JUPITER PLUVIUS INTERFERES

Bad Roads and Disagreeable Weather Makes a "Grand Style" Celebration an Impossibility. Big Time at Pine City Nevertheless.

Pine City had a Fourth-of-July celebration this year and it was a "cracker-jack." Rain and more rain seemed to prevent good traveling along the country roads and therefore our rural cousins were not as numerous in town as they have been on other similar occasions. The celebration was nevertheless enjoyed by hundreds of outsiders and no efforts were spared to entertain them in all the best manner possible. Flags and bunting adorned the business places and private residences and the National colors waved majestically from the handstand in the Park. Everybody seemed to have sufficient ready cash, and the dances married the celebration—other than the interruption by the weather man.

We were first awakened on the morn of the Fourth by the distant bang of some land forces. This rude awakening soon changed to a happy one as the presentation of a joyous anniversary of Independence Day dawned upon us.

The day was anything but ideal for an occasion of outdoor festivities but every detail of the day's program was carried out to the letter so far as the weather permitted.

The parade was formed at Biederma's blacksmith shop at about nine o'clock. This portion of the program did not compare with the parade of last year in matter of elegance nor was it expected that it should, for greater efforts in other directions were put forth by the committee, but there was a deal of fun stored up in the line to afford a goodly amount of pleasure for the onlookers. A big wagon occupied by about a dozen Dutch comedians, headed by that inimitable Bill Dosey, took first money in the double rig competition, and Thos. Henderson, jr., in a rickety conveyance of four frolicsome rickshaws captured second money. In the singles Wm. Henderson won first prize and Hiram Brackett, second.

After the parade the Pine City Cornet Band headed for the Park and there rendered a very pleasing concert prior to the regular program which consisted of the following:

Invocation... Rev. Matthews
Reading—Declaration of Independence... Lillian Perkins
Music... Male Quartet
Speech... N. A. Clapp
Music... Male Quartet
Benediction... Rev. J. J. Parish
Immediately following the literary program the linear man was attended to at the different restaurants and "feeding places" after which the sports of the day were commenced with a ring riding contest on the road directly west of the depot. In this contest John Blinquist took first money by spurring three rings out of a possible six. Fred McKelvey came second in order and Andy Conkover third.

At one o'clock the Caladonian games were started with the following results:
Boys' foot race—Warren Saxon, 1st; Walter Preston, 2nd.
Men's foot race—Geo. Lingie, 1st; Alex Wyman, 2nd.
Tag of War between representatives of Pine and Pokigama Towns. Pine Town won.
Standing broad jump, without

weights—Alex Wyman, 1st, 9 ft. 2 in.; Art. Olsen, 2nd, 9 ft.
Running broad jump—Wm. Tucker, 1st, 15 ft. 3 in.; Art. Olsen, 2nd, 15 ft.

These events occupied considerable time due to the numerous contestants and it was three o'clock or after before the boat race was announced. This announcement caused a multitude of people to depart for the river but just as preparations were being perfected for the start heaven opened its flood gates and rain fell in torrents putting a stop to the aquatic event for the time being. As soon as conditions warranted, however, the race was pulled off and resulted in a victory for Wm. Dosey, 1st; Arthur Glasow, 2nd; and Albert Cherner, 3rd.

The ball game which was scheduled to commence at three o'clock did not take place until near the supper hour. The game was largely attended, it proved very interesting, and resulted in a victory for the Pine City team by the score of 4 to 1. The Pioneer Business College team was the opposing aggregation. Only seven innings were played owing to impending darkness.

In the evening the fireworks on Cross Lake were witnessed by an immense crowd which lined the west bank of the lake. This ostentation of patriotism was never before more elaborately planned by a Pine City crowd and the display was very beautiful. The submarine illusion was properly carried out and the Kloghska now lies on the bottom of the "drink."

A fitting climax to the day's events was the monster dance given in Bath's hall after the fireworks display. The Pine City orchestra furnished the music and everyone present seemed to enjoy the hop. Harley's Barringtons were responsible for the dance and they cleared a neat little sum therefrom.
And thus ended the 1905 Fourth of July in Pine City.

Special to Pioneer.
Greeley, Minn., July 6th.—Last week Alfred Soderquist sold his 40 acre farm to Nels Dahlberg. Consideration \$1200. Mr. Soderquist will move onto the Ch. Lindner farm of 47 acres which he purchased for 1,550, and Mr. Lindner expects to build a residence at his sawmill property as soon as possible.

At the Fritzen Home.

John A. Peterson and family of Minneapolis spent the 4th at Fritzen's place at Pokigama lake, and had a very enjoyable time despite the disagreeable weather. Mr. Peterson is a brother of Dr. Minnie Fritzen and is located at Minneapolis as freight agent for the G. N. railway at Eastdale Junction, which position he has held for a number of years. Other visitors and patients located for the present at Dr. Fritzen's home for the sick are Ernest Brakander, Dr. and Mrs. Chas. Andrew, Minneapolis; H. B. Scovien and O. Carlson, Granite Falls; Miss Lillie Fox, Stanton; Mr. Huson, of Wisconsin; A. Mellau, of Iowa; C. O. Kaplan, of the Kapitan Drug Co., Owatonna. Mrs. E. P. Maxwell, the well known medical of scientific, of Minneapolis, and Miss Helma Berglund, of St. Paul, are also staying at the doctor's home.

The county commissioners will meet at the auditor's office next Monday to commence a regular session.

CUPID CONQUERS.

Popular Pine County Couple Married Last Saturday Evening.

Last Saturday evening at about 6:30 o'clock Miss Amelia Cort and Fred Plessel were quietly married. The ceremony was performed at the home of the bride's parents in the town of Royalton, by Judge Wilcox, and was witnessed by a select company of near relatives and friends.
Misses Carrie and Christine Cort were the bridesmaids and Miss Margaret George, of St. Paul, was maid of honor, while Wm. Plessel and F. J. Cort acted as best men and Richard Lapp, of St. Paul, was groomsmen.

A reception followed the wedding ceremony and an elaborate and wholesome supper was served. A dance was given as a fitting final for the occasion.
Many beautiful, valuable and useful gifts were presented to the young couple.

The bride is the eldest daughter of Mr. and Mrs. Frank Cort, and is a most estimable young lady. She enjoys the friendship of a host of acquaintances. Her husband is a son of Mr. and Mrs. Jos. Plessel, of this city, and bids fair to become one of our most substantial agriculturists. His steady and exemplary habits makes him a very desirable young man. They will make their home on the groom's farm 4 1/2 miles southeast of Pine City.

This place was well represented at the festivities and the Cort residence could not contain the multitude of friends who were present to extend congratulations. Among those present from abroad were Mr. and Mrs. Robt. Young and daughter, Mamie, Misses Laura Bothen, Margaret George, Laura Faust, Gussie Carherer, Messrs. Louis Nelson, Richard Lapp, Arthur Trump, Arthur Knutson and Wm. Gilber, all of St. Paul, and Miss Dorothy Holquist, of Red Wing.

The principals of the happy union have the best wishes of the PIONEER for a long and prosperous life.

The Council.

The Common Council of this village met at the Recorder's office last Monday evening at 8 o'clock in regular session. The meeting was called to order by the President, Messrs. present, F. K. Smith, Pres.; M. Prochaska, Aug. Larson, John Atkinson and J. J. Madden, councilmen, and F. Poferi, recorder. The minutes of the meetings of June 5, 9, 21, 26 and 31 were read and on motion approved.

A Mammoth Double Menagerie With the Norris and Rowe Circus.

It is claimed by those who have seen the Norris and Rowe greater circus this year that the mammoth double menageries they are exhibiting is alone worth what they charge for the entire show. If there was nothing else but the price of admission, their collection of rare wild beasts is one of the most interesting of natural history exhibits. With the splendid success the show met with last season, the young circus owners determined to add two features to their enormous shows this year that would totally eclipse anything they had heretofore offered and to rival any other circus in existence. These features are the long list of celebrated bareback equestrians and the making of an ideal menagerie. Norris and Rowe have permanent agents in the principal European and American cities. These agents have the strictest instructions to purchase on sight any animal, either wild or tamed, or trained, they can secure, no matter what the cost, for the clever young managers well know that any expenditures they are put to in the adding to their collection of wild beasts, will be more than repaid by the patronage of the public, so it was with unfeigned satisfaction that the news was received from their agents that their agents from time to time of the splendid purchases of wild animals, Norris and Rowe soon found that instead of having one menagerie in their hands they had two, so they promptly had made to their order, larger tents to house the collection and are now presenting to the public, free of extra charge, what they consider to be the very finest and largest collection of wild beasts outside of the great zoos of the world. In this collection are the finest specimens of the Royal Bengal tigers; Asiatic elephants; great lions and lionesses; South American taptis; a herd of llamas from the Andes; Siberian bears; vicious wild cats; fierce pumas byenas; a large herd of camels and dromedaries; wolves; deer; elk; pelicans; chimpanzees; apes; rattlesnakes, huge pythons, sea-horses, box-constrictors, etc. It is strictly guaranteed by the owners of the show that they have every animal mentioned in this article. The Norris and Rowe Greater Circus will exhibit at Pine City July 11.

Some four years ago the great singer and actress gave instructions to a well-known French sculptor to prepare a design for her monument, and though at first he thought she was jest and hesitated to begin the work, he soon found she was in earnest. He set to work, therefore, and modeled a sketch.

Married June 6, 1857, to Queen Sophia, who was born July 9, 1835, and is the daughter of the late Duke Wilhelm of Nassau. The king has four sons, Prince Gustaf, Prince Oscar, who renounced his succession to the throne and wedded Ethel March of Prussia, Prince Carl and Prince Eugene, unmarried.

Physical geographers are asking whether we are now witnessing the gradual disappearance of a glacial period. It has been known for some time that the ice is dwindling in the Arctic, and it has now been shown that the ice is melting faster than it forms in a part of the Atlantic. Among the observations that have led to this conclusion concerning Arctic ice phenomena are the statements of Prof. Garwood, of the line of perpetual snow in Spitzbergen is now 2,000 feet in the ice.

Rev. Dr. McConnell, of Des Moines, Ia., in his sermon the other Sunday, declared that the decadence of church-going was because anti-church—especially at Protestant churches—was the most expensive clothes they wore. This had the effect of keeping away the poor, plainly attired, people. In making the usual announcements for future services this long-bearded parson said: "Please note that all people attending services here are requested to wear plain and inexpensive clothing in order that no one, however humble, may be embarrassed."

RUSSIAN CANNONERS JOIN IN MUTINY

MURDER OFFICERS OF WARSHIP KNIAZ POTEMKINE AND SEIZE THE VESSEL.

Anarchy in Odessa—Strikers Fight with Troops—Hundreds Slain—Report That Admiral Kruger Forced Mutineers to Surrender Forced.

Odessa, June 29.—The red flag of revolution is hoisted at the masthead of the Kniaz Potemkin, Russia's most powerful battleship in the Black sea, which now lies in the harbor in the hands of mutineers. The captain and most of the officers were murdered and thrown overboard in the open sea and the ship is completely in the possession of the crew and a few officers, who have thrown in their lot with the mutineers.

Cruel Act Causes Mutiny. Reports of the battleship which occurred, are difficult to obtain, as the mutineers refuse to allow communication with the shore. But it is reported that it arose from the shooting of a sailor who was presenting, on behalf of the crew, a complaint against bad food. According to one version the sailor, whose name was Ouzhich, objected to the quality of the "borchtch" or soup and was immediately shot down by a mess officer. The crew then rose and seized

the ship and the officers, eight of whom were spared on condition that they would join the mutineers. The others were killed and their bodies thrown overboard. After a period of vaccination the Kniaz Potemkin headed for Odessa, and arrived here Tuesday night, accompanied by two torpedo boats. Early on Wednesday the body of Ouzhich was brought ashore in one of the battleship's boats and was landed on the new mole, where it had been exposed in semi-state all day. It was visited by thousands of persons, many of whom placed coins in a basket at the head of the body towards a fund to defray the cost of the funeral.

Odessa, June 30.—Hundreds of rioters were shot and many killed by troops during Wednesday night's operations. Martial law has been proclaimed. Fires are still burning and there is but little lull in the disorder. Practically the entire harbor is now afloat. The fire started by the mob Wednesday night. All the warehouses with large quantities of merchandise as well as stores and shops were burned. Probably 300 rioters were killed. Several Cossacks were also slain. The losses are estimated at many millions of roubles.

Troops Use Machine Guns. Sensational accounts which cannot definitely confirm are current regarding Wednesday night's rioting. In these accounts it is stated that no fewer than a thousand persons were killed. The troops used machine guns in complete anarchy, thousands of desperate incendiaries trying to set fire to every building. They were compelled to adopt the sternest measures and employed machine guns against the mob.

Report Is Denied. London, July 1.—A dispatch to the Daily Mail from Odessa dated early this morning, asserts that the Kniaz Potemkin has not surrendered. The dispatch says that she was joined by the battleship Georgi Polibonostov, whose officers were made prisoners. Both vessels were anchored in the roads and are awaiting marching orders as if expecting an attack from the squadron, which is about 15 miles distant. The commander of the troops has received a telegram from the government ordering him to sink the battleship without regard to a possible bombardment. It is reported that the second mutiny on a absolutely reliable authority.

Sorry for Their Action. Odessa, July 2.—The Kniaz Potemkin sailed Saturday, apparently in the direction of the Romanian coast, and will be since been heard of. The troops have taken the situation for the moment has taken a more favorable turn. The crew of the Georgi Polibonostov, who were when Sunday morning as hostages and have asked the emperor's forgiveness for having mutinied, pleading that they have not damaged the ship.

OR Romanian Agent. London, July 2.—Lloyd's agent at Kustendj, Romania, in a dispatch dated 28 inst. reports that the Kniaz Potemkin and torpedo boat No. 561 are anchored off that port, and are awaiting orders. It is in the office apparently waiting. Kruger's Action. Sebastopol, July 1.—

—Immediately after the Black sea squadron arrived here Saturday a council of admirals and captains was held on board the flagship Rostislav. Vice Admiral Kruger presiding. The council resolved to ungar the mutineers and authorize the officers and sailors to subdue. The Katerina II. is here and has been declared.

State of War Declared. St. Petersburg, June 29.—The emperor has issued the following ukase, addressed to the ruling senate: "In order to guarantee public safety and to terminate the disorders at Odessa and neighboring localities, we have found it necessary to declare a state of war in Odessa and district and to invest the commander of the troops in the military district of Odessa with the rights of military authority and special rights of civil administration for the defense of order and public tranquility."

AWFUL RESULT OF FLOOD. Mexican Town Swept by Cloudburst—Over 100 Said to Have Been Drowned.

Mexico City, Mex., July 2.—Reports are current here that from 100 persons upward, with one report claiming even 200, have been drowned in a great flood at Guanajuato, a mining city, one of the important seats of activity by several large American and British companies.

Late tidings are that Guanajuato is completely flooded and water is already invading the higher parts of the town, while the lower parts are a mud and may give way, which would mean complete and general ruin. The city is built in a great gorge in the mountains and the rains have been so heavy that rain in picturesque fashion. A storm began furiously on the night of June 30, and after midnight some of the inhabitants dared go to bed. So tremendous was the fury of the elements. The water rose in the lower or business streets, flooding shops and damaging thousands of dollars worth of merchandise. The lower streets became raging torrents as the water poured in rivers down the upper streets. Doors were smashed in by the force of the water and windows were no protection against the furious flood. Later affidavits state that it is known that over 100 lives were lost at Guanajuato. A dispatch to President Robinson, of the Mexican Central railroad, says there are 1,000 dead at Guanajuato. The town of Manlio, just below Guanajuato, was completely wiped out. The raglar water is carrying the dead through every street of Guanajuato.

GIVES MILLIONS

John D. Rockefeller Donates the Sum of \$10,000,000 for Advancement of Higher Education.

New York, July 1.—Ten million dollars, as an endowment for higher education in the United States, has been given by the general education board of John D. Rockefeller. The announcement was made by Dr. Wallace Brick, of the board, at the annual meeting of the board, which was held at the Waldorf-Astoria hotel. The present gift differs from Mr. Rockefeller's first gift of \$10,000,000 to the board in the following particulars: The principal sum of the gift of \$10,000,000 made on the organization of the board could be distributed. The present gift of \$10,000,000 is held as a fund, the income only being available for distribution. The first gift was designed to be used exclusively in the southern states. The present gift is for use not only in the southern states, but throughout the United States without distinction of section.

MOB LYNCHES EIGHT. Storms Jail in Watkinsville, Ga.—Severely Victims and Shoots Them to Death.

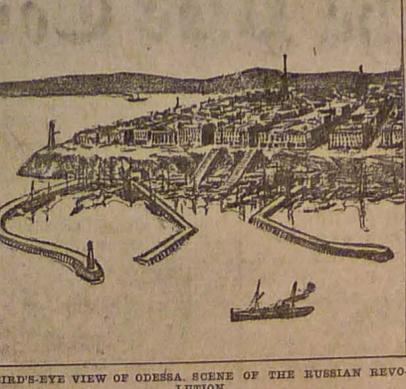

Watkinsville, Ga., June 30.—Nine prisoners were taken from jail here Thursday and eight shot to death by a mob of masked white men within 200 yards of the center of the town. Eight men were carried to the scene of the lynching, but one man miraculously escaped death by falling to the ground when the mob was fired and feigning that he had been killed. The names of the prisoners who were killed are: Lewis Robinson, Rich Robertson, Saney Price, Jim Yearly (all negroes), Lon Aycock (white), Joe Patterson (negro) (four negro) and the mob left him thinking he, too, had been ridden with bullets.

Four of the prisoners were charged with being implicated in the murder of Holbrook and his wife several weeks ago, and one was held for an attempted escape. The others were held on minor misdemeanor charges.

Illinois Miners Idle. Chicago, July 2.—Twenty thousand union miners in the Illinois coal fields were made idle Saturday by the Illinois Coal Operators' association, which asked up its mines pending decision of an arbitration board over the question of paying the shot miners. It is expected that the tie-up of the miners will last at least two weeks.

Russians Defeated. St. Petersburg, July 2.—The emperor has received the following dispatch from Gen. Lieberich: "On the morning of June 29 our outposts were attacked by the enemy's forces on the arrival of our reinforcements. The enemy retired. On the morning of July 1 our troops advanced from Nanchuk to Nanchuk."

Death of a Jurist. Bloomington, Ill., June 29.—Judge H. W. Hilder, of the Tenth judicial district, died at Watseka.

WILL DISCUSS TERMS OF PEACE

PRESIDENT ANNOUNCES NAMES OF RUSSIA SELECTED BY RUSSIAN AMBASSADOR.

Plenipotentiaries Given Full Power to Conclude Peace, Subject to Ratification by Their Governments—Date of Conference Not Fixed. Oyater Bay, N. Y., July 3.—Official announcement has been made by President Roosevelt, in the names of the Russian and Japanese envoys to the Washington peace conference. The character and ability of the men selected by both intelligences is an earnest of the desire of their respective governments to conclude, if possible, the treaty being enacted in the far east. The plenipotentiaries are: Russian—Ambassador Muraviev, formerly minister of justice and now ambassador to Italy, and Baron Rosen, recently appointed as ambassador to the United States to succeed Count Cassini. Japanese—Baron Komura, minister of foreign affairs, and Kogoro Takihara, minister to the United States. The president, in his announcement, says: "It is possible that each side may send one or more additional representatives. The plenipotentiaries of both Russia and Japan will be entrusted with full power to negotiate and conclude a treaty of peace, subject, of course, to ratification by their respective governments."

The president's announcement practically concludes the preliminary negotiations for peace. Minor details remain yet to be arranged, but the conference now seems to be assured. While no absolute date for the meeting of the envoys has been fixed, it has been determined that the first session will be held in Washington about the 1st of August. No decision yet has been reached as to the place of holding the sessions of the conference. For the purpose of organization and to determine upon plans for the future, the plenipotentiaries will meet in Washington, but it is regarded as highly probable that at an early date thereafter they will adjourn to hold their sessions in some city on the north Atlantic seaboard.

Opinion in London. London, July 2.—A dispatch from New York was the first intimation London had of the definite appointment of the Russian and Japanese delegates to the peace conference at Washington. When the news was communicated to the foreign embassy and the officials here, everyone expressed great delight at the successful result of President Roosevelt's efforts. They were surprised that the delegates were empowered to conclude a treaty of peace, as it was feared that Russia would hold out for ratification by the government. One diplomat said that it was a great diplomatic achievement, and if President Roosevelt succeeded in inducing the most difficult agents to agree to an armistice before another great battle is fought, his triumph would be complete.

Martial Law Proclaimed. St. Petersburg, July 1.—Martial law has been proclaimed in the government of Sevastopol, Nikolaiev and Brivan. An imperial decree confers on the viceroy of the Caucasus the rights of a military commander, with special powers. The same powers are bestowed on the commander of the Black Sea fleet, so far as the districts of Sebastopol and Nikolaiev are concerned.

Political Prisoner Freed. San Domingo, Republic of, Santo Domingo, July 2.—Francisco de Oca Candelario de La Rosa, who was a political prisoner at Barahona, on the Bay of Ampire, in the southern part of the republic, has been released from prison by force. Several men were killed or wounded during the effort to liberate the prisoner. He is now at Barahona for the mountains.

Oleic Demerits. Columbus, O., June 29.—The democratic and conservative committees of the State of Ohio, for governor, and a full state ticket.

SWEDISH ARMY IS ORDERED OUT

KING OSCAR ORDERS THE MOBILIZATION OF TROOPS IMMEDIATELY.

Army Will Go to Aid Force to Settlement of Proposal to be Made by Riksdag Committee to the Storting.

Stockholm, July 2.—The Associated Press in a position to state that an order for the mobilization of the Swedish army has been issued and that a proclamation to this effect will probably be issued within a week. The mobilization is intended as a means of giving added force to any proposal for settlement, which the special committee appointed by the Riksdag may make in the Norwegian Storting.

Stockholm, July 2.—King Oscar granted a private audience to the correspondent of the Associated Press at the Royal palace yesterday. In a lengthy conversation his majesty expressed his views on the present situation and said emphatically that he would never allow any of his sons or his grandsons to accept the Norwegian throne.

In speaking of the attitude of Norway which he displayed deep emotion and expressed his heartfelt sorrow at Norway's treatment of him after thirty-two years of commanding her army for its happiness and prosperity. His majesty said he wished to convey through the Associated Press his gratitude for hundreds of expressions of sympathy received from the United States.

In the course of the conversation, King Oscar reiterated his belief in the necessity of certain time between the consular bill passed by the Storting and the events which followed his veto of it.

Fought Gully. Fargo, N. D., July 2.—Frederick Norenberger, charged with land frauds, was convicted on seven counts and after a long trial in the United States court.

Norenberger was an old soldier and had served in the Ohio regiment during the war, making his home at Bowling Green. Several years ago he removed to Richland county, this state, and later to Ward county, where he conceived the idea of getting a corner on a lot of good North Dakota soil. His plan was to have old soldiers and widows of old soldiers file on a homestead, reside there for a certain time, and then after a long trial in the United States court.

Not Guilty. Wheaton, Minn., July 2.—"We, the jury in the above entitled action, find the defendant not guilty," is the verdict returned by the jury in the Antonio Seldenslecker murder trial at 8 o'clock Monday evening after being out about two hours. As the clerk pronounced the verdict, the only of the young girl who had bravely faced the possibility of a far different outcome, threw her arms about the neck of her attorney, Mr. Murphy, and burst into violent weeping.

After Information. St. Paul, July 2.—Governor Johnson, on request of W. H. Williams, state labor commissioner, has ordered to send out letters to town clerks throughout Minnesota, asking how many extra farm hands will be needed in the respective counties for the harvest of 1904. When Mr. Williams gets the returns in from these inquiries he will at once arrange with the labor bureau and employ the necessary number of states to secure the number of hands needed.

Killed on Race Track. Barnesville, Minn., July 2.—James Carr, the 15-year-old son of William Carr, was seriously, if not fatally, injured by being thrown from a horse while racing on the track, tripping the horse and throwing the boy with such force as to cause him to be unconscious for twenty hours.

Saved the Crop. Topeka, Kansas, July 2.—In order to save his father's crop of wheat from ruin, by the rains which were threatening Friday, a young boy, named Huston, the eighteen-year-old daughter of a Salina county farmer, distributed kisses as prizes among the harvest hands who did the most work the day.

Found Guilty. Portland, Ore., July 2.—The jury in the case of the United States against Senator John H. Mitchell returned a verdict of guilty on the charge that he was guilty of bribery while occupying his public position according to necessary compensation for practicing before the federal department at Washington, which under the federal statute constitutes a crime.

Terrific Hail Storm. Grand Forks, N. D., June 30.—The most terrific hail storm that ever visited North Dakota broke over Grand Forks and in the afternoon some of the hail fell in some places to the city property damaged to the city property estimated at from \$25,000 to \$40,000 was done.

Reports show that the hail struck over the city and did not extend that a short distance outside the city limits, but so far as we have been advised from Minnesota along the Red River north.

REMEMBERING.

His Theory Disproved

FERGUSON knew at last. For weeks he had quietly admitted the story of L. A. Dief, Kischke.

"A thief has a soul," the words went ringing through his ears now as he stood there at his window and watched the moon struggling out from the clouds over the lake.

"THE BODY DROPPED HEAVILY," some one spoke? The room was quiet, except as they had found it had an hour ago.

Ferguson remembered his own coming to Chicago and how near he had been to this same career.

He took the man into a restaurant and fed him. He knew of course that he could do as much for him at a man who can operate a typewriter at the rate of 100 words a minute.

There was a spare couch in Ferguson's room, and he could easily accommodate his overnight guest.

Ferguson had no superstitions about immortality. What Prof. Munsterberg has to say on that subject, he looked over his shoulder.

There was some one stirring below. Voices came drifting in through the open window. A growing grassiness and the sounds of awakening traffic told that the night was fast spent.

He was roused early. An officer had come to learn what had happened. They had found Smith Wilkins, a notorious criminal, lying unconscious in the court below Ferguson's window.
