WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, MAY 27th, 1901.

Look out for a fresh outbreak of the Sampson-Schley controversy. The Naval Board of Awards has decided, although no official announcement has been made, to not hear Admiral Sampson's head on one side of the victory medals that will be issued by the Navy Department, in accordance with an Act of Congress to commemorate the Naval battle off Santiago. It is understood that the Board took the Manila bay medal, which carries the head of Admiral Dewey, who was in command of the American fleet, for a precedent, taking the ground that Admiral Sampson, as Commander of the American fleet which destroyed Cerera's ships, is entitled to this honor. The anti-Sampsonites do not admit the justice of the precedent. They say there is no ground for comparison, who was ten miles away from the battle of Santiago, when it began, and who was at no time under fire, and Dewey, who was on the bridge of his flag-ship and under fire during the whole of the battle of Manila bay.

The U. S. Supreme Court adjourned today, not to meet again until October. Before adjournment, Chief Justice Fuller accepted, on behalf of the Court, a fine oil portrait, of the late Justice Miller, presented by Mr. Thomas Wilson, as a token of his admiration of Justice Miller, and his high regard for the Supreme Court. Work will be at once begun on the new fire proof roof that is to be put upon the Supreme Court room during recess.

Hawaii is to get its share of appointments in the Civil Service of the Government, just the same as any other territory. Under the census of 1900, Hawaii is entitled to twenty positions in the Departmental service, fifteen of them being clerical and five of them in the Government printing office. Civil Service Commissioner Rodenberg, and Chief Examiner Stevens, will sail from San Francisco on June 6, for Honolulu, where they will conduct a series of Civil Service examinations, for the purpose of creating a Hawaiian list of eligibles for the government service, will from time to time be made.

Gen. MacArthur has notified the War Department that he has given Aguirre's permission to visit the U. S. in the fall, conditional upon the approval of the Washington authorities. He writes that Aguirre says he wishes to make a personal study of American institutions and improve his knowledge of the English language. Present indications are that no objection will be made to the visit by this government, but permission will not be given until fall. The Federal party in the Philippines has already selected two native delegates to come to the U. S. to study American institutions. Don Tomas del Rosario and Don Jose Aloran, both lawyers, the latter, who speaks English well, is now in the U. S. taking a course in international law. Neither of these men has at any time been connected with the revolt.

Ex-Senator Mitchell, of Wisconsin, who has been in Europe for two years with his family, is in Washington, to visit his son, who was recently promoted from the ranks, in which he served in Cuba and the Philippines to be a first lieutenant, and who is now stationed at Fort Meyer, just across the Potomac. Mr. Mitchell, who speaks German and French fluently, said during an interesting conversation about his European observations: "During the two years I have been abroad, I have never once seen an indication of friendship for the U. S. in any German or French newspaper, and I have read them constantly. There is no saying that the Germans don't like us, nor do the French.

They regard us as their rivals and fear the effect of our trade competition. The Germans do not feel friendly toward the German-Americans. He regards him as unpatriotic in breaking away from the country of his birth. I like the Germans very much as a people, and the Germans in the U. S. are the finest people in the world. But I do not like the German government. Politically, Germany is an autocracy while socially it is an aristocracy. Although the country has a constitution, the Emperor is practically a dictator.

Mothers of good judgment and experience give their little ones Rocky Mountain Tea this month, keeps them well. 35c. Made by the Madison Medicine Co. J. Y. Breckenridge.

DECORATION DAY.

The day was exceptionally fine. The interest manifested by the citizens was especially pleasing to the old soldiers and highly creditable to the town. Through the efforts of Mr. Hunt aided by other liberal minded, patriotic citizens the customary presentation of a appearance of systematic beauty. The exercises were the finest we have had for years and Commander Norstrom is entitled to the gratitude of our citizens for his indefatigable labor in carefully pruning every detail of verbiage and marshaling the large concourse with such expert skill.

The school children even down to the tiny tottling tots of beauty, were interested and eager to act their part, which they did with grace and beauty.

The male quartette organized by Mrs. Albrecht's tactful skill was one of the pleasingly touching parts which went to make a harmonious whole.

Prof. Edward's band played the martial airs and the mournful dirge without so much as one discordant note.

Hon. Albert H. Hall, of Minneapolis, always eloquent and forceful in speech seemed doubly inspired for the occasion, and his address was a gem of keen logic and choice rhetoric. We cannot reproduce it, neither can we reproduce the beautiful songs of the birds, yet they leave their impress, and we remember them as the acme of melodious harmony.

So with the extemporaneous speech it is poured forth from the soul emphasized by the promptings and inspiration of the moment and can never be reproduced.

The exercises closed with the old song of the Republic. Its tones in beautiful diapason will echo through the measures of another year, to be caught up by another audience before father time has been able to still this year's vibrations.

A Noteworthy Combination.

The consolidation of The Chicago Record and The Chicago Times-Herald was one of the most important events in the history of modern metropolitan journalism. People familiar with the newspapers published in the great capitals of the world say that the best daily papers are made in Chicago, and it is well known that The Chicago Record and The Chicago Times-Herald ranked at the very front among Chicago's best dailies. Each covered the world's news thoroughly every day, and each possessed also distinctive special features giving it that individuality so attractive to its readers. Now that the two have been combined, all the resources and world-wide facilities of both papers are united. The Chicago Record-Herald is in truth "a great combination"—a combination without a parallel in American journalism. The fortunate readers of The Chicago Record and The Chicago Times-Herald now receive every day a newspaper whose news facilities are unequalled by any other American newspaper.

If people only knew what we know about Rodol Dyppopola Cure, it would be used in nearly every household there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation such as Rodol Dyppopola Cure, which will not aid from the stomach, will digest your food, certainly can't help but do you good. J. Y. Breckenridge.

TWO SENATORS RESIGN.

Tillman and McLaughlin After Heated Debate Agree to Give Up Seats in the Senate.

TO GO BEFORE PEOPLE FOR VINDICATION

Each to Seek Election to Long Term Before South Carolina Legislature - The Circumstances Which Have Given Rise to the Peculiar Situation.

Gaffney, S. C., May 25.—The acrimony which has manifested itself between the junior and senior senators of South Carolina culminated Saturday in a battle of fierce invective, and resulted in both senators forwarding resignations to the governor, to take effect in September. This leaves the field of both the short and long term open inasmuch as eight avowed candidates were in the field contesting with Mr. McLaughlin for the short term, it is expected that before many days the total number will be increased to a score.

The trouble between Senators McLaughlin and Tillman resulted in a joint debate Saturday afternoon. Mr. McLaughlin was the first to speak, and he spoke for one hour and a half. He said that he would not be a candidate for a second term, and whether it will for him to put before men that which will destroy them. And let us have a chance to distinguish ourselves from the stage rest men who look upon a piece of news as their property, and will put purposes intent and vile. THE LORD'S DAY.

Meeting at New York by American Sabbath Union for Its Better Observance.

New York, May 25.—The thirteenth anniversary of the American Sabbath Union was celebrated Tuesday night by a special service at Calvary Baptist church, this city. Rev. Dr. George C. Brainerd, of New York, presided, and delivered the chief address. Dr. Lorimer spoke upon "The Sociological Significance of the Sabbath." He said, in part:

"The desecration of the Lord's day has become a national sin, and is rapidly becoming a national peril as well. As to theaters and concert halls, where most unnumbered entertainments are given, such performances never did and never can give any subject to Sunday entertainments because they deprive those who take part in them from having their rest. It is not to speak even for a class for whom a good day in which he would have an opportunity to rest, and whether it will for him to put before men that which will destroy them. And let us have a chance to distinguish ourselves from the stage rest men who look upon a piece of news as their property, and will put purposes intent and vile. I read for Sunday workers of every sort."

INSULAR CASES.

Supreme Court's Decisions Covering All Important Points at Issue.

General Attitude and Policy of Government Up to the Present Time Is Upheld.

Constitutionality of the Foraker Act Affirmed and Gives Congress Power to Govern.

In Delima Case, Involving Collection of Duties on Porto Rican Sugars, Decision Is Against Government.

Opinion Delivered by Justice Brown—Justice McKenna, Shiras and White in Dissenting Opinion.

Washington, May 28.—The United States supreme court Monday handed down opinions covering all of the issues on the new insular possessions which have been in controversy. Although several of the decisions upheld the contestants on certain issues raised, yet in the most important decision, that of Downes against Bidwell, Justice Brown announced the sweeping decision of the court upholding the general attitude and policy of the government up to the present time.

The effect of this decision is to confirm the constitutionality of the Foraker act and to give congress power to deal with the new insular possessions in such manner as the legislative branch may consider suitable for the new territory. The decision also had the effect of declaring that the new insular possessions do not by virtue of the treaty of cession acquire all the privileges and rights of the constitution.

Delivered by Judge Brown.

Washington, May 28.—Justice Brown, of the United States supreme court, Monday announced the decision of that court in the insular cases. The announcement of the court's opinion was begun at 12:27. The main opinion was handed down in the Delima case. Justice Brown first announced the court's decision on point of jurisdiction, holding that the court had jurisdiction.

The Point at Issue.

The Delima case involved the importation of goods into the United States from Porto Rico after the ratification of the treaty of Paris and before the passage of the Porto Rican act.

Justice McKenna, Shiras and White dissented from the majority opinion. Justice McKenna said that the court should have held that the insular possessions were not entitled to the same treatment as the states.

Justice White, in dissenting in the Delima case, made the announcement that the court would not hear the case of Downes vs. Bidwell.

The list of the west H. J. Rath received a letter from the Grand Lodge A. O. U. W. stating that the claim of R. G. Robinson had been paid to the beneficiaries. The citizens have been doing some much needed labor in the cemetery which adds very much to the appearance of the city of the dead. All of the cottonwood trees have been cut down and those having lots have fixed them up nicely. The speakers stand has been repaired and seats put up and the place raked up and it presents a very neat and clean appearance.

School closes today for the summer vacation and the students, both boys and girls are happy to think that they have finished another year of their school days. The advances the schools have made during the past year is satisfactory to the pupils, parents and school board and shows that the corps of teachers have done all in their power to bring the schools up to their present high standing. We are sorry that the present teachers have not been engaged for another year but hope those who labor elsewhere will meet with the success they deserve.
