Notice to Contractors
Notice is hereby given that sealed bids will be received by the Town Board of the Town of Pokegama, Minnesota, from 10 a. m. to 2 p. m. on Saturday, April 27, 1918 at the Fritzen place at the head of Pokegama lake, for the construction of a town hall for the said town of Pokegama. Plans and specifications for same may be seen at the home of the clerk of said board. Certified check for \$50 must accompany each bid. The board reserves the right to reject any or all bids.
Dated April 12, 1918.

Town Board of
Town of Pokegama
Pine County, Minn.
Attest, P. H. Anderson
Clerk of the board.

Guilty of Seditious Talk

Sandstone Man Pleads Guilty to Charge And Will Be Sentenced Today

B. D. Reynolds of Sandstone was arrested yesterday charged with seditious utterances under the state law, was taken before Justice Russell of that place and entered a plea of guilty. He is being taken today before Judge Searles of the district court at Stillwater, who will sentence him. Our understanding is that the law imposes a state prison sentence in cases of this kind.

The language charged was used on Monday of this week when John Richards approached him to buy a Liberty Bond. Reynolds fired up and said in substance that the war was wrong and a lot of other rot that is not true and is absolutely seditious under these circumstances.

We have known Mr. Reynolds for many years—and liked him. He is from the south somewhere, a sort of mountain youth. He is excitable, inclined to be radical, and is very positive.

But talk of the kind he pleaded guilty to using is dangerous to our Country and must be stopped at any cost.

County Commissioners Will Meet
The county commissioners will meet in the Auditors office, Monday, April 29, at a regular meeting. The general round of business will come up.

Pine County Goes Over the Top.

Pine county is making an excellent showing in the sale of Liberty Bonds and will be well over the top when the sale closes next week Saturday. Every precinct in the county is reporting fine sales and excellent spirit to Chairman Emory at Hinckley and very few slackers are being found. Everywhere there is a disposition to back the government with all the resources possible.

Soldiers report a few "hard nuts"—usually from among those best able to buy. One case is that of a man in one of the villages of the county who was "too poor to buy" but finally purchased an allotment of \$300 worth when he learned that the soldiers knew that he had \$5,000 in the money of the country from which he came, tucked away in his trunk—the savings of his labor here, which he had changed at the bank for a foreign money. Another was of a farmer who was also "too poor to buy" at first and later was willing to take his allotment, who had about 800 bushels of rye, besides hundreds more of wheat and oats in his granary. Practically everyone of these cases, however, are because of misunderstanding—we all buy when we realize our Country's need.

Field Meeting at Rush City
A meeting of the superintendents representing the "Little Eight" high school conference met in Hinckley recently to arrange the baseball schedule and promote the annual track meet. The latter matter was easily carried out and agreed to be held at Rush City on May 25th, with the schools as winners entering their contestants. The two names of the track meet were also eliminated the two highest teams playing first and second places. There was one fight for Uncle Sam. Women did their share, too.

ATTENTION BOND SUBSCRIBERS

Five per cent of subscriptions purchased on deferred payment (Government Plan) will be due May 4th, 1918.
Please arrange to pay this installment on or before due date.

Soldiers Go Tomorrow

24 Men in Contingent—12 Men Will Leave for Columbus Next Week

Twenty four men from over Pine county, whose names and addresses were published in The Pine Poker last week, will leave Pine City on the south bound limited tomorrow—Friday—afternoon, bound for the training camp at Camp Dodge, Iowa. There will be exercised in the Army, to which all are bound. The band, the high school quartet, and others will furnish musical numbers and Rev. Golder of Sandstone will deliver an address. The Rock Creek home guard will be present and escort the boys to the train. All business in town will be closed during the time—from 2:30 to 5—on Friday.

Stops Clam Fishing in Pokegama
In another column of this paper is published a notice from the office of the State Game and Fish Commissioner Avery, closing Pokegama lake to clam fishing for a period of four years after May 25. The notice does not state whether the river, which connects directly with the lake, is included in the prescribed territory or not. The reason for the action is that the clam larvae—or eggs—planted by the Government in the lake five years ago seemed to have matured successfully and it is desired to give the young clams time in which to grow to a size where they will be of some value.

Mrs. A. H. Klicker Passes Away
Mrs. A. H. Klicker, nee Miss Hulda Plantz, passed away at her home at 7 o'clock Tuesday morning after an illness from a break down for nearly eleven weeks.

Hulda Plantz was born at Henderson, Minn., November 23, 1868, where she lived with her parents until 1889, to when she was married to August H. Klicker at Arlington, Minn. She came to Pine City with her family in 1901 after spending the winter at Brook Park, and has resided here since. She lives to mourn her loss, her husband, August H. Klicker and six children—Anton, who is in the service of the Government, but was home during the past two weeks, Arnold, Oliver Edmund and Misses Sabel and Mertie all of this place, besides two brothers, P. A. Plantz of Mora and O. Plantz of Le Sueur, Minn.

Funeral services will be held at the home at 2 o'clock Thursday. Rev. Luember officiating after which the remains will be taken to Henderson, Minn., for burial.

Mrs. Mary E. Whitacre passed away last Saturday at the home of her daughter, Mrs. Z. L. Wheeler, who is head of Pokegama lake, after an illness of about five months, during the last five weeks of which she had been confined to her bed. Funeral services were held at the Wheeler home on Sunday, Rev. Parks of Brook Park officiating and the remains were shipped to her old home at Cedar Falls, Iowa, where they were laid beside those of her husband. They were accompanied by Mr. and Mrs. Wheeler and their daughter, Mrs. Gardner. Mrs. Whitacre was born in Pennsylvania, May 18, 1836. She had made her home with the Wheelers for about fifteen years past.

Men, when you buy something you need in the store, Wednesday, May 1st, ask for thrift stamps as part, or all of your change. Wednesday is thrift stamp day. Let's all join in making it the big one for Uncle Sam. Women do their share, too.

White Elephant's Auction
The "White Elephant" auction to be held at the Armory on Saturday of next week, May 4, will doubtless draw one of the biggest crowds that Pine City has seen in some time and should raise at least a thousand dollars for the Red Cross. If there are a thousand buyers there the average investment would be small.

Everyone is contributing one or more articles to be sold. If you have not yet done so, notify Roy Carlson, who is a sale manager, of what you will give. All articles except live stock may be delivered to Mr. Carlson at the Pine City Mercantile Co.'s but all live stock must be delivered on the morning of the sale as there is no place to keep it.

Among the articles enumerated in the Pine Poker last week, the following have been given to date and many more will be later:
H. W. Harte, 2 hats and 2 bead neckties; Mrs. A. Chas. Trippler, 1 hen; Mrs. Bobb. Derr, 1 silver lined W. grade chicken, 2 pounds of butter, 1 dozen eggs; J. C. Ruby, load of good wood; Joe Roubinek, load of good wood; Mrs. F. J. Jones, 4 dozen of eggs and 2 hens; Mrs. Minnie Woodhouse, quilt; Mrs. L. S. Nelson, 2 R. I. red chickens; Mrs. C. F. Jackson, 1 gal. sweet pickles and 2 dozen eggs; John Lindquist, load of good wood; Mr. Ross Volenec, hand saw; H. W. Hoemec, 2 young pig; Steffen Johnson, 6 R. I. red hens; Henry Buirge, 1 cord poplar stove wood; Levi Arndt, load of wood; F. W. Stuck, pure bred cow; H. C. Jones, 1 dozen R. I. red chickens; Dr. Wiseman, 1 dozen chickens; Mrs. Wiseman, 2 children's aprons; G. A. Robinson, calf; Mrs. Dunning, sausage machine; E. B. Miller, 5 pound jar of good dairy butter; Chas. Korak, 2 sacks oats and 12 dozen eggs; C. A. Woods, set of sleigh bells and a bread mixer; F. R. Duxbury, 1 lot of household furniture.

Frank Rybak, 11 pair of shoes, 2 pair of lace curtains, overall apron and lot of silver ware.
Pine City Merc. Co., 5 pounds of coffee, 25 pounds of prunes, Liberty gift box, 3 congealium art. rug, 1 lot of vests, lot of hats, mans raincoat, sweater, lot of mens shirts, ladies umbrella, Misses rain coat and cap.
Prochaska's Pharmacy, hand painted pillow, 6 packages poultry feed, 5 gallon fly oil, 14 box carillon club stationery, numerous other articles.
John Jelinek, silver berry spoon.
Henry Fara, 1 ham.
Breckenridge's Pharmacy, 1 quart lye killer, 2 cans condition powder, 7 packages condition powder, package chinsalm furniture polish, package Breckenridge's almond cream, package Webster gopher union.
W. A. Sauter, fireless cooker.
Herman Borchers, lot of shoes and oxford.

City Meat Market, slab of bacon.
Howard Folsom, \$5 worth of advertising in The Pine Poker, the paper with the largest circulation in Pine county.

FOOD ADMINISTRATION REQUIRES REPORT ON FLOUR SUPPLIES BE MADE BY MAY 1

To the People of Minnesota:
The Federal Food Administration hereby requires everyone who has more than 30 days' supply of wheat flour to return the report to the dealer or miller from whom it was purchased or report to his County Food Administrator. This order applies to every one no matter when or how the flour was obtained. Thirty days' supply is determined on the basis of 6 lbs. for each member of the household. A family of four may have 24½ lbs. of wheat flour, and a family of eight, 49 lbs. Substitutes may be purchased in any amounts desired. It is not assumed that having an excess of flour on hand makes one a hoarder. It does not. In normal times it is an indication of thrift and sensible buying to purchase flour in reasonably large quantities. We do not want any one who is following his normal methods and has an excess of flour on hand to feel in any way that he has done wrong. He has not.

NEED OF FLOUR GREAT.
But conditions now are far from normal, hence this call. America and the Allies are short of wheat flour. The Allies are driven desperately for food. We are under obligations to furnish food. Shipping facilities are limited. Bread they must have and bread we must furnish them. The government must know how much flour there is in the country and where it is. Our own people must use other foods which we have in abundance and save flour.

HOARDING.
Any one who insists on keeping more than one month's supply is using more than 6 lbs. per person per month is considered a hoarder and will be dealt with accordingly. Hoarding of necessary foods is punishable by a fine of \$5,000 or imprisonment for two years, or both. It is hoped that no one in Minnesota will place himself in the hoarder class. We beg of the people to respond to this call and on or before May 1st, 1918, to dispose of any excess flour or report to their County Food Administrator as follows:

GERMANS SHOOT DOWN 6 BALLOONS

Twelve Observers in One Day Trust to Parachutes in Leaps for Life.

PERIL IN BURNING GAS BAGS

Flames Likely to Overtake the Descending Observers—Many Narrow Escapes From Death—One Relates Experiences.

Behind the British lines in France.—Leaps for life from burning observation balloons when attacked by German airplanes was described by an observer in the British Royal Flying Corps in an Associated Press communication which he visited a few days ago.

A balloon ascended the first in a series of light underlings, and was not fired a station in a fairly inactive part of the line six balloons were sent up. One of the German airplanes, all within sight of one another, were seen to rise and descend.

One of the 12 officers who were compelled to reach earth in this way, "we were perched at 3,500 feet," says that he had been in the air for an hour when a column of smoke two miles southwest attracted our notice.

"There goes No. 10," said my observer, and then two smaller specks appeared suddenly from under, another balloon was seen that the German pilot was a wholesale killing this time.

Sudden Attack by Airplane.—"At 1,000 feet, I ordered the wind stopped. No more balloons had been attacked, and although ours was now the only one up, I could see British fighting planes ascending from the airframes behind us to chase away the enemy. So I decided to retire up again. We ascended to 3,000 feet this time, and soon were at our goal again.

"Then suddenly something happened. It happened swiftly as in a dream. We didn't even see the German airplane approaching, but our ground officer and his scouts gave us the alarm just a second or two before the hawk was on us. I heard my observer, at the telephone, say suddenly, 'What's that? Stand by, God Heavens!'

"Then he turned calmly to me and said with a smile, 'Sorry, old man, we must get out at once.' It helped me over the side first.

"I dropped and heard a 'rump' as the parachute fell in case. This was the last sentence I attempted to analyze as I fell like a stone 200 feet. I saw the balloon shoot violently upward, and then my view was blotted out by a large white umbrella which suddenly appeared above my head, and I realized that the parachute had opened.

I didn't look down, as I felt my body awaying easily in the breeze. The roar above told me that the Albatross had done its work and the balloon was safe. You cannot, of course, maneuver a parachute, and there is always the possibility of the burning balloon overtaking you and burning your only means of escape.

"But before I reached the ground I saw far in front the Albatross crashing to earth amidst a wing. She had been hit by a cluster of antiaircraft shells.

"The next thing I knew was that I was 'lying in the middle of a plowed field, while a short distance off I saw my observer coming across toward me.

All 12 of the officers of the wrecked balloons escaped safely on this occasion. They are still alive, and a few days before an officer was shot and killed when dropping in his parachute. The balloon had been set on fire by a German airplane, and, as usual, he and his companion took to their heels. They had had a good clear of the balloon when the attacking airplane swooped down on them. One of the balloons was shot down by the officer, and his parachute was torn by a bullet.

WORK OF CENSORS FULL OF THRILLS

Women of England Find It a Most Attractive and Lucrative Profession.

HELP DRAW NET ON SPIES

System is Perfect, One Marvels How German Secret Agent Can Slip Through, but Slip Through He Does.

London.—The latest and, to a woman, the most attractive profession is that of postal censor. To the well-educated woman in her service, the postal censorship offers opportunities for advancement not to be found elsewhere. The pay ranges from \$725 a week while learning, rising by increments of \$132 a week, until she becomes an examiner, with additional pay bonus. There are at least fifty women earning more than \$1,000 a week, and some as high as \$1,500 each. They have all risen from the ranks.

Now they hold the proud title of D. A. C. (Deputy Assistant Censor), to which they have been elevated not so much for their languages as for their general capacity. One girl of nineteen, engaged two years ago as a typist at \$5 a week, rose to \$15 with the average pay of officers is \$625 to \$875, with free quarters. They must leave their homes, and to the woman who is settled in London this is a disadvantage. But if the London dweller has not the robust health that enables her all day stand on her feet, though she can do a good day's work on her head. If her family falls at the thought of France, she will have responsibility, with scope for vitality and the great chance of bringing a spy to book by her keenness in drawing code the net.

In the women's army or navy, the average pay of officers is \$625 to \$875, with free quarters. They must leave their homes, and to the woman who is settled in London this is a disadvantage. But if the London dweller has not the robust health that enables her all day stand on her feet, though she can do a good day's work on her head. If her family falls at the thought of France, she will have responsibility, with scope for vitality and the great chance of bringing a spy to book by her keenness in drawing code the net.

These women have been in training in Washington for several weeks learning how to make cottage cheese and how to serve it in the newest and most attractive dishes. In the accompanying picture they are shown demonstrating their new creations in a cottage cheese luncheon to officials of the department of agriculture.

The luncheon was held in one of the rooms of the dairy division. Among the guests were Assistant Secretaries Carl Frouman, Raymond A. Pennington and Clarence Owsley, Dean H. L. Russell of the food administration, chiefs of several bureaus and a score of the department's food and demonstrating experts. Here is what the guests ate:

COTTAGE CHEESE LUNCHEON.
First Course.—Astonishment Cream of Cottage Cheese Soup.
Second Course.—Creamed Cottage Cheese Souffle.—Interest Point.
Mustard Fuffies—Graham Muffins—Coffee.
Third Course.—Admiration.
Cottage Cheese Salad.
Waters.
Fourth Course.—Devotion.
Cottage Cheese Tart.
Five women demonstrators started the campaign in Cleveland, O., a few days later. The others will go to other big cities, small towns and rural communities. Women will be taught how to make cottage cheese, its food value and how to use it. Regular home demonstrators and county agents of the states' relation service will help the cottage cheese force and experts from the bureau of markets will regulate and assist food dealers to make cottage cheese one of their regular staples. Representatives of the state extension forces also will

Fancy Work Table.
Eugene, Ore.—Tattling, crocheting and all other varieties of fancy work are in vogue at the county fair this year. Instead of the prizes offered for the best work done in alluring and mending garments, cutting adult's garments down to fit children and such work.

"Work, War or Jail."
Wapakoneta, O.—"Go to work, go to war or go to jail." This was the order just issued by Harvey Smith, mayor of Wapakoneta, Ohio. The order was issued to the police and according to orders issued to the police for the treatment of loafers, both men and women, found loitering about the city.

Barber Talks Too Much.
Marinette, Wis.—W. E. Young, a barber at Pound, paid a fine of \$25 and cost because he said: "The \$25 is a cinch dissembler was a joke. That's what it was. They should have stayed there and let us have a haircut and then it wouldn't have happened."

THE RED SACRAMENT
By Amelia Jeppinger Burr of the Vigilantes.
A comrade's blood had stained their faces;
The very wind of life was in their breast
And yet on that grim sacrament they
And rose up strengthened to fulfill the task
The dead man left undone.
O God, we ask, us,
That we by sorrow may be doubly
To fight thy war against imperial wrong
Until the dragon—or ourselves—be dead.

Lean Sharks Buy in Army.
An camp Sheridan, Mont., where officers are warned to keep a sharp watch on the sharks, many of whom have been reported opening in New

Deadly Missiles Disguised as Toys and Set to Explode at Certain Time.
Chicago.—The thrilling story of his experiences against the Hun in France was told by Sgt. Christopher Jones of the Royal British Field Artillery, in the psychological court here. Three times he was wounded and five times he went through the horrors of being gassed, "over there" He has been doing duty at the recruiting office here since his discharge in 1917. He still carries a piece of shrapnel in his chest which he received at the Battle of Ypres, when for five days he lay in a shell hole, without food or drink, until a hospital doctor rescued him.

Jones was in the fighting at Albert when that city was attacked and the cathedral destroyed. "That was where the Boches gave

bombs to the children, bombs painted to look like toys. I saw a few of them never had a chance. Yes, I saw some of these explosions. And I saw old women give their babies these things. We charged them, but our officers wouldn't let us kill them. We had to take their prisoners when they boomed forward.

"When I was captured the Boches were in the middle of a battle with other prisoners. They told me I could get out if I worked in the mines. They said they would let me go if I worked in the mines, and stayed in the pit.
"One night two of us overpowered a Hun and let us go. We went through woods and across rivers until we got to the sea. We got on a fishing boat and woke up on the coast of France."
Lean Sharks Buy in Army.
An camp Sheridan, Mont., where officers are warned to keep a sharp watch on the sharks, many of whom have been reported opening in New

explosion it is dangerous to hold doors for the position of the door. At the last, after a round of shrapnel snaked and responded to the telephone wire to inquire as to whether everything was all right. The door was closed and the car touched the ground, and the observer was killed by the explosion of the basket, in consequence but unhurt. It was a bad case of shell shock, from which the officer was several months recovering.

A few days ago, at a nearby station, a balloon suddenly caught fire, for no apparent reason. The two observers tried to escape in their parachutes, but the blazing balloon cut them off and they were killed. Theories as to the cause of the disaster were numerous, but the one most popularly accepted was that the balloon had been fired by an electric spark from a thunder cloud.

male examiners. There has been little mention of the women. The recent decision of the authorities to remove some of the secrecy which surrounds the women censor will give the right women to apply for the work, though naturally there is no disclosure which can possibly be made. The women have the discipline habit of ceiling everything confidential will continue.

The necessary qualifications are not merely linguistic, and what is more, as she is the general impression; it is much more interesting to read her tongue but their own; they have no education and general knowledge. One would emphasize the value of judgment and the opportunity of increasing it; it is a question of weighing up facts and coming to wise and reasonable decisions, and what is more, to be associated with a happy blend of imagination and common sense the work is absorbing, at times thrilling and an education, a privilege to be part of this wonderful machine, even as the humblest cog in its wheel of progress.

For as the war widens the censor grows in importance. One marvels how a German secret agent can slip through their net, but slip through he does, and that is why the country needs her daughters to help to outwit him.

In the women's army or navy, the average pay of officers is \$625 to \$875, with free quarters. They must leave their homes, and to the woman who is settled in London this is a disadvantage. We charged them, but our officers wouldn't let us kill them. We had to take their prisoners when they boomed forward.

Helping the Meat and Milk Supply

(Special Information for Use, United States Department of Agriculture.)
CONVERT NATION TO CHEESE, WOMEN'S TASK

Women Food Specialists in Washington Entertaining Officials of the United States Department of Agriculture and the Food Administration at a Cottage Cheese Luncheon.

COTTAGE CHEESE AS STAPLE FOOD

Thirty Billion Pounds of Skim Milk Available for Making Substitute for Meat.

IMPROVED WAYS OF SERVING

Federal and State Agencies Organized to Convince American Housewives of Great Value—How to Make Some of New Dishes.

Almost 30,000,000,000 pounds of skim milk are available for making cottage cheese. Skim milk made into cheese is seven times more valuable as a food than as a feed for live stock. A pound of cottage cheese used in the home releases a pound of meat for shipment to our soldiers.

These were the acting principles behind the organization of a cottage cheese demonstration corps of the dairy division, United States department of agriculture, which recently undertook a nation-wide drive to make cottage cheese a staple food through the land. Forty-seven women specialists from almost as many states make up the corps that will carry the message.

These women have been in training in Washington for several weeks learning how to make cottage cheese and how to serve it in the newest and most attractive dishes. In the accompanying picture they are shown demonstrating their new creations in a cottage cheese luncheon to officials of the department of agriculture.

The luncheon was held in one of the rooms of the dairy division. Among the guests were Assistant Secretaries Carl Frouman, Raymond A. Pennington and Clarence Owsley, Dean H. L. Russell of the food administration, chiefs of several bureaus and a score of the department's food and demonstrating experts. Here is what the guests ate:

COTTAGE CHEESE LUNCHEON.
First Course.—Astonishment Cream of Cottage Cheese Soup.
Second Course.—Creamed Cottage Cheese Souffle.—Interest Point.
Mustard Fuffies—Graham Muffins—Coffee.
Third Course.—Admiration.
Cottage Cheese Salad.
Waters.
Fourth Course.—Devotion.
Cottage Cheese Tart.
Five women demonstrators started the campaign in Cleveland, O., a few days later. The others will go to other big cities, small towns and rural communities. Women will be taught how to make cottage cheese, its food value and how to use it. Regular home demonstrators and county agents of the states' relation service will help the cottage cheese force and experts from the bureau of markets will regulate and assist food dealers to make cottage cheese one of their regular staples. Representatives of the state extension forces also will

FAMOUS PLACE SOUP KITCHEN

Fancy Work Table.
Eugene, Ore.—Tattling, crocheting and all other varieties of fancy work are in vogue at the county fair this year. Instead of the prizes offered for the best work done in alluring and mending garments, cutting adult's garments down to fit children and such work.

"Work, War or Jail."
Wapakoneta, O.—"Go to work, go to war or go to jail." This was the order just issued by Harvey Smith, mayor of Wapakoneta, Ohio. The order was issued to the police and according to orders issued to the police for the treatment of loafers, both men and women, found loitering about the city.

Barber Talks Too Much.
Marinette, Wis.—W. E. Young, a barber at Pound, paid a fine of \$25 and cost because he said: "The \$25 is a cinch dissembler was a joke. That's what it was. They should have stayed there and let us have a haircut and then it wouldn't have happened."

THE RED SACRAMENT
By Amelia Jeppinger Burr of the Vigilantes.
A comrade's blood had stained their faces;
The very wind of life was in their breast
And yet on that grim sacrament they
And rose up strengthened to fulfill the task
The dead man left undone.
O God, we ask, us,
That we by sorrow may be doubly
To fight thy war against imperial wrong
Until the dragon—or ourselves—be dead.

Three furnished rooms, for rent—Mrs. Velozes.

Saturday night, trip the light fantastic at the Pine City Armory.

Saturday night, April 27, big dance. Armory. Do not fail to attend.

Upstairs for rent, a large room. Inquire of Mrs. M. C. Kowale. 361-5.

Toll-free good specialties—Jantrel and Houtel—located at the local store.

Mrs. M. Christa spent last Friday and Saturday with friends in the cities.

Ducks eggs for setting, 50¢ a doz. Inquire of Mrs. M. C. Kowale. 361-5.

Mrs. A. Olman left last Friday to spend the week end with friends at Minneapolis.

Pine City Armory is the finest place in Pine county to dance in. Come Saturday night, April 27th.

For sale—light young driving mare, buggy and harness, \$75.00—O. J. Graham. 36-3p.

Formaldehyde and corrosive substitute for your seed potatoes at Prochaska's pharmacy. adv.

Pocket book lost in town, yesterday morning. Finder leave at this office. John Tachey.

40 acres, dry meadow land, 1 mile from railway station, for sale or trade. Inquire at this office. 36-3p.

Dance and make merry at the Armory, Saturday night, April 27th. Big time, so be on the job.

Soldiers requisites, comfort kits, money belts, trench mirrors, cigars, candy, etc., at Prochaska's.

Guaranteed rubber good products at Prochaska's pharmacy. Hot water bottles, syringes, nipples etc. adv.

John Jelinek left, Monday, for a business visit in the cities, in regard to his spring and summer line of suits.

Headache—eyestrain causes it. Dr. E. C. Roberts, optometrist, will be at Agnes Hotel, Friday, May 6th.

Notify Roy Carlson of anything you will contribute for the Red Cross "White Elephant" auction on May 4.

Misses Olga Olson and Julia Glasow of the telephone central force visited with friends in the cities Sunday and Monday.

Mrs. Meister returned to St. Paul last Saturday, after spending a few weeks at the home of her daughter, Mrs. Ayers.

Every Saturday and Sunday nights the Family theatre has a man to watch cars and see that nothing is disturbed in cars.

The A. W. Schumachers expect to move into the Schofield home for the summer as soon as the latter leave for Dakota—after the close of the season.

Mrs. Chas. Utter and little nephew came up from St. Paul last Saturday and are spending the week at the home of her brother, Contractor Joselin.

Allen Lindquist, formerly employed by the Eastern Minnesota Power Co., left Monday for St. Paul with the intention of joining the Marine corps.

Sunday at the Family theatre matinee and night. Texas Guinan as "The Tigress" in "The Gun Woman," trails bandits with Walls Fargo Detective. Matinee at 3 o'clock.

Helle Bennett and J. Barney Sherry in a 7-reel special feature, "A Scull in Trust," a story of life in Washington society and politics Saturday matinee and night at Family theatre.

John Richards drove down from Sandstone yesterday and expects to be here most of the time for the next couple of weeks, at least, assisting E. R. Duxbury in his land business.

Mr. and Mrs. Frank Pofert went to St. Paul last Saturday to visit relatives. Mr. Pofert returned Monday morning while Mrs. Pofert remained and will go to the St. Joseph's hospital for medical treatment.

County Auditor Hamlin returned, Monday, from Hammer, S. D., where he was called by the sickness of Miss Edith, leaving her much improved though she had suffered severely from an attack of pneumonia.

Articles to be auctioned at the Red Cross "White Elephant" sale on Saturday of next week, May 4, may be left at the Mercantile store, except live stock of all kinds which must be brought in by the givers on the morning of the sale.

John Jurgens of Friesland was in town, Monday, making arrangements to complete his filing as a Nonpartisan candidate for the legislature from this district. John is a farmer, his place being a couple of miles directly east of Friesland.

George McKay from Hinckley has accepted a position with the Pine City Hardware Company and began work here Monday. He expects to move down. Both Mr. and Mrs. McKay will prove an addition to our village in many ways when they get settled here.

W. W. Clark recently marketed a hog which, so far as we know, beats the record for this locality. The animal was a pure bred Berkshire, weighed 600 pounds, alive, and brought over 410 on the St. Paul market where it was shipped.

The Cambridge North Star contains the announcement that C. H. Sutherland, formerly of this place and who recently disposed of his store at Cambridge, left with his wife, Tuesday, for Seattle where her folks reside and whence he expects to leave to join the colors.

Internal Revenue Collector D. L. Rankin was in town, Tuesday, looking after the 10 per cent tax on gross

Why a Book of these "A. B. A." cheques is the handiest way to carry Travel funds

American Bankers Association Cheques are readily accepted by hotels, railroad and steamer companies, and the best purchase. This makes them so convenient to use in payment of travel bills as coin or currency.

Another convenience is in the simplicity of identification. All that is necessary is the countersignature of the owner in the presence of the person accepting the cheques.

The compactness of a wallet containing convenient denominations of \$10, \$20, \$50 and \$100, makes the Cheques easy to carry.

They are the safest travel or emergency "money" also.

DE LAVAL

CREAM SEPARATOR

Lots of your neighbors are using De Laval. Have you ever asked any of them how they like their machines?

Their judgment and experience ought to interest you. Why not make a few inquiries?

You'll find that in every case the De Laval is giving more cream and better cream; that it is easiest to operate; very seldom gets out of order and never seems to wear out.

Your neighbors will back up what we have been telling you about the De Laval.

So will any of the 2,125,000 De Laval users.

Talk it over with your neighbor.

We will sell you a NEW De Laval on our terms. Come in, examine the machine and talk it over.

Seeds! Seeds!

This season the Farmer and Gardener will be serving their best interest by buying seeds early. I have a big supply of seeds, both for the Fields and Garden. But the demands are heavy, and those who leave off purchasing till late, may not be able to get what they want.

Just now we can fill your orders for any amount of clover, timothy and seed grains and have a limited supply of seed corn for this climate, and our line of garden seeds and bagas, mangels, sugar beets, etc., is complete and the seeds we offer are from the most reliable houses, and while prices are above other seasons, we will fill your orders for anything in our line, as low as you can purchase reliable seeds anywhere. I am here to treat you fairly, and our aim is always: Good Seeds at a Fair Price.

MADDEN'S SEED STORE

Pine City, Minnesota

When we refrain from buying anything We can get along without and purchase WAR SAVINGS STAMPS

We

"Help the government win the war."
 "Get our money back with interest when the war is over."
 "We will have learned the lesson of thrift and will have acquired the habit of saving, making us a better nation then ever."
 "We will have the satisfaction of knowing that we have done something that helped to make this country—of which we are all so fond and to which we are all devoted—to be victorious, and that we have substantially backed up our boys that have gone to defend our rights."

earnings of January since November, last, particularly the fact that so one hundred and one of the proceeds of all the dances ever given for the public benefit.

Phil Bliskey and family arrived Tuesday and are getting settled in the Challen cottage, recently purchased by Jack Heywood, while he is visiting, ranging the stock in his store, to be opened next week in the room which has been occupied for some years by the leader store.

Since the list of donors to the Community service banner was published on April 11th, the following contribution have been received: Mesdames J. M. Gray, B. B. Wells, and Jack Heywood. Also, about 100 have been ordered to the hammer for some whose names will be given later.

Lowell Boyle of Gettysburg, S. D., arrived a week ago for a 10-day visit at the home of his uncle, J. D. Boyle. Mr. Boyle is an accomplished violinist, assisted on the program given by the H. S. orchestra, last Friday evening, and will go with the organization to Graston, tomorrow—Friday—evening when it will repeat its performance.

A shower was given in the honor of Mrs. H. P. Anderson, formerly Miss Mary Shoberg, Monday evening, at the Holmberg home by Mrs. Holmberg and Miss Mary Korbel. About 100 were present who enjoyed the evening playing cards. The reception room was beautifully decorated for the occasion and a very delicious lunch was served. Mrs. Anderson was presented with a beautiful carving set.

The flag pole at the Teich school, north of town, was raised the first of the week. The flag was a gift to the school by August Wickstrom, the pole by I. Chmelik, the hauling, peeling and painting being done gratis by Ed Kruse while Ed Neiser furnished rope and extras and the four combined efforts at the raising. These men are to be thanked, not alone that community but of people everywhere for their work.

The "White Elephant" auction for the benefit of the Red Cross, which is to be held here on Saturday of next week, will be the biggest event to secure money to care for Our Boys over there ever held in this place. The sale will open at 10 a.m. and is expected to have two auctioneers at work all day. There will be all kinds of things offered, from needles and nails to chickens and cattle and colts. Notify Roy Carlson, manager, of anything you can give to the sale.

Miss Julia Becker of this place and Edward Wahlstrom of Virginia were quietly married Monday afternoon, April 15, at the home of the bride's father, by Rev. Hare. The young couple left, the following day, for a week's visit in the cities from whence they left for Virginia, where Mr. Wahlstrom was employed as a bookkeeper by the Oliver Mining Co. They will remain at Virginia until tomorrow when Mr. Wahlstrom will join the colors and reside here with his wife. The young couple received the best wishes from their many friends, both here and at Virginia.

The lecture on conditions on the fighting line in France, given by Serg. Billy Moore in St. Mary's hall, last Saturday evening, was attended by slightly more than 200 people—not a third of the number that should have been present to hear the first man, direct from the trenches, to depict war as it is, in Pine City. Moore isn't much of a lecturer but the interesting and valuable connection is that he has been in the trenches over there, that he has gone "over the top," that he knows what a shell burst, a gas attack and a bayonet thrust in real battle mean, that he has seen his comrades mowed down about him and has lost a leg himself—and he tells these things like a very human sort of a man, even though his voice does sometimes resemble stage tragedy a trifle. It is we who need to learn these things for we have boys over there who will be up against the same thing—may be now, for all we know—and it will help us if we realize. The Welsh songs who accompanied Moore were fair. The evening was enjoyed by everyone who attended, because of the general deep interest in the subject.

The Family theatre was filled, last Friday evening, to hear the concert by the high school orchestra under the direction of Miss Mary Keel, which was excellent and thoroughly enjoyed. Quite a varied program was presented, including the difficult "Berceuse" from Gouard's opera "Joelmy," the well known waltz, "Bliss Danube," the waltzes, the intermezzo "For a Rose," the overture from the opera "Treasure Island" and others, besides solos and duets with orchestra accompaniment, in every number of which the organization acquitted itself most creditably and gave everyone present a thrill of pleasure and pride that our town boasts of such a musical body among its young folks. Mrs. Lowell Boyle of Gettysburg, S. D., who has charge of violin instruction at the Yankton university in that state, was present and added two highly appreciative numbers to the program, on both of which he was enthusiastically endorsed. Encores were also liberally sprinkled over other parts of the program and would have been the rule but for the disinclination of many to extend the program to too late an hour. The organization includes Frances Crowley last violin, Ethel Carlson 2nd violin, Ellabeth Roberts cello, Faith Pennington piano, Harry Patschek clarinet, Lorille Boyle cornet, Richard Duxbury saxophone, DeWitt Gettys drums, Miss Mary Keel director. The orchestra treasury was benefited to the net extent of \$40.25 but the village as a whole gained much more from the evening's performance. They will play at Graston tomorrow—Friday—evening.

Supremacy In The Air!

OVER THERE IN FRANCE, nations are spending millions, and men in the aviation department are giving their lives that the Aviators may remain supreme in the air. One of the chief duties of an Allied Aviator is to locate and destroy the source of the deadly poisonous gas sent out by the enemy.

OVER HERE IN AMERICA, The King Ventilating Co., is spending hundreds of thousands and men in their engineering department are devoting their lives and the study of scientific ventilation that The King Aerators may remain supreme in the air. The chief duty of a King Aerator is to locate the source of the deadly poisonous gas given off by livestock and green hay in barns and not, of course, destroy the source, but to convay this poisonous gas from the barn out into the upper atmosphere, where it can do us no harm and will become purified.

The New Flaring Base on The King Aerator

makes a saving of \$20.00 for the ordinary barn. Be sure and come in and see our working model and know why. There are many kinds of ventilators. There is just one Aerator—that is the King.

Money placed at interest works day and night—in wet and dry weather. Just like KING AERATORS.

OUR DEFENSE

In the spring we may be attacked at this time. Toxic poisons pile up within us after a hard winter, and we feel "miserable," tired, and discouraged. It is the time to put our hands in order—change the system and put fresh blood into our arteries. You can obtain an alternative extract from blood root, Quinine bark, sold into a sugar-coated tablet, rolled by most druggists, in sixty cent vials, at Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of vigor. It will fill you full of vim, vigour and vitality.

Children, when other people feel warm and cozy in their homes, are in a state of distress—so is a mother, who has a child who has a fever, who has a child who is debilitated, who has a child who is suffering from "Spring Fever." It is the time to put our hands in order—change the system and put fresh blood into our arteries. You can obtain an alternative extract from blood root, Quinine bark, sold into a sugar-coated tablet, rolled by most druggists, in sixty cent vials, at Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of vigor. It will fill you full of vim, vigour and vitality.

PATENTS

Let Everybody Do It. A correspondent of the Minneapolis Journal writes to say that he has voluntarily reduced his consumption of wheat, oat and sugar by 30 per cent. Under compulsion, he says, he would gladly reduce it by 60 per cent or even more, for then he would be assured that everybody was doing it, whereas now there is every possibility that some two-farthing man, who is not nobling up or wasting all that he saves. This constant urge to voluntary sacrifice places all the sacrifice upon the good citizen, while the unproductive citizen goes free. The principle is undemocratic; which is to say that in a democratic country it is entirely wrong. Only through compulsion in food consumption can justice be done to the sacrificing patriot.—Winup's Telegram.

Itching Burning Skin. For eczemas, rashes, itching, irritations, pimples, dandruff, sore heads, and baby humors, Cuticura Soap and Ointment are supremely effective. For free samples address "Cuticura, Dept. X, Boston." At druggists and by mail. 50c. 25c. Ointment 25c. and 50c.—Adv.

TABLE TALK AT ITS BEST

Excellent Recommendations From Those Who Were Recognized as Highly Proficient in the Art. "Table talk," says Litch Hunt, "to be perfect should be sincere without bigotry, differing with decorum, sometimes grave, always agreeable, touching on deep points, dwelling most on reasonable ones, and letting everybody speak and be heard." There is a story of a Frenchman at one of the breakfasts who listened to Macaulay's endless eloquence, and seeing another talker waiting his chance, fastened his eyes on Macaulay and muttered, "Sit down, it's your turn." In regard to the quote two opinions are given. "He who stored his memory with slight anecdotes, private incidents and personal peculiarities," according to Doctor Johnson, "seldom fails to find his audience favorable." "Of all the horrors," exclaimed De Quincy, "there is none so fully heinous to him, and heaven in its mysterious wisdom suffers to propagate his species, the most insufferable is the teller of good stories."—Exchange.

Proving Nothing. "I pride myself on always getting to the bottom of a thing." "That's nothing; so does a barometer."

Not Quite as Good. "What did papa do when you asked him to give you my love?" "He put down his foot."

A Package of Grape-Nuts teaches food conservation. Saves FUEL SUGAR TIME WHEAT AND WASTE. SOLD BY GROCERS.

News of the State

Condensed for Busy Folks

Minneapolis—J. H. Johnson, a veteran schoolmaster of thirty-six years, died yesterday at his home, 1000 Hennepin Ave.

Chicago—The largest class in the history of the local high school, forty-five, will be graduated this year.

Minneapolis—Special class classes for drafted men who have not yet been called out will be continued all the day of the first day of the summer.

Chicago—A two-days auction here netted \$3,000 and the proceeds, to show their hearts are in the war, over-subscribed their Liberty Loan subscription yesterday in the southern zone of Minnesota, the local promoters in years.

Virginia—Mrs. John Lemie, 82, swallowed some soap and cut her throat at her home, and was hurried to a hospital, where it is reported her condition is critical. Her health is the cause assigned.

Waseca—Henry Baker, 57, hanged himself in the barn where his wife was in town shopping. As his wife went away, he said, "Goodbye until we meet again." He left a note in the house, saying that his body would be found. He was 79.

Hutchinson—Every town and village in Mitchell county over-subscribed its Liberty Loan quota of \$10,000 to \$40,000. Reports show the farmers' local purchases and the selling break in German districts.

St. Cloud—Judge Rosser in the Pleasant-Groves case, a contest between the heirs of Nivaldo Hentzel for the possession of an estate of \$9,000, ruled that the property be sold and evenly divided among the heirs.

Willow River—Miss Rose Dunn is being treated by a physician for an injury she sustained when an automobile struck her while she was driving. She is recovering.

Paynesville—Dr. Arndt of Paynesville received a telegram from Washington ordering him to report for service in the medical corps. He will leave for the front in a few days.

St. Paul—Local board allotments under the latest draft act of the United States are being made. The board is organized in 18 battalions, comprising 25 companies in each.

St. Paul—The Federal Food Administration requires that everyone who has more than 30 days supply of wheat flour to return the flour at once to the dealer or miller from whom it was purchased or report to his county food administrator. This order applies to all flour, whether or how the flour was obtained.

St. Paul—Disloyalty cases against Carl P. Grossnickel and George W. Freiers, both of Ottumwa, led to charges of orally advocating that citizens should not aid the government in the prosecution of war, today were set for argument June 4 at the state supreme court.

St. Paul—The health department is awaiting the arrival of equipment with which to take the city health census. As soon as it is received a representative of the state board of health will be here and will write the names of the local health officials, inspect all milk that is being sold.

REST ROOMS FOR NEEDS OF WOMEN

Clubs Work With Local Organizations to Establish These Conveniences.

FINANCING IS NOT DIFFICULT

Furnishings of Well-Equipped Room Should Be Simple, Comfortable and Durable—Members Donate Pieces of Furniture.

Rest rooms have been established in more than 200 counties in the United States to meet the needs of country women in town on business. They provide a place where the farm woman has a right, without asking any favors, to the use of facilities for rest and refreshment. They have been established by women's rural organizations in cooperation with other local organizations, with individuals, and with village, town or county authorities.

Representatives of the United States department of agriculture are glad to give assistance to organizations of women desiring to establish rest rooms. Specialists are particularly interested in providing such quarters for women in marketing centers. A recent publication of the bureau of markets, "Rest Rooms for Women in Marketing Centers," discusses the plan and gives specific advice on the various details. Frequently the county home demonstration agent or county agent may be able to aid in the enterprise.

Private solicitation and a county appropriation enabled the establishment of a rest room for country women at Pleasant Grove, Minn. The furnishings of the room and the maintenance were provided by an organization composed of a number of rural women. One hundred and fifty dollars was appropriated from county funds and a like amount from town funds to pay the cost of the rent and heat of a convenient room, as well as the cost of the building. For furnishing the room the county home demonstration agent and the monthly expenditure increased from \$60 to \$100 a month. The total rest room was built from profits from a restaurant established in connection with the rest room and by utilizing space for a woman's exchange. The total rest room was built from profits from a restaurant established in connection with the rest room and by utilizing space for a woman's exchange.

Flour should be kept in a cool, dry place. A tablespoonful of melted butter is measured after molting. An article to be fried should be warmed and thoroughly dry. There is nothing better for broiling than a double broiler. In winter the flour should be warmed before mixing the bread.
