### WILEY & KILGORE

## Daylight In The Subway

The New York Subway formerly dark and dreary, illuminated by Carbon lamps is now brilliantly lighted by National Mazda Lamps.

The new Mazda Lamp stands the jar of the hundreds of trains passing daily; the subway is as light as day; the lighting costs were reduced two-thirds, a saving of thousands of dollars annually.

Mazda Lamps make brilliant lighting possible at small cost.

### OF INTEREST TO DAIRYMEN

There has been a great change in the breeding up of dairy cattle in this section in the last three or four years. Dairymen are beginning to realize that the statements made by the experiment stations and also by the most successful dairymen throughout the United States, that the most economical producing cows are found only in those breeds which have been bred strongly for the production of milk only.

Some breeds like the Holsteins produce more milk but containing less butterfat than do the Guernseys and Jerseys. Of course each breed has its admirers, each claiming some particular feature which is preferable to the others.

At all of the Worlds Fairs of late there have been demonstration tests of the leading breeds, and in each case the Jerseys have won out with a good margin over their competitors in the production of butterfat, also solids not fat, as in the making of cheese etc.

All the breeds mentioned above are represented in this vicinity, many farmers having recently placed registered bulls at the head of their herds, several have a few registered cows also.

Mr. W. W. Clark, the pioneer in this line of work has surpassed all previous record in this line by acquiring and placing at the head of his herd one of the most noted bulls in the United States. Keepsake Golden Lad No. 71325 A. J. C. C. Register of Merit No. 82. Sir Crotches Mow plaisir by Mow plaisir that sold for \$3,500, he by the great prize winning Golden Lad sire of 35 tested daughters. His dam is Diplomas Keepsake test

472 pounds of butter, she followed by four dams in succession on dams sire, with week records of 15 lbs. 5 oz., 18 lbs. 3/4 oz., her sire is Diplomas Victor by Recorder sire of 14 tested daughters, he from Brown Bessie, champion butter cow at Chicago Worlds Fair.

This bull has been used on a small herd only, yet he is an unbeaten breeder, breeding both prize winners and producers of high quality. Everyone of his daughters giving milk at Meadow Creek farm have qualified for the Register of Merit and everyone made a larger production than her dam at the same age. Among others the following have authenticated records, viz:

Miss Narcisse	338 lbs 11 oz at 3 yrs of age
Creamy Gold	328 " 8 " 3 "
Nerissa D	374 " 14 " 2 "
Lads Golden Tress	447 " 15 " 2 "
Lads Golden Glow	446 " 11 " 3 "
Lads Lenora	431 " 10 " 2 "
Special Favor	431 " 7 " 2 "
Sweet Innocence	422 " 10 " 2 "
Lads Brightest Hope	414 lbs 11 oz 2 "

Creamy Gold was the highest producing Jersey in Wisconsin Cow Competition and won A. J. C. C. bronze medal as third prize producing 3 year old in the United States and Canada in 1911. Also gold medal as grand champion of Minn. State Fair, and gold medal as best cow with record at the same Fair 1912.

Miss Narcisse was the highest producing cow of any breed in the Wisconsin Dairy Competition for the month of August 1910, also won the gold medal at the Wisconsin State Fair 1911, and was first prize cow with a record at both the Wis. and Minn. State Fairs in 1911.

Mr. Clark hopes for great results from this his latest addition to his herd of Jerseys.

### ONE OF THE CHOSEN FEW.

Howard L. Hall, Edwin Chapman, Jacob Hadler, Dorman, Sorlein, Pfeifer, Wasmek and Hagen are the successful candidates for the extension debate tours to take place during the year. The debates will be given on popular subjects upon the invitation of different cities.

The above taken from the Minnesota Daily will be of interest to the many friends of Rudolph Wasmek, who is a Freshman at the U. Rudolph figured prominently in debating circles at Hamline during the years he was a student there, and his success in every instance has been the reward for diligent effort.

B. J. Dale, Piano Tuner, will be in this city on or about Nov 6th in the interests of W. W. McGrew, who is now in North Dakota. Mr. Dale is highly recommended by Mr. McGrew, as having had 30 yrs experience. Formerly with Lyon & Healy, Chicago. Orders left with Mr. Piper, furniture dealer, will be promptly attended to.

### NOTICE!

If anyone knowing of any unsanitary substance—dead animals or filth of any kind—which may affect the public health, will kindly report it to the Village Board of Health, it will receive prompt attention.

DR. JOSEPHINE TOPPE,  
Health Officer

—The W. C. T. U. met with Mrs. Harte this week but owing to the stormy weather the attendance was small. Beginning with the November meeting we will have a series of Mother's meetings which we hope will be largely attended. The subject for the next meeting will be "The effect of alcohol on the body."

—The news of the death of Dr. R. M. Forbes at Duluth last Saturday night came as a shock to his many friends here. Deceased has figured in church circles for many years and at one time had charge of this district. He has friends without number who will long grieve the passing of such a brilliant and much loved personage.

—The Old Southland Quintette appeared here in concert Monday evening. Their program was decidedly first-class in every respect and proved to be very entertaining. Mr. Overstreet who manages the company delighted all present with his bass solo.

### SCHMIDT-MEYER.

The following from the Young America Eagle of last week will be of interest to many of our readers.

The marriage of Miss Emma Schmidt, daughter of Mr. and Mrs. Julius Schmidt of Young America township, to Frederick Meyer of Pine City, was solemnized in the Lutheran church here Wednesday morning, October 22, 1913, at eleven o'clock, Rev. A. Baumhoefener tying the nuptial knot. The bride was attended by the Misses Amanda Zellman and Olga Meyer, the latter a sister of the groom. The groom's witnesses were Otto Zellman and Frederick Schwartz. After the church ceremony the wedding guests drove out to the home of the bride where the usual wedding festivities were held. These continued throughout the day until early next morning. The immediate neighbors and relatives had been invited and there was a merry time.

The newly wedded pair left Thursday afternoon for Pine City, where the groom is the owner of a farm and where they will reside. We join in extending congratulations."

### PUBLIC NOTICE!

In recent years there has been much careless use of firearms in and about Pine City. Horses, cattle, pigs and poultry have been killed, barns and other buildings riddled with bullets, and the lives of people endangered. In most cases boys are the offenders, but the parents are chiefly at fault. Because of these facts and to avoid any misunderstanding, I give notice that I shall make complaint to the proper authorities of any use of firearms within the village limits that comes to my knowledge, or of any minor under 14 years being in possession of firearms.

WILSON ATTACKS MATERIAL INTEREST

OPPOSED TO THINGS THAT INFLUENCE FOREIGN POLICY.

NO TERRITORY BY CONQUEST

President Morality and Not Expediency Must Be Governing Motive Toward Other Countries.

Mobile, Ala., Oct. 27.—President Wilson, in a speech before the Southern Commercial congress, delivered a veiled attack on what he termed "the material interests" that had influenced the foreign policy of some governments in their relations with the nations of Latin-America.

What Speech May Mean. With the Mexican situation uppermost in the president's mind at this time, his address was interpreted as an arraignment of those financial influences which it has been charged have secured, in some cases, recognition for the Huerta government.

Three Industrial Workers of the world insisted upon government soldiers in the original condition. Among the speakers was President Wilson.

Speaks Extremoparously. The president spoke extremoparously.

"You bear of concessions to foreign capital in Latin-America," he said, "but you don't hear of concessions to foreign capital in the United States. They are not granted concessions. They are invited to make investments."

It is an invitation, not a privilege. States that are obliged to grant concessions are in such condition that foreign interests are apt to dominate their domestic affairs.

"My friends," said William Sulzer to a crowd in New York city, "this is the woman who has given me the courage to fight this hoodlum, Mrs. Huber, my wife."

The president digressed to point out that the department of state recently had "tried to serve in that way," but mentioned no specific instances.

Seven Hurt in Mine Riot. Seven Deputy Sheriffs Beaten and Stabbed by Strikers in Michigan.

Calumet, Mich., Oct. 24.—Seven deputy sheriffs were injured, three seriously, in a riot at the Mineral Range depot at Red Jacket. The officers were escorting strikebreakers to the mines in that locality when they were attacked by parading strikers and women.

Caught on Bridge by Train, Killed. West Jefferson, O., Oct. 24.—A. A. Liliens, sixty, was instantly killed when he was struck by a Pennsylvania passenger train while at work on a bridge over Darby creek.

Large Crowd Is For Thaw. Cheers Lively at Mention of Fugitive's Name—Prisoner Granted Continuance.

Rochester, N. H., Oct. 29.—Governor Feltner, after hearing both sides, granted the request of Harry K. Thaw for a further continuance in his extradition proceedings, setting Nov. 4 as the final date on which his attorneys may file a compulsory indictment returned against their client by the New York county grand jury.

Probably 3,000 persons gathered at the city hall to see Thaw and many crowded into the room where the hearing was held. It was a Thaw crowd and when former Governor Stone of Pennsylvania, who appeared for Thaw, declared that the sentiment of the people of New York in New Hampshire was that his client had been punished sufficiently, there was a demonstration of approval so noisy that the governor ordered the room cleared. Officers attempted to carry out the order but made little headway, and the spectators remained.

Bush Lewis, Fifty Million. St. Louis, Oct. 25.—The will of Adolphus Bush, the millionaire brewer who was buried here Saturday, has just been probated in St. Louis and disposes of holdings aggregating \$60,000,000.

ELECTIONS A FARCE

FRIENDS FEAR FELIX DIAZ WILL BE SHOT UNDER "LEY FUGA" AND HUERTA WILL RULE.

ONLY A FEW BALLOTS CAST

In Many Places Polls Are Not Even Opened—Apathy at the Capital of Mexico With No Riots—To Choose Officials Later.

Mexico City, Oct. 27.—There was a great deal of excitement here, occasioned by the report that Felix Diaz had been seized by soldiers and was being brought to this city.

It was said that Diaz was still nominally a free agent, but his friends expressed the fear that if the report of his seizure were true that it was merely a pretext to invoke the ley fuga should he make a sudden escape.

The rupture between General Felix Diaz and President Huerta is complete. Diaz resigned as brigadier general of the army.

The Mexican elections have been an absolute farce. Hardly any votes have been cast and in some precincts there was not a single vote cast.

The expectation is that in the absence of enough votes to make an election, General Huerta will remain in the presidential chair "ad interim" until he deems it proper to call for new elections.

As a whole there was little disturbance reported throughout the country after the opening of the polls.

Diaz Leads in Early Returns. Of the candidates on the four tickets in the field Diaz was reported to be leading in the early returns.

Along the northern border there was scarcely any voting, while at Piedras Negras, a constitutional stronghold, the polls were not opened and the soldiers and citizens were kept within doors by a cold rainstorm.

Near the army headquarters at Piedras Negras and in the following poster was displayed.

Apathy in Mexico City. "Victoriano Huerta. Willie Grape Judon. Woodrow Wilson. The authorities made no effort to remove the placard.

At Nuevo Leon there was practically no voting. The majority of the ballots cast there are said to be for Diaz. At least several hundred votes were cast Diaz receiving the majority.

There was no voting for state officials at Durango. It is reported because disorders there have caused the military government to postpone them for a month.

In Mexico City the most noticeable feature was the great apathy. In 12 precincts where 1,005 votes were registered, only 53 ballots were cast.

There was no evidence that there was no attempt made to intimidate or coerce the voters. The band played in the Plaza all day and there was very little excitement of any kind until a rumor was circulated that Huerta had been seized. The report could not be confirmed.

Mrs. Lind's Ship Released. Wilmington, Oct. 25.—Developments of a few hours in the relations between the United States and Mexico emphasized a gravity of affairs more serious than at any time since President Wilson's administration began.

Absolute silence was the order in official quarters.

Orders were given by the Ward Inner Mar Castle after peremptory demands by the United States terminated a delicate situation. Orders were in preparation to the commanders of the American warships lying off Vera Cruz to insist on her release.

Huerta Threatens the U. S. Mexico City, Oct. 25.—General Huerta has boldly thrown down the gauntlet to the United States, or to any other foreign power which interferes in Mexico and threatens "the setting aside of the Monroe doctrine" in the most bellicose statement which has come from the national palace.

Statement was issued after General Huerta and Sir Lionel Garden, the new British ambassador, had conferred twenty a m.

Norfolk, Va., Oct. 25.—It is reported here that the entire Atlantic fleet may be ordered south. In view of the Mexican situation a number of ships will leave Hampton roads today, and several officers, uncertain of the fleet's ultimate destination, telegraphed to their wives not to take passage to Europe, as planned.

MRS. C. W. FAIRBANKS IS DEAD

Wife of Ex-Vice-President Succumbs to Pneumonia After Illness of a Few Days.

Indianapolis, Oct. 25.—Mrs. Charles W. Fairbanks' wife of Fort Wayne, Ind., died at the residence of a few days.

Wife of Ex-Vice-President Succumbs to Pneumonia After Illness of a Few Days.

Indianapolis, Oct. 25.—Mrs. Charles W. Fairbanks' wife of Fort Wayne, Ind., died at the residence of a few days.

Wife of Ex-Vice-President Succumbs to Pneumonia After Illness of a Few Days.

Indianapolis, Oct. 25.—Mrs. Charles W. Fairbanks' wife of Fort Wayne, Ind., died at the residence of a few days.

Wife of Ex-Vice-President Succumbs to Pneumonia After Illness of a Few Days.

Indianapolis, Oct. 25.—Mrs. Charles W. Fairbanks' wife of Fort Wayne, Ind., died at the residence of a few days.

THOMAS EWING

Thomas Ewing, the new commissioner of patents, has been engaged for many years in the practice of patent law in New York. He was born in Leavenworth, Kan., in 1862.

Thomas Ewing, the new commissioner of patents, has been engaged for many years in the practice of patent law in New York. He was born in Leavenworth, Kan., in 1862.

SCORE KILLED, 100 INJURED BY CYCLONE IN LOUISIANA

Millions of Dollars Damage Done to Buildings and Crops by Tornado.

New Orleans, Oct. 24.—Twenty or more are dead and 100 were injured in a series of storms that swept Louisiana.

The damage done reaches many millions. Damage in New Orleans alone exceeds half a million, but no one was killed in the city.

Nine persons were killed and 25 injured when the storm wrecked plantation buildings near Thibodaux and Luling.

Two negroes were killed on the Inery plantation and 11 others injured. Twenty-three houses in the laborers' quarters were swept from the earth by the terrible force of the wind.

Only four of these buildings are left standing. Mrs. Agie Borne, white, and two-months-old child were killed. Cutting a clean path 500 feet wide, the tornado reared on and struck the houses that cluster about the big home on Ellington plantation, near Luling.

H. K. THAW INDICTED BY JURY

Special Prosecutor Now Has Legal Weapon in Effort to Bring Fugitive to New York.

New York, Oct. 24.—A blanket indictment charging Harry K. Thaw and four others with conspiracy in connection with his escape from the Matteawan state hospital for the criminal insane in August, was returned by the grand jury here.

It will be used as a weapon by William Travers Jerome in his efforts to extradite Thaw from New Hampshire.

Four others indicted were former Assemblyman Richard Butler, Michael O'Keefe, "Gentleman" Roger Thompson and Eugene Duffy, who are alleged to have been Thaw's companions in the automobile in which he escaped.

These are the same men for whom warrants were issued in Dutchess county after Thaw's escape from Matteawan.

Mr. Jerome announced he would ask Governor Glynn for extradition papers at once, based on the new charge to indict Thaw, the governor of New Hampshire.

Counsel for Thaw made strenuous efforts to prevent an indictment on the ground that he is insane and cannot be held for trial. His stand was based on the basis of Justice Seabury's recent ruling that Thaw was an "insane person" when called as a witness in the investigation of charges against John N. Anhut.

TROOPS GO TO COAL MINES

Battle Between Strikers and Guards in Colorado Causes Drastic Action—Martial Law is Declared.

Denver, Colo., Oct. 27.—Governor Ammons ordered troops into the southern coal fields on the report of a general battle between strikers and mine guards, and the troops will disarm the strikers and guards alike to prevent a civil war.

Martial and martial law was declared throughout the district, while Adjutant General Chase, in charge of the troops, will assume charge of the district.

The immediate cause of calling out the troops was the serious situation in the district. In the morning, with guards and deputy sheriffs surrounded by armed strikers, at Berwind, Tobacco and other camps following the killing of two strikers by the guards and the killing of a guard at Ludlow.

Ship Makes Halifax Atr. Halifax, Oct. 27.—The big American freighter Soverel, from Savannah, Ga. for Havre, France, raced into port with her forehold a fire. The decks and iron hull were so hot that the fire department had to flood the ship. The ship carried a cargo of cotton.

INCOME TAX PLAN

STATEMENT BY TREASURY OFFICERS ALL DETAILS OF LAW PASSED BY CONGRESS.

SHOWS LIST OF EXEMPTIONS

System of Collection at Source Explained for Those Who Are Liable—Penalty for Persons Making False Representation.

Washington, Oct. 27.—The treasury department made public its regulations for the collection of incomes at the source, which begins on next Saturday.

Tax to Be Deducted at Source. Under the income tax law, enacted October 3, 1913, a tax of one per cent, designated in the law as the normal tax, shall be deducted from the gross income of 1913, from all income accruing and payable to—

(A) Every citizen of the United States, whether residing at home or abroad, and to—

(B) Every person residing in the United States, though not a citizen thereof, which may be derived from interest on bonds and mortgages, or deeds of trust, or other similar obligations, including equipment trust agreements, and receiver's certificates of corporations, joint stock companies or associations, and insurance companies, although such interest does not amount to \$3,000, excepting only the interest upon the collection of the United States or its possessions, or a state or any political subdivision thereof.

The term "debtor" as hereinbefore used shall be construed to cover all corporations, joint stock companies, or associations and insurance companies.

Tax Withheld by Debtor. For the purpose of collecting this tax on all coupons and registered interest, originating, or payable, in the United States or its possessions, shall be the debtor (or its paying agent in the United States), which shall deduct the tax when same is to be withheld, and no other bank, trust company, bank, firm, or individual taking coupons for collection, or otherwise, shall withhold the tax thereon; provided that all such coupons, or orders for collection, shall be accompanied by certificates of ownership signed by the owners of the bonds from which the coupons were detached.

Failure to obtain license or to comply with regulations is punishable by fine not exceeding \$5,000 or imprisonment not exceeding one year, or both, in the discretion of the court. Such license shall continue in force until renewed.

Application for such license should be made to the collectors of internal revenue.

False Statement Penalty. If any person, for the purpose of obtaining any allowance or reduction by virtue of a claim for exemption, either for himself or for any other, knowingly makes a false statement or false or fraudulent statement he is liable under the act to severe penalties.

This tax will not be deducted from the income which may be derived from interest on bonds, mortgages, equipment trusts, receiver's certificates, or other similar obligations of which the bona fide owners are citizens of foreign countries residing in foreign countries, provided that when such interest coupons or in case of wholly registered bonds the orders for the payment of such interest shall be accompanied by duly certified certificates to cover the cases of foreign and non-resident owners of bonds and other securities.

Unless such proof of foreign ownership is duly furnished the normal tax of one per cent shall be deducted.

On or before February 1, 1914, certificates of ownership of any of the bonds from which were detached coupons, may be delivered to the debtor, and said debtor may thereupon return any sum withheld to which the owner may be entitled, upon the facts disclosed by such ownership certificates. Any temporary certificates relating to bonds for which certificates of ownership shall have been delivered to the debtor shall on or before March 1, 1914, be delivered to the collector of internal revenue.

Not Taxed at Source. If the owners of the bonds are corporations, joint stock companies, associations or insurance companies organized in the United States, no matter how created or organized, or organizations, associations, fraternities, etc., which are either taxable or exempt from taxation as provided in paragraph A of subdivision A, of the act the debtor is not required to withhold or to pay such income deducted from interest on such bonds, provided coupons or orders for interest on such bonds shall be accompanied by certificates of ownership, as required by law, which certificates shall be filed with the debtor when such coupons or interest orders are presented for payment.

Disposition of Certificates. The debtor, or paying agents, shall deliver all certificates with the list of names of the holders of those for whom the tax has been withheld, along with amount as required by law, to the collector of internal revenue for their collection on or before the 30th day of the month succeeding that in which

SENATOR T. P. GORE

Senator Thomas P. Gore of Oklahoma has been sued for \$50,000 damages by Mrs. Minnie E. Bond of Oklahoma City, who charges that the senator slandered her. The suit is the outcome of charges made by the writer in Washington by Mrs. Bond.

Senator Thomas P. Gore of Oklahoma has been sued for \$50,000 damages by Mrs. Minnie E. Bond of Oklahoma City, who charges that the senator slandered her. The suit is the outcome of charges made by the writer in Washington by Mrs. Bond.

certificates were received by them. The tax shall not be withheld on coupons, or registered interest, maturities, or payables before March 1, 1913, and shall be paid for payment at a later date.

All persons, firms or corporations interested for the purpose of profit (this includes handling either by way of purchase or collection) the collection of coupons, checks or bills of exchange for or in payment of interest upon bonds issued by stock companies or associations, or like obligations, and for any dividends upon stock or interest upon obligations or insurance companies engaged in business in foreign countries, are required by law to obtain a license from the commissioner of internal revenue and to give bond in such amount and under such conditions as the commissioner of internal revenue may prescribe.

The licensed person, firm or corporation first receiving any such foreign items for collection or otherwise, shall withhold therefrom the normal tax of one per cent and will be held responsible therefor.

The provisions for collection of the tax on foreign obligations set forth in this section of the regulations includes the interest upon all foreign bonds, even though the coupons may be, at the option of the holder, payable in the United States as well as in some foreign country.

Failure to obtain license or to comply with regulations is punishable by fine not exceeding \$5,000 or imprisonment not exceeding one year, or both, in the discretion of the court. Such license shall continue in force until renewed.

Application for such license should be made to the collectors of internal revenue.

False Statement Penalty. If any person, for the purpose of obtaining any allowance or reduction by virtue of a claim for exemption, either for himself or for any other, knowingly makes a false statement or false or fraudulent statement he is liable under the act to severe penalties.

This tax will not be deducted from the income which may be derived from interest on bonds, mortgages, equipment trusts, receiver's certificates, or other similar obligations of which the bona fide owners are citizens of foreign countries residing in foreign countries, provided that when such interest coupons or in case of wholly registered bonds the orders for the payment of such interest shall be accompanied by duly certified certificates to cover the cases of foreign and non-resident owners of bonds and other securities.

Unless such proof of foreign ownership is duly furnished the normal tax of one per cent shall be deducted.

On or before February 1, 1914, certificates of ownership of any of the bonds from which were detached coupons, may be delivered to the debtor, and said debtor may thereupon return any sum withheld to which the owner may be entitled, upon the facts disclosed by such ownership certificates. Any temporary certificates relating to bonds for which certificates of ownership shall have been delivered to the debtor shall on or before March 1, 1914, be delivered to the collector of internal revenue.

Not Taxed at Source. If the owners of the bonds are corporations, joint stock companies, associations or insurance companies organized in the United States, no matter how created or organized, or organizations, associations, fraternities, etc., which are either taxable or exempt from taxation as provided in paragraph A of subdivision A, of the act the debtor is not required to withhold or to pay such income deducted from interest on such bonds, provided coupons or orders for interest on such bonds shall be accompanied by certificates of ownership, as required by law, which certificates shall be filed with the debtor when such coupons or interest orders are presented for payment.

Disposition of Certificates. The debtor, or paying agents, shall deliver all certificates with the list of names of the holders of those for whom the tax has been withheld, along with amount as required by law, to the collector of internal revenue for their collection on or before the 30th day of the month succeeding that in which

certificates were received by them. The tax shall not be withheld on coupons, or registered interest, maturities, or payables before March 1, 1913, and shall be paid for payment at a later date.

All persons, firms or corporations interested for the purpose of profit (this includes handling either by way of purchase or collection) the collection of coupons, checks or bills of exchange for or in payment of interest upon bonds issued by stock companies or associations, or like obligations, and for any dividends upon stock or interest upon obligations or insurance companies engaged in business in foreign countries, are required by law to obtain a license from the commissioner of internal revenue and to give bond in such amount and under such conditions as the commissioner of internal revenue may prescribe.

The licensed person, firm or corporation first receiving any such foreign items for collection or otherwise, shall withhold therefrom the normal tax of one per cent and will be held responsible therefor.

The provisions for collection of the tax on foreign obligations set forth in this section of the regulations includes the interest upon all foreign bonds, even though the coupons may be, at the option of the holder, payable in the United States as well as in some foreign country.

Failure to obtain license or to comply with regulations is punishable by fine not exceeding \$5,000 or imprisonment not exceeding one year, or both, in the discretion of the court. Such license shall continue in force until renewed.

Application for such license should be made to the collectors of internal revenue.

False Statement Penalty. If any person, for the purpose of obtaining any allowance or reduction by virtue of a claim for exemption, either for himself or for any other, knowingly makes a false statement or false or fraudulent statement he is liable under the act to severe penalties.

This tax will not be deducted from the income which may be derived from interest on bonds, mortgages, equipment trusts, receiver's certificates, or other similar obligations of which the bona fide owners are citizens of foreign countries residing in foreign countries, provided that when such interest coupons or in case of wholly registered bonds the orders for the payment of such interest shall be accompanied by duly certified certificates to cover the cases of foreign and non-resident owners of bonds and other securities.

Unless such proof of foreign ownership is duly furnished the normal tax of one per cent shall be deducted.

On or before February 1, 1914, certificates of ownership of any of the bonds from which were detached coupons, may be delivered to the debtor, and said debtor may thereupon return any sum withheld to which the owner may be entitled, upon the facts disclosed by such ownership certificates. Any temporary certificates relating to bonds for which certificates of ownership shall have been delivered to the debtor shall on or before March 1, 1914, be delivered to the collector of internal revenue.

Not Taxed at Source. If the owners of the bonds are corporations, joint stock companies, associations or insurance companies organized in the United States, no matter how created or organized, or organizations, associations, fraternities, etc., which are either taxable or exempt from taxation as provided in paragraph A of subdivision A, of the act the debtor is not required to withhold or to pay such income deducted from interest on such bonds, provided coupons or orders for interest on such bonds shall be accompanied by certificates of ownership, as required by law, which certificates shall be filed with the debtor when such coupons or interest orders are presented for payment.

Disposition of Certificates. The debtor, or paying agents, shall deliver all certificates with the list of names of the holders of those for whom the tax has been withheld, along with amount as required by law, to the collector of internal revenue for their collection on or before the 30th day of the month succeeding that in which

certificates were received by them. The tax shall not be withheld on coupons, or registered interest, maturities, or payables before March 1, 1913, and shall be paid for payment at a later date.

STATE NEWS BRIEF

MANY SPORTSMEN ARE IN MINNESOTA

RECORD HORDE OF HUNTERS POURS IN FROM TWENTY-ONE STATES.

WILL MEAN NEAT REVENUE

435 Licenses Are Issued to Non-Residents—State Commission Agent Gives Statistics for Season and Draws Conclusions.

St. Paul.—Hunters from twenty-one states are tramping over the game fields of Minnesota to prove to themselves that Minnesota is the nirvana of the state game and fish commission. There have been such a number of sportsmen as at this season, according to H. A. Rider, executive agent of the commission, who has issued 435 small game licenses to non-residents and expects to issue fifty more before the season ends. Last year, when the record year, showed 403 licenses given out to non-residents. In 1911 there were 287.

Have Come for Years.

Many of the visiting sportsmen have been coming to the state for years and their success in the past not only has encouraged them to return but to tell their friends of the great sport to be had in the forests and fields of Minnesota.

They came this year from nearly every section of the union and even from Canada, from New Hampshire in the east and California in the west; from Quebec and Florida. Naturally the greater number of the visitors is from the neighboring states of Iowa, South Dakota and Wisconsin. Illinois hunters seem to be partial to Minnesota, as more than fifty residents of Chicago have been supplied with permits to shoot in Minnesota during the present season.

The records of the commission show that licenses were issued this year to citizens of Michigan, Missouri, Kansas, Nebraska, Arkansas, Pennsylvania, Indiana, Ohio, New York, Massachusetts, West Virginia, Kentucky and Montana in addition to the states previously mentioned.

Five Here From Florida.

From Florida, long represented as an ideal country for hunting, five sportsmen have come. Among them are Rev. E. E. Maderig, formerly of St. Paul, but now resident of St. Petersburg, Fla., and Mr. and Mrs. Charles Ringling, formerly of Sarasota, Fla., but now at home in Sarasota, Fla., and E. C. and F. W. Long of Jacksonville.

Every non-resident taking out a small game license in Minnesota pays \$10 for the privilege. These fees make a tidy source of revenue for the state. Mr. Rider is of the opinion that the revenue collected is only a small advantage compared with the other benefits derived by the state from the influx of hunters.

SECOND FARM TOUR PLANNED

Southern Minnesota Association Will Equip Another Flying Squadron for 31 Counties.

Mankato.—The Southern Minnesota Better Development league is planning on another Southern Minnesota tour, similar to the successful one just held.

Secretary John D. Deets is corresponding with the Commercial clubs in the larger towns in Waseca, Dodge, Steele, Olmsted, Winona, Wabasha, Goodhue, Rice, LeSueur, Scott and Dakota counties, with a view to securing their co-operation in making the tour a success.

It is proposed to have this run the week of Nov. 17, provided the weather is favorable. Good speakers will be secured, and the most of the better farming and good roads will be brought to the front.

The arrangements for the annual meeting of the league are under way. At a meeting of the executive committee, to be held in this city Monday, the program will be prepared. The constitution provides for the annual meeting on the first Tuesday in December, but the Southern Minnesota Medical society will meet in Mankato that day, filling the hotels, so only the officers will meet on Dec. 2, and will adjourn the meeting until the next day.

It is expected that each of the thirty-one counties in the league will be represented.

Little Falls "White Way"

Little Falls.—Despite a storm which forced a postponement of the parade, the big feature of the "white way" and home-coming day celebration, Little Falls entered on Saturday night when fifteen bonfires were lighted. The celebration began at noon Saturday and lasted until Sunday morning. Governor Elbert and Chairman E. Vasily of the state board of control delivered the principal addresses. The governor spoke for the public utilities bill.

TOBACCO USERS MAY PAY TOWN WILL HIRE AN EXPERT

Plan to Build Roads by a New Duty to Be Imposed on the Weed.

Rochester.—The building of 50,000 miles of federal road at the expense of the tobacco users of the country is the plan of the National Highway association, which is being presented in Rochester by G. P. Bethel, organizer of the association, who is meeting with good success in securing members.

In addressing a meeting of the Commercial club, Mr. Bethel declared that the program of the association was the only feasible solution of the construction of federal highways. At the last session of congress he said fifty-three bills had been presented from different sections, all favoring sectional interests for the construction of the roads in other words.

The National Highway association purposes to ask congress to pass a bill for the creation of a fund of \$500,000,000, which is to be spent each year upon the building of 50,000 miles of road, which will touch every congressional district in the country. The association proposes an allotment from tobacco to raise the amount.

REFUGE FOR LEPER NURSE

Told That Minnesota Does not Quarantine for the Dread Disease.

Chicago, Oct. 28.—From Minneapolis, there came the first ray of light in the gloomy life of Miss Marie Collier, who has been ostracized and driven from one position to another barred from homes and refuges, because she once served as a nurse in a leper colony.

Despite the fact that she has been given a clean bill of health by boards of physicians, people looked upon her with horror and shunned her as something evil. Recently she announced she would abandon the struggle and devote the remainder of her life to service in some foreign leper colony.

Then came a letter from Dr. J. E. Thapard, a Minneapolis physician. The letter was dated Oct. 23 and enclosed a card for Miss Collier, assuring her of a refuge in Minnesota, where, the doctor says, they do not quarantine for leprosy.

BROTHERS KILLED; 3RD HURT

Three Thrown in the Air When Motor Handled in Train Collision.

Pipestone.—Two men were killed and one injured when a motor handcar, on which they were riding, was struck by a train on the North-Western road between Tyler and Lake Benton.

Edward Bradtke and his brother, Otto, lost their lives, and Fred Albrecht, their companion, was injured in jumping from the car when the hand car was struck. All of the men were residents of Lake Benton.

N. E. A. PICKS ST. PAUL FOR '14

Will Hold Sessions There July 4-11, So the Committee Decides.

Ann Arbor, Mich., Oct. 24.—The next convention of the National Education association will be held in St. Paul, Minn., July 4 to July 11, 1914. This announcement was made by the executive committee, which met here to choose a convention city.

St. Paul Poisoner Fatal.

St. Cloud.—Mrs. Fred Gies, aged forty-three, living south of here, died and her 13-year-old daughter is critically ill as a result of eating two slices of bread which were each spread with about 200 grains of arsenic. The bread had been prepared for the purpose of poisoning rats, which were infesting the residence, by a new owner of the home, unbeknownst to the tenant. The young girl found the bread wrapped in a paper on the woodpile, and gave it to her mother, believing that the tenant had forgotten his lunch.

Seeks St. Paul Chief's Removal.

St. Paul.—The removal of Chief of Police Flanagan of St. Paul is being sought by the state legislature, as a result of a resolution adopted at a mass meeting of citizens in the old capital. Chief Flanagan is now the subject of an investigation by the police commission. About 400 people attended the meeting. Guiltless and several others, including Father James Donohue, spoke.

Man Falls Five Stories.

Wabasha.—The lifeless body of John E. Young, head miller of the Big Joe flouring mill of this city, was discovered on the cement pavement in front of the mill. The man fell from a fifth floor told the story, but just how he came to be hurled to his death will probably never be known. He was subjected to a autopsy and a coroner's inquest is to be held. It is believed that he ran to the window for fresh air and lost his balance. His skull was crushed, his legs and one arm broken, and his body mangled.

TOWN WILL HIRE AN EXPERT

Morris to Try Novel Scheme of Government Election Will Be Held Soon.

Morris.—After the first of January, Morris is going to be "run," or managed, by town experts by a man whose specialty is town management, who has been trained by education and experience for just such work.

This is to follow as the result of a change in the plan of government adopted at a recent election. Morris is going under a commission form of government. In other words, the town will be run by three men, one of whom will have the title of mayor. These three men will be responsible for the government of the city.

But the real control of the city, the executive management will be in the hands of the voters. This man is not necessarily to be a resident of the city. He may come from anywhere in this or another county. The only requirement to be made of him is that he shall know his business, and know how to put his knowledge into successful practice. It is in this that Morris is making a wide departure from commission forms in other cities.

While the mayor will appoint the chief of police, the latter will have to look to the expert for guidance when he is dealing with matters which give him doubt.

The schools, however, do not come under the supervision of the commission. They will be managed as before by a separate board.

The commission under the new plan will be elected on the traditional election day in November. While under the new charter there may be any number of tickets in the field, a certain percentage of the voters are being the only requirement for nominating a ticket, this fall there is only one ticket up.

The ticket consists of E. J. Jones, for mayor, and J. R. Krueger and N. Vings for commissioners.

DULUTH BOY SMOKERS HAPPY

Asbestos Pocket Brings Cheer to Schoolboy Who Would Disregard Rules.

Duluth.—Central high school students affected by a recent drastic ordinance adopted by the board of education are happy and the former fear and stealth characteristic of their acts since the new rule was put into effect are rapidly disappearing. A recent article in a magazine, telling of the invention of an asbestos pocket where lighted cigarettes and cigars may be placed without the fear of their change of attitude, it is said.

According to the new invention a pocket in a vest can be converted into a safe for the purpose of storing any outward change being noticed. It is further asserted that "butts" will hold fire several hours when placed in the new pocket.

MANKATO SEEKS UNION DEPOT

Mankato.—Officials of the four railroads entering Mankato were guests of the Commercial club at luncheon last week. The afternoon was devoted to a conference between three committees of the club and the city and the officials, in regard to remodeling the railroad yards in such manner that switching over Main street will be done away with, and the passenger stations will be located east of the railway tracks.

It is the desire of the city that a union station be built, on if this can not be done, that the joint Central and North-Western station be located in a more accessible place. The proposed improvement would involve the expenditure of a large sum, offered in consideration of the city and the railroads to each other.

Council Considers Union Station.

Minneapolis.—The erection of a new union passenger station in Minneapolis by the city, all railroads entering the city being required to use it, is contemplated in a resolution offered in the city council by Alderman Karl De Laittre, president of that body. The resolution provides that the council proceed under a law passed by the state legislature, to acquire, by condemnation or otherwise, all land necessary or convenient, and erect and maintain a union passenger railway station. All railroads entering Minneapolis and using the station would be required to pay rental in proportion to the accommodations, sufficient in property and 2 per cent for a sinking fund.

Jurors Summoned By Mail.

Fairbault.—The sheriff of Rice county has for the first time summoned the grand and petit jurors for the district by registered mail. This was done under the new law. The cost was only \$5.64, where it would have been \$10.00 if done in the old way. The notices have a return card attached which the person summoned must fill out and return by mail within five days. All but one of the men notified have returned the cards; the one who failed to do so is away.

TANK FOR HEATING WATER FOR STOCK.

ROUND END TANK

LAIT last fall we tried the new way of heating water for our stock. The tank was not in it. It was because they had only a very small part of water in tank, and they take short wood, while by firing under tank, you may use as much as you want. The tank has length of fireplace, in this case six feet. The ash pit door is 12x18 inches. At lower part of door we put a one-eighth by two-inch slide, hold in place by three rivet heads, rivets driven just tight enough to hold in place, so slide works easily. Through slide and door we drilled four three-quarter-inch holes, one and a quarter inch apart (center of holes). This gives the draft and can be made to keep fire going over night. No ice on water and cattle don't stand around shivering with cold after drinking. Some make wooden tanks and nail on galvanized bottom. This works all right too.

To save a few bricks we dug a trench long enough for tank and door, the trench was fully eight inches narrower than tank to allow a row of bricks on each side for tank to rest on. Trenching was not good, for during early spring, when earth was heated, it caved in on the side where cattle were.

It is better to build on top of ground and fill up on one side. At door end we put three bricks across under frame and three over it; this being the width of tank. (It takes about 140 bricks to build on top of ground.) At pipe and used pieces of brick, but put pipe too low, so that ashes stopped it up. To remedy this we set up some old sheetiron across back part of fireplace, but not so as to obstruct draft. It is not so convenient to put wood in under tank when a pit is dug.

Fence shown is on cattle side, to keep them away from door and pipe. They drink over fence. Posts "a" "a" should be set close to ends of tanks, so that board or plan "b" does not break so easily.

Cement may be used in place of brick. As we did not expect to have tank set permanently in place where we had same, we used blue clay for mortar.

IMPORTANCE OF TRAP NESTS

No Other Method by Which Poultry-Ran Can Learn True Condition of Birds in His Flock.

(By L. M. BENNINGTON.) They tell us they are best winter layers, and the number of eggs laid throughout the year.

They are guides to success. They pick out the drones that we may know the workers.

They are like egg-eaters; catching them in the very act.

They pick out the layers of the brownest eggs, and the shape and size of the produce.

They know the hens tame, owing to frequent handling, and this in itself has a tendency to increase the egg production.

They prevent crowding on the nest, and thus avoid breakage of eggs.

They enable us to set eggs from the best layers, and in this way we increase the laying capacity of the flock.

Trap nests do not consume as much time in their care as some writers would make you believe. Fifty traps can be attended to in from five to ten minutes, according to the convenience of location.

If a trap is made five or six times a day, say in the morning when opening up the house, then four trips between the hours of nine in the morning and three in the afternoon.

And then closing the houses at night, there will be in all consumed not much more than half an hour each day. That half hour's work is more profitable than any hour's work, and when fully understood, becomes an imperative duty.

Trap nests permit of a guess work. No other method can equal it, as there is no other way by which we can learn the true condition of our stock as well as a correct report of what they are doing.

Truly the invention of the trap-nest has revolutionized egg-farming.

GRANARY MADE MOUSE-PROOF

Structure is Placed on Cement Blocks or Stones With Piece of Tin or Sheet Iron on Top.

(By JAMES P. MOORE, in the Farm and Fireside.) This mouse-proof granary is built on cement blocks or stones. Under the sills and on top of the blocks is placed a piece of sheet iron or tin; this keeps the mice from the bulk.

Mouse-Proof Granary.

The steps are hung on hinges, and can be lifted and locked to ropes hanging in the awning. I have used this plan, and have never been troubled with rats.

Improves Vegetables. Horseradish, parsnips, salsify, etc., may be left in the ground well into winter. Frost will not hurt them, in fact these roots are improved by freezing.

Utilize Pleasant Days. The pleasant days of winter might be utilized cutting the old canes from the raspberry bushes and in trimming the orchard.

Vermis Scarce. Sickness and lice are scarce articles where poultry quarters are kept dry and clean.

bricks on each side for tank to rest on. Trenching was not good, for during early spring, when earth was heated, it caved in on the side where cattle were.

It is better to build on top of ground and fill up on one side. At door end we put three bricks across under frame and three over it; this being the width of tank. (It takes about 140 bricks to build on top of ground.) At pipe and used pieces of brick, but put pipe too low, so that ashes stopped it up. Cement may be used in place of brick. As we did not expect to have tank set permanently in place where we had same, we used blue clay for mortar.

STILE IS OFTEN CONVENIENT

Same Steps Are Used for Ascending and Descending and Can Be Used Between All Fields.

A stile like this one can be made much more readily than one requiring a double flight of steps. Posts for the support can be driven in an angle, and the fence is made by setting the posts for the fence. As will be seen, says the Southern Agriculturist, the same steps are used for ascending and descending, going up one side, stepping over the top wire and going down

over the top wire and going down on the other. This is a great convenience where there must be passing from field to field where there are no gates. It could be used between all the fields on the farm without much expense or trouble.

A Handy Stile.

DRUGGISTS

SICK "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box. Black headache, biliousness, distended bowels, sour taste and food breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Professional matter dragged the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanses the stomach, removes the sour, indigestible food and foul gases, take the excess bile from the liver and carry out all the accumulated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep, and a 10-cent box from your druggist cleanses your bowels, clear, stomach sweet, and your liver and bowels regular for months. Adv.

Ticked a Mule. Little Paul Porpore had heard the mules laugh, or at least make noises that sounded like laughter, and so when he saw a headless Jack mule, he decided it should be cheered up.

Little Paul—he is five years old and lives at 11 Wyckoff avenue—got a straw and tickled the mule's ear. The mule sort of grimed and shook its head but didn't headless Jack mule, Little Paul tried again. This time the mule whined about quickly, raised his heels and—the next sound that Little Paul heard were the rings of an ambulance bell and the he-haw-haw of the mule, combined.

The surgeon from the German hospital, who had been called to the street after the accident, when his mother took him home—New York World.

BACKACHE-RHEUMATISM QUICKLY VANISHES

Even Most Chronic Sufferers Find Relief From Few Doses of Croxone.

Croxone soon relieves such conditions because it reaches the very roots of the disease. It soaks right into the stopped-up, inflamed, and irritated joints and muscles to scratch and irritate and cause rheumatism; heals the inflamed membranes of the bladder, and cleans out and strengthens the stopped-up, inflamed kidneys so they can filter and sift all the poisons from the blood, and drive it out of the system.

Of course, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

Croxone is so prepared that it is practically impossible to take it without results.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed.—Adv.

Made the Parson Laugh.

It was Dr. Cosmo Gordon Lang, archbishop of York, who, when he was bishop of Stepney, remarked, apropos of the children of the East end: "They are doing a great deal to raise the standard of the clergy to become middle-aged in spirit—dull, morose and superior." And he told one of his favorite stories of an East end cleric who was feeling ill and despondent on setting out on his daily round of visits, when a little street urchin looked up at him with a cheerful smile and said, "You're a clergyman, aren't you?" "That's right, young man!" That greeting quite reassured the parson for the rest of the day. Dr. Lang declares.

Money talks, especially when it goes to the opera.

Australia raises nearly 10,000,000 acres of wheat a year.

Strong brick thickened with soft soap makes a good mixture to rub cows and calves of lice.

A cow with a big appetite is nothing to be afraid of. The more she eats the more milk she will give.

It is cheaper to be always prepared for milk fever than to call the veterinary in most cases, once.

The amount of milk a cow will yield depends as much upon the dairyman as it does on the cow herself.

It is far better to put shock corn to the silo, wetting it with water as you fill, than to have no silage.

Now is the time to teach the fall calf to weaken for the first time an object lesson in milk production.

## PINE COUNTY PIONEER

ED. C. GÖTTRY, Editor and Prop

Entered in the Postoffice at Pine City as Second Class Matter

Pine City, Minnesota, Oct. 31, '13

### Twenty Five Years Ago.

The following items are taken from the files of the Pioneer printed 25 years ago.

Miss Katie Eagan of Hinckley and Miss Mollie Hickie of St. Paul, were in town on Wednesday afternoon visiting friends.

Warren Axtell, as head carpenter, and Henry Stolton, as painter, have each made a good job of their respective parts of the work on the new M. E. church.

Miss Katie Harley of North Branch, accompanied by Miss Nellie McGuire, of St. Paul, was in town over Sunday, visiting with the family of Miss Harley's brother James.

Mr. and Mrs. E. Edgerton, of Rock Creek, were in the village on Sunday of last week attending the dedicatory services at the M. E. church, and visiting with the family of Mr. Rice.

Owing to the fact that the paint in the new Methodist church will not be dry, services will be held in the school house next Sunday evening. Services in the church at the usual hour thereafter.

There will be a meeting at the school house on Sunday afternoon at 3 o'clock, for the purpose of organizing a childrens and young people's temperance society. All are invited to be present. By order of the Pine City W. C. T. U.

Mrs. H. Brandes returned Thursday from St. Paul, whither she went to buy furniture &c. for the hotel Mr. Brandes has recently bought at Sandstone. She was accompanied on her return by her nephew, Fred Brandhorst, who will have charge of building an addition to the hotel, which Mr. Brandes now proposes.

### The Dedication of the First M. E. Church.

Last Sunday the dedicatory ceremony of the new M. E. church took place. Rev. Robert Forbes of St. Paul, the new Presiding Elder for this district, presiding. The services for the day were opened at 9 o'clock a. m. by that distinctive service peculiar to Methodists, known as the "Love Feast." At 2 p. m., the dedicatory sermon was preached by Rev. Dr. Forbes, who took as his text the passage:

"For how shall ye escape if ye neglect to great a salvation?"

His discourse was an able one, and in fact can be considered one of the best that was ever delivered in this village. After the close of the sermon, Rev. Simons made a statement of the cost of the church and the indebtedness at that time. It was shown that the church property cost \$1,550 and that at that time there was a balance of about \$500 due. A considerable portion of the debt was then raised by subscriptions and the balance will doubtless be raised soon. In the evening, Rev. Forbes also preached a very able sermon on the duties of the Christian church, after which the sacrament of the "Lord's Supper" was administered.

The church is beyond a doubt the finest structure of the kind between St. Paul and Duluth. The main structure is 28x40, with an addition 14x26, which will be used as a class room and for the week night meetings. The class room is connected with the main auditorium by means of folding doors, so that in case of an unusually large attendance, the two rooms can be made as one and the seating capacity of the building materially increased. The platform extends across the entire front of the building with a very neat altar rail across its front. The pulpit is a marvel of neatness and is finished up in fine style. It is one of the neatest pieces of workmanship of the kind we have ever seen. The design was original with Col. Stone, who also did the work of building it, and is deserving of credit for the job. The floors are all covered with a fine quality of carpet and the walls and ceilings are papered in a very attractive manner. The

woodwork is neatly finished, and with the beautiful new chapel organ recently bought by the ladies, the whole interior presented a very neat appearance and was beautifully decorated with flowers. The outside also presents a very neat appearance, and its beautifully proportioned modern spire, capped with an unassuming sphere, emblematical of the mission of the church—to labor for the good of all—is another index finger in this village pointing the passerby heavenward.

The members of the church are to be congratulated on the completion of so neat a temple and the building will ever remain an ornament to the village and a monument to the generosity of its people.

### Comfortably fixed for life

YOU can put it down as a maxim that no one can get ahead very fast in this world unless he looks ahead. Foresight—vision—planning for the future—are essentials of success.

To supply the "daily bread" is only a small part of a man's duty toward his family. No matter how much you make or spend, you cannot feel "comfortably fixed" until the future has been provided for.

This principle applies with especial force to your home and the things you put into it. A poorly built house, or cheap, shoddy furniture, is a poor investment at any price. The man who looks ahead pays the price to secure things of lasting worth, and realizes that the best is not only the cheapest in the end, but the only economical thing to buy.

**Estate Stoves & Ranges**  
cost a little more to buy than some other stoves, but they last longer and are a lot less to support. It is no uncommon thing, in fact, to hear of an Estate Stove that has been handed down from mother to daughter through three generations, still giving the best of service and satisfaction. That's how this stove becomes in truth an "Estate"—how it earns its right to the title—"The Stove that Stays in the Family."

Get an Estate Heating Stove into your parlor, and an Estate Range into your kitchen, and you will be "comfortably fixed for life" so far as these two important factors are concerned. The full line of Estate Stoves and Ranges awaits your inspection here.

## Keep the Babies Warm And They'll be Healthy And Happy

Many children get sick and die every winter because of some poor heating appliance in the home.

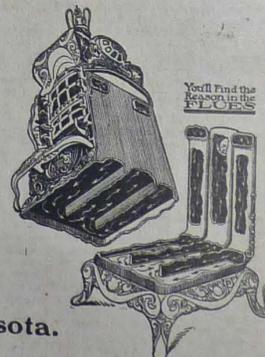

Come and see us and we will show you a Base Burner that will not only keep the children warm, healthy and happy, but will save one half on your fuel bills.

There is no other base burner like THE FIRST CLASS FAVORITE, with TRIPLE EXPOSED FLUES, because the features that make it such a wonderful heating stove, so economical in the use of fuel, are patented.

Don't put off the buying of your stove until the cold days come. Drop into our store any day, and we will be glad to show you this beautiful Base Burner. It is a Real Favorite. There are more of them sold than of any other base burner made, and we guarantee it to be the best made.

It's like opening a bank account to buy a Favorite Base Burner, because it saves you money every day it is in use, and brings such comfort and satisfaction, too.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. LeClear's Health—Her Own Statement.

Detroit, Mich.—"I am glad to discover a remedy that relieves me from my suffering and pain. For two years I suffered from bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good."

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now well again. No woman suffering from female ills will regret it if she takes this medicine."—Mrs. JAMES G. LECLEAR, 338 Hunt-St., Detroit, Mich.

Another Case. Philadelphia, Pa.—"Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles."—Mrs. C. BOZEL, 2650 S. Chadwick St., Phila., Pa.

No Risk. Doctor—Have you any of that run down condition? Patient—No. I can dodge all the autos.

262 DIE IN MINE

BATTLING AGAINST GAS, RESCUERS WORK TO SAVE VICTIMS IN DAWSON, N. M., SHAFT.

22 ARE RESCUED ALIVE. Strong Hope Is Expressed That More Will Be Saved—Wives, Children and Sweethearts of Miners in Agony Wait for News.

Trinidad, Colo., Oct. 24.—The death list as a result of the mine explosion at Dawson, N. M., will reach 262, according to latest advices received here. Twenty-two miners were rescued, reports declared, but hope of saving any more were abandoned. It was declared six bodies were removed and 26 more were found, but so far haven't been removed.

Rescuers emerging from the mine declared that the explosion badly wrecked the interior. Until vast heaps of debris are removed, the full extent of the disaster will not be known. The body of Alexander McDonald, one of the American officials of the mine, was among those taken from the workings. Thomas McClelland, another American official, was among the missing today.

The six bodies recovered were those of Arthur English, Walter Johnson, Juan Trujillo, Felix Garcia, Ernesto Montoya and B. Uparri. Rescuers Fight Manly to Save Life. Dawson, N. M., Oct. 24.—Between 190 and 245 men were still entombed in the High Line coal mine, one of the largest of five operated by the Stag Canon Coal company. Fourteen had been taken out, and 21 men had been brought to the surface alive. The remaining miners still entombed had equal chances of being found alive as dead, according to mine experts who were directing the work of rescue.

As the government rescue crew, aided by a force of nearly 500 miners, working in relays fought the wall of debris to reach the place where the miners were imprisoned, the large venting fans in the mine were put in operation. Foul air and gas were still found in great quantities as the rescuers went deeper into the shaft.

The entombed miners were believed to be not more than half a mile from the mine entrance. The work of drilling through the tons of debris on the second level was a slow process, but it was believed when this work was completed more men would be found alive.

Pathetic Scene at Mine. A pathetic scene about the mine entrance was revealed by the dawn. Mothers, sisters, sweethearts and children were kept back by a special guard. Nearly craved by the fear that fathers, brothers or sons were dead or dying in the earth, several in the crowd had watched and wept all night long, made frantic efforts to break through the line. They were restrained by guarding men who had been taking turns at working in the mine shaft and tending the rescuers, and led to the back of the eagerly watching crowd, where comforting words of encouragement and hope were spoken to them.

Among the men caught by the explosion was Frank McDermond, general superintendent of the company's mines about Dawson. Several other American engineers and other employees were under ground at the time. Most of the miners were Italian.

Without sleep or food the crowd of women and children waited patiently throughout the long hours of the morning, straining their eyes and ears, silent and prayerful, ready to cheer at the sight of the first victim who was carried out by the rescuers.

Bank Employ Is Wounded. Acton, Ill., Oct. 27.—Two masked robbers in a stolen automobile raided the Addison State bank here and probably fatally wounded Edward Ruten, the assistant cashier, when that official tried to prevent the theft of \$125.

GOOD MEN ARE DISSATISFIED

Feel That They Don't Measure Up to Own Standards Every Day in Week.

Do you feel that you're a failure because you don't measure up to your own standards every day in the week? "Hook up, brother! That's the way all good, go-ahead men feel some-times!"

If they weren't dissatisfied with their performances as well as their promises, they'd be trotting around in drag; and that means business dry rot, if it weren't asked you."

A certain amount of self-dissatisfaction is the best tonic in the world for the genius, man. It keeps him from brooding on being a man—like David Haruz's flea-bitten dog, you know!

As long as you can find fault with yourself and your works, you're alive, my friend. When you get to the point where you feel sorry for other men because they aren't such good salesmen, or managers or presidents—or porters—as you, then is the time for the doctor to put you on a diet and prescribe perfect quiet—to keep you from going crazy during your years!

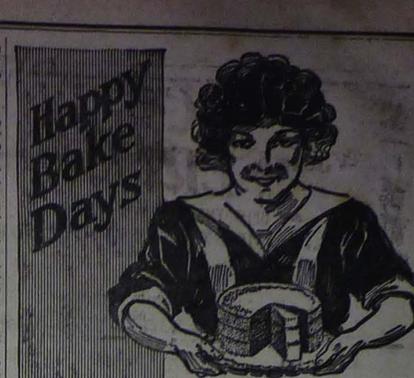

Don't get the glooms over self-dissatisfaction. Ambition and dissatisfaction are half brothers, anyway! — Exchange.

What Doctor Can Beat This? In less than three months a physician of Portland, Me., has treated professionally five patients representing five successive generations of the same family, beginning with a centenarian and following in the direct line of descent down to her great-grand-grandson. He first attended the old lady, who was ninety-nine years old, for senile gangrene resulting in her death. During her illness he was called on to prescribe for her daughter, aged seventy-five. Next this daughter's son, a florist, aged fifty, fell ill and required attention. Following him, a son, a clerk of twenty-seven, found himself in need of medical aid. And lastly to the clerk's wife was born a male child, whom the doctor was called upon to assist into the world, as he had been summoned to ease the great-grand-grandmother's exit from it barely three months before.

ECZEMA ON BACK AND CHEST. Plerson, N. Dakota.—The eczema started on my scalp. It first went on to the back of my neck, then to my back, arms and chest. It broke out in pimples first and then seemed to run together in some places, making a sore about the size of a dime. At times the itching and burning were so intense that it seemed unbearable. The more I scratched the more it became, and there would be a slight discharge from it, especially on my scalp, so as to make my hair matted and sticky close to the scalp. The hair was dry, brittle and thin. My hair was falling so terribly that I had begun to despair of ever finding relief. My itching irritated the eruption on my back. The affected parts were almost a solid scab.

"I had been bothered with eczema for about a year and a half. Then I began using the Cuticura Soap and Ointment. I used them daily for two months and I was cured." (Signed) Miss Mildred Dennis, Apr. 30, 1913. Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 2-p. Skin Book. Address postpaid "Cuticura, Dept. L, Boston."—Adv.

Some men are weighed in the balance and found wanting the earth. Five LOSE LIVES IN FIRE. Twenty Injured Leaping From Building in Gotham—Explosion of Gas Oven in Factory Is Followed by Flames. New York, Oct. 25.—Five persons were burned to death and three others were fatally injured in a fire here, which destroyed a six-story loft building in Canal street. Three of the dead are women. Twenty persons were injured when they were forced to jump from fire escapes to avoid being burned to death. The fire resulted from the explosion of a gas oven on the third floor occupied by the Royal Manufacturing company. Forty men and women narrowly escaped death when they were trapped on the roof. These operatives found the fire escapes blocked with scores of other operatives, who were unable to reach the sidewalk because the drop ladders at the lower ends of the escapes had rusted in their holders and could not be moved. The persons on the top floor then went to the roof, but they were unable to reach adjoining buildings because of an eight-foot iron picket fence enclosing the roof of the burning building.

CALUMET BAKING POWDER

The cook is happy, the other members of the family are happy—appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised baking. Cannot be compared with other baking powders, which promise without performing. Even a beginner in cooking gets delightful results with this never-failing Calumet Baking Powder. Your grocer knows. Ask him.

RECEIVED HIGHEST AWARDS World's Pure Food Exposition, Chicago, Ill. Paris Exposition, France, March, 1912.

You don't see many who buy cheap or less-than-label quality. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to any other baking powder.

Shipping Fever

Influenza, pink eye, conjunctivitis, and all other eye and throat diseases cured and all other eye and throat diseases cured and all other eye and throat diseases cured.

WINCHESTER

"REPEATER" Smokeless Powder Shells. These shells cost a little more than black powder loads, but for bird shooting they are worth many times the difference, as there is no smoke to hinder the second barrel. They are by far the best low priced smokeless load on the market. When you buy, insist upon having them.

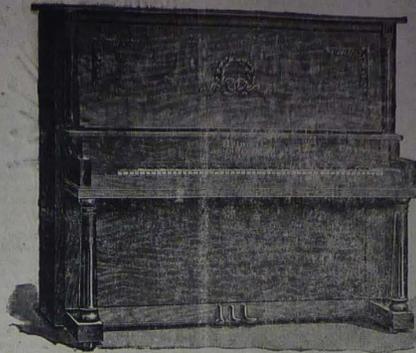

THE RED W BRAND PATENTS. Watson E. Coleman, Wash. D. C.; H. C. Cook, Wash. D. C. Sole ref. Wash. D. C.

W. N. U., Minneapolis, No. 44-1913.

Your Grocer Has Them

SUNSHINE L.W. SODA CRACKERS. I'm hungry, bring on your Sunshine L.W. SODA CRACKERS. There's a zest to Sunshine L.W. Soda Crackers that nothing else has. Whether it's this delicate toasty flavor, or fresh, flaky crispness—or appetizing flavor—they certainly do make the mouth water. When they're so nourishing, so, and so perfectly digestible, it's a pity not to have them. Buy the big, family-size package. 25c.

Main Street, Pine City, Minn.

### Additional Locals

—We note with much pleasure that Bro. Elbert Bede of the Cottage Grove (Ore.) Sentinel has been elected President of the Oregon State Editorial Association. Bro. Bede is a young man with a bright future who is doing things in the newspaper field. We congratulate him.

—Rev. McKean who has occupied the pulpit of the local Presbyterian church for the past two years preached his farewell sermon Sunday evening and departed for Barnum and Bayfield. In their stay here Mr. McKean and family have made many friends who wish them much success in their new home.

—The Clover Belt Land Co. report the following sales of land: the Greig farm to Otto Krenzke of Eyota, Minn; the SW 1/4 of NE 1/4 of 11-39-21 to John Mosanek of Stemann Neb.; the S. E. Frazier farm to T. F. Beveridge of Muscatine, Ia.; the Wolfrid Oleason farm east of Pine City to Mrs. F. E. Smith; the Henry Spahr 80 on Cross Lake to Dr. H. E. Day of Dumont Ia. This land will be subdivided and a number of the Drs. friends will build summer cottages on this land. The balance will be planted to fruit. The Land Co. have succeeded in gathering a display of Pine County grains and vegetables that we feel positive cannot be equalled anywhere in the state. This display can be seen at the Co. office.

—Something new, something interesting and educating! An "Eppworth College" social will be held at the Pennington home on Tuesday evening Nov. 4th under the auspices of the Eppworth League of the M. E. church. The college classes will be held at the Pennington home and will be in charge of able fitted instructors. This part of the program will be edifying and instructing. The outdoor games and sports will be held on "Furniture Field" (Pipers new store building) and will be in charge of a competent coach. Lunch will be served at "Pipers Frat House (Mr. Pipers present home) and will be a pleasing feature. 25c admissions will be charged and this will include tuition lunch.

### DENHAM DOINGS.

Andrew Bakke transacted business at Superior last week.  
L. W. Larson transacted business at Pine City last Monday.  
Cunningham Mercantile Co is paying 45c for potatoes now.  
Inga Rye of Minneapolis visited her folks here a short time ago.  
Oscar Danielson transacted business at Sturgeon Lake Wednesday.  
Rudolph Larson left for Duluth last week where he intends to work.  
Nils Engberg who has been sick since last January is still on the sick list.  
Hilda Larson left for Duluth last week where she will remain for some time.

Ben Carlson shipped a car of stock from Sturgeon Lake to St. Paul last week.  
F. L. Olson arrived home Wednesday from a business trip to Minneapolis.  
Andrew Bakke of Atkin county is shipping a car of potatoes to Superior this week.  
John Peterson arrived home Wednesday from Minneapolis where he has been working for his uncle.

Some of the farmers around here have not dug all of their potatoes yet because of the stormy weather.  
Mr. and Mrs. John D. Carlson celebrated their 30th wedding anniversary last Saturday evening. A large number were invited, but could not all attend on account of the storm.  
Funeral services for John Erickson were held from Oak Hill church Monday Oct. 27th. Rev. Sangquist officiating, with interment in Swede Park cemetery. Deceased had typhoid fever and suffered from a relapse.

—Following are the classes and the instructors for the College Social next Tuesday evening. Photography, Yarg Sondarrich, Journalism, Prof. Adam W. Molanes, English, Worth M. Raynouth, Mouth Hygiene, Dr. Karl Siesta, Music, Prof. Cliff Luther Sarrford, Agriculture, Prof. Stuf M. Law, S. L. Sterborg L. D. History, Margy Trillato, Sports, Bern Filder. Bring pads and pencils.

### Mortgage Foreclosure Sale.

Default having been made in the payment of the sum of Four Hundred (\$400.00) Dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, which executed and delivered by Herman Lakow and Tom Lakow (the wife) Mortgages to Minneapolis Trust Company Mortgage Lender, dated the 15th day of April, 1908, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pine and State of Minnesota, on the 8th day of April, 1908, at 10 o'clock p. m., in Book No. 6 of Mortgages on page 16.

Whereas said Mortgage, together with the debt secured thereby, was duly assigned by said Minneapolis Trust Company Mortgage Lender to William Lakow by written assignment dated the 20th day of May 1913, and recorded in the office of said Register of Deeds on the 20th day of July 1913, at 2 o'clock p. m., in Book No. 2 of Mortgages on page 47, and in said assignment or proceeding having been instituted, cured by said Mortgage or any part thereof.

Now, Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Southwest quarter of the Northeast quarter of Sec. 24 of NE 1/4 of the Northwest 1/4 of Section Four (4) in Township Thirty-eight (38) Range Twenty-one (21) East, according to the United States Government Plat of the State of Minnesota, in the County of Hennepin, which sale will be made by the Sheriff of said County in and for the State of Minnesota, in and for the County of Hennepin, at the front door of the Court House in the Village of Minneapolis, Minnesota, on the 14th day of that day, at 10 o'clock a. m., of that day, at public vendue, to the highest bidder for such sum of said debt, Four Hundred Dollars, and interest, and the taxes, if any, on said premises, as stipulated in and by said Mortgage in and for the State of Minnesota, as provided by law subject to redemption at any time within one year from the day of sale, as allowed by law.

Dated October 24, A. D. 1913.  
WILLIAM LUKOW,  
Assignee of Mortgage.  
OTTO CAR SOBRYKA,  
Attorney.  
Pine City, Minnesota.  
Oct. 19-19-13, Nov. 7-14-13.

### Notice of Application For Liquor License.

STATE OF MINNESOTA, County of Pine, ss  
Village of Pine City, Minn.  
NOTICE IS HEREBY GIVEN That application has been made in writing to the Common Council of said Village of Pine City and filed in my office, praying for license to sell intoxicating liquors for the term commencing on the 15th day of November 1913, and terminating on the 15th day of November 1914; by the following person, and at the following place, as stated in said application, respectively, to-wit:

H. J. BATH, in the East room of the first floor of the two-story brick residence building situated on the West corner of Lot Seven (7), Block Eighteen (18), Original Division of Pine City, Minnesota.

Said application will be heard and determined by said Common Council of the Village of Pine City at the Village hall in the Court Office, in said Village of Pine City, in Pine County, and State of Minnesota, on Monday, the 15th day of November 1913, at 7:30 o'clock p. m. of that day.

Witness my hand and seal of Village of Pine City this 15th day of October, 1913.  
H. J. BATH,  
Village Clerk.

### Notice of Sheriff's Sale.

Whereas Judgment was duly rendered on the 27th day of May in the year 1912, in an action brought by the County of Hennepin, in the County of Hennepin, against the State of Minnesota, a corporation, plaintiff, and F. S. Lewis, defendant, for the sum of \$200.00, as appears by the transcript of said judgment filed in the office of the Clerk of the District Court, of the County of Hennepin, on the 14th day of June A. D. 1912, and

Whereas a transcript of said judgment from said District Court of Hennepin County was duly filed and docketed in the office of the Clerk of the District Court of Pine County, State of Minnesota, on the 6th day of June in the year 1912, at 9 o'clock a. m. on said day, and the sum of Two Hundred Eighty-one and 22/100 (\$281.22) dollars, is now actually due thereon, with interest at the rate of six per cent per annum, on Two Hundred Eighty-one and 22/100 (\$281.22) dollars from the 7th day of September 1912, and up to and including the day of sale; also for \$10.94 (10.94) dollars increased costs for all my fees, costs and disbursements of every nature and kind, and

Whereas, an execution issued out of and under said judgment, from said District Court of said County of Hennepin, has been duly directed and delivered to me, Sheriff of said County of Pine, Minnesota, as sheriff.

### SUMMONS

STATE OF MINNESOTA, County of Pine, ss  
THE STATE OF MINNESOTA JOE HAINES, DEPENDENT.  
You are hereby summoned to be and appear before the undersigned, acting as the Justice of the Peace in and for said County, on the 25th day of November, 1913, at 10 o'clock a. m., at my office, in the Village of Pine City, in said County, to answer the complaint filed in said County, to-wit: that the plaintiff, J. M. Collins, plaintiff, in a civil action, wherein the plaintiff claims the sum of \$100.00 and \$25.00 Dollars with interest thereon from the 15th day of May 1913, at the rate of six per cent per annum.

Should you fail to appear at the time and place aforesaid, judgment will be rendered against you, upon the evidence adduced by said J. M. Collins for such sum as he shall show himself entitled to.

Given under my hand this 25th day of October, 1913.
