiseman. Miss Wiseman, R. N. is preparing for missionary work in Pakistan.

Mr. and Mrs. W. F. Moses, Donly and Judy and her mother, Mrs. Mary L. Wiseman were dinner guests at the George Wiseman nome, Saturday evening, March 8. junday the Moses entertained Mr. and Mrs. Wiseman and daughter, 'reta. Mr. and Mrs. Wiseman took Greta to Minneapolis, Sunday and she left from there for Hartford, Conn. to visit friends. She planned to take the Queen Elizabeth from New York to London, England to visit her cousin and husband, Mr. and Mrs. Ardell Sjolander, (Mary Moses), and would leave from Liverpool, England for Pakistan to serve as a missionary nurse. While in England she planned to buy a bicycle, a gift from the Sunday school of St. Luke's Methodist church at Frederic. The Wisemans visited Mr. and Mrs. Robert Wise-man and Brenda at River Falls and with Mr. and Mrs. Wayne summerfield and Glenn at Baldwin enroute to Minneapolis, Sun-

There will also be a recognition service, conducted by the Methodist Woman's Society of Christian Service, for Miss Greta Wiseman, daughter of Mr. and Mrs. George Wiseman of Frederic. Miss Wiseman of Frederic. Miss Wiseman was among 60 persons commissioned for the home and overseas missionary service of the Methodist church, January 17, at Buck Hill Falls, Pa. Miss Wiseman will go to Pakistan as a nurse.

Born in Pine City, Minn., Miss Wiseman spent her early life there and in Frederic, graduating from the Frederic schools. She studied four years at Hamline University, St. Paul, and was graduated in 1955 with a bachelor of science degree in nursing. She is currently doing special study at the Kennedy School of Missions. Hartford, Conn.

For a year, Miss Wiseman was a staff nurse at Asbury Hospital, Minneapolis, and for several months studied mid-wifery at the Frontier Nursing Service, Hyden, Ky. She is a member of St. Luke's Methodist church in Frederic.

Offertory Anthem, "God So Loved the World."

Presentation of Offering.
Recognition service for Miss
Greta Wiseman.

Hymn, 'With Thee, Our Master and Our Lord."

Story of Missions in Latin America, Bishop and Mrs. H. Clifford Northcott.

Hymn, 'Lead On, O King Eter-

Benediction. L. Keith Hanley.

Greta Wiseman of Frederic, who was recently commissioned as a missionary nurse, was honored at the service and given gifts for her work in Pakistan from the St. Luke's Methodist Sunday School by her cousin Donald Moses, and from the West Wisconsin Conference Woman's Society of Christian Service by Mrs. Arthur Haag, the Conference president. Miss Wiseman in responding to the recognition accorded her said the Christian training she received at home, in her local church and in the summer camps had led her to the decision to give her life to mission service. She asked for the continued prayers and support of all Methodists for their missionaries, since it would be impossible for her to do her work, if the people at home did not faithfully provide for the church's world-wide mission.

The women of St. Luke's Methodist church provided noon time coffee for their guests before they left for home. Also a dinner was served at the St. Luke's parish hall for the visiting church leaders, Woman's Society officers and Miss Wiseman and her family.

Their being eight saloand in town

Lew memoried of early days in Pine Cityaltho our cottage was very pleasant - our yard beautiful with flderers it was across the track from the residence business sections of the main part of the There was a blacksmith shop next down, ducrass the street was an old fashioned doon - one house in the black back of us. The there were other houses farther on set very much alone when my coroner wiff kusband left town, on the night trains revolver in his packetall these towns that he visited were quite righ lumber towns, and too after he was called where there had been faul play. Having come from the subwell of Straul, the one never saw an intoxicated person, enerything was peaceful, and had very near sighbors, I used to be so dreadfully scared ne can imagine - especially, as the salvan as open most all night, and after fights sued. attemes, while I was alone and riserable, for fear of what might happen to crousing, a drunk would come to the stars house to be served up-Iward shake so at his Knack, that I weld hardly speak through the lacked door In the 19ass Pine City was also a humbering Much of the year the river had thousands them to the mills were called "lumber to hew pay day came and each jack had and their being eight salorns in town

Rab much preferred that I stay at home unless accompanied by him. The sidewalls of the toron at this time were made of wood, and one noticed tiny hales allower them. These were made by the peaps of the boots of the lumber men, as they were meeded when they "rode the logs" But do not think it was rough going all the time. I had dozens of delight ful friends who had nice homes, and they entertained us very frequently and ire enjoyed having them in our homethe had several "election parties" and they were late of fun, and most exciting. It seemed Mak was always running for coroner and he would keep us informed before we had telephones (caw yaw imagine that?) by Je adam Bede was running for longress and our exectement ran high. We had regular banquets at these times, often fliends would bring their best offerings of food, and although these were very lean years for us, as the first summers were verydry and me depended so much on good crops for the farmers somehow we got along This was must all new country for farming and many lived in tar paper covered houses and had little money for ductor bills. Now, these farmers are exceeding well off and the doctors are very well pass and a haspital in most good sized towns My mother used to visit us frequent and I always invited my friends over to be withus. She enjoyed this very much a she and my father were very lonely. I will Them often too, and after left Kuth with them for me

and I was so glad I did, as my mather lived only great joy to herlow had a very good tatel and had many delightful gatherings in the dance room there-Token father Uliseman bought his home on brass Lake, we enjoyed being with them, and our children especially enjoyed the bothing and boating there until we had ained our own summer on Crass Lake-There we had a comfortable cabin and atu 18 ft launch and rais boats - Que children greatly enjoyed life at the lake each summer. When arry of the children had a birthday in The summer, Rat would get a bus or trucks and bring all their friends from town and they Loken ine first moned to Pine City in 1900 there were a good many Indiana living up at Pokegama. There was a steamboat that took the trip and had dinner at the resort The Indians had the round teepees x medicine Man lived in an old shack-They would never let us take their pictures when they were away ine took factures of their Telses. Une day Rak tack my fricture by one of There teepees. I work a sun helmet which should. The audiohen I showed it to my friends in It faul they all thought that I was the squaw-Fishing was very good in Cross Lake those and me had good times Julling in cropping mies and pike -There was a Rolonel Domebody who had a big and while I can't remember the man's - extainly do rember the delightful sailing rides ike

Other Things that must seem strange to you is 1951 are the facts that while electricity is so common to your far lights and heat & to use for cooking ere had only Kerusene lamps & Keronsene stones, altho everyone had a big wood or coal range in the Ketchenthe had use gas lights in St. Paul for home . streellighting, but here we had no gas either. We had a hanging "lamp in our living room. We could pull it down to remove the lamp part, to field and trem the weeks. There was a lovely shade with flowers on it and glass prisms dangling from the edge of the shade and shed a fairly good light. Our friends in the city had given is as wedding gifts two table lambs, also Kerosene of course & Bab the lamp on your living room table is one of those lamps, which your father converted it to be electrical-Thew there were hand lamps to carry around to lighten cupboards & corners + to see" if the meat and potatoes were done-For music, no radis or television! indeed, and no motion pictures to amuse us But we did have are old fashioned phonograph with cylindrical records - did you ever see one. It had a large trumpet like land speaker. Later on who had a tall cabinet phono graph and that was considered to be very extra. When radis was first used, "it was such a marvel- One could hardly believe serch a mondeuful invention could be passible at first there were very crude crystal sels and each listener must wear ear phones. But very soon, great advancel was made, and land speakers in the radio were efficient.

to hear beautiful music and talk by remote control tel was so mirachilous, as indeed lit still is stastelevision seems so to us today- the are But also, I have no doubte but that well be far more wonderful inventiona as The years follow. your father when a young boy became most thested in radio and made quite a study of it made many sets from crystal sets on and embled a large set with several tubes - after , to my High school, he went to Junior College - sering to study electricity, also to Dunwoody Leter he went into radio sales and service for nà - per years. les After Rab died and I was so at a lass haw to ch home, often twelve a night, as our home was The second summer the principal of our School asked me if I would like to become the man of our schools. This greatly appealed to me to be this I went back to the Minnesota Grenereity - sine more credita in Library Usage and following fall I took this position which I on with for the next twelve years, Serge was at Junion Rallege and Grace took siness cause of the Minnespolis Business I hada room, after trying to Keep on there house and roomers for two years, and Beorge and Grace married and had their Tomes It was delightful for me to west at Heorge, but I missed my home & dear hersband-

Then so soon after Rob left us, our beloved Ruch was to follow him-This seemed almost more than I could bear To leave Clair and six darling children! For tend long years this was a serious time for all of us and how unceasingly I prayed that God would lead some good person to love and to guide, these, dean children. I Kept my position as librarian and each week end found me with those children to help and cheer them and I spent my summer vacations there- Then our prayers were surely answered as Clair married Lause Bloom a mighty find young woman who was Thelen Eliseman's sister and a good friend of Ruth. How I shanked God then, and ever since for she is a wonderful mather for them! Naw only Rab who is Rabert Uliseman Shury is on the farm helping his father. Raymond is happily married and lives at Drand Rapids Minn. Tay would liked so much to remain in farm work, but he had allergues that made this impossible, so he is working at the Paper me there, and building a nice home at the same Olice, the oldest daughter of Ruih and Clair studied to be a nurse. She later worked at Grand Rapida Michigan and There met and low married and are now living in Harbor Springs Michigan-Dianne, the next daughter was The to leave home after graduating from High See She worked for some times as receptioned

. I the children are deeply religious at Limpson met a very fine young man, Vern Rude Were Dern as much as we did Rays wife alieis husband Bah, Do we were The when they mere married May 27 1950 ehurch St. Paul. I wery beautiful medding as also Their minister's home in Grand Mary Law, Ruth's youngest daughter married to a young man she met in the polis where she has been working - She brought this young Mylen to Dianne's home when here in May, so I could meet him, and the other mates that my grandchildren Losen he seems to be a fine Christian Marco the only one of Ruth's children who married is Rob. The hope that he will a very lovely person, as Rob himself is - fine . He is staying on the farm helping To day, me hear news from all over wolf and ine hear it many times a day The best news comentators on radio and second where it can be even seen. But in the early 19000 no news, and experiente musico entered our homes at the Ha switch - Only daily newspapers brought were and with not teletype fictures Mainplanes to take one all aren The a shart time, even a ceau trips were stepped up faster and faster each year.

Iwair first home, water did not come from farcets, both hat and cold, as it did in one city home. No, we had an autside fremp, which was most tempermental attimes the water burst forth at the first few pumps, again it coughed and sputtered and refused to fland until me had " primed it " which meant pairing in a little water into the premp pipe and then fumping fast-In the winter time it frage and after needed shawing. We had no wet "sink, only a dry one in which to place the water pail, but too after we dumped water into it, as had been our habit forse long no furnace, coal, ail or gas? I no, but a store in each roam - wood or coal for firet, and O! The ashes to be emptred! the bought wood by the Rord and had it save in The yard, Then w big file must be splet, for our evolving stone. That stone that needed to be polished so frequently. and then there was that institution called a slop pail in which all the dishwater and in fact all the water, which we brought from the pump was carried out of doors again in said fail. Then the fail must be scalded whined to use again. Then there were washstands in each be room which held washbard and pitcher and soap dish - also of course a place to empty the water when our ablations were over call the slop jar. These utensils were usually very pretty and added to the attractiveness the bedrooms.

sekout Murder in the town of Bruns-The two months that Not served as shortf roung died while Roberas coroner - There merders. after a long search he found tested one of the murderers. I do not recall this as he Kept the details from me, I only er that I was so harrified by it all and at that my husband would be shot, as those serlous times in the rough lumber towns There were many salvans of the worst by be and Respers were after every dollar of the ser jacks wages. But the other one I cannot ever forget, as I involved, in this oneday the peaceful town of Frems seems hardly where such tragedies could have taken plate we was one bad place run by time men. I ber that one of the mens name was Dayle-- people of Bruno Knew, and many lumber jack That jacks " had been relieved of their wages and they were sure that many of the man regeteriously vanished, but still there was no - praof - So when my husband was called to this as sheriff, because a man had dropped dead selves were most anxious to see what this my ductar would give as the coroners verdick as what he would do in the capacity of sheriff Nob entered the solvon by greeting the of men there cardially us welf as the owners The casually inquired about the case and - seed "I, heart case, no doubt" and said I'll Thew although not a drinking man essed every one to the bar to have a drink another, then while they were enjoying he sauntered into the back room

where the dead man lay. He Knew the man had been paisoned with Knockart drops from the fear in the faces of Noyle and his pardner, and my husband was himself in mortal terrar, as he had to prove his suspicions, prevalent - In order to do this his aron life was in jeparday - Dayle and pardner followed him and as he examined the man and said again us casually as he could, Il just remove the heart in case we need any proof." ashe said this he saw Doylereach for his gun, but finally they agreed that was the best thing to do-As he task out the heart, he managed by some sleight of hand to also take the stomach too, as was his ariginal plan. He did it so quickly & had it in his little black bag, while these two men watching his every more didn't realize what had happened-Then he called every one up to the bar again For a round of drinks so that maybe they mugh not realize the condition of terrar he was us and then bidding all Good Day, he left. The had to walk a quarter of a mile through the woods to the depot and he was so scared that they had discovered that the stamach was missur that every sound frightened him and when he finally got on the train he was a nervous wree-Maio, comes my part of the stary: He had to tell me part of the story as he inished me to take the next train to Minneapole and take the little black boy to the laborate at the University for the stomach examination "O! no! I couldn't - I was sure that enery one would know what was in the bag

sidge - Illnever forget that trip -The hight train aled was so coorned got "Rab while I was gone, or my may but nothing happened: The citizene of Bruns were most angry want to Think that coward of a young merderers off; They well to to complain about such a subtell him of the desperate situations tappear at his office at such an soired back. Please governor give more hours and I'll have the I went to the governor with the rockant poison from the University This was sufficient to put Doyle supplied behind bars for liferemember the unsuspecting men dis business, having no idea of to been doing, as their arrest was seless to say that Rab and the governor hoppy session together - The Bruns were most enthusiastee

you have the Wiseman ancestry and here is a little of mine - Breenle of a Davis -Dornelson has said that mere family never made one great - It is thought, and deed, that creates character, not pedigree, that counts. If we find anything of praise, as me look back upon our ancestors, me should try and be worthy of them - for instance of John Greenleaf tohittier, that wonderful Christian sage and pact, who wrote such beautiful Joems which have greatly enriched, the world: He was my mather's eacesin, and they corresponded & he sent her his shats which I, and my children always took to school when me studied his pactry-My mother was named Darah Frienley for his mother The Greenleafs were Kuganats from France. They left there and went to England for a few years while maiting for plans to go to America. They lived in Devonshere in England Like all the families intermarried with ours, they lived through perilaus times in other countries and also rough Dioneer of Greenleafs who came to america was Edmund Greenleaf our common ancestar He cettled in Newbury, Mass. The was a silk dyer. From all I learn of the Greenleafs. they were on the whole good x sufferential folk. I have the Greenleaf genesology which is very interesting The coat of arms of the Greenleaf Jamily was

the emblem of peace - Three green d here never and Greenleaf 1600-1671 silk dyer , that Then Greenleaf Jr. 1630-1690 Then Greenleaf Jr. 1652-1743 its. , mel Daniel Greenleaf 1702-1763 Sauld Mr Namiel Greenleaf NI Scrael Greenleaf onderful sep Breenleaf. uch Breenleaf was my grand Jakher cheds was in Brockport n.y. as a silver smith. also he was past and they Inder President Tyler. He was an hich I, teal lohing. when President Polk came into office, my Frenles was, as he so humouraly expressed " I have an old patter bell - sent to his pastal debtard - languel luganots ent to sople charging, wheir postal charges no stamps at that time and all iting stamped " Paid". I also have two ed in Letters so 3 marked. seph Greenleaf married 6 lectuloates termarr escent, my grandmather - She ous times title woman adored by her family Dioneer - that Knew her. of the fam shildren were harm to them ca was sugter Darah was my mather ancesta my ground fathers death, the family The was a territory of Minnesota, They and by stage als. they we talk. I have and mathew braught some of ry intereste The tack personal Jamily m we heat loved dishes which we still

Therewere no railroads in the territory and there were many Indians, mostly friendly, but very inquisitive, likely to appear at ones door on window at any time: usually looking for food lake fed, they went away. Une son Damon Greenleaf west to Jacksonville Florida as a juveler and importer Son Sydney went to Daw Diego, California in the same business Thelen married Charles Barnard who tater became U.D. Ambassador to Italy for many years Dewitt founded a wholesale & retail jewelry hersiness in St. Paul, and to quote the St. Vaul tioneer Press in the 1860's - Dewitt Greenleaf's jewelry store on Third Street is the finest of its Kind this side New York City" Darah, my mother married David Raber Navis of Welsh descent in 1875 The had whomely home on "Main Street" later called Fourth Street, where the present Auditorium is now located. It seems stran now, but then it was the most desirable resident part of the city My Unde Dewitt lived mext to us. The has a beautiful home & private greenhouse, where he specialized in tropical plants and grapes-This jeweler uncle did a fine thing for The people of St Paul and Minneapolis, Then talled St. Inthony and for the whole north west. The pioneers brought beautiful and accurate watches and clocks, but there was in auchentic time to set them by. Do he first sent for a large sun dial and installed it on the bridge connecting the cities This was used for some time, but the noon

- so after aff a few minutes there - en sent for an astronornical clock and ships very meter from new york, at the cast of over two as abservations of the stars through a food for several nights, and finally found suntime, as is done in Breenwich muille Les an jeweler Greenleaf for accurate rnia mon Greenleaf another uncle who Harida at the time of the civil war Later his property confiscated by the longed - recount of his Union sentements with hardship and peril he made his the Jaften heard it said that being a Mason the t im several times on this journey) The a volunteer regiment at St. Cloud the his commission - Later he raised manded the Fourth Grkansas volunteers we wan he was in the jewelry business in Rabert of for some years, but later returned to here he established in time fine fine teres. The Breenleaf & Grasby stores in strange Beach & Palm Beach now still Keep the I their founder and my lousin Puth still exterest in her fathers stores. mother and I visited this Unclis home had - asten years old for six monthswhere at sud cousins were in Italy visiting pes-I telew whose Kusband was U. D. Ambassador taid part time at the Jacksonville home then my unde, but most afthe time me lines I drange plantation on the St Johns river endeamers come up the river, and de shipped oranges to diverpool Eng his packing plant, land I delighted ud ities ack and forth with some negro child Juste a colony of negros were employed

here and lived in neat raws of cabins. There were no white children so I played with the negro children and visited them in their cabins after my mother had inspected them + found them neut and clean Therewas a colored marring in each home Each treated us like rougalty. They were fine Lausekeepers and always called Mather - Miss Darah my dear. Maybe this is the reason that I have always resented mean treatment of negroes be a sited in several cities on our way home while we were away, my father was having a nice home built at Merriam Park a brand new suburk of St. Taul. It was like a small town with ild churches, stores and postaffice, and at that time hells and woods to roam in There was a large park across from us with a band stand and large Faiction . Now the place is built up and the neigh borhand greatly changed Tattended Long tellaw school and The Gresbyterian church - Later I taught in this schooland a class in the church St. Paul - I became attracted to a fine young man-Robert Eliseman. Und enjaged our companionship together on streetear rides and at church. Our last year in Nigh Dohad we had dates and he gans me lorely red roses to carry at graduation after High School days, I went away to school and he attended Medical Schoolat University of Minnesota after a period of courtship there came

MINNEAPOLIS STREETCARS—1889 VERSION In this case the horses were mules

When Horses Pulled the Trolley and Conductor Fired the Stove

To the Editor: As a pioneer resident of Minneapolis, I read with great interest about the last hours of the streetcars. My parents came to the city in 1889, when the streetcars were pulled by horses.

Each car seated about 10 or 12 people. In the center on one side was a pocket-sized stove, fired by the conductor. At first only the driver operated the cars, and fares were placed in a money-box near him (when passengers didn't forget). Later he was assisted by the conductor, in a long overcoat and cap, who answered signals of passengers.

Both conductor and motorman stood on open platforms wrapped up like Eskimos. The conductor also had to keep the trolley connected to the overhead wires, sometimes a very difficult feat. Under the early cars was a heavy, moveable pole used to pry the cars back on the track when they ran off.

In winter the floor was covered with a thick layer of straw to keep the feet warm and dry as possible. The speed was naturally slow and erratic, according to the mood of the horse pulling it. Later both ends were enclosed to protect the driver and conductor from the cold.

They reminded me of the Toonerville Trolley in the newspaper cartoons, but we all loved them. The men were paid 20 cents per hour and the cxua men reported at 4 each morning for a chance to drive. Later, "trailer" cars

were used behind the lead cars and frequently cars were stalled by lack of power.

There was a strike at one time, when windows were smashed and cars derailed. A policeman escorted one car through in each line every 24 hours (according to franchise requirements).

The cedar block paving was also a trial for it frequently erupted and closed the streets.

I had one kide on these care that I remember as a very see Mostly we rade in a house de Carriage as my uncle who has down to us had fine horses Later of course they were elect Ilines in Merriam Vack, bell It faul and Minneapolis and remember the first electric co between the two ceties Later I rode these care to years daily to Night School to 2 Now different from our comments of 1954

reciding in reveal areas sent their went to "country schools" your mother to a school something like this before to high school in Pine Rity where she became wited with Bronge and Great.

Dr. R. L. Wiseman received his automobile buggy direct from Indiana, on Tuesday morning and during the day he could be seen at almost any time running it up and down the streets getting on to its workings and learning to steer it around the corners. The doctor has certainly got a fine buggy with a guaranteed speed of thirty miles an hour, but the doctor says if he can run it at half speed he will be satisfied, as that will be a great saving of time, as the very best of horses will not average over eight miles.

a "big stir" at was viewed by over and Donald was early morning unshowing the work-The "ham" amended the fair

Frederic high There were 323 displays at the fair which Donald and his instrucelectronic device tor, Emory Giles, attended, all of Science Fair, held them winners at local science in Milwau- fairs. The big winner was a youth who took upon himself the measuring of a raindrop, having drawings Air Force and figures on display.

> Donald, son of Mr. and Mrs. W. F. Moses of Frederic, has had a great interest in electronics for many years, and has been a constant worker in the field, reading, experimenting and then working harder to develop something new. He is a senior, and along with his science activities and classroom work has found time to participate in football, basketball, choir, forensics, and other activities in the school.

> There is a possibility that he will display his device at the National Science Fair later on in the spring.

Margaret Moses, daughter of Mr. | The groom was attended and Mrs. Wadia Moses of Frederic brother, Gene Summerfield and Wayne Summerfield, son of man, and Steve Vachalek, his Mr. and Mrs. George Summerfield ther-in-law, both of Milway of Clam Falls, were united in mar- by Donald Moses, brother riage at a candle-light service at St. Luke's Methodist church at 8 p. m., April 6. The double-ring ceremony was performed by Rev. L. Keith Hanley.

Miss Karen Dahlberg, organist, played the nuptial music. Before the wedding ceremony, Miss Justine Thulin of Litchfield, Minn., played a violin solo, "Meditation" by Mendelssohn, and Mrs. Gene Early sang "The Wedding Prayer," accompanied by Miss Dahlberg.
During the ceremony, Mrs. Early
sang "The Lord's Prayer."

The bride, given in marriage by her father, wore a ballerina length gown of white lace. Her elbow length veil was held in place by a pearl tiara. She carried a bouquet of red and white carnations and stephanotis. She also carried a handkerchief of Valenciennes lace which had been carried by her mother, grandmother, and great-grandmother at their weddings.

Miss Greta Wiseman, cousin of the bride, was maid of honor. Bridesmaids were Mrs. Steve Vachalek, sister of the groom, and Mrs. Ted Zinn, Jr., the groom's cousin. The attendants wore ballerina length dresses of varying the couple returned to Management shades of aqua taffeta and matching headdresses. They carried bouquests of red and white carnations. Ripley-Wiseman Nuptials Solemnized

St. Luke's Methodist church, Frederic, was the scene of a lovely wedding, Sunday at 12:30 p. m., when Geneva La Myrta Rip-ley, daughter of Mr. and Mrs. Horace Ripley of Barronett, became the bride of Robert F. Wiseman, son of Mr. and Mrs. George D. Wiseman. Rev. L. Kieth Han-ley pastor of the church performed the single ring ceremony.

The bride, given in marriage by her uncle, Lawrence Brun-clik, was lovely in a chapel length gown of white taffeta, with lace net over skirt. Her veil of illusion net which had been used by a friend was over thirty years old. She carried a bridal bouquet of white roses and yellow chrysanthemums.

Misses Ellea and Eleanor Rip-ley, sisters of the bride were

maids of honor.

The maids of honor who are twin sisters wore identical gowns of pink organdy, chapel length with satin sashes and large bows in back. Their bouquets were white and pink carnations. Judy Moses, a cousin of the groom, and Judy Ripley, sister of the bride were candle lighters.

Donald Bair and Donald Anderson were the groom's attendants. The groom and his attendants wore light colored suits, blue

ties and white boutonnieres.

Mrs. Edwin Knieff played the nuptial music, and Mrs. Raymond Amundson sang, "O Perfect Love" and "The Wedding Prayer" before the ceremony.

Following the ceremony a re-ception was held at the home of the groom's parents. Honors were shared with his parents in honor of their 25th wedding anniver-sary, which was July 15. The observance of their silver anniversary was postponed as their daughter, Miss Greta, was in Pennsylvania and Robert was in Idaho. Miss Greta was home to attend her brother's wedding and the silver anniversary.

A buffet luncheon was served to about 100 guests. Special guests were the bride's grandparents, Mr. and Mrs. George Anderson of Clam Falls, the groom's grandmothers, Mrs. Emilie Engler of Pine City, and Mrs. Mary L. Wiseman. Other guests were from Rush City, Pine City, Braham, Hinckley and Minneapolis, Minn.; Barronett, Shell Lake and Clam Falls.

The bride is a graduate of the Shell Lake high school and has been employed in Minneson The groom is a graduate of the Frederic high school served in the Armed Forces for two years and has been employed in Idaho.

Shoeing Horses is Anything

by News-Argus Staff Writer

The spreading chestnut tree and village smithy might be things of the long forgotten past but according to But Potterf of Moore and Bob Wiseman of South Lewistown the farrier, or horse shoer is still going strong and in some places its When the cold shoeing metha booming business.

Potterf and Wiseman completed a two-week horse shoeing course on the campus of Monfull of enthusiasm for "hot | shoeing. If the horse has a parshoeing."

They explained that hot shoeing is the best way to shoe a horse compared to cold shoeing. In hot shoeing the farrier makes the shoe to fit the particular horse, heating the steel and shaping it to fit the hoof. od is used the rancher simply buys the shoes, ready-made, and nails them on.

"Hot shoeing is the best." tana State College in Bozeman they said. "When you use this March 28 and returned here method you can do corrective

ticular kind of lameness it can be corrected through various adjustments of the shoe."

The course at Bozeman was conducted by Doug Butler of San Luis Obispo, California and was attended by some 50 men.

Potterf told this writer that Butler said California State and Oregon State Colleges have a three month horse shoeing course and they are both booked solid

"They told us at Bozeman that there are 90,000 horses in Montana and their owners are spending \$500,000 a year in the care of the horses' feet," Potterf said, "so it is anything but a dying business."

Since the shoes should be changed or reset and the hooves trimmed about every six weeks it is evident that there is plenty of opportunity in the farrier field.

Potterf plans to devote a great deal of time to shoeing horses. Wiseman, a range conservationist with the bureau of Land Management here said he will spend his spare time shoe-

Wiseman came to Lewistown from Missoula where he attended Montana State University. He's been interested in horses for a long time and has been doing cold shoeing since he moved here. In fact, he even has a bucking chute and arena adjacent to his home in South Lewistown which he uses to break horses for area ranch-

Potterf has lived in the Lewistown and Moore area his entire life and has likewise been interested in horseshoeing for some time. He too, has done cold shoeing. Both men have forges and anvils for the hot shoeing process.

This was the first time a course of this nature has been held in Montana and both men

Greta Wiseman

Born on February 23, 1933, died on Christmas Eve 2017. After graduating from Hamline University, St. Paul, MN she was commissioned to serve under the United Methodist Board of Missions. That Board sent her to the Frontier Nursing Service in Hyden. KY to receive special training as a nurse midwife. From 1958 to 1972, she directed a rural clinic in Stunzabad, Pakistan. Following that adventure-filled experience, she moved to Phoenix. At Arizona State University, she received her MSN plus certification as a family nurse practitioner. Utilizing her skills and compassion, she became the first staff nurse for Hospice of the Valley. The final chapter of her nursing career involved teaching for the ASU College of Nursing focusing on pediatric nursing and physical assessment. Survivors include brother Robert Wiseman, Saskatchewan, Canada; longtime companion Dosia Carlson; kitty Nala; and numerous nieces, nephews and cousins. A Celebration of Greta Wiseman's life will be at 2:00 p.m. Friday, January 5, 2018 in the Life Center at Beatitudes Campus, 1610 W. Glendale Ave., Phoenix 85021. Suggestions for honoring Greta's meaning-filled life include donations to Beatitudes Campus Foundation Resident Assistance Fund, 1610 W. Glendale Ave., Phoenix, AZ 85021 or to her childhood church, St. Luke's United Methodist Church, 100 Linden St. W, Frederic, WI 54837. Visit http://www.hansenmortuary.com for condolences.

Greta with a child in Pakistan.

Greta Wiseman Is "Outstanding Young Woman Of America"

OUTSTANDING YOUNG WOMEN OF AMERICA is an annual biographical compilation of approximately 6,000 outstanding young women between the ages of 21 and 36. The book is patterned after the Junior Chamber of Commerce publication, OUTSTANDING YOUNG MEN OF AMERICA, which lists men between the ages of 21 and 36 who have distinguished themselves in one or more fields of civic or professional endeavor.

Mrs. Lyndon B. Johnson, who feels that the achievements and abilities of women are subjects of particular importance, serves as Honorary Chairman of the Board of Advisory Editors for the publication.

A young woman from this area who was chosen to be listed in the 1966 edition of "Outstanding Young Women of America" is:

Miss Greta Ann Wiseman Stuntzabad Via Minn Channum, Chak 135/16L

Chak 135/16I Dist. Multon West Pakistan

Miss Wiseman is the daughter of Mr. and Mrs. George Wiseman of Frederic. She is a graduate of Frederic high school and a member of St. Luke's Methodist church. For a number of years she has been a missionary-nurse in West Pakistan, where she has served with a devotion which has been an inspiration to her friends and relatives at home, as well as to her fellow workers. Frequent letters to 'home folks'' contain interesting details concerning her work in the mission field and her contacts with the citizens of that far-off troubled area of the world known as Pakistan. She recently returned for another term of service after spending a furlough in the United

Local women's clubs throughout the nation are asked each year to submit nominations for listing as outstanding young women. Each year a different group of outstanding young women is included. Guidelines for selection include, unselfish service to others, charitable activities, community service, professional excellence, business advancement, and civic and professional recognition.

Don Moses Elected To National Honor Society at Madison

A communication from the National Engineering Honor Society states that Donald W. Moses has been selected for membership in Tau Beta Pi. Membership in Tau Beta Pi is the highest scholastic honor which an undergraduate engineering student at the University of Wisconsin can attain.

The Tau Beta Pi Association was founded at Lehigh University in 1885 "to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering . . ." The prime factor in the selection members to this Association is summed up in the following statement. "The Character and Reputation of a Tau Beta Pi man must be above challenge."

Donald is also active in Eta Kappa Nu, the honorary society for Electrical Engineers; The Institute of Electrical and Electronics Engineers; Badger Amateur Radio Society; Badger Christian Fellowship; Inter-Collegiate Track; and is General Superintendent of Sunday Schools at a local church.

Mr. and Mrs. W. F. Moses of Frederic are the parents of Donald, and his wife is the former Kay Nichols, also of Frederic. He is a graduate of Frederic high school, class of 1960. He will graduate this year from the University of Wisconsin with a degree in Engineering.

Scrapbook Memories Shared At Services For Mary Wiseman

Mary Wiseman, a long-time resident of the Village of Frederic, passed away on January 10 at the United Pioneer Home at Luck, at the age of 95 years.

Of special interest at the services at St. Luke's Methodist church were excerpts from her scrapbook which give an account of her early life. In a departure from the usual obituary, several paragraphs written by herself, from the scrapbook are used below to share the account of the life of an interesting woman during an interesting period of area history.

"My mother, Sarah Greenleaf, came to the territory of Minnesota as a young girl. She taught school, first in St. Anthony, now Minneapolis, then at the old Mattacks School in St. Paul. This little stone school is still standing, being kept as a historical monument.

My father, David Davis, in later life worked as an accountant and was deputy treasurer of St. Paul. Their first home was on Main St., later 4th Street, now the site of the St. Paul Auditorium. Here I was born on September 25, 1877, after considerable delay and worry. An

emergency call was sent to the only doctor in St. Paul who was trained to use instruments, and he saved my mother's life and mine.

"As the city developed, my parents built one of the first houses in Merriam Park, then a lovely suburb of St. Paul. Here I attended Longfellow School and the Presbyterian Church. Later I taught in this school and taught Sunday School in the church. After graduating from Central High School, I went to the state college at Winona for two years. Then I taught the 7th and 8th grades at Longfellow School.

"On June 28, 1900, I married Robert Wiseman, who had started his medical practice in the small lumber village of Pine City. After our wedding in the Presbyterian Church, the whole wedding party went with us by hacks (there were no cars or taxis then) to the St. Paul Union station to see us off on the train to our new home in Pine City.

"During much of his practice, Rob was the only doctor serving a very large district. These were the days of awful roads. He kept five horses going over sandy or corduroy roads in the summer, up the river or over the lake on the ice in the winter. In the spring of 1910 we bought our first automobile buggy, guaranteed to run 30 miles an hour. But there were no good roads in our territory, and the hard tires bumped over the rough roads, still at a faster pace than the horses. Of course the automobile could be used only in good weather in the summer. If it rained too long, the engine would stall, or the car would be stuck in the mud. The engine always became too hot on a treeless road, so we just sat and waited until it very gradually cooled enough so we could start again. It took all day to travel to St. Paul from Pine City. The deep sand was often covered with straw until we reached Forest Lake. This was our half-way stop where we always had our pienic lunch."

After Dr. Wiseman's death on January 20, 1927, Mary Wiseman attended the University of Minnesota where she took a course in library science. She was the librarian in the Pine City High School for 13 years.

Following a serious accident, she came to Frederic to live with her daughter and son-in-law, Grace and Wadia Moses. She made her home with them for 22 years. Then when she was in need of constant care, she moved to the United Pioneer Home in Luck. She lived in this home for ten years, passing away there on January 10, 1973.

Mary Wiseman was a member of the Presbyterian Church in Pine City, Minn. While living in Frederic and in the Pioneer Home she attanded worship services and Sunday School classes in St. Luke's Methodist Church and has been served by the pastors of this church.

Funeral services were held in St. Luke's United Methodist Church at 11 a.m. on January 13, 1973, with Pastor Richard Alger officiating.

Dr. and Mrs. Robert Wiseman had three children: Ruth, Mrs. Clair Shuey of Pine City, who died in 1934; George Wiseman, Frederic; and Grace, Mrs. Wadia Moses, Frederic. Also surviving are 11 grandchildren, many greatgrandchildren, and 2 great-greatgrandsons.

Card of Thanks

We, Mary Wiseman's children and grandchildren, are very grateful to the staff, nurses, other workers and friends at the United Pioneer Home who were truly her other family in their love and care for her; to Pastor Alger and all others who made her last service in the church so meaningful; to our doctors and nurses, local especially Dr. Wm. Fischer, who over a period of many years have helped her through many serious illnesses and surgeries; to such a great host of friends who have shown their love in so many ways through the years, and especially during the last few weeks. May our God bless you all.
