Electric Light Draws Trade

THERE'S no excuse for the small shop to lose business because of poor lighting.

Poorly illuminated counters oblige customers to seek daylight either at the entrance or at a back window of the store to enable them to examine the texture of goods. This is a nuisance which most customers will not tolerate.

Intelligent customers—the class really worth cultivating, invariably trade at shops where they can see clearly the goods they wish to purchase.

Edison Mazda Lamps afford an abundance of electric light at minimum cost. "Light up" your place of business. Our Lamp Experts will gladly help you on the path to profit.

ENTERTAINMENT AND SOCIAL

Saturday evening a party of twenty two went by launches from this place to the Jarvis bay school house in district No. 57, where Miss Amelia Janacek, who has been the teacher for the past four or five months, closed a very successful term with an entertainment and necktie social.

The entertainment consisted of recitations, singing by the school and individual pupils and dialogues. The entertainment lasted for about three and a half hours. Each one taking part acquitted themselves in a manner that was a credit to them and their teacher.

Miss Bessie Lambert, who was one of the young ladies from here that attended favored the audience with two fine solos which were heartily applauded.

Prof. W. J. McAdam, Superintendent of the Pine City schools, made a few well chosen remarks, and presented Miss Elsie Tesch with a diploma showing she had finished the work in the grades and will be the passport for her entrance into the high school.

At the close of the professor's remarks Herman Tesch one of the members of the school board mounted the platform and auctioned off the neckties. Each lady had a gentleman's necktie with her name on a slip of paper pinned on it. There was considerable good natured rivalry among the bidders, so that each and every tie brought a fair price, so that when the treasurer counted the money he found he had over forty dollars, which will be applied toward the erection of the new school exhibition building on the fair grounds.

The party from this place arrived home in the "wee sma hours" Sunday morning, and report having enjoyed the trip immensely.

MEN'S CLUB TO BANQUET.

Next Monday evening at 7:30 at K. of P. hall, the Men's Club of this place will hold their first banquet. Only those holding tickets will be admitted. The dinner will be prepared by Mrs. Joseph Patschal, which is a guarantee that it will be first-class, and the serving will be taken charge of by the club members.

The committee having the matter in charge held their last meeting last evening and completed all the necessary arrangements.

There will be some speakers of note here at that time and also some of the officials of the N. P. railroad. Those expected are George A. Godell, Gen. Mgr.; A. V. Brown, Dist. Supt.; and A. M. Cleland, Gen. Pass. Agt.; all of the N. P., and Chas. Elmquist, member of the State Railroad and warehouse commission; Carl G. Schultz State Supt. of Schools, and J. Adam Beda.

The committee have made arrangements for about 100 guests, and if you are among those invited be sure and be on hand as this will be a function well worth attending.

THE "HARD TIME" PARTY

On Wednesday evening the D. D. Class of the M. E. Sunday school gave a "hard-time" party at the K. P. Hall. About thirty-five were present, including the superintendent, A. W. Piper and his wife, and the class teacher, Rev. Parish and his wife.

Some of the costumes displayed were extremely comical, and bespoke hard times in its truest sense. Prizes were awarded for the most appropriate costumes. Gilliam St. Germaine capturing the prize offered for the boys and Miss Thomas the prize offered for the girls.

A short program was rendered, which consisted of a male quartet number, a trombone solo by Dick Gray, humorous readings by John Curtis and Fred Berlin, and a short address by Rev. Parish the class teacher.

Games were played and a couple of contests held, Dick Gray winning a prize in the clothes pin contest. At 10:30 a "hard time" luncheon was served which consisted of hard-tack and water. This was greatly enjoyed by all present(?).

At midnight a more palatable luncheon was served, consisting of baked beans (Axtell brand), sandwiches, pickles, cake and coffee. Mr. Sutherland had charge of the "cats" and is certainly deserving of a hearty vote of thanks at the hands of the class members.

PINE CITY HIGH VICTORIOUS

The first game of base ball of the season was played last Saturday afternoon on the ball grounds on the north side of the river, between the Rush City and Pine City high schools.

The game was called about two o'clock. A. Nyline and T. Hall were the battery for Rush City and F. Babcock and E. Huber for Pine City.

The game was interesting from start to finish and although there were quite a number of errors by each team they showed that with a little more practice they would be able to put up a good game of ball. The local team had the visitors at a disadvantage when it came to team work for each player backed up the other at every stage of the game, and as a result defeated their opponents by the score of 7 to 3.

Tomorrow afternoon the Pine City and Mora high schools will cross bats on the local diamond. This promises to be a good game as the Mora team is a good one. The game will be called at 2 o'clock sharp.

THREE ARE SLAIN

WOMAN SHOT AND BABES CLUBBED TO DEATH NEAR ELGIN, ILL.

ENDS SEARCH OF FIVE DAYS

Coroner Declares Victims Were Slain by an Assassin—Manny Sleep, the Husband and Father, Collapses Under Strain.

Elgin, Ill., April 21.—Discovery of the mutilated bodies of Mrs. Maud Sleep, wife of a farmer living 3 1/2 miles west of Elgin, and her two children, aged two and four years, in the bottom of a dry cistern on the farm uncovered a gruesome murder mystery, which is baffling police authorities and residents of Elgin. Mrs. Sleep had been missing since last Monday. When found she was lying in a crumpled heap with her babies beside her, with her bullet wound in the chest and neck, while the children's skulls had been smashed, apparently with the butt end of a revolver. Their hands were almost severed from their bodies.

Revolver Found Beside Well. A revolver with one chamber empty was found beside the well, while a blood-stained ax lay in a washbasin adjoining the house. No other clues have been discovered so far.

Immediately after the woman's body had been taken from the cistern and the bullet wounds were found, Coroner Norton communicated with the police officers and detained every person on the farm. All others who are known to have been on the place within the last week will be placed under surveillance.

Since Monday Mrs. Sleep and the babies have been missing. Two daughters, aged eleven and nineteen years, have led the searches night and day since the bodies were first discovered. The husband, Manny Sleep, has been laboring under a high nervous tension, which made a watch over him.

Find Bodies in the Cistern. A revolver found near the cistern first directed the searches to the spot. When the bodies were first discovered the bodies were taken out.

The children, with the exception of the bodies that were slain with blood. They thought that the mother had killed them in a fit of mental derangement and they had committed suicide after dropping them in the cistern was immediately abandoned.

WILL MAKE J. P. MORGAN RESIDUARY LEGATEE ARTER OTHERS ARE PROVIDED FOR.

WIDOW IS GIVEN \$3,000,000

Anno Morgan Receives Similar Amount—Should She Marry and Leave Children the Principal Will Revert to Her Children.

New York, April 21.—J. Pierpont Morgan is the chief beneficiary in the will of his father, according to facts made known here from authoritative sources.

To Mrs. J. Pierpont Morgan, the widow, is left the income of \$3,000,000 for life, the principal on her death to revert to the estate. In addition Mrs. Morgan also gets the use of the life of the Morgan residence at 215 Madison avenue, as well as the country place at Highland Falls, N. Y.

To Miss Anno Morgan a similar monetary bequest of \$3,000,000 is made, the income from this amount to be paid to her during her life. Should the marry and leave children it is provided that the principal on her death shall revert to the children.

That should she die unmarried or childless, the full amount of the principal, it is provided, shall revert to the residuary estate. Under no conditions would it be possible under the will for Miss Morgan's husband to inherit the money.

To Mrs. Herbert L. Satterlee, formerly Laura A. Morgan, and Mrs. W. Pierson Hamilton, who was Juliet T. Morgan, the income of \$3,000,000 is devised separately, with the proviso that upon their deaths the full sum in each case shall go to their children.

Employees Are Remembered. For the rest, two employees of Mr. Morgan who served him faithfully and upon whom he relied particularly—Miss Belle da Costa Greene and Mrs. Ada Thurston—have been generously remembered by Mr. Morgan.

Thurston served Mr. Morgan in his confidential capacity. The son is made the residuary legatee.

Not even the members of the family, to whom the will has been read, know the extent of the fortune which Mr. Morgan left. No accurate estimate, it is said, can be made until after the estate has been appraised, the work of which, unofficially, is already under way.

Phillips, the valet, who had been in Mr. Morgan's service for fifteen years, \$15,000. To each of the household staff in the employ of Mr. Morgan for more than five years the sum of \$1,000 is bequeathed.

Minnesota Farms Wanted

The struggle to get along in overcrowded communities is driving good, thinking people to the farms. The stock farm and the crop farm are the attractions of the hour.

Have you one you desire to sell?

For one week, beginning Sunday, April 27, the Minneapolis Journal will present to its readers on its Classified Pages a list of the very best farm land opportunities in MINNESOTA. If you have a proposition you believe to be a good one, offer it.

Studebaker

Such shipments mean Studebaker has the confidence of the farmer"

Every year over one hundred thousand horse-drawn vehicles are sold by Studebaker. Over a million Studebaker vehicles are always in use. Stop and think what that means.

This enormous output means that Farmers—the men who know—depend upon Studebaker wagons to do their work.

And a Studebaker wagon never fails. It is always ready to do a big day's work—and to keep on doing it. There are thousands of Studebaker wagons that have been in service from 20 to 40 years.

A Studebaker wagon is a real business asset. Wheel, body, frame, axles and running gear have been tested and retested by experts. You can buy cheaper wagons but they're not Studebakers, nor will they last like Studebaker wagons.

Whether in city, town or country, for business or pleasure, there is a Studebaker vehicle to meet your requirements. Farm wagons, trucks, contractors wagons, buggies, surreys, runabouts, pony carriages, business and delivery wagons—each the best of its kind. Studebaker harness also, of every description.
