

# Pine Co. Pioneer.

W. F. GOTTSBY, Publisher.  
PINE CITY, MINN.

Six million pounds weight of adulterated and harmful foods were destroyed by the health department of New York during the last 12 months.

The United States produces 210,000,000 metric tons of coal a year, worth at the mines \$48,000,000 and costing consumers nearly a billion dollars.

Probably the youngest general in the world is a nephew of the shah of Persia, a boy not 14 years old, who holds full title in the Persian army.

Stamp collectors will profit by the separation of Norway from Sweden. All the stamps that bear the portrait of King Oscar ceased to be valid on July 20.

In China a man can not by any disposition of his land in favor of any one person, whether relative or stranger, it must be distributed among all his male children without exception.

It is curious to note that the English people are not eating as much ham as formerly. Whereas, in 1899 the value of the hams imported from the United States was \$18,900,000, the value last year fell to \$12,455,816.

In Springfield, Mass., is a private art collection, the largest and most varied owned by one individual in the country. It is the property of G. W. V. Smith, who has spent over 50 years in getting it together.

The Chinese are turning to small foreign novelties and notions, such as small hand mirrors, belt buckles, combs, hair brushes, beads of many varieties and glass novelties generally. The sale of this sort of things is very cheap and generally gaudy and poor.

Mrs. Ellis Rowan, the famous flower artist, has received an order for \$75,000 by the German government for her 500 Australian flower pictures, the condition being that she shall take up her residence in that country and devote her talents exclusively to Germany.

No other American young lady of this generation is having so much desirable, varied and delightful experience as Miss Alice Roosevelt had taken many interesting trips in her own land, but it is doubtful if all these put together have furnished her such a wealth of change and pleasurable novelty as has the journey she is taking with Secretary Taft and party to the Philippine Islands.

So far as our navy is concerned, no chief enemies seem to be without, but within, in the shape of high explosives and new devices in war engineering. The number of killed and wounded in the Bennington explosion was so small, well up toward the total of our fatalities in battle on land and sea during the whole course of the Spanish-American war; and the Bennington disaster, while the worst, was only one of not less than two score of similar misdeeds which have occurred in our navy since the blowing up of the Maine.

Australia has a large and rich gem-producing area, and among the United States come the most magnificent opals yet found; and here also are found rare specimens of the yellow and green sapphires, and the quantities of the little-known stones, apatite, rhodolite and zircons. The beach sands of New South Wales contain myriads of minute crystal fragments of opals. Hyacinths and jaspers are well known; while the worst, was only one of not less than two score of similar misdeeds which have occurred in our navy since the blowing up of the Maine.

Among the largest and most complete chimes in the United States is the one hanging in the bell tower of Holy Trinity church, Philadelphia. Most chimes are made up of from eight to a dozen bells. The one at Holy Trinity, however, is composed of no less than 25 of the brass-throated musical instruments. These are hung upon horizontal bars located one above the other, the first holding seven, the next five, the next seven, and the next three, while the others, two large and one small one, swing from an independent frame situated higher up.

The countries of South America are particularly rich in precious stones of all kinds, Brazil leading all other lands in the variety of its gems and beautiful products. Amethysts and diamonds are found in great quantities in the interior of Brazil, and are marketed chiefly in Germany. Garnets, beryl, chrysoberyl, chrysolite, tourmaline, topaz, rose-colored, amethysts and garnets are mined in the section of Brazil tributary to Rio de Janeiro. Agates and amethysts are gathered from the mountains at various points of Rio Grande do Sul, in southern Brazil.

## TERMS OF PEACE

### Japan Yields Disputed Points and Envoy Reaches Agreement.

### No Indemnity for War Losses—Russia cedes to Japan that portion of the island of Sakhalin to be Divided.

### Formal Treaty is Completed—A Synopsis of Its Most Important Provisions.

### Cessation of Hostilities, Pending Ratification, Agreed Upon by Carr and Mikado.

### Both Rulers Warmly Thank President Roosevelt for Bringing About End of War.

Portsmouth, N. H., Aug. 30.—The long and bloody war between Japan and Russia is ended. The terms of peace were settled by Mr. Witte and Mr. Carr, the session of the conference Tuesday morning, and in the afternoon preliminary arrangements for an armistice were concluded, and the cessation of hostilities was ratified, Agreed Upon by Carr and Mikado.

Both Rulers Warmly Thank President Roosevelt for Bringing About End of War.

Portsmouth, N. H., Aug. 30.—The long and bloody war between Japan and Russia is ended. The terms of peace were settled by Mr. Witte and Mr. Carr, the session of the conference Tuesday morning, and in the afternoon preliminary arrangements for an armistice were concluded, and the cessation of hostilities was ratified, Agreed Upon by Carr and Mikado.

For the sake of peace, the Japanese with a magnanimity worthy of their heroic achievements in this war, met the ultimatum of the czar and abandoned their demands, not only for reimbursement for the cost of the war, but for the repurchase of the northern half of Sakhalin, Russia at the same time agreeing to division of the island. The Japanese also withdrew articles 10 and 11 of the peace conditions originally proposed (demand for the surrender of the interned warships and limitation of the Russian naval power in the far east). Japan agrees that only that portion of the Chinese eastern railway south of Chianfu, the section occupied by Oyama, should be ceded to Japan.

Summary of Treaty.

Portsmouth, N. H., Sept. 4.—The envoys of Japan and Russia have completed the work of making peace. The document only awaits their signature and ratification by the czar and the mikado. The treaty contains 17 articles, of which the disappointing to the American public portions come in articles 10 and 11, which relate to the cession of the railway south of Chianfu to China. By the restoration of Manchuria to China it obviates Chinese integrity. It provides for the maintenance of the "open door" only in Manchuria.

The treaty will outline the Russian and Japanese policies on the subjoined points:

General Peace.

There shall be perpetual peace and friendship between his majesty the emperor of Japan and his majesty the emperor of Russia, and between their respective subjects, who shall enjoy equally in the respective countries of the high contracting parties full and entire protection of their persons and property.

Japan pledges herself to maintain intact the integrity and independence of Korea. Russia recognizes that Japan has preponderant interests in that kingdom. Russian subjects and citizens shall have in Korea the right of the most favored nation.

Russia transfers to Japan, with the assent of China, the lease of Port Arthur and the Liaoting peninsula and islands covered by the lease.

Evacuation of Manchuria.

Japan and Russia agree to evacuate simultaneously the province of Manchuria, which shall be retroceded to the exclusive governmental and administrative authority of China. Russia surrenders all exclusive rights in Manchuria and agrees with Japan not to make any effort to acquire the future exclusive privileges of any kind. If China grant any concessions or privileges in Manchuria, to one power they will be enjoyed by other powers.

### HOW THE WAR HAS CHANGED MAP OF THE ORIENT.

without objection on the part of either Russia or Japan.

Agree as to Sakhalin.

Russia cedes to Japan all rights and interest in the Chinese Eastern railway connecting Port Arthur and Kuantung, and will not oppose construction of the Kirin branch. Japan recognizes Russia's rights in the railway connecting Port Arthur and Kuantung, and will take no action which will affect them. This line, as well as the Port Arthur-Kuantung line, shall be used only for commercial purposes. The two powers mutually agree to do nothing to prevent freedom of traffic over the lines.

Russia cedes to Japan that portion of the island of Sakhalin lying south of the 41st parallel and accords to Japan the right of commercial and industrial exploitation of the island. The two powers mutually agree not to fortify the island and that the straits of La Perouse shall remain open to navigation without restriction or hindrance.

Russia cedes to Japan's subjects equal fishing rights with her own along the Siberian coast.

There shall be immediate exchange of prisoners. Each power will appoint two commissioners, who will consent as to the cost of maintenance. The bills and proposals shall be examined and the difference paid by the power having the larger.

Commercial Relations.

The commercial treaty in operation before the war shall enter into force upon the ratification of the treaty.

Russia agrees to enter into negotiations with Japan for a commercial treaty upon the basis of the most favored nation treatment.

The treaty shall be ratified by his majesty the emperor of Russia and his majesty the emperor and ancestor of all the Russias, as soon as possible, and at least within 90 days after the date of its signature.

Carr Thanks President.

Portsmouth, N. H., Sept. 1.—News of the receipt by President Roosevelt of the cablegram of the emperor and congratulations from Carr Nicholas has put the pessimists to utter rout. Those who could see no prospect of peace at this time during the conference, and who Wednesday predicted that Russia would redouble the terms and plunge again into war, have had the last word for their pessimism knocked from under them.

The cablegram received by the president at Oyster Bay is as follows:

"Petrof, Alexandria, Aug. 31.—President Roosevelt: Accept my congratulations and warmest thanks for having brought the peace negotiations to a successful conclusion owing to your personal energetic efforts. My country will gratefully recognize the great part you have played in the Portsmouth peace conference."

"NICHOLAS."

Mikado Expresses Gratitude.

Oyster Bay, N. Y., Sept. 4.—President Roosevelt on Sunday received the following cablegram from the emperor of Japan.

"Tokio, Sept. 2, 1905.—The gratification I have received with your message of congratulations conveyed through our plenipotentiaries and thank you warmly for it. To your disinterested and unrelenting efforts in the interests of peace and humanity I attach the high value which is their due, and assure you of my grateful appreciation of the distinguished part you have taken in the establishment of peace based upon principles essential to the permanent welfare and tranquility of the far east."

"MITSUHIKO."

Armistice Agreed To.

Portsmouth, N. H., Sept. 2.—An armistice has been signed to take effect after signature of the treaty. The delay in cessation of hostilities was due to refusal of Japan to consent to earlier time.

### STRANGE PHENOMENON.

Sudden Uplift of Mountain in Mexico Causes People to Flee in Terror.

Mexico City, Sept. 5.—News from the state of Michoacan, Mex., says that a great volcanic upheaval threatens the city and valley of San Lucas. The people are fleeing in terror. The entire side of a precipice on a mountain called Cerro Dolores, about 200 feet square, suddenly took an upward movement and great masses of rock broken loose by the upheaval fell into the valley with a thundering noise. For 15 days the movement was plainly discernible.

Boy Makes Confession.

Pittsburg, Pa., Sept. 5.—George Toft, aged nine, of McKeesport, confessed to the coroner here that he had thrown the stone in a Baltimore & Ohio passenger train at McKeesport on July 17 last which killed Albert P. Campbell, a resident of Chatham, Va. The boy says he did not intend to do harm.

To Become a Spaniard.

Madrid, Sept. 4.—Sage has been taken for the Spanish naturalization of Prince Ferdinand of Bavaria, who will remain in Spain until he is 16 years of age in connection with the project for his marriage with Infanta Maria Teresa, youngest sister of King Alfonso.

The Public Debt.

## A FEATHER IN HIS CAP.

## EFFECTIVE WORK CONQUERS FEVER

### PHYSICIANS DECLARE THAT THE CRISIS IN NEW ORLEANS HAS PASSED.

Bulwark Post Will Be Completely Stamped Out Before First Frost Comes—Latest Record of Its Progress—Cases in Atlanta, Ga.

New Orleans, Sept. 2.—Signed statements of all the leaders in the fever fight, Surgeon White, Presidents Kolke and Souchon of the boards of health, Dr. Beverly Warner, Dr. Metz, of Tulane university, and Chairman Janvier of the citizens' committee, indicating that the crisis has passed, and that the fever will be practically forgotten by frost, were printed here Friday.

Contrary to all expectations, the fever is assuming a milder form at the period when it was expected to grow more deadly, and the deaths have grown in significant number. That is true not only of New Orleans, but at the various points in Mississippi, where the disease has appeared. In the state there have been about 70 cases to date and only one death. Where there has been a heavy death rate, as at Louisville, and on some of the plantations contiguous to New Orleans, it has been because the victims were Italians who either did not have or refused to accept medical attendance.

In carrying on the work here money has been expended with a lavish hand. More than a quarter of a million was subscribed by the state, city and citizens, but even this amount does not represent by any means the total expenditure. For thousands of dollars have been expended by the volunteer ward organizations and many thousands more by the individual householders.

The direction of the marine hospital service, Dr. Warner said that not a penny has been distributed that has not resulted in lasting good to New Orleans.

The Latest Record.

New Orleans, Sept. 5.—The yellow fever record up to six p. m. Monday is as follows: New cases, 58; total cases, 2,082; deaths on Monday, 5; total deaths, 292; cases under treatment, 321; cases discharged, 1,469. The hopefulness of the situation among the public at large was manifested in the fact that the thousands who viewed the harbor parade Monday.

Spreading on the Gulf Coast.

Galveston, Sept. 5.—Yellow fever is spreading steadily along the gulf coast. Five new cases were reported from Gulfport and two from Mississippi City. The removal of all military guards around infected points has been ordered, owing to the prevalence of the disease among soldiers, six of whom have been infected.

Disease Appears in Atlanta.

Atlanta, Ga., Sept. 4.—A case of yellow fever developed here, and the patient, John C. Caruthers, who came from Pensacola, Fla., August 31, is confined in the special detention hospital. There are reported to be other cases in Atlanta, and more are pouring in on every train and further cases are expected. There is absolutely no fear of infection here.

Honored by the President.

Oyster Bay, N. Y., Sept. 5.—President Roosevelt Monday afternoon announced officially the appointment of Robert B. Loomis, of New York, to be first assistant secretary of state to succeed Francis B. Loomis. The announcement was accompanied by the statement that Mr. Loomis would not assume the duties of his office for some time, perhaps until about the middle of October, after Secretary Root has become settled in the office of secretary of state.

Bent to Prison for Life.

Detroit, Mich., Sept. 2.—Frank Winkley, alias Harry Parker, and Tom Shuman, alias Harry Johnson, of independent Minn., were found guilty of murdering Pawneehead Joseph Meyer in his shop here July 28, and sentenced to life imprisonment.

Denver, Colo., Sept. 5.—The thirty-first annual encampment of the Grand Army of the Republic began in this city Monday. The city was crowded with members, and several trains are arriving from all directions.

## THE ARCANUM RATERS.

Supreme Council, at Put-in-Bay, O., Modifies Action Taken at Atlantic City.

Put-in-Bay, O., Sept. 5.—The following statement concerning the final decision of the Supreme Council of the Royal Arcanum convention was authorized by Supreme Secretary Robson:

"The laws were amended striking out option 'D' by a very decided vote. We also made options 'B' and 'C' applicable to the present membership only, and restricted new members to a selection between the regular rates and option 'A'."

"An amendment was also adopted for the reinstatement without new medical examination of members suspended since June 1, if they apply for reinstatement before November 1. The proposition to create a fraternal fund by annual contributions of 20 cents from each member, to be used in payments of assessments of aged members, was referred to an executive committee, with power to procure the necessary state legislation, the proposition being contrary to the laws of the state of Massachusetts."

"An amendment was adopted providing that members over 65 years of age may pay only one-half of their assessments, and that the remainder may be charged against their certificates, deduction to be made when the benefits are paid. The supreme report was directed to act upon the reading of unauthorized circulars in the councils."

## VESSELS ARE LOST.

Three Ships Known to Have Sunk in Lake Superior—Others Missing—Sailors Perish.

Duluth, Minn., Sept. 5.—The stories of shipwreck and loss of life that are beginning to come to shore prove that the gale which swept over Lake Superior Sunday and Monday night was the most destructive to life and shipping in years.

The schooner Pretoria, with five of its crew of ten men, was lost, and the schooner Olive Jeanette is believed to have gone to the bottom.

Fifty ships—steamers, schooners, and barges—are known to have been out on the lake during the gale. Many of these have not been reported, but all vessels arriving at Lake Superior port reported passing large quantities of wreckage.

From 18 to 22 lives are believed to have been lost and the property loss will reach nearly half a million dollars.

Six persons who escaped in a boat from the steamer Savonia have reached Bayfield. The bodies of Capt. McDonough and one of his crew were washed ashore at Sand Island.

## ARMY OF LABOR TAKES A DAY OFF

### SOME NOTABLE OBSERVANCES OF ANNUAL HOLIDAY OF AMERICAN TOILERS.

Thousands of Men in Line March Through Streets of Various Cities—A Temple to Labor is Dedicated in Seattle.

Chicago, Sept. 5.—With nearly 20,000 men in line the trades unionists of Chicago paraded the streets Monday in the annual celebration of Labor day. Marred only by a dispute over the appearance of two large parades, which threatened for a time to cause a strike of the union musicians, the long column of workmen was marshaled through the boulevards, lined with cheering thousands without serious trouble.

Two Parades in Milwaukee.

Milwaukee, Sept. 5.—Labor's annual holiday was celebrated in two large parades, about 10,000 men being in line, one body of marchers being under the jurisdiction of the Federated Trades council, while the other was in allegiance to the Building Trades council. Many women participated.

Last Parade in St. Louis.

St. Louis, Sept. 5.—Labor day was celebrated by a parade representing all the lines of trade and industry and comprising 17,000 men. This may be the last Labor day parade here, as the determination of the Royal Arcanum convention was authorized by Supreme Secretary Robson:

"The laws were amended striking out option 'D' by a very decided vote. We also made options 'B' and 'C' applicable to the present membership only, and restricted new members to a selection between the regular rates and option 'A'."

"An amendment was also adopted for the reinstatement without new medical examination of members suspended since June 1, if they apply for reinstatement before November 1. The proposition to create a fraternal fund by annual contributions of 20 cents from each member, to be used in payments of assessments of aged members, was referred to an executive committee, with power to procure the necessary state legislation, the proposition being contrary to the laws of the state of Massachusetts."

"An amendment was adopted providing that members over 65 years of age may pay only one-half of their assessments, and that the remainder may be charged against their certificates, deduction to be made when the benefits are paid. The supreme report was directed to act upon the reading of unauthorized circulars in the councils."

Indianapolis, Ind., Sept. 5.—According to reports received from all of the larger cities of Indiana, Labor day was more successfully celebrated this year than heretofore. Parades, athletic events, baseball, horse races, speeches by prominent labor leaders were features of the celebration throughout the state.

Labor Temple Dedicated.

Seattle, Wash., Sept. 5.—The newly completed \$200,000 labor temple was dedicated in this city Monday, immediately following the Labor day parade, the largest affair of its kind ever witnessed in Seattle. After the dedicatory exercises, the building was thrown open to the public, and 8,000 persons passed through the doors.

Rain in New England.

Boston, Sept. 5.—A downpour of rain in the forenoon and the wet and muddy condition of the ground in the afternoon necessitated the cancellation of the majority of events which had been arranged in celebration of Labor day in New England. The usual Labor day parade here was a disappointment to the leaders, as thousands of union members declined to walk in the rain. Several thousand men, nearly all carrying umbrellas, were in line, however.

Observance in Texas.

Houston, Tex., Sept. 5.—Labor day was observed throughout Texas, every city and many of the smaller towns organized by the trades unions. The parades were the feature. The reports of various unions show a good growth of membership in Texas during the year.

## FLY-WHEEL BURSTS.

Four Men Killed at the National Tube Company's Works in McKeesport, Pa.

Pittsburg, Pa., Sept. 2.—Four men were killed, another is missing, and it is supposed to have been blown to pieces, and three more were seriously injured Friday afternoon by the bursting of a fly wheel at the National Tube company, McKeesport, Pa. The explosion occurred Friday afternoon while over 400 men were at work in the mill. The wheel was 65 feet in diameter, and it went to pieces with a loud report, tearing a big hole in the ceiling of the mill and wrecking thousands of dollars' worth of machinery. The explosion caused much excitement, and hundreds of people were attracted to the plant.

## RECEPTION TO PRESIDENT.

Preparations in Washington for Demonstration in Honor of Mr. Roosevelt.

Washington, Sept. 2.—H. L. West, one of the commissioners of the District of Columbia, has notified President Roosevelt of his desire that the people of Washington to the best of their power reception upon his return here in recognition of his services in bringing the war to a successful termination. The president does not object to the plans. He will be met here with even a more marked demonstration than the one given him two years ago upon his return from the west. So far as plans have been suggested, they contemplate a parade, but the president is not participating.

The President's Plans.

Oyster Bay, L. I., Sept. 5.—Arrangements have already been shaped in a tentative way for the return of President Roosevelt to the city of New York. Such business as is not of a pressing nature is being postponed until the president can take it up directly with his cabinet officers at the White House. It is present in it is the president's intention to leave Oyster Bay for Washington on Saturday morning, Sept. 9.

Thousands of Homes Burned.

Chattanooga, Sept. 5.—Fire in Chattanooga Saturday caused enormous damage. Seven thousand houses were destroyed in the great fire. Mayor in his shop here July 28, and sentenced to life imprisonment.

Thousands of Homes Burned.

Chattanooga, Sept. 5.—Fire in Chattanooga Saturday caused enormous damage. Seven thousand houses were destroyed in the great fire. Mayor in his shop here July 28, and sentenced to life imprisonment.

# News of the Week.

## Chips Picked up Around Town and Vicinity.

Rosa Bath has been laid up since Saturday with a sore foot.

Mrs. P. S. Murray went to St. Paul Tuesday to visit friends.

W. A. Hayden and son Roy, of Pokegama, went to St. Paul Tuesday.

Mrs. A. H. Lambert went to St. Paul Sunday to spend the week with friends.

Everybody returning from the State Fair reports the Fair very fair this year.

F. E. Smith arrived home from a sojourn at St. Paul and the Fair Wednesday.

Misses Ida and Julia Dosey went to Duluth Wednesday to spend a week with friends.

I. H. Claggett returned home Wednesday from a trip to Minneapolis and the state fair.

Sheriff Hawley and wife and Mrs. Peter Engel were among the state fair visitors this week.

Mrs. M. E. O'Brien and son Joe returned from a visit to the state fair Tuesday afternoon.

Mrs. A. Hartley returned to Anoka Tuesday after a few days visit with friends in this place.

Henry Kraft accompanied a carload of cattle to the Chicago stock yards Wednesday morning.

Mrs. L. C. Coburn and nephew are here from Colman, S. Dak., visiting Thos. Gill and family.

Wm. and Bernie Lambert met their departure yesterday morning for a visit at the state fair.

Mrs. Theo. Baselmier went to St. Paul Monday to visit with her daughter Mrs. L. Zavitovsky.

Wm. Henderson is employed at the depot in place of John Heywood who is attending the state fair.

Miss M. A. Breckenridge, of Ganvort, N. Y., is the guest of her brother, J. Y. Breckenridge and family.

The flour mill shut down Wednesday to make repairs and necessary additions preparatory to the fall rush.

Miss Lydia Payne is having a ten days vacation from her book-keeping duties at the Mill & Elect. Co's office.

The base ball dance last Friday evening was not largely attended, but all present had a most enjoyable time.

F. A. Hodge and son Webster, Mead Murray and Albert Turner are camping at the mouth of Pokegama lake this week.

Mrs. Edw. Rand will move her confectionery store to the old, Barthelemy building north of Louis Steinpatz's saloon.

Misses Elma and Emma Buirge left for Willow River Sunday afternoon to teach school in districts adjoining that place.

Miss Lydia Payne entertained a number of her friends Tuesday evening in honor of her guest Miss Ethel Gunn, of Oskaloosa, Iowa.

Mrs. Louis Zavitovsky and baby returned to her home in St. Paul last Saturday after a month's visit with her parents in this village.

Mr. and Mrs. Herman Schroeder, of Grand Meadow, this state, were guests at the Buirge home the latter part of last and the first of this week.

Mrs. M. J. Hurley and children and Miss Bessie Lambert departed for St. Paul Tuesday noon to visit relatives and friends, and attend the state fair.

Last A Canvas Shot Gun Case last Sunday noon. Capt. Seaver's place northwest of town. Findley will confer a favor by returning to Bert Greenfield.

Among the county officials at the fair this week are H. J. Hath, R. J. Hawley and Nickerson Perkins. M. B. Hurley expects to go down today to view the mammoth exposition.

Marion Louis went to South St. Paul Thursday morning with a load of cattle which was shipped by J. J. Madden. Chester Jackson has taken his position in the feed store during his absence.

Otto Glasow, who is visiting here from Medford, Wis., went to Sandstone Wednesday to visit relatives for a few days. He expects to leave for Yellowstone Park and the Expo. next Wednesday.

Tom Henderson was a State fair visitor this week.

Louis Steinpatz went to St. Paul Wednesday to attend the Fair.

Feitz McKusick went to the twin cities Wednesday to visit and take in the Fair.

Miss Kate Conner went to Rush City Wednesday to visit for a few days with relatives.

Dr. Barnum reports a daughter born to Mr. and Mrs. Herman Peterson at Pine Town, Monday morning.

The ladies of the Presbyterian church will serve a 20c supper next Thursday evening (Sept. 14th), in G. A. R. hall Everybody invited.

Norwegian Lutheran services will be held in the German Lutheran church Monday afternoon Sept 11th, at two o'clock. R. J. Meland, Pastor.

Dr. J. W. Cowan has announced in the columns of the Sandstone Courier that he will not accept a re-nomination for State senator from this district.

Saxton Bede arrived here from Sandstone Saturday to visit at his home. He left for the big wheat fields of North Dakota Sunday afternoon and will travel with a threshing crew until freeze-up time.

The following received marriage licenses from Clerk Bath's office during the past week: John W. Kroon and Clara O. A. Johnson, Sturgeon Lake; P. A. Lindberg and Jennie Halund, John Lundeen and Olga Svard, of Sandstone.

Mrs. J. J. Warner and two children returned to St. Paul Sunday after a few days visit with Pine City relatives and friends. They were accompanied by Grandma Warner who expects to spend a few days in the Capitol City.

A Commercial Club is being organized at Sandstone and over sixty representative men have their names upon the roll of membership. The membership fee is \$5.00 per annum. Fr. Buchler, formerly of this place, is one of the promoters of the organization, and it was principally due to his enterprise that public sentiment was aroused to the movement.

### Council Proceedings.

The common council of this village met at the recorder's office Monday evening at 8 o'clock. The meeting was called to order by the recorder. Members present J. J. Madden, Aug. Carlson, Aug. Larson, M. Prochaska and John Adkinson, councilman and F. Pofert Recorder.

On motion J. J. Madden was elected president Protem.

The minutes of Aug. 7th and 8th were read and approved.

On motion Wm. F. Glasow be ordered to put a strong railing around basement on cor. 5th st. and 2nd Ave.

The following claims against this Village were on motion allowed:

F. A. Johnson care of fire engine Aug. 4-5.00  
John Griffith salary as marshal Aug. 4-10.00  
3 days extra service July 18, 11, 20 Pine City Mill & Elect. Co. street lights 74.00  
R. B. Dickerson inspecting fire engine 3.00  
F. Pofert recorder's salary Aug. 1-10.00  
F. Parzenberg 3 days work in park 7.50

No further business council on motion adjourned. F. Pofert, Recorder.

### Low Rates to Pine County Fair.

The Northern Pacific Railway has declared a rate of one fare and a third between St. Paul and Moose Lake for Pine City during the Pine County Fair, September 25-26-27-28-29. Final return limit September 25th.

### Popular Specials.

For Sale—A set of Encyclopaedia Britannica, at 25 per cent discount from cost price, 15 volumes new, enquire at this office.

Would you not like to have your finger in that diamond ring?

The undersigned has for sale a 3 1/2 year old colt, or will exchange the same for a couple of good milk cows. Call on Chas. Lundblad, 5 miles southeast of Pine City on the Government road. 36-43.

For Rent—Four large furnished rooms in a good locality. No board. Apply to Mrs. Levi Ardner or at this office.

Wanted—Fresh white pine, jack pine and balsam cones. Address, J. J. PINNEY, Sturgeon Bay, Wis.

Mrs. Lois Fuhrmann and Miss Lizzie Hamlin left Saturday to begin teaching at West Rock.

Mrs. Laird, of Pine City, and Mrs. Linback, of Flandreau, S. D., visited at the home of Mrs. J. O. Clyde Friday.

Mrs. Ida E. Collett, of Hustle Town, returned from Farmington Sunday where she has been visiting friends and relatives.

Peaches will be sold at \$1.25 per crate at Rand's restaurant Saturday. Come early and avoid the rush.

Always Successful.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion all troubles resulting therefrom thus preventing Catarrh of the Stomach. Dr. Newbrough, of Leagues, Va., says: "To those suffering from indigestion or sour stomach I would say there is no better remedy than Kodol Dyspepsia Cure. I have prescribed it for a number of my patients with good success." Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. Sold by J. Y. Breckenridge.

### Colds

Don't trifle with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with

### Chamberlain's Cough Remedy

as a quick cure for colds and grip, and by its use the more serious diseases may be avoided.

Pineapple for Consumption.

It has long been known by the natives of South America that the juice of the fruit of the pine apple being of such antiseptic qualities, will thoroughly destroy the germs of catarrh, consumption and grippe. A preparation known as Syrup of Pine Apple Expecto-rant, prepared by Rea Bros. & Co., contains these essential qualities. It is sold by L. E. Breckenridge for 50 cents.

Best Swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View, Ky. "my feet were swollen to immense size, and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made a well man of me." Avoid serious results of kidney or bladder disorder by taking Foley's Kidney Cure. For sale by J. Y. Breckenridge.

# WE HAVE BEEN BUSY

the past two months improving our milling plant and getting ready to handle the Bumper Crop that is expected this year. New machinery has been added and everything will be in readiness Sept. 10th to start out on a 12 months night and day run.

In improving our plant we have but just one object in view, and that is to make better Flour than our competitors can make. We are proud of the good reputation our Flour has gained, both at home and abroad. We daily receive verbal testimonials from our home users and letters of praise from our customers in outside and far away towns; and these assurances from our friends urge us on to make the Best Flour we possibly can.

## Cash Grain Market

To keep our mill running steady requires nearly 1000 bushels of grain of all kinds every 24 hours. This gives the farmers a cash market for all the Wheat, Corn, Oats, Rye, Barley and Buckwheat they can raise. When we say a Cash Market we mean it in every sense. There are no strings attached to it. Just as soon as we receive the grain you get the cash, and we can use any quantity—no matter how large.

From the time the grain leaves the farmers' wagons until it is packed in sacks as flour and feed it is handled by machinery. On account of this economy in handling we are able to pay the highest market prices.

If you have grain to sell we trust you will give us a trial and by the treatment and results you get you will be the judge as to whether you should come again or not.

## Macaroni Wheat (Durum)

We have gone to considerable expense in arranging our machinery so as to be able to handle this class of wheat satisfactorily, and we are pleased to announce that recent tests along this line have been more satisfactory than we expected.

When Macaroni first came on the market millers refused to grind it on account of the impossibility to get good flour from it. In fact at present few millers are equipped so as to handle it.

With the new machinery recently installed in our mill we can make first-class flour from Macaroni Wheat. This flour has a peculiarity which distinguishes it from regular spring wheat flour. The bread made from it, however, has a very pleasant taste and is preferred by a great many to the regular spring wheat flour.

## Feed Grinding

Our feed grinding plant has been thoroughly

## Overhauled and Enlarged

and has been made up-to-date in every way. The capacity of this Plant has been increased and it will be

## An Easy Matter

for us to serve all promptly and satisfactorily.

All we ask is one trial. We know we can supply you.

## Farmers' Grist Work

We make a specialty of this class of work. You can exchange your wheat for any brand of our flour on a very liberal basis or if you bring a load of 20 bushels or more we will make any kind of flour you wish out of your own wheat or rye and you can pay us for the grinding. We cannot accept a smaller load than 20 bushels to grind in this way because it is necessary to adjust the machinery for each kind of wheat. The same guarantee goes with the flour ground to order or exchanged that goes with the flour sold under our brand, that is—if the flour is not satisfactory it can be returned. We have arranged a very liberal schedule of exchange and hope to build up the largest business of this kind in this section of the country.

It will pay you to deal with us for you are assured of absolutely fair and honorable treatment in every transaction. All we ask is a trial! We will endeavor to give you such good satisfaction that you cannot afford to go elsewhere.

# PINE CITY MILL & ELECTRIC COMPANY.

## Are You Young and Dashing?

We don't want to sell you these if you're old and grey and bent with the cares of the world. They are designed for the young fellows with dash and go—the sort that know style when they come against it and can wear something nobby and progressive without looking too much tailor-made.

The coats are ultra—made for the man who has style in himself and who wants to be up-to-date, and just a little in front of the rest.

Ask for the Smartsac or the Newport and look for the label bearing the name of Crouse & Brandegee, Utica, N. Y. That is the sign that the styles are Metropolitan and the tailoring O. K.—doubly so, indeed. There are none better made.

For Sale in Pine City by J. Y. Breckenridge.

Quick relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure.

MRS. CECILIA STOWE, Oakton, Idaho Home Club.

170 Warren Avenue, CHICAGO, ILL., Oct. 22, 1902. For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt distressed as well as I, for home with a sick woman is a disagreeable place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

**Cecelia Stowe**

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.
