

ANY MORE BIDS? IGNORE LOW BIDS Three Commissioners Throw Money Away

CALLS PARLEY FOR FARM AID

Washington—President Harding in a letter to Secretary Wallace of the Department of Agriculture, asked that the secretary call a national conference at Washington "to suggest practical ways of improvement" for "the severe agricultural depression which exists throughout the land."

WALLACE WIRES BIDS

Representatives of Agricultural and Allied Industries to be summoned; President Proposes Two Topics for Study.

Washington—President Harding in a letter to Secretary Wallace of the Department of Agriculture, asked that the secretary call a national conference at Washington "to suggest practical ways of improvement" for "the severe agricultural depression which exists throughout the land."

Prompt action was taken at the Department of Agriculture in response to the request, telegraphic instructions being dispatched immediately to a number of organizations and individuals whose attendance is desired at the gathering.

Secretary Wallace said that the date of the conference had not been fixed nor a complete invitation list made up. It is expected, however, that the conference will be held within a month, and that in addition to farmers and their organizations in various sections, directly and indirectly with agriculture will be called in to assist in the efforts to improve conditions.

Early Date Held Likely. Secretary Wallace said that the date of the conference had not been fixed nor a complete invitation list made up. It is expected, however, that the conference will be held within a month, and that in addition to farmers and their organizations in various sections, directly and indirectly with agriculture will be called in to assist in the efforts to improve conditions.

President Harding said in his letter to the secretary that he is willing to agree that there would not be any direct and constructive suggestions, but that the severe depression under which is our present condition of our productive citizenship is stragglng. It is assumed that a conference may be made a very helpful agency in suggesting practical ways of improvement, particularly if brought into connection with the helpful investigation which has been begun by a congressional commission committed to a related work.

Proposes Two Topics for Study. The President further suggested that the conference might discuss its work in two sections, one for consideration of our present day difficulties, which though temporarily serious and need objective attention, while the second could deal with a survey of the future in an effort to determine in general policies.

SENATOR PENROSE STRICKEN

Attack of Heart Failure Brings Death to Pennsylvania.

Washington—Senator Boris Penrose of Pennsylvania died in his apartment here. He died from an attack of heart failure.

Senator Penrose was declared by his friends and relatives by his friends to be the most powerful leader of the conservative element of the republican party.

From the time he entered the political arena, a constant for state responsibility from the rights of citizenship in 1884, supported by William Gray, then boss of Pennsylvania, whose influence gave him the appointment of political power either then or later.

MORE FUNDS FOR FARMS

Minnesota Gets \$20,000 in Latest War Finance Advances.

Washington—The War Finance Administration has approved and five state war bonds, aggregating \$20,000,000, during the week ending December 31, 1921, as announced by the War Finance Corporation.

From December 29 to December 31, the board said, it approved \$22,000,000 of these war bonds, aggregating \$22,000,000, which included: Minnesota \$2,000,000; Illinois, \$10,000,000; South Dakota, \$4,000,000; Wisconsin, \$2,000,000.

\$1,000,000 THEFT EXPOSED

New York—Alfred Robinson, chief of the New York State Police, said today that a \$1,000,000 theft from the state bank at Franklin was disclosed by army intelligence officers after the arrest of a New York employee.

At the same time, the officers said, they had discovered that \$100,000 of the money had been smuggled out of the state.

What One Reader Thinks

Grasson, Dec. 29, '21. The Pine Foker—Pine City, Minn.

Dear Sir—Enclosed find check for \$15.00 to pay for The Foker for 1 year. Please extend my subscription 1 year from date of expiration.

You are printing a very good paper, and are deserving of the support of every citizen of Pine County.

Wishing you a happy and prosperous New Year, I am
Resp. Yours,
L. O. COTE.

Sheriff Hawley in Gun Battle

Sheriff Hawley received a bullet in the right hand, when he attempted to arrest Art Hoffman in the court house, last Saturday afternoon.

Hoffman had walked into the office of County Attorney Edberg, and after drawing a gun, had shot Sheriff Hawley. Mr. Hoffman told him he didn't have the money money with him, but would go and get it from the county trustee.

Hoffman permitted Roberts to leave the room to get the money. Mr. Roberts went down stairs and informed Sheriff Hawley of Hoffman's actions.

The sheriff went up, when he opened the office door, Hoffman started shooting. One of the bullets hit the sheriff's right hand, between the fingers, which were grasping his gun, into the palm of the hand and lodged in the wrist.

Mr. Hawley then took his gun in his left hand and returned the fire, eight or ten shots being fired by each of the men. Hoffman was hit and fell to the floor. The sheriff's children Hoffman was out of commission, went downstairs to have his injured hand attended to, and told some of the men there to get Hoffman and bring him back.

John Wilcox, Auditor Edin, and others went up to see him. The sheriff opened the door to go to see Hoffman, but he was shot. He was shot in the chest and fell to the floor. The sheriff's children Hoffman was out of commission, went downstairs to have his injured hand attended to, and told some of the men there to get Hoffman and bring him back.

ANOTHER EXAMPLE OF THE WAY TAX PAYER'S MONEY IS SPENT

Accept Bid for County Printing that is Almost Double Either One of Two Lower Bids

The first official act of the newly elected chairman of the county board—Guy Anderson—was to declare the motion carried which awarded the county printing for 1922 to the Askov American, at a cost of 85c per folio for the first 10,000 folios, and 10c per folio thereafter.

The Askov American, at a cost of 85c per folio for the first 10,000 folios, and 10c per folio thereafter.

made many a fight in the past for the lowest bidder on county printing regardless of who he might be.

One of the newspaper men asked if two members of the board could award the contract. He was informed that as Com. Hancock had voted, they could. He then asked for a fair discussion of the matter, which was not only very emphatically denied by Com. Stepan, but was also very emphatically denied by Com. Stepan.

The discussion then became general. With the exception of the successful bidder, the newspaper men all asked for a fair discussion of the bids received, asking for less "retrograde" and more business.

"At this point, the well named 'kick' of the newspaper men, to his feet and made a lengthy oration about service, etc., and claimed that he was the 'leg' that put the salt in the sea' or something—at any rate he had handed the printing job before the bids were opened.

As a matter of fact, one of the commissioners who favored the Askov American, informed us two weeks ago, that the American would receive the printing at their own figure.

Again we ask—
"Why ask for bids."

Commissioner Hancock informed the board that he would place the names of women on the jury list from his district. This announcement brought forth exclamations of final protest from some of the members who were of the opinion "it was no place for women" Commissioner Stepan was of the opinion it was a needless expense, as it would cost the county a "heap" of dollars to fix up accommodations.

After a struggle of many years, the women of America were given the right to vote. There are still many men who begrudge them that right. We personally commend Commissioner Hancock for the stand he has taken. Active participation of women in county, state, and national affairs might lead toward the betterment of those affairs.

Alfonso Net Coming to U. S. Washington—The Spanish embassy denied formally that King Alfonso plans a visit to the Western hemisphere, which, according to reports, was to have included a tour of the United States.

Attend Meeting at Grantsburg

Quite a number of local business men, together with the county commissioners, attended a meeting at Grantsburg yesterday. The meeting was called for the purpose of further discussing the location of the interstate bridge, which it is proposed to build across the St. Croix river.

Representative of the Wisconsin state highway department was present, and stated it was necessary, under the Wisconsin law, to hold a meeting. There was no objection from the Minnesota highway department.

Considerable discussion took place which was finally closed by the Wisconsin engineer stating the bridge would be built on the Wisconsin side, and that the Minnesota engineer would call for the best available type of money.

Carolina Trio Coming

The fourth Wisconsin coming to the aid of the poor in the Family Theatre, next Tuesday evening, January 10th.

The Carolina Concert Trio, the attraction for that evening, will be members were born in the south. They also include in their program a wide variety of high class musical comedy as has ever been heard on a Lyceum program.

Slash County Doctor's Salaries

After granddelinquency, throws a few hundred dollars to the school board evidently thinking they must make the money up somehow, says the board's salaries for county work.

Dr. Walter was cut from \$180 to \$150.

Dr. Dodge and Bohling of Sandstone had their salaries lowered from \$150 to \$100.

Dr. Ehme of Willow River was cut from \$225 to \$150. Stepan objected to so much of a cut as the doctor has such a large territory to cover. Hancock and Oakland wanted the territory, but stated Dr. Water had a much larger population, and was of the opinion that it was burning their district, not territory.

Dr. Stephan of Hinckley, who doctors the patients at the program, was raised from \$200 to \$450.

Dr. Eugene M. Askov was reappointed chairman of the county board of health at a salary of \$200 per year.

"Uncle Tom" Here Sunday

The first "Uncle Tom" that ever visited the Pine City was seen on Tom Moore's stage, Golden Pines, "The Boy" He is Nick Gately, and is the proprietor of the old-fashioned theatre of the city.

Dr. Walter was cut from \$180 to \$150.

Dr. Dodge and Bohling of Sandstone had their salaries lowered from \$150 to \$100.

CONGRESS STARTS '22 GRID

Will Probably Be Most in Session in 30 Years.

Washington—Congress started on the 12th of January, 1922, and with the prospect that it may be kept steadily at work until late in the session.

Prominent People

Tokugawa Says He's for Peace

Declaring that Japanese "nationalism" is a thing of the past, and calling for the injection of American ideas into international affairs, Prince Tokugawa of the Japanese conference delegation, delivered a remarkable speech in Washington at a "good will" service held at the Church of the Government, under the auspices of the Federal Council of Churches.

Prince Tokugawa described the task of the Washington conference as religious, told of the development of Christianity in Japan and then stressed his surprise with a declaration that the spirit of Japan had changed with the advancement of the world and looked confidently toward the future, in the belief that international understanding would prevail.

"Japan," said the prince, "has come to the conference intending to offer upon the altar of international peace the scolding influences of war and charity without jeopardizing her safety of existence."

There had been much heard about militarism in Japan, Prince Tokugawa asserted, but the history of Japan's foreign relations would be readily understood in order to appreciate the circumstances which have brought her to this conference.

"Then," he continued, "you will know how to sympathize with Japan instead of assuming a critical attitude toward her."

Edwards: Small Case Judge

The case of Governor Small of Illinois has attracted national attention. Naturally there is much curiosity as to the personality of the presiding judge, Charles C. Edwards of Washington, D. C. For Washington is a pretty small place for a big case. Is he a political jurist "out of the states," one whose knowledge of the workings of Sir William Blackstone is vague, but whose intuition as to political conditions is strong? Is he what the average Chicagoan calls a "brute" or a "chick?"

He is not, rest assured of that. At the average Chicago man dressed as intelligently and as quietly, the reputation for downliness possessed by the large city at Lake Michigan's head would be considerably improved. Although born and reared on a farm near Greys Lake in Lake county, Judge Edwards spent five years of his early legal life in Chicago, paying particular attention to criminal procedure.

Does he know law? Well, the erudite Charles C. Le Forgoe, chief counsel for Governor Small, has been surprised at the court's familiarity with citations he has made.

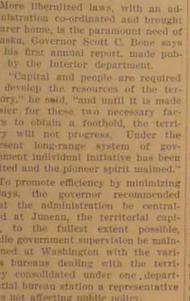

Government Begins at Home

More liberalized laws, with an administration co-ordinated and brought nearer home, is the paramount need of Alaska, Governor Scott C. Bone says in his first annual report, made public by the Interior department.

Capital and people are required to develop the resources of the territory, he said, "and until it is made easier for these two necessary factors to obtain a foothold, the territory will not progress. Under the present long-range system of government inefficiency has been halted and the pioneer spirit unimpaired.

To promote efficiency by minimizing delays, the governor recommended that the administration be centralized at Juneau, the territorial capital, to the fullest extent possible, while government supervision be maintained at Washington with the various bureaus dealing with the territory consolidated under one departmental head. He suggests that each essential bureau station a representative at Juneau, empowered to act on all matters not affecting public policy.

Winners of 1921 Nobel Prizes

The Nobel Peace Prize for 1921 has been awarded. It was divided between Helmer Branson, premier of Sweden, portrait here, and Christian L. Lange of Norway, secretary of the Interparliamentary union. The Nobel prizes in literature and chemistry were given to Anatole France, noted French author, and Professor Walther Nernst of the University of Berlin, respectively.

Helen Hunt Jackson, resident California leader and champion of Indian social activities for many years, has been permitted to see the document announcing her as the winner of the World War. At both the 1920 and 1921 sessions of the League of Nations assembly, she was chairman of the assembly committee on disarmament and had March was appointed a member of her assembly. Her husband, Charles Sumner Ripley, a paper manufacturer who was the Progressive candidate for governor of Massachusetts in 1912.

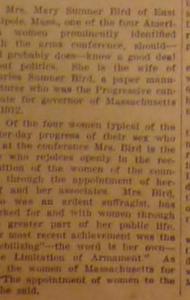

Of the four women typical of the latter-day progress of her sex who sat at the conference Mrs. Ripley is the one who refused openly in the opinion of the women of the world through the appointment of her husband as an arbitrator. She worked for and with women through the greater part of her public life. Her most recent achievement was the "mobilizing" of the world for the "Limitation of Armament." As "the woman of Massachusetts" she said.

Mrs. Bird Proud of Her Place

Mrs. Mary Sumner Bird of East Waukegan, Mass., one of the four American women prominently identified with the peace conference, stoutly and probably does know a good deal of politics. She is the wife of Charles Sumner Bird, a paper manufacturer who was the Progressive candidate for governor of Massachusetts in 1912.

Of the four women typical of the latter-day progress of her sex who sat at the conference Mrs. Bird is the one who refused openly in the opinion of the women of the world through the appointment of her husband as an arbitrator. She worked for and with women through the greater part of her public life. Her most recent achievement was the "mobilizing" of the world for the "Limitation of Armament." HAPPENINGS IN GOPHER STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Terasly Chronicated for Their Benefit.

Sherburne—Patrick Helm, aged 43, died here as a result of a fall of 10 feet in a local garage.

Hammond—August Beltz committed suicide by poisoning. He had lived here all his life and was a laborer.

Duluth—Patrick Boran, aged 71, twice police chief of Duluth and later a paving inspector, is dead at his home here.

Baraboo—Fire destroyed the \$75,000 high school building here. A library costing \$4,000 donated by C. G. Johnson, Duluth board of trade, was totally lost.

Minneapolis—The 500 men employed at the Kenwood shops of the Minneapolis & St. Louis railroad returned to work. The shops were shut down Dec. 21.

Duluth—With a pistol slipped in the right hand, the frozen body of John Sears, aged 35, was found in an alley here. Police believe he committed suicide.

Winona—A free dental clinic for school children of Winona county will be opened at the state teachers college here under the auspices of the Winona county public health association.

St. Paul—The Minnesota Tax commission is sending out bills for the occupation or tonnage tax to the mining companies. Reports must be filed by February 1. This will show the result of the first year of tonnage tax revenue.

Lamberton—Arrangements for the reopening of the State Bank at Lamberton soon will be completed. It is reported several New Ulm capitalists will reorganize the bank.

New Ulm—A man probably would be named as cashier.

St. Paul—A vote of 21,349 to 15,223, voters refused to adopt the proposed new city charter. To win this special election the new charter would have required 60 per cent of the voters cast. It failed to obtain a majority by 4,426.

Hibbing—Attracted by reports of alleged discoveries of gold in northern Minnesota, John A. Moe of Fairbanks, Alaska, mining operator, arrived here to make investigation of the claims with a view of obtaining capital for development.

Candy—Rev. Gilt Ivers, for many years pastor of St. Paul's Norwegian Lutheran church here, celebrated his 80th birthday. A large number of pastors from the surrounding territory gathered here to assist the aged pastor in observing the day.

Collegeville—Right Rev. Albin Dautsch is Abbot of St. John's abbey and president of St. John's university, as the successor of the late Peter Engel who died Nov. 27. He was elected at a meeting of 116 priests belonging to the abbey in Collegeville.

Minneapolis—Nursery products marketed in Minnesota in 1921, according to a government census bulletin brought \$4,400,000 and houses of the state sold \$1,357,163 worth of products. The state ranks 11th in the class of products.

St. Paul—Indorsement of establishment of the New York regulation requiring fraternal insurance societies to frequently value their certificates and ascertain the amount of their reserves and disapproval of the "incontestable law" proposed in the last Minnesota legislature was voted at a convention of delegates to the Minnesota Fraternal congress at the Saint Paul hotel.

St. James—Four humans here were burglarized and lost to the amount of several hundred dollars taken. At Rev. M. K. Hartman's residence the children's savings banks, clock, a \$35, and a ring valued at \$25 were taken. From Seth Backlund's home were taken a watch, a clock, a wrist watch and other articles, while from C. E. Leonard's jewelry and money was taken. Fred Manning held, he said, his best pipe and a pig from the toebak.

St. Paul—With a fair labor and investment return, farmers of America will gladly underwrite the permanency of American business and American living, fulfilling the largest contract ever made—that of feeding and clothing 110,000,000 persons with American standards of living. This was the message of James R. Howard, president of the American Farm Bureau federation, who spoke at the 41st annual convention of the Minnesota Farm Bureau federation at the University farm.

St. Paul—Chairman Charles R. Adams of the republican state committee issued a call for a meeting of the county legislature, Jan. 7, at the Saint Paul hotel. This is the first time in the 1921 state campaign. The call states that the meeting is convened for the purpose of "calling and arranging for a state convention" as provided by new election law.

St. Paul—The Marquette college endowment fund, collection of which was begun two years ago, totals \$1,452,000, President H. A. Ford told the board of trustees at the semiannual meeting.

Hibbing—Basing the prophecy on the fact that within recent weeks more than 100 applications had been received for licenses to prospect for iron ore on state land on the range, D. C. How, deputy state superintendent of mines, declared he hoped that the new year would witness discovery of additional bodies of iron ore on the range.

Minneapolis—Minnesota democrats will be asked to subscribe \$4,000 for the share of the United States Democratic national committee. It was announced by Fred R. Whetton, Minnesota member of the committee.

Laverne—B. D. Nelson, a prominent citizen of this city, and for years active in politics, has purchased the Manhattan hotel here.

Hibbing—The Letham and South Avenue clubs opened here, giving employment to many. Other clubs are expected to be opened soon.

Moorehead—One of the first steps of Moorehead businessmen in the new year was their promise to assist hoodlum fans of the city in putting over a Moorehead hockey team.

Duluth—Employees of the Twin Ports Electric Lines, operators of street cars in Duluth and Superior, were notified of a 10 per cent wage reduction, effective January 15.

Minneapolis—Professor E. J. Jock, head of the department of anthropology at the University of Minnesota, has been made a member of the National Research Council for Anthropology.

Laverne—Voters of Magnolia avenue miles east of here, at a special election defeated a proposition to issue \$11,000 in bonds to provide a 24 hour electric light service. The result was 24 for 3 against.

Duluth—The Workers' Socialist publishing company, publishers of The Industrialist, convicted of criminal syndicalism, was given the maximum fine of \$1000 by Judge H. A. Dwyer in district court.

St. Paul—E. W. Miller, recently appointed federal supervisor of the main stockyards, has arrived to take up his new duties. The date when the federal government will take over the yard has not been announced.

Hibbing—Many deer are being killed by hungry wolves, according to reports from trappers. Partially devoured deer are being found in the Lake Vermilion district. The wolves are more numerous this year than ever.

Fairmont—No man can live or do business on promises, cash and cash alone, counts," declared the Martin County Businessmen's association in a public notice dated, beginning Jan. 1, the 30 day credit plan will be in force in this city and county.

Moorehead—Speaking before the annual convention of the Laverne's Home association, Rev. J. B. Patrick, of Mount Vernon, Ohio, said the reason the church has failed is that "it has got her eye on the dollar, the pipe organ and the high steppie."

Hudson—Ben Parley, a teamster, employed at the state hospital for the insane, was seriously injured when a patient side up behind him and struck him on the head with a stick. The blow crushed the skull and a piece of bone penetrated the brain.

Duluth—Captured by a policeman as he was removing merchandise from a West Duluth store, an unidentified burglar, handcuffed, aided by a armed accomplice, escaped after a speeding police car and escaped after being severely shot at the officers.

Hibbing—Decor Polkman of this town is in the Rood hospital here minus the whole of his upper row of front teeth. Mr. Polkman was cranking his car preparatory to returning home after a visit when the crank balked and hit him in the mouth.

Minneapolis—A school for postmasters in small cities of Minnesota and electrical accounting machines for postal gross orders cascaded in Minnesota and the Dakotas were two in situations inaugurated at the Minneapolis exposition in a plan of decentralizing business from Washington.

Whoston—At a joint meeting of the Breckock breeders association and the Traverse County Agricultural society it was decided to build a sales pavilion on the county fair grounds. The building is to cost \$1,500 and will be ready for a series of livestock sales which will take place in February.

St. Paul—A slight increase in the taxes for 1921 to be collected in 1922, is shown in the reports of 34 of Minnesota's 86 counties to Ray P. Chase, state auditor. This increase is in spite of the fact that the state taxes have been lowered, the tax for state governmental purposes having been eliminated.

Jasper—The Highland church in the country southwest of here was destroyed by fire of incendiary origin. When farmers reached the scene, a stranger was found sitting on the side of the road, watching the flames. The man was taken into custody. It is believed that he has escaped from some insane hospital.

St. Paul—The second annual meeting of the Northwestern Medical Officers' association of the World War will be held Tuesday evening, January 10th in the Palm hotel of the St. Paul Hotel. Officers will be elected, a general get-together meeting held, to be followed by suitable entertainment and a luncheon. The meeting will continue for two days.

Laverne—At the annual Stock County Farm Bureau meeting here, County Agent M. E. Teeter made a report indicating the farmers in this county have begun an aggressive campaign of soil building. He said approximately 25,000 pounds of red clover, alfalfa, sweet clover and alkali seed were purchased by the members of the bureau in the spring of 1921, and more than 40 farmers bought lime for seed for the purpose of enriching the soil.

Hibbing—Handcuffed and closely guarded, Earl Strove, 25 years old, arrived here to spend the remaining days of his life in jail here in the state penitentiary for the slaying of Frank L. Kelly of Manitoba, formerly state legislator, whose character was found in the ashes of a country school near Elk River that had been burned to hide the crime.

Willmar—Rev. Walter H. Stowe has been installed as pastor of St. Luke's Episcopal church here. Bishop Meserve officiated and the altar was blessed at the ceremony, confirmed a class numbering 21.

Laverne—The number of divorces cases in Hennepin county has almost doubled in 1921, while the number of marriages in the county of approximately 20 per cent from the 1920 figure, according to the annual report of the Hennepin county district court issued by Walter A. Ryberg, clerk.

Lacrosse—Jackson's new white water system in the business district of this city is now in full operation. There are 40 lights in the system and they are installed at a cost of \$10,000 after the people had authorized the issuance of bonds for the improvement.

Everything for Sale in the Moscow Market

An everyday scene in one of the public markets in Moscow. Everything from a pin to a passport is for sale here.

Columbia Has Rope Tie Instead of Flag Rush

Columbia university has supplanted its old underwear flag rush by a rope tie. The idea, as the picture above shows, was to get some men down and truss him securely so he can't play any more. The class that the most wins.

MISS AGNES PETER

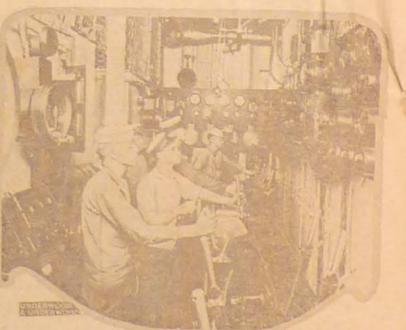

Miss Agnes Peter of Washington, is back.

Permanent Home of Karl Hapsburg

A view of Ball's hotel, Buchari, which is to be the permanent home of Karl Hapsburg, once emperor of Austria, on the beautiful island of Malteira.

Control Room of the Tennessee

The photograph shows the small room in which a few electricians control every movement of the U. S. Tennessee.

ITALY'S WARM FRIEND

Mrs. John A. Drake of New York, recently received a letter from Pope Benedict XV in which his holiness bestowed upon her his apostolic blessing for the work which she has done as head of the American Free Milk and Relief for Italy, Inc. She is wearing the many medals bestowed upon her in Italy.

WORTH KNOWING

A boy's hair grows at half the rate of a girl's.

Pompey collected 450 lions for a single festival exhibit.

The Chinese and New Zealanders believe that red fritigens evil spirits.

One pound of dried tea represents about four pounds of fresh-gathered leaves.

A method of stifling waves in front of breakwaters by an infusion of air bubbles has been patented.

Between 1912 and 1919 nearly \$4,000,000,000 was added to railway property values in the United States.

The Agricultural College of Michigan is preparing to supply radio reports on the market and weather, and even to supply music to the farmers of the state.

Concrete houses in Germany are being built in one operation by pouring in slag concrete at the highest point of the wooden forms that are erected for the whole building.

To simply shake the hands up and down freely from the wrist for a few moments will keep them nimble and at the same time produce a healthy circulation, which will minimize the risk of the color of the finger tips.

Most Right of Ostracism.

One of the greatest practices that can be imposed on a Hindu is that of being ostracized. No man may ever be ostracized, which will minimize the risk of the color of the finger tips.

Care of Hands.

WHY?

Why did Commissioners Stepan, Thomas, and Anderson award the county printing to the Askov American at almost double the bids of The Pine Poker and the Hinckley News?

Why are they throwing away approximately \$1,000 of the Tax Payers' money?

Are they working for the interest of the Tax Payers?

Or is there some other reason? Perhaps they wouldn't consider The Pine Poker's bid, because we had the temerity to discuss, through the columns of The Pine Poker, last spring, the reason for "Pine County's High Taxes."

Possibly it was because The Pine Poker thought the construction of the new "Poor Farm" buildings was a needless expenditure of the tax payer's money.

Or they may have been a little peeved because we opened the columns of The Pine Poker to the public, and have printed letters from tax payers who have taken enough interest in county affairs to discuss county business. But whatever their reason is, why didn't they accept the low bid of the Hinckley News? If they didn't like The Pine Poker?

Was it because the Hinckley News dared to criticize recent actions of the county board?

Is it because the Askov American took the editor of the Hinckley News to task, last week, because the News, ripped certain members of the board up the back?

Are the three commissioners mentioned above in a combine with the Askov American?

If it is necessary to put the county commissioners on the back every time they turn around to get the county printing, we are afraid we shall never get the printing. We will continue to submit bids, however, for county printing, and some day we may get it. Not by asking for it before hand nor by making any promises, nor by praying when praise is not due, but solely on the merits of our bid. That's the only way we care to handle county printing. Our policy will be in the future, as it has been in the past, "To work for the best interests of the county as a whole." To criticize when we think criticism is needed, and the columns of The Pine Poker are always open to our readers, to discuss public affairs in a good clean way, even if there are a few who don't like that policy.

Winter's Lament
 Of all the ills with which Man

curled the winter furnace is the worst. On balmy days it rolls up heat, but balks on days of cold and lead. And ever when my wife complains I do not take sufficient pains nor use my substitute for brains, once more the furnace mouth I stoke, once more the iron bar I poke among the cinders, ash and coke. I bend my frame at its equator and operate the agitator. I get the ash 'tis very true but half the fire comes following through. Then when my strength is quite expended I find the grate is end-for-end. There's nothing in the world to do but clean it out and start anew. In vain my weary eyes I raise no spangly kindling meets my gaze. Jim Jones from whom I ordered wood has failed to function as he should. That cursed furnace is the reason I so lament the vanished season when every gent had B. V. D's on when summer birds lifted lids and folks could sleep without the quilts.

—Bob Adams

Theatre Notes

Friday and Saturday, Grace Davidson in "Mans' Plaything." She was only a flower girl, while he was a leader among the idle rich, and her friends told her she was but a "man's plaything." Then she proceeded to make man her plaything until Cupid spoiled the game, also a comedy, "Late Lodgers."

Sunday and Monday, Tom Moore in "Toby's Bow." You park your troubles outside when you see Tom Moore in his latest photoplay. It's crammed full of giggles, smiles, laughs and roars. A story of New York high life and Southern love. Also a two reel comedy "Lost Detective."

Tuesday, Legion Lyceum number. The proper Corinne Griffith in "Human Collateral." Joe Ryan in the 2nd episode of "The Purple Riders."

Presbyterian Church Notes

J. Buckton, pastor

We suggest the following resolutions for the New Year to the fathers of Pine City.

RESOLVED

1. That every father shall be a comrade to his boy.
2. That every boy ten years of age or over shall have a chance to belong to an organized boy's group under proper leadership.
3. That every boy shall have an opportunity to play on an organized team, baseball, football, indoor baseball, basketball or some other handy game.
4. That a gymnasium shall be available for my boy.
5. That every boy shall learn to read and be able to swim.
6. That every boy shall belong to a church school, and that every church shall have an adequate boy's program.
7. That every boy shall go to school until sixteen years of age at least.
8. That every boy with grit shall have an opportunity for a high school and college education.
9. That every boy shall have guidance in the choice of a vocation.
10. That the boys of this community shall be encouraged in thrift, and that every boy shall have a saving account in his own name in some local savings bank.
11. That any boy who is in trouble or who has gotten a wrong start shall find a "Big Brother" in some man in this community.

Services next Sunday both morning and evening.

Catholic Church Notes
 Father Leo, pastor
 Services next Sunday at Pine City at 10:30, Sunday school at 9:30. No services a Beroun next Sunday.

Lutheran Church Notes
 Paul Heinke, Pastor
 English services with communion next Sunday at 10:30 a. m. Announcements to be made Saturday. Sunday school at 9:30 a. m.

Methodist Church Notes
 James A. Orrock, pastor
 Sunday Jan. 8, 1922. The services Sunday morning at the Methodist church will be in charge of the Laymen of the church. The subject will be "Answers to Prayers." The Epworth League at 8:45. Carrol Kelley, leader. Topic, Methodist Young People.
 Praying services at 7:30, subject "What Last Year Did." The new year started out well with a fine attendance in all the services. Let us keep up the pace thus set for the year and make it better.
 We have a five cent message for the people of Pine City. Clear

thinking on real live questions. Counterfeit coin will not pass in the Kingdom of God. There will be a judgement as sure as there will be a sunset tonight. We will not be able to evade the judgment by what others know or think they know about us, but by what we know or think they know about us, but by what we know about ourselves and what the Great Judge of us all knows about us.
 "Seek ye the Lord While He may be found; call ye upon Him while He is near, let the wicked forsake his way and the unrighteous man his thoughts; and let him have mercy upon him, and unto our God for He will abundantly pardon."
 There will be services at Rock Creek at 10:30, next Sunday morning the Sunday school will follow the morning service.

Milk for Sale
 Fresh milk delivered to your door every morning, 9c a quart.—Earl Ohs, Pine City.

American Valuation Plan Can be Easily Administered

Financial Expert, Making Investigation for Senate Finance Committee, Says New System is Feasible.

The American Valuation plan of assessing import duties, as provided in the pending Portage tariff bill, is feasible means of compiling a tariff that will avoid administrative objection to the American manufacturer, according to J. B. Reynolds, former assistant Secretary of the Treasury and now director of valuation investigations for the Senate Finance Committee.

"There is nothing uncanny, nothing mysterious and nothing at all of a tremendously unusual or out-of-the-way nature about American Valuation," Mr. Reynolds says, "today when imports are brought into this country they are assessed on the basis of the value in foreign countries. The invoice is presented and on that the importer pays his value.

Invoiced Practically Worthless

"These invoices—to give them all the credit that they are worth—is the average case are worth a little less, perhaps, than the paper on which they are printed. Now, I say, that after a long experience in handling invoices, and by that I mean that certification that the consul abroad has to make amounts to nothing. The invoice goes through on the day before a ship sails; they go into a consular office in any part of the world where there is a large business between that country and the United States. You have a perfect string of people doing it with invoices to get the invoice out on the next boat with the automatic clerks signing the consular name. And all that I do is to certify that that invoice is on the right colored paper, is made out in the right legal form, and nothing else.

"There is a proposition now put up against that. It seems to me it is a very simple one. Instead of putting the duties on the invoice, let the duties which are duties assessed on the value of goods, on the foreign or invoice value, the proposition is to put these duties on the value of the goods in the United States.

"The value of the goods in the United States is not an unknown quantity. It can be found. All the books, all the papers of the manufacturers, the jobbers and the sellers of every kind, are at the disposal of the Government. Prices are known in this country, say, in the tariff law, it is to have a duty when it depends on the value of goods and certain proportion, and the whole idea is simply that where there is an unknown quantity, it is on goods, we do not try to assess this on the foreign value, which is largely

January 1st Started a New Interest Period

To depositors in our savings department this statement needs no explanation. They KNOW it means the crediting of additional interest to their accounts, and notice to add to their balance all they can.

There is no satisfaction that can quite equal that of seeing one's balance growing steadily through regular deposits and the addition of interest earned.

Is that interest yours? One dollar or more will open an account. Deposits made on or before January 10th, draw interest from the 1st.

5 Per Cent on Time Deposits

TANK HEATERS

Tank Heaters give your cows warm water to drink in place of ice water, and they will double their flow of milk.

Wilson Tank Heater \$13.00
 Submarine Tank Heater, made of 14-gauge welded steel, no joints to leak \$12.00
 Round Tank Heater, made of 14-gauge welded steel \$7.00

International Engines and Feed Mills grind your feed before feeding and increase your feed value 50 per cent.

A 3 h. p. engine with a 6 in. burr Feed-mill, with Cob Crusher makes an ideal outfit for farm use.

Local News

County Auditor Edin spent New Year's at the home of his family at Sandstone.

Mr. Leonard and family spent New Year's with relatives at Princeton, returning home Monday.

Miss Helen Bels left for Mt. Vernon, Ia., last Monday to resume her studies at Cornell University.

Misses Julia and Ida Dasey went to the Twin cities, last Monday where they spent a few days visiting.

Miss Agnes Bauer left Tuesday, after spending the holidays at the home of her parents, Mr. and Mrs. John Bauer.

The Catholic Order of Lady Pastors will meet tomorrow evening January 9th. All members are urged to be present.

Tosval Hunt returned to his work for the state, last Friday, after spending the Christmas holidays with his family here.

Mrs. Albert Aarnius and baby returned home, last Friday, after spending the Christmas holidays with her folks at Faribault.

Willard Norton came up from St. Paul, last Saturday and spent until Monday, visiting friends in this place.

Mrs. J. C. Carson of Rush City and Mrs. Henry Mayers of Minneapolis, visited at the home of the former's son, R. E. Carlson, last Friday.

Miss Sebasta and Miss Peck returned to St. Paul, last Monday after a few days visit at the Korbel home.

Clarence Kalb came up from the Twin cities, last Saturday afternoon, and spent New Year's at the home of his parents Mr. and Mrs. John Kalb.

Mrs. Thomas Hady and son, Frank returned to Minneapolis Tuesday, after spending the holidays at the home of her daughter, Mrs. Hubert Hinze.

Lorenzo Gray returned to Minneapolis, Tuesday, to resume his studies at the State University after spending the holidays at the home of his mother here.

The Methodist ladies aid will meet at the home of Mrs. F. C. Mesha next Wednesday afternoon, January 11th. Everyone is invited to attend.

Misses Anna and Alvina Grimm returned from the Twin cities, last Saturday, where they were called by the death of their aunt, Mrs. Henry Spahr.

Mr. and Mrs. Chas. Troendle and son of Mapleton, Minn., and Mr. and Mrs. Oglesby and family of Mankato spent the holidays at the Penhiter home.

Miss Agnes Rous returned from St. Paul, last Thursday, where she spent Christmas and part of last week visiting with her sister, who is employed there.

The Emily J. Stone Circle, ladies of the G. A. R., will meet at the home of Mrs. W. P. Gottry, next Tuesday afternoon, January 10th when the new officers will be installed.

Mrs. Jos. Therrien and son Bob, went to Two Harbors, last Thursday where she visited until Monday with relatives. Both her folks and Mr. Therrien's folks live there.

Lester and Nora Wilcox returned to their studies at Macalester College, St. Paul, after spending the holidays at the home of their parents here, Mr. and Mrs. Robert Wilcox.

A very enjoyable party was held at the Joe Wimmer home, last Thursday evening. The young folks present spent the time with dancing and playing games. All reports fine time.

Frank Klush is spending the holidays at the homes of his uncles, Frank and John Valvody, and is also visiting with his grandparents, Mr. and Mrs. Joe Valvody.

A surprise party was held at the Henry Weis home, last Tuesday evening. There was a large number of friends present who spent a very enjoyable evening with playing games. Refreshments were served.

Lawrence Therrien, Harry Petche, Jim Engel and Art Bedermau went to Moose Lake, last Saturday afternoon, where they took in the New Year's dance there that evening. They returned here the following day.

Editors Colby of Sandstone, and Graham of Hinckley, were visitors in the village, last Tuesday, to attend the annual meeting of the county commissioners and enjoyed the annual warty conflict with the county fathers.

Mrs. Howard Falson arrived from Hinckley, yesterday, and will visit for a few days at the home of her brother, W. S. McEachern. She spent New Year's with relatives at Hinckley, and visited at the H. W. Harris home at Brook Park, Monday.

During the storm last Friday night, about 35 feet blew off the top of the steel smoke stack at the power plant. The stack made quite a crash when it fell, but no other damage was done. The men in the plant could hear it rattling before it crashed to the ground.

The local Eastern Star and Masonic lodges will hold a card party and reception in the hall this evening to which all members of the two lodges are invited to attend with their escort, friend or member of the family. Refreshments will be served following the social evening.

Ben Bjork and son, Oscar went to the Twin cities, last Saturday,

where they spent New Year's with Miss Agnes Bjork and Art, who is working in St. Paul. Miss Agnes has been working at Forest Lodge, Wis., and leaves this week for Santa Barbara, Calif., where she expects to spend the winter.

Miss Ruth Wiseman returned to the city last Thursday, to resume her studies at the State U. She had an operation for the removal of her tonsils, before coming home for Christmas, and put in a very quiet vacation at the home of her parents, Dr. and Mrs. R. L. Wiseman.

Misses Rose and Babe Valvody of St. Paul spent Christmas and New Year's at the home of their parents, Mr. and Mrs. Joseph Valvody. Miss Julia Valvody was also home for New Year's. All the girls returned to the city, last Sunday.

Someone drove up to the chicken coop on the Bill Erhart farm west of town, one night last week, and helped himself to about sixty of Bill's chickens. A rooster was found outside the building in the morning. The sneak thief had to push a wagon, out of the way to make it more convenient in loading the birds.

Mr. and Mrs. Samuel Hoffman and children leave today, for Ironton, Mich., where Mr. Hoffman has purchased a store. They will ship the stock of merchandise, which they have here to their new location. Mr. Hoffman returned here last Sunday, from Ironton, where he has spent the past week going the desk for his new store. The Hoffmans have been in the clothing business in Pine City, the past four years.

A very delightful reception was given in honor of Mrs. C. A. Hedding, at the Hotel Agnes, last Tuesday evening. The evening was spent with dancing, which was followed by a midnight supper. Mrs. Hedding had just arrived from California that afternoon. She returned to the Twin cities, the first of the week, where she will visit with relatives until Mr. Hedding succeeds in renting or buying a house.

Lawrence Graham was given a nice Christmas present by his employer, The American Cigar and Cigarette Co., last week when they let him talk to his mother at Madison, Ga., over the long distance, free of charge. The call amounted to \$20.00. His parents, Mr. and Mrs. O. J. Graham, are old residents of Pine City and left here in 1918, when they moved to Georgia. Lawrence stated his parents were getting along fine and were in the best of health.

A joint installation of officers of the Pythian Sister and Knights of Pythias lodges, was held in the K. P. hall, last evening, when the following officers were installed: Pythian Sisters, Alma Buick, M. E. C. Fern Brink, M. E. J. Louisa Wiseman, M. E. S. Alva Stephen, P. C. Temperance Walter, M. of R. S. Hannah Wande, M. of F. Ida Stankis, I. G.; Emma Jordan, O. G. K. P. Lodge; A. W. Gunn, C. C. George Stankis, Y. C. C. H. Wegner, P.; R. E. Carlson, M. W.; C. R. Perkins K. of R. S.; E. Claver, M. E.; C. M. Pennington, M. E.; Al Arman, M. A. F. Edin, I. G. Dick Gray, O. F. Following the installation, a social evening was enjoyed, which included a lot of good things to eat. The hall was crowded with members of both lodges.

Funeral services for Jacob Kaehle from the Al Kaehle home, last Friday afternoon, and the remains laid to rest in the local cemetery. Out of town relatives here for the funeral were Ed Kaehle from Glasgow, Mont., Mrs. McGrady of St. Paul, Albert Crocker and Mr. and Mrs. Paul Crocker of St. Paul.

Card of Thanks

We wish to thank our friends and neighbors for their kindness and sympathy and for the floral offerings at the death of our beloved brother—Mr. and Mrs. A. K. Kaehle and family.

School Notes

Christmas vacation is over. School resumed January 3-3. The teachers returned from their homes Monday to take up their duties.

Next Friday P. C. H. plays Lindstrom. Remember the 'rubb' they gave us last year and come and see a good game.

There has been some talk of a return game with the Alumnus team to be played next Monday in the armory. Here's where the Alumni got bent, as the H. S. players are on the warpath.

Everyone is busy starting to review for the semi annual exams which come Jan. 19 and 20. With the exams pass the first half of the lap. Lots of the pupils will have to make an awful sprint on the home stretch.

It has been decided that the Little Eight hold a Tournament at Forest Lake, March 3 and 4. The eight highest teams in the district will compete for the honor of representing the 5th district at Carlton at which place the representatives of all the districts in the state meet to decide the H. S. championship. Will Pine City be there? Of course they will if they are given the support they are due. Our team is the best in this half of the district, why can't it beat the other half. It can be done. It will be done (we hope.)

MOTHER CLEAN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of California Fig Syrup. If the little tongue is fussed, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works at the constipation poison, sore bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all the ages printed on bottle. Mother! You must say "California" or you get an imitation fig syrup.—Advertisement.

Some of the strange bedfellows that politics makes are enough to make one like the awake night.

One never "suspects" himself; he knows.

The middle class is the most satisfactory level path.

WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 23 years and proved safe by millions for Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Neuritis, Lumbago, Pain, Pain.

Accept only "Bayer" package which contains proper directions. Handle "Bayer" boxes of 12 tablets—also bottles of 24 and 100—Druggists. Aspirin is the trade name of three manufacturers of Monoacetic Acid Salicylate.

MADE HIT WITH YOUNGSTER DID SEEM LIKE A PROBLEM

Companionable Mother Need Not Have Been Afraid She Was Overdoing Her Hoping.

A prominent Hoosier schoolman is devoted mother and takes time to romp with her children every night. The other evening her eight-year-old daughter brought her china lamp with her for the night. The china mother is denuded and never lumps or jokes with her children. So the prominent woman could be said to be the children's amusement. Finally she said laughingly: "I must stop or I'll dread will think you have a nut for a mother."

The next morning when she went upstairs to pull her daughter out of bed she heard the two youngsters talking. And the little visitor said: "I'm going to begin to play with you. I'll make my mother into a nut like yours."

A Willing Husband. An Atlanta man tells of a darky who called at his house one afternoon seeking work. "All right," the darky was told, "there's a lot of work on the walk that must be brought up."

"But," the darky protested, "dars no work for a lady." My wife does wedgie."

Don't tell your barn luck story to the other fellow—he may be waiting to tell his.

"Those Who Dance Must Pay The Fiddler"

There's a settlement in profit or loss, for nearly every indulgence.

Sometimes the pay day is long deferred, and in that case the settlement may bear compound interest.

Often a payment in ill health is required for the dance had with tea or coffee during earlier years. Sometimes the collection comes in sleeplessness, sometimes in headache, sometimes in high blood pressure, or in nervous indigestion—sometimes in all these penalties.

Nerves won't always stand the whipping of tea and coffee's drug, caffeine.

If you're dancing to tea or coffee's fiddling, why keep on till payment time comes? If you're beginning to pay, now, why not cancel the contract?

There's an easy and pleasant way to avoid tea and coffee's penalty, as thousands have found out—beneficially in the cup by the addition of boiling water. Postum cereal is the cup of delight with any meal—rich, comforting and satisfying—and it never harms. Even the little children can have a breakfast cup of Postum, with no fear for what may happen to sensitive nerves.

Instead of paying penalties for your meal-time drink, let it pay benefits to you, by giving natural health a full chance—and begin the new arrangement today. Any grocer will sell you, or any good restaurant will serve you Postum.

Postum cereal in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum cereal (in packages of larger bulk, for those who prefer to make the cereal while the water is being prepared) made by boiling for 20 minutes.

Postum For Health "There's a Reason"

SPEEDING CAUSE OF CALAMITIES

Majority of Disasters Brought Upon Motorists by Their Own Reckless Driving.

FEW MISHAPS IN BAD PLACES

Sections Commonly Regarded as Extremely Dangerous Prove to Be Relatively Free From Serious Catastrophes.

(Prepared by the United States Department of Agriculture.)

A three-months' study of motor accidents on Maryland roads has brought to light the interesting disclosure that a vast majority of the disasters that overtake motorists are brought upon themselves by their own recklessness, and that 70 per cent of them are due to speeding, says a writer in the Public Roads, published by the bureau of public roads, United States Department of Agriculture.

Few Accidents in Dangerous Places. "One of the interesting developments of the investigation," the journal goes on to say, "is that the largest number of accidents have occurred at the places that have always been considered safe, while the sections which have been commonly regarded as being extremely dangerous are proving to be relatively free from accidents. Where the State highway crosses the Blue Ridge mountains, in the western part of the state, and grades are steep and curves sharp, there were but eight accidents during three months. On the National Pike, between Baltimore and Frederick, Md., where the State highway is the straightest road in the state, the record for the same time showed six accidents, three of which were fatal."

On the Baltimore-Washington road, with all apparent danger spots removed, the record shows that during the same period there was one accident for every four miles of road.

Accidents in Safe Places. "There seems to be only one answer to account for these hitherto unsuspected conditions," the article says. "That answer is: 'Even the less careful motorists drive cautiously in the presence of recognized dangers, such as steep grades, sharp curves, grade crossings, etc., while the absence of such dangers features gives the driver a sense of security which prompts him to take a chance and yield to the will of a high speed passion for speed.'"

Few accidents were due to it, was found, to the condition of the roads themselves, and most of them due to slippery surfaces caused by rains.

WHAT OIL GAUGE IS FOR

Guards, Lubrication System and Should Be Watched as Carefully as Other Instruments.

There are quite a number of motorists who would refuse to buy a car that did not have all the fittings on the dash—including an oil gauge of some sort, says Motor Life. Once they are sure the thing is on the instrument board, however, they forget all about it and never pay any attention to it. Watch the little gauge just as carefully as you do any of the other instruments, for it is guardian of the lubrication system to inform you of any improper functioning of that very important feature of the engine.

BOYS TAP SPARE TIRES FOR AIR

They will produce the mileage on cars driven 10 miles an hour as upon cars driven 20 miles an hour.

The word "limousine" is named after the head covering in the form of a cap or hood, with a cap attached, worn by women around the city of Limoges, France, the capital of the old province of Limousin.

Many Minnesota farmers this fall and winter have been cleaning out the manure pits and barns of thousands of manure on the new seedling or on land to be plowed in the early spring. This is good practice, they say at the agricultural colleges, when manure is exposed to the rain, the best part of it may be lost during an open winter and further. When it is spread on the land, the rain washes the soluble part of the manure into the soil, ready for use by the next crop.

Now that the farmers and shrubbers are gone, have a few evergreen trees to improve the look of the yard and garden?

Rooms where winter gatherings are held should be well ventilated; otherwise they are the places where many colds are caught.

Price reduction on 25 of the leading models of passenger automobiles in the last year have ranged from \$150 to \$1,150.

In Germany, automobile speed races have resumed near Berlin.

HEATING FRONT SEAT OF LITTLE MACHINES

Radiator Designed for Runabouts and Roadsters.

Particularly Adapted for Cars That Afford No Protection for Driver in Winter.

Most floor-heaters for automobiles seem to be designed for the rear compartment and not for the front seat. The heater shown in the illustration is designed for runabouts, roadsters, and particularly the type of automobile that affords no protection for the driver against cold, such as taxicabs, town cars and limousines.

The radiator is simply an ordinary floor radiator such as is used in hot-air systems of house-heating. The adjustable valve type with the ribbed front knob is of course the most desirable as it will allow the driver to operate as little or as much heat as he desires, and it is of course the most compact.

The size of the radiator used depends on the amount of clear floor space. As the illustration indicates, a hole is cut through the slanting part of the floor and the radiator set in and screwed down.

If You Equip the Driving Compartment of Your Automobile With a Heater Now, There Won't Be Any Cold Feet This Winter.

Clay Leads in Potatoes. Clay county is the leading potato producing county in the state as seen in 1920, Chicago third. Other counties fourth and ninth fifth. Other counties prominent in production were, in order, Todd, Stearns, Polk, Anoka and Norman.

A good deal of space in the bulletin is given to a discussion of membership contracts which, it is declared, will in the end play a large role in industrial cooperation. Plans and equipment for handling potatoes, buying on commission for a dealer, buying on joint account with a partner, and other interesting subjects are among the large number of pertinent subjects handled by the authors of the bulletin. Discussing the prospects for success of co-operative potato marketing in Minnesota, the bulletin says:

Associations Pay More. "In the long run, associations can pay better prices than private buyers because they are better managed. On the whole, they have undoubtedly been less well managed in the past, but toward efficiency, however, cut down by the fact that the private buyers are not so well managed. If the associations become more efficient, they can drive the private buyers out of the market."

Even if it were true, it is not probably, that this far co-operative marketing has netted the growers a net profit, it is a very real reason for quitting. As long as progress has been made in the way of records and accounts, and as a result of these changes, more strong, sound and better business is being done, then it is worth while to go on. And this no doubt is what is happening. The biggest gains made thus far in business methods and in records and accounts. The Minnesota Potato Exchange has rendered a very important service in both these particulars.

Growth is Certain. "We can therefore expect to have still more co-operative potato marketing. There will, of course, be some failures. We can expect that sooner or later a good many of the 87 associations organized in 1919 and 1920 will go under. Naturally, many of these were ill-planned, poorly organized and poorly financed. Out of all, however, will come an increasing number of strong associations. In the future, we shall have a much larger proportion of our potatoes than at present marketed by co-operative relationship associations."

Nothing is troublesome that we do willingly.—Jefferson.

IMPROVING SOIL

Many Minnesota farmers this fall and winter have been cleaning out the manure pits and barns of thousands of manure on the new seedling or on land to be plowed in the early spring. This is good practice, they say at the agricultural colleges, when manure is exposed to the rain, the best part of it may be lost during an open winter and further. When it is spread on the land, the rain washes the soluble part of the manure into the soil, ready for use by the next crop.

Now that the farmers and shrubbers are gone, have a few evergreen trees to improve the look of the yard and garden?

Rooms where winter gatherings are held should be well ventilated; otherwise they are the places where many colds are caught.

Price reduction on 25 of the leading models of passenger automobiles in the last year have ranged from \$150 to \$1,150.

In Germany, automobile speed races have resumed near Berlin.

Clay county is the leading potato producing county in the state as seen in 1920, Chicago third. Other counties fourth and ninth fifth. Other counties prominent in production were, in order, Todd, Stearns, Polk, Anoka and Norman.

MARKETING ASSOCIATIONS INCREASING IN THE STATE

Ninety-Five Doing Actual Shipping Business in 1920—Potato Producing Growing Along the Red.

(Prepared by Office of Publications, University Farm, St. Paul.)

A new bulletin of 88 pages prepared by Dr. John D. Black, Frank Hubotsky and Paul H. Miller, the director of agricultural economics, University of Minnesota, gives a history of the growth of co-operative potato marketing associations in the Minnesota, and discusses pooling, storing, selling, sorting, grading, accounting, handling of supplies, etc., all factors more or less involved in the successful operation of such enterprises. Ninety-five associations are listed as doing an actual shipping business during the season of 1920-21. Of these, 67 were members of the Minnesota Potato Exchange. Forty more associations, 23 of which were members of the exchange, had also been organized but had done no shipping. This is shown on page 6 of the publication.

"Potato growing," says the bulletin, "is increasing in the Red River valley in the stretch of counties connecting the Red river valley with the old potato district north of the Twin Cities, and in the lower portion of the Red river valley in the southern part of the state. It has also increased in the district north of the Twin Cities."

Clay Leads in Potatoes. Clay county is the leading potato producing county in the state as seen in 1920, Chicago third. Other counties fourth and ninth fifth. Other counties prominent in production were, in order, Todd, Stearns, Polk, Anoka and Norman.

A good deal of space in the bulletin is given to a discussion of membership contracts which, it is declared, will in the end play a large role in industrial cooperation. Plans and equipment for handling potatoes, buying on commission for a dealer, buying on joint account with a partner, and other interesting subjects are among the large number of pertinent subjects handled by the authors of the bulletin. Discussing the prospects for success of co-operative potato marketing in Minnesota, the bulletin says:

MANUFACTURE ADDS 90 PERCENT TO COST OF WOOL

Producers' Pooling and Selling Organizations Only Road to Eliminate Hoarding Costs.

(Prepared by Office of Publications, University Farm, St. Paul.)

There are never more than five to ten pounds of raw, clean wool in the average suit or overcoat, and that the original cost of the wool to the manufacturer of the cloth for a suit or overcoat is not more than from \$2 to \$5, is the assertion of W. H. Peters, acting dean of the university's wool division of the University of Minnesota.

This means, according to Professor Peters, that when we buy a suit of clothes at \$25 to \$40, about 10 per cent of our money goes to the pay for the wool in the suit and the remaining 90 per cent for the cost of manufacture, time, distribution, retail and profits all along the line.

Entire Product Sold to Few. Prof. Peters says that the woolen industry is similar to the meat packing industry in that the entire wool product of the country must ultimately be purchased by a few large manufacturers. England is the home of the largest woolen goods manufacturing industry in the world. The greater part of the wool manufactured into goods in the United States is imported. Some American wool is exported to England, but it is principally wool of the finest sort that American millers do not care for so they really do not compete with the English buyers for it.

American millers also import a great deal of fine wool principally from Australia and New Zealand. This is because it is so cheaply obtained that it does not cost much and the American sheep grower has to compete with it in selling his own wool, where at least he has a market.

Adverse Price Influences. This circumstance has led congress frequently to put a duty on imported wool. This duty, however, has been so frequently removed again. Another factor that has a decided effect on the price of wool is the abundance and price of cotton. Still another is the constantly growing use of "shoddy" in the manufacturing of woolen goods. Still another factor that has affected the price of wool in the past has been the method by which wool has had to be sold.

There have been commission firms to whom one could ship wool and have it stored and these commission firms have sold the wool. Still another factor that has affected the price of wool is the commission men who we have the country, state and national wool pooling organizations to which the farmer can send his wool and wait for the money until it is sold. This promises to be the method by which practically all the wool in the United States will be marketed in the near future.

Handing Difficulties. "Wool is a difficult product to deal in because its value is determined so much by the kind of sheep it comes from and the kind of wool it is with regard to cleanliness. Only an experienced expert wool grader can really tell what the millers will pay for any particular lot of wool at any time.

Another factor that has much to do with the price of wool is the care the farmer gives his sheep to keep them clean. The care exercised in shearing them and other tending the fleece or sorting and baling the wool. On the average farm with a small flock, the farmer is likely to get the highest possible price for the wool care should be taken to keep from sheep that are dirty clean, freed from ticks, and avoid giving them opportunity to mat the fleece up with burrs. At shearing time each fleece should be carefully folded with the ends out, packed in a wool bag tightly in a burlap sack and sold through the local wool pool.

Cleanliness and neatness of things after all are only matters of degree. Fresh fruits and vegetables do seem expensive in the winter time, but they are cheaper than doctor's bills.

New York State farms are gradual increasing larger; dairy cows are increasing, but the number of sheep and hogs are decreasing. New York now has 1,437 farm tractors. So says the last census.

There's nothing like a good sweater in busy around the kitchen. It's around the kitchen, but adding in lots of fun and mighty saving in the clothes.

Habits of the Birds. Most birds' habits do not keep to gether, but winter does. They do not nest. But the blackbird, however, the Kingbird and a few others less general of the year.

Not Familiar Situation. "I have been down here for a long time, but I have never seen anything like this. It is a new thing."—Karlström, Chittenden.

If any little love of mine can make a life less sweet, if any little care of mine can make a friend's life better, if any little bit of mine may ease the burden of another, God give me love and strength To help my tolling brother."

EVERYDAY GOOD THINGS

Apples are so beautiful and so well that we should strive to use them in new and more varied ways.

Apple Sauce Frappe.—Make a sweet apple sauce favoring with red cinnamon drops. Press through a colander and add two tablespoonfuls of lemon juice and freeze to a thick mass. Serve on a cup—slices scooped out leaving a thin shell. Garnish with bright jelly and chopped nuts.

Apple Cakes.—Butter a baking dish and lay into it a layer of tart apples, coried, peeled and cut in rings. Sprinkle with ground almonds and sugar, cover with crushed macaroni, pour over one cupful of any canned fruit juice or a cupful of syrup made of sugar and water. Cover and bake for thirty minutes in a quick oven. File on whipped cream for serving.

Apple Caramel Pudding.—Core, peel and slice very thin six King apples; add these to a pint of milk, into which one cupful of cornmeal has been stirred with one-half teaspoonful of salt. Fourth of a cupful of soft, finely chopped, dissolve one teaspoonful of soda in one-fourth of a cupful of water, add to one cupful of molasses and mix with the other ingredients and steam for two hours, stirring at intervals until the cornmeal thickens, then set in a hot oven to brown on top. Serve with a hard sauce.

Apple Pot Pie.—Into a deep sauce kettle lay a few very thin slices of fat salt pork and cook until browned. Add these to a pint of milk, into which one cupful of sugar syrup made by cooking together one cupful each of sugar and water. Continue cooking the pie for half an hour longer and serve with whipped cream into which a little strawberry jam has been beaten.

Whatever the number of a man's friends, there will be times in his life when he has no one to help but he has only one enemy, he is lucky if he has not one too many.—Bowler.

MORE GOOD CANDIES

The following will be new to many and will be found to be good.

Caramel—Take one cupful of milk, one cupful of sugar, one cupful of butter, one-half cupful of cream, one lemon and one orange, using the juice of one and one-half the grated peel. Boil to a hard ball stage and add one teaspoonful of vanilla. Pour into buttered tin and cut in squares when cool.

Almond Fudge.—Brown one cupful of almonds in a pan and mix with one cupful of hot milk and when the sugar is well dissolved add one cupful of sugar and one tablespoonful of butter. Boil to the soft ball stage, using the juice of one lemon, cool until nearly cool, then beat until creamy. Pour into buttered tin and mark off in squares.

Caramel—Take one cupful of light brown sugar, one-half cupful each of chopped dates and one cupful of corn syrup, one tablespoonful of butter, one-half cupful of chopped raisins and one cupful of chopped pineapple, one-quarter cupful of chopped nuts, one-quarter cupful of chopped figs, one-quarter cupful of chopped pineapple, one cupful of chopped nuts. Cook all together and pour into a hard ball stage, stirring only enough to keep the candy from sticking to the bottom of the saucepan. Remove from the heat, add one teaspoonful of vanilla and pour into a buttered tin. Mark off into squares when cool.

Sutana Caramels.—Take one cupful of light brown sugar, one-half cupful of corn syrup, one tablespoonful of butter, one teaspoonful of vanilla, one cupful of granulated sugar, one-half cupful of nuts and one cupful of Sutana raisins. Place the ingredients in a saucepan and boil to a firm ball stage. Remove from the fire and flavoring and pour into a buttered pan. These are nice dipped in chocolate.

J. W. Fordney Shows Need For United States Valuation

Congressman Points Out Necessity for New System Incorporated in Tariff Bill.

"We are importing at the rate of \$300,000,000 worth of foreign goods per month into the United States," declares Congressman J. W. Fordney, Chairman of the House Ways and Means Committee. "Most of these goods could be made here. There is not a manufactured article produced in the United States in which the labor cost is less than 10 per cent. of the total cost—mean, following the raw material from start to finish. Now, if we are sending abroad each month to buy foreign made goods, \$20,000,000 are going out from the people of the United States to employ German, French, English, Japanese and Chinese labor, while our laborers are walking the streets in idleness. Under free trade we must come to a common level somewhere. If we compete with all the countries of the world, today German labor is getting from 60 to 65 cents per day in gold for ten or twelve hours of work. In China and Chinese labor today is from 12 to 15 cents per day in gold for twelve hours' work. If we had to be placed on a par with the imports from those countries, do you believe we could live? These foreign countries up to our standard of living? Not at all. We have got to come down to a common level somewhere, but we are not ready to do that, and we are not going to do it."

Congressman J. W. Fordney,
Chairman of House Ways and Means Committee.

Revision Demanded
"The people of the country are demanding tariff revision. Some people say that Canada will replace Canada as the best master we have in the world, on the basis of population. There is no place in the world where our balance of trade is stronger than in Canada. Canada has no reason to complain about the rates fixed in the new tariff bill now collected. I shall tell you why.
"Last year Canada collected \$19,500 in import duties for every man, woman and child in Canada. Great Britain, the free trade country of the world, or said to be collected \$10.50 per capita, or \$73,000,000. We collected \$15. Little Japan is collecting at the rate of 20 per cent. ad valorem upon all her imports, dutiable and free. We have the duty of any principal country on the face of the earth right now, and we have had since 1913."

"Some people are opposing American valuation, some of the great importers of the country. Some of them have sent out circulars appealing to the merchants of the country, the manufacturers, to appeal to their congressmen and their senators to oppose American valuation. Why? I shall tell you why. Last year in the customs office of New York alone there were fifty-four hundred cases of under valuation, and this year they are running at the rate of five hundred cases a month.
"Why do foreigners who export to this country, or people of this country who import from foreign countries under duress? Because the duty is high. Profit is made in the duty if they can import at fifty cents on the dollar of the real value of the goods."

GRAIN MARKET WEAK SEEM AFRAID TO BE HAPPY

Declines Registered in Wheat and Corn Prices.

Government Crop Estimate Has Bearish Effect—Winter Wheat Area Sown in Fall 44 Million Acres—Hogs Down.

U. S. Bureau of Markets, Washington, D. C., Grain—Market uncertain throughout week, Chicago May wheat registering a net decline of two cents and closing at \$1.15. Chicago May corn down one cent at 84c. Prices declined on the 30th on bearish construction placed upon government crop report estimating winter wheat area sown this fall 44,293,000 acres, which is 1.2 per cent less than the revised estimate of area sown in fall of 1920. Closing prices in Chicago cash market: No. 2 red winter wheat, \$1.13; No. 2 hard winter wheat, \$1.13; No. 2 mixed corn, 48c; No. 3 yellow corn, 48c; No. 3 white oats, 44c. Average prices in farmers' central towns for No. 2 mixed corn about 35c to 35c in farmers' central North-Dakota for No. 1 dark, 90c; No. 2, 88c; No. 3, 86c; to farmers in central Kansas for No. 2 hard winter wheat, 95c. For the week, Minneapolis May wheat down 2 1/2c, closing at \$1.21 1/2; Kansas City May wheat down 1 1/2c at \$1.17 1/2. Winnipeg May wheat down 1/2c at \$1.19 1/2. May—Holiday inactivity in hay market continues.

Feed—Mill feed market continues inactive. Wheat feed prices firm on light production but demand is light and offerings are slightly larger. Demand for other feeds only fair and prices and conditions are practically unchanged. Quoted Dec 20: Spring bran, \$22.50; Minnesota's, \$25.00; Chicago, Standard middlings, \$23; poor middlings, \$24; Minneapolis, 36 per cent cottonseed meal, \$40.00; Chicago, linseed meal, \$44; Minneapolis, gluten feed, \$36.65; Chicago.

Fruits and Vegetables—Potato markets stronger, demand and movement slow.

Livestock and Meats—Due to excessive rains and sharply declining values during the past two days, Chicago hog prices show net declines for the week ranging from 15c to the per 100 lb. heavy weights declining most. In the cattle market stock selling near the lower end of the various price ranges advanced from 25c to the average while the selling near the upper end of the ranges remained unchanged. This applies to both beef and butcher cattle. Feeder steers were generally steady. Fat lambs were weak to 25c higher, while feeder lambs were 25-50c higher. Yearlings and fat ewes were generally 50c higher per 100 lbs. Dec 20th Chicago prices: Hogs, 10c; 27.00; bulk of sales, \$6.40-7.15; medium and good beef steers, \$6.25-8; feeder cows and heifers, \$3.25-5; feeder steers, \$3.4-5; light and medium weight veal calves, \$6.75-9.50; fat lambs, \$10.50-11.75; yearlings, \$8.10-9.00; ewes, \$23.00-4.

The trend of eastern wholesale fresh meat prices was upward though advances were only moderate. Beef and veal ranged from firm to 2 1/2c higher. Lamb and pork loins were 3 1/2c higher while mutton prices were unchanged.

Dairy Products—Butter markets unsettled and weak at close. Closing prices, 52 cents. New York, 49c; Philadelphia, 41 1/2; Boston, 42; Chicago, 40.

Cheese markets quiet and tendency toward weakness. Prices at Wisconsin primary markets Dec. 20th: Twins, 13; Daisies, 19 1/2; Double Daisies, 19 1/2; Longhorns, 19 1/2; Young America, 19 1/2.

U. S. AIRMAN BREAKS RECORD

Larsen Plane Stays in Air at Mincola 26 Hours, 19 Minutes.

Mincola, N. Y.—The Larsen monoplane piloted by Edward Stinson, which broke the world's continuous flying record of 24 hours, 19 minutes and 7 seconds, descended after his flight began in the air 26 hours, 19 minutes and 35 seconds. John M. Larsen, manufacturer of the plane, said the machine might have stayed up 4 1/2 hours longer as there was enough gasoline aboard.

JAPS ARE FIRM ON SHANTUNG

Washington—Japanese spokesmen were still optimistic concerning the eventual settlement of the Shantung question, but they adhered to their announced position that some concessions must be made by the Chinese delegates if direct conversations were to be resumed.

A member of the Japanese delegation said the Shantung situation might be summarized by saying that we are awaiting developments.

Denies Move to Succeed Penrose.

Harrisburg, Pa.—Gov. William C. Sproul dismissed reports that he would resign as governor to be appointed United States senator within 48 hours by saying the question of the succession to Hester Penrose would not be settled for some days.

New York Licenses Lorenz.

New York—Dr. Adolf Lorenz, famous Austrian surgeon, soon will have a license to practice in New York state. All obstacles which continued his recent efforts were removed by the State Board of Regents.

6 Million to Repair Leviathan.
New York—It will cost \$6,997,393.20 to reconstruct the Leviathan, according to the low bid submitted by shipbuilders.
