PINE CITY, MINN.

Let's not talk about the weather.

Remember and give the horse a square deal.

Even bad weather cannot keep the ship down.

In this age, the water wagon ought to be an automobile.

Canada seems to be getting a better neighbor all the time.

An aeroplane collision might be a good state fair attraction.

The next aerial record to be broken is that for the highest fall.

Delaware has a record snowfall. No use asking after the peach crop.

Wouldn't automobile tires as ball bonds come under the head of inflated securities?

Isn't it great that you can get used to almost anything if you try it long enough?

Sea voyagers at this time of year get their money's worth if they like excitement.

It is said injections of rattlesnake venom will cure hookworm. Also pelagra. It is a kill-or-cure remedy.

One of the most pernicious evildoers is the man who tries to pull an other down from the water wagon.

With real butter worth its weight in gold the temptation is strong for legislation to get into the game.

European rivers have been hurrying up their high water programs so as to forestall the Ohio's spectacular performances.

Whenever a cake of floating ice crashes against the Eads bridge the seismograph in St. Louis registers an earthquake.

The nine-dollar hog at Chicago may make the silver of bacon for breakfast more like a silver than it has ever been before.

The only consolation there has been about the bleak weather of the past few days is that each day of winter brings spring nearer.

Speed maniacs should be given a sentence, when convicted, on the treadmill, which would make the punishment fit the crime.

Buffalo meat has been placed on the New York market. And its price, notwithstanding its rarity, was not much greater than that for ordinary beef.

Seldom will even a vain and unreliable woman give an untruthful answer if you ask her about her age. She will say it is none of your business.

A New York husband complained in court that his wife called him a "shrimp," and in view of the fact that he went to court with his trouble we are inclined to agree with her.

With eggs at 70 cents a dozen in New York St. Louis man is willing to get five dozen at a time on a wager. Perhaps the motion picture privileges help out this branch of capitalistic sport.

Twenty thousand acres of land especially adapted to fruit culture have just been opened for settlement in Oregon. The Pacific coast is looming into prominence as a rich agricultural region.

In one of the big police precincts in New York there were only two arrests in 24 hours, and the fact has led to the inquiry whether a reform wave has struck that part of the city. More likely it was merely a cold wave.

Two newspapers, one in Chicago and the other in Baltimore, have talked with each other by "wireless," though 1,600 miles apart. This is reported to be the longest distance on land for successful communication of this kind, and experts allege that a thousand miles over the land is equal to 5,000 at sea. To this as it may, the incident is of interest as showing the development of wireless telegraphy. There is no doubt that the system is constantly enlarging the scope of its usefulness.

It looks more and more as though the American proposition for a world's arbitral court, tending to the neutralization of the Manchurian railroads, looking to the removal of a cause of friction and strife, are likely to be accepted by the leading powers. And so the year will be memorable because of one of the greatest advances ever made toward general and permanent good, understanding the chief impulse toward which came from the United States and was generated by American statesmanship.

Great thoughts are noble guests which do not enter the house of our intellect unbidden, nor do they remain long where they are not properly entertained.

A university scientist declares charity to be a disgrace, advocating the policy of letting the useless starve to death. He says, "So far do they rest for the loss of such scientists who thus practically hold it as a defense to a return to the old barbarous days of brute force in the revival of the state."

STATE WINS CASES

UNITED STATES SUPREME COURT FILES DECISIONS IN GROSS EARNINGS CASES.

JUSTICE HARLAN READS DECISION

\$800,000 To Be Paid Into State Treasury—Great Northern and Great Western Are Railroaded Which Must Settle Deficit.

Washington, D. C. — The state of Minnesota won a complete victory over the Great Northern and Great Western Railway companies when the supreme court of the United States affirmed the decision of the state court holding that the railroads were liable to a 4 per cent gross earnings tax. As a result of decisions by the United States supreme court in the 4 per cent gross earnings tax cases, the treasury of the state of Minnesota will be immediately enriched \$800,000 and approximately \$200,000 will be added to its income each year. Judgments for more than \$600,000 in back taxes will be immediately entered against the Great Northern and Great Western railroads. The judgments are the largest ever obtained by the state.

The decision was announced by Justice Harlan, who discussed the questions at issue very briefly. He sketched the creation of the Western Pacific road, which subsequently became a part of the Great Northern system, the legislation under which

European rivers have been hurrying up their high water programs so as to forestall the Ohio's spectacular performances.

PASS PRIMARY BILLS

BIG BATTLE OF SPECIAL SESSION IS ENDED IN ILLINOIS HOUSE.

BILLS GO TO GOVERNOR

House Passes Gibson Bill and Concurs in Senate Amendments to Companion Measure—Gibson Bill Goes to Senate for Final Action.

Springfield, Ill., Feb. 18.—Primary reform was in the final test in the lower house when that body passed the Gibson direct primary bill to regulate the nomination of members of the general assembly. This was the companion to the main state-wide primary measure. The vote was 89 yeas to 40 nays. This was 12 above the required majority of 77.

Concur in Main Bill Changes.

The fight faded from the obstructionists following the first victory and, with rapid-fire action, the house concurred in the senate amendments to the main state-wide primary bill. This sent the measure on its way to the governor for signature.

It means that there will be no conference committee and that the primaries for this year will not be held before September 15.

The double-barreled bill provides state-wide direct voting nominations for elective officers and for the election of party machinery. The new law in the main is fashioned after the defunct act of 1908, commonly called the Oglesby law.

Under the terms of the measure the senatorial committee in each district shall say whether one, two or three candidates for representative shall be nominated. This plan seems to preserve minority representation. The voter is permitted also to cumulate his votes and cast three for one candidate if he chooses.

For Main Bill by 94 to 23.

The house concurred in the senate amendments to the main bill by a vote of 94 yeas to 23 nays. Passage of the Gibson bill was clinched by laying on the table a motion to reconsider the vote by which it passed. This makes it impossible under the rules to take the bill up again in the house. The measure will go to the senate for concurrence in changes made by the house. There is no doubt the senate will accept the house amendments as a matter of form, say those who are familiar with the situation.

Eleven Votes Are Lost.

The total on the test showed a loss of 11 votes from the vote taken originally in the house on the main bill before it went to the senate. Several of these are among the thirty-four Republicans voted for the Gibson bill and 43 Democrats were recorded for it.

MINE VICTIMS MUMMIFIED

Inspectors at Cherry Pit Surprised at Condition of Corpses Recovered.

Cherry, Ill., Feb. 19.—Eleven bodies of miners were recovered from the St. Paul coal mine on Cherry road in the night. To the amazement of veteran mine inspectors the bodies brought to the surface, were found to be almost perfectly mummified.

Life Savers Rescue Eleven Men.

Cape Charles City, Va., Feb. 19.—The British sailing ship *Norwood*, bound from Buenos Aires for Boston, was blown ashore on Cherry road in the night. After a hard battle with heavy seas the crew of 11 men were saved by Capt. John R. Anderson, arm. 15 of the Cobb Island life saving station.

Tillman Is Much Improved.

Washington, Feb. 21.—Senator Tillman, who is suffering from a stroke of the brain, is much improved. The attending physicians hold out hope of his recovery. His mind is clearing and the power of speech is returning. His recuperative powers are remarkable.

ONE KILLED, 11 SHOT; IN CAIRO MOB CHARGE.

Angry Men Storm Jail in Effort to Lynch Two Negro Boys.

Calro, Ill., Feb. 21.—Another clash is feared in Cairo. The officers are searching for a negro who is thought to have been the accomplice of John Pratt, the purse snatcher whom the mob tried to get out of jail on Thursday night when young Halliday was killed and several others injured, if he is caught it is feared he will be taken from the jail and lynched.

The funeral of Alexander Halliday, who was killed by the negro deputies, was attended by nearly 1,000 people. As the funeral train passed through the north part of the city, a negro section, a large body of negroes hurled insults at the funeral party, a number of whom wanted to stop the train and force the funeral to stop. The police, however, prevented and trouble was averted.

The soldiers have the situation well in hand and while they have dispersed several small crowds, the demonstration of any account took place. The popular feeling is strong against Sheriff Nellis for using the negro deputies to force Alexander Halliday's body to lay in the snow for several hours. It was stated by Adjt. Gen. Dickson that Sheriff Nellis was not ordered by the police department to force the body on the ground until the militia arrived, which has been the sheriff's claim.

As a precautionary measure Sheriff Nellis has asked Gov. Deneen for another company of militia and Company H of Shelbyville has been ordered to report for duty here. It is possible that one of the four companies to be here may be relieved from duty on its arrival.

The mob gathered at a nearby station shortly before midnight and marched to the jail. As the crowd entered the jail yard and started up the steps Sheriff Nellis, who was appointed to succeed Sheriff Davis, removed by Gov. Deneen for failing to prevent the riot of last November, and who at the first intimation of the riot fled to the city, was ordered by the mob to open the doors of the jail.

Sheriff Nellis immediately got in communication with Gov. Deneen at Springfield by telephone and requested that a company of troops be sent to Cairo to assist him in preserving order. The governor immediately ordered Company K of the Fourth infantry at Cairo to place themselves at the disposal of Sheriff Nellis and also ordered a company at Edinburg to proceed to this city at once.

TO REORGANIZE POSTAL WORK

Senator Carter Introduces Duplicate of Measure Offered in the House.

Washington, Feb. 21.—There is a possibility of a general reorganization of the post office department. Senator Carter introduced in the senate a measure to this end and its duplicate was presented in the house by Representative Weeks of Massachusetts. The bill looks to the creation of a new system for the management of the postal affairs of the country, and it is intended to render unnecessary any special legislation regarding the handling of second-class mail matter, which recently has been the subject of much agitation. The purpose is to place the postoffice department on a strictly business basis and to discontinue administration of its machinery.

Roe Aids "White Slave" Bill.

Boston, Mass., Feb. 21.—That American young men are now profiting by the "white slave" bill was the statement of Clifford G. Roe, former assistant state attorney of Illinois, at a hearing at the state house in Boston called by the "white slave" bill. Mr. Roe told of his experiences in combating the traffic in women.

CAR RIOTS

MORE THAN 100 PERSONS ARE INJURED IN QUAKER CITY.

RECRUIT 4,000 EXTRA POLICE

General Strike Affecting 100,000 Workers Threatened to Assist Street Railway Employees to Win Their Fight—Girl Fatally Shot.

Philadelphia, Feb. 21.—More than a hundred people were injured, many of them seriously, in the strike which was suddenly declared against the Philadelphia Rapid Transit Company by the Amalgamated Association of Street and Electric Railway Employees.

One little girl was shot in the abdomen by a policeman and will probably die. Four thousand extra policemen are to be recruited to cope with the situation and it is rumored that the state constabulary will be called out.

General Strike Is Threatened. A general strike of union men affecting 100,000 workers is threatened and the Rapid Transit Company declares it will spend every cent in its treasury rather than give an inch to the striking men. C. O. Pratt, for the strikers, declares there will be no compromise.

Not a car is running in the city. A dozen riots, two of them of big proportions, marked the progress of the strike in South Philadelphia. As a result nearly every car was smashed and smashed their crews and guardian policemen were roughly handled while one car was set on fire.

Boy Fatally Hurt. One boy, a passenger in a car that was mobbed, sustained a fractured skull and will probably die, while a number of persons were less seriously injured, several of them being taken to hospitals. In every case riot calls were turned in from the streets were filled with thousands of white aproned strikers and struggling blue coats.

Dozens of arrests were made, many of the prisoners being boys, while in two instances girls were taken into custody. The riot in which the car was burned took place in the streets of Wharton and lasted for fully an hour.

Run Freight Car on Tracks. A mob of several thousand persons shoved a freight car from the railroad tracks, across the trolley tracks, completely blocking traffic. The first car that approached on Wharton street found this barrier confronting it. On the car were two policemen and several passengers. The mob charged the policemen. Both of the latter drew their revolvers and fired at the heads of the crowd. The policemen were easily overpowered and they and the crew chased away. The mob then piled a lot of rubbish around the car and set it afire.

While Kensington, the mill district, was the center of the riot wave, nearly every section of the city, except West Philadelphia and the northwest saw violence done by the turbulent mobs. The order to take all cars into the barns before night fall probably prevented more serious trouble in this district.

CONFER ON ROOSEVELT VISIT. Catholic Dignitaries Seek to Avoid Repetition of Fairbanks' Incident. When Colonel Reaches Rome.

Rome, Feb. 21.—Mgr. Kennedy had a long interview with Cardinal Merry Del Val, the papal secretary of state, on the Fairbanks incident and also on the prospect arising in connection with ex-President Roosevelt's visit. Col. Roosevelt also has promised to make an address before the American Health and Aid Society here, and although the Vatican authorities are intensely anxious to honor him, the pope must adhere to the precedent he has set in the Fairbanks case.

If Col. Roosevelt's audience with the pope is arranged immediately upon his arrival in Rome he will be free to address the Methodist society afterward.

BRINGS BED IN LAND RUSH. One Man Has Wheel Chair in Line of Applicants at Los Angeles.

Los Angeles, Cal., Feb. 21.—Two hundred and fifty persons are waiting patiently in front of the United States land office, and with others, will probably remain in that same spot on the pavement, day and night until March 1, unless they can afford to submit the reward for 172 of these patients will be 40-acre homesteads on the Yuma irrigation project.

Good places in line are worth from \$150 to \$2,000. Since 11 o'clock this morning, when W. S. McManhon brought a soap box there and planted himself on it, the line has steadily increased.

One man has a combination chair and bed, but he is not permitted to sleep, as others persist in talking to him. Five women are in the line.

Hero of Fort Sumter Dead. Eric, Pa., Feb. 21.—James Gibbons, the last of the little Garrison that surrounded Maj. Robert Anderson on that historic April day in 1861 when Fort Sumter was fired upon, died in this city. He was credited with sighting the first gun fired by the union forces.

How often do you eat this food? A short time ago there appeared in the columns of one of the prominent magazines an article on building brain and muscle by the proper selection of the foods you eat. A good many people were surprised to find oatmeal placed at the top of the list of foods recommended; but if the article had appeared in an English or Scotch paper every reader would have expected to see first place given to good oatmeal.

As a matter of fact Great Britain and Europe come up for tremendous quantities of Quaker Oats because it represents to them perfect food, being the richest in flavor and best in cleanliness and purity of all oatmeals.

A Vast Difference. "Why's a bachelor a bachelor?" "It depends; but it is seldom for the same reason that an old maid's an old maid.—Judge.

The Perverse Sex. "Hinkley's got a wonderful head. All his woman readers are simply wild over that serial love story he is running in the Daily Stunt."

"How did he clinch 'em?" "How, he printed the last chapter first."

Does He Love Anybody? You've got to be a good man for human fallings. He loved his wife devotedly, but conquered his alma mater, Denmark, even after she had cast him out of her poor, stinky pocket. But Kitchener is a machine man only. He loves his military service out of her pocket, but Kitchener is a machine man only. He loves his sharp point has been asunder the bodies and souls of the sons of womankind.—Boston Post.

Why He Was Lonesome. Tommy, whose varying points of view are illustrated by the Farm Journal, had not yet learned the Golden Rule. Neither have a good many of his elders.

"I should like, Tommy," said his father, "that you might find some boy to play with on the farm. You've got the matter with Johnny Jenkins and the little Dobbys boy."

"Pooh! Why, they're a whole year younger than I am, Tommy, contemptuously. "I couldn't play with them!"

"Well, there's Jack Spear and Willie Harlow. What do you say to them?"

"Yes, but they're a year old than I am," said Tommy, wistfully, "so the mean things won't play with me."

Helping the Minister. A Scotch preacher had in his congregation an old woman who was deaf. In order to hear the sermon each Sunday, this old lady would send herself at the foot of the pulpit stairs. One day the sermon was about Jonah, and the preacher became very rhetorical.

"And when the sailors threw Jonah overboard," he said, "a big fish swallowed him up. Was it a shark that got 'im? Nay, my brethren, it was ne'er a shark. Was it a swordfish that eat him? Nay—"

"It was a whale," whispered the old lady excitedly.

"Hush, Biddie," said the preacher, indignantly. "Would ye tak' th' word of God out o' yer ane meemister's mouth!"—Success Magazine.

SHE QUIT. But It Was a Hard Pull. It is hard to believe that coffee will put a person in such a condition as it did an Ohio woman. She tells her own story.

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not give it up. I quit drinking it, but I was a miserable sufferer from heart trouble and nervous prostration for four years.

"I was scarcely able to be around, had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it. For months I never went to bed excepting to get up in the morning. I felt as though I was liable to die any time."

"Frequently I had nervous chills and the least excitement would drive sleep away, and my little nervous system was so terribly. I was gradually getting worse until finally one time it came over me and I asked myself what the use of being alive, and I decided to buy medicine so that I could indulge myself in coffee."

"So I thought I would see if I could quit drinking coffee and get some remedy to help me out. I made it strictly according to directions and I want to tell you, that change was the greatest step in my life. It was easy to quit coffee because I had the Postum which I now like better than the old coffee."

"One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my household work, and have done a great deal besides."

We Will Pay You \$500 in Gold To Name Our New Corn

Shakespeare says there is nothing in a name, but John A. Salzer says A GOOD NAME IS WORTH A FORTUNE. He backs up his statement by offering you \$500.00 in gold to name his wonderful, long-kernelled corn, pictured in life size at the left on this page.

A prominent Agricultural Expert, on seeing this new corn, exclaimed:

"Salzer you have startled the Agricultural World in discovering this most remarkable breed of corn!"

Indeed, it is the most remarkable corn ever seen by mortal eye.

But not a bushel of it is for sale. For there is not one-half enough in existence to fill the tremendous orders that will pour in when this new corn goes on the market.

Next year we may have enough to sell. Right now the best anybody can do is to obtain a sample package—enough for a bushel of seed for 1911. You are mighty welcome to a sample. Please send \$c in stamps to pay mailing charges.

The thing that puzzles us is, WHAT ARE WE GOING TO NAME OUR NAMELESS CORN?

Mr. Salzer will not be content with anything but a shining, smashing good name. So he offers \$500 in gold to the seed-buyer who hits upon the most suitable name.

We want you, reader, to help us out. Name this corn, send us your name. It does not cost a penny to use the corn-naming coupon below. Fill it out, send it to-night and be a candidate for the \$500 cash prize.

THE JUDGES

We are fortunate in securing three of the most capable and prominent men in Wisconsin to sit as Judges in our big corn-naming contest. They are Prof. R. A. Moore, Wisconsin State Agricultural College; Hon. J. J. Esch, Congressman from Wisconsin; Hon. Robert C. La Follette, U. S. Customs, La Crosse.

These eminent men will weigh carefully the name you suggest, and if it is most suitable, you will get the \$500 prize. No matter who you are or where you live, you will be given a fair, square opportunity to land the money.

Fill out the free corn-naming coupon with pencil or blue ink, but be sure to give your complete home address.

Meaning of Cemetery.

It is not correct to say that "cemetery" means the "city of the dead." The word is from the Greek "Koimeteion" meaning sleeping place, not the place of the dead. There is nothing in the thinking that it was originally intended to convey the idea that the departed were really dead any more than there is in the old Hebrew term for cemetery—"Bethaim"—the house of the living.

Comparison Shunned.

"You didn't call at all the matinee."

"No," answered the respectful girl; "I couldn't think of such a thing."

"But the young woman with whom you went copiously."

"Of course. Her lace handkerchiefs are ever so much more elegant than mine."—Washington Star.
