After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na

I have gained weight, eat and sleep well, my bowels are regular and better color in my face."

Take Yeast Vitamon Tablets to Clear the Skin

Build Firm "Stay-There" Flesh—Increase Energy. If you want to quickly clear your skin and complexion, put some firm healthy flesh on your bones, increase your nerve power and look old and feel 100 with each meal, take the famous Yeast Vitamon Tablets. These Tablets contain highly concentrated yeast-vitamins as well as the two other most important vitamins (Fat soluble A and Water soluble C) and are now being used by thousands. They positively will not upset the stomach or cause gas, but on the contrary, are a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Fine-piles, boils and skin eruptions seem to vanish like magic when the complexion becomes fresh and clear, the cheeks glow with vitality, the flesh becomes firm, the eyes bright. Yeast Vitamon Tablets are positively health-giving. They give you healthy energy, and make you feel better, stronger, and more active. They improve your appetite. Do not accept imitations or substitutes. You can get Martin's VITAMON Tablets from any good drug store.

Classification. We had but recently moved into the town, writes a correspondent, and I went to church on Sunday, accompanied by my daughter. After the service the minister rushed to the door to shake hands with us, and said to Hilda: "And why didn't you bring your family with you?"

She replied, "Oh, he's home taking care of his garden. He doesn't care for churches or picture shows, anyway."

Time to quit. Harry Warren, five-year-old son of E. A. Dieter, came around the other day when the latter was singing the lullaby to sleep. "She's almost unconscious, isn't she?" he inquired. "Yes," said daddy. "Well, then," said young Harry, "you better quit singing or you'll kill her."—Detroit Free Press.

Modern Formula. "Still following up that charge girl's divorce suits?"

"Yes, I've read so much that they no longer seem like the scandals of a perfect stranger."

After all, the only man really worth helping is the proverbial chap who helps himself.

Much has been achieved by attempting the impossible.

Life is a problem of finding character through choices.

His Condition. "How are you coming on, Uncle Bragg?" asked an acquaintance.

"Well, I'll just—pft—tell ye, Gabbe," answered old Bragg Society of Mount Pezzy, Ark. "I ain't doing no particular good. 'Pears like the doctor-feller good, and the neighbors don't understand my case. Some says one thing about it and some says something else, till I'll be dogged if I don't get to wondering whether one of 'em have got any sense. I don't like to dissipate my friends, though, and I hate to waste what I pay the doctor for. So I've took enough of one thing and I'm tatter to find a boat, and have kinda got the notion that what's the matter with me, is simply what's the matter with 'em, and there ain't no 'pears'—help for it."—Kansas City Star.

What Ailed Her Pulse. Little Louise was recovering from a bit of fever and her appetite had begun to assert itself. She gave a look at the orange slice of toast and the broth that had been brought to her bedside.

"Can't I have more than this, mother?" she asked. "It isn't half enough."

"Not just yet," said mother. "I am afraid to give you more. Your pulse is still too quick."

"But, mother," urged Louise, "don't you see it's my excitement because I can't get enough to eat that makes my pulse so quick?"—Voysey's Tales.

To be disappointed in love may save you a greater disappointment in marriage.

A "balanced diet" may sound confusing to many people. The facts, as explained here, are simple.

The secret of a "balanced diet" is to have food containing all the elements needed for proper nutrition. These elements are protein, to nourish the tissues; starch and sugar to furnish energy; fat to supply heat; and mineral salts to provide the material necessary for building nerves, brain, and teeth and bone structure.

Grape-Nuts, the nourishing cereal made of whole wheat flour and malted barley, served with cream or milk, is a complete food for young and old alike.

Go to your grocer today and get a package of Grape-Nuts. Eat it with milk or cream for breakfast; or with stewed fruit, jelly or jam, as a delicious dessert for lunch or dinner.

Every member of the family will relish this palatable and nourishing food—Grape-Nuts—the Body Builder "There's a Reason" Made by Postum Cereal Co., Inc., Battle Creek, Mich.

The Other Fellow's Sins
Though not smooth as guide to youth, I do, by contrast, shine, since other jays have tried, and craps a blame night worse than mine; if Bill Smith's pipe is rank and ripe and stinks worse than mine, why my cigar is suttler far, Bill, ought to chuck his pipe. I don't care a cent of coffee, nails, or look or ready raised, so want the state to let state that they shall not be paid. I don't care who says it, I don't care who says some law to whom the law who exercise with quids between their jaws. We're wrong at that, my head is fat, I ought to have more eggs and, my own fault, should give me jobs not those of other gets. At his own sins a fellow gets but frowns on those of others. If he were wise he'd sympathize, and help his erring brothers. The Peter Bessie steals only grease, that man he should not scorn who finds a use for all that's loose in fens.

Evangelical Church Notes

T. J. Buckton, pastor
In his essay on "The Preaching of the Word," entitled "The Preaching of the Word," he has given us a number of excellent illustrations of the fact of the essential brotherhood of mankind. He first gathers together and a standing grouping of us, all who are marked and marred by physical affliction, the far reaching democracy of disease. In enumerating the various subdivisions under this comprehensive head he might well have started with the blind, for enumerable would be the company of the sons of men whom today the Son of God would say, "Having eyes, ye see not." We all belong to the brotherhood of the blind, having eyes perchance, but no vision; having grasped its true but no reach; we go limping thru life guided by the tap, tap, tap of our cane on the earth, and our eyes are ever bent towards it. The Brotherhood of the blind! We see stones but perceive no sermons; we mark trees, but hear no tongues; we find brooks, but discern not the liquid literature. Ay, all we like sheep have gone astray. We have forgotten that.
"Unless above himself he can Exalt himself, how mean a thing is man?"
We have forgotten that where there is no vision in the people perish, we have forgotten that faith is the unseen as a universal principle recognized and illustrated by every man who has in his life accomplished anything worth while.
One church is an institution to exalt men and women, to give sight to the blind, and inspiration, to the wavering. Our services next Sunday are planned for that end. Also we invite you to a wonderful service next Tuesday the seventeenth at our church at 7:30. Special music by a harmony trio, clever violin music from the ministry at Brum's, a special address by Rev. J. F. McLeod a great friend to this church. Plan to spend that evening with us; it will reward you richly in every way.

Methodist Church Notes

James A. Orrock, pastor
The membership of this church extends a most earnest invitation to the people of this community to worship with them next Sunday Jan. 15th. The fine audiences, the hearty singing, help to make the services in this church attractive and an inspiration, to those who attend. The subject Sunday morning will be "Men of Vision." The evening subject, "God or Men." The past week of prayer was observed with cottage prayer meetings and our people responded to this service in very gratifying numbers showing a very healthy spiritual condition of some of our homes on Thursday evening of each week. An invitation is extended to all who believe in prayer to join us in this service. Call the pastor or some member of the church if you do not know the place of meeting.
Services will be held at Rock Creek next Sunday afternoon at 2:30.

Devil Vis ts Dance

Ray Tegelberg of Willmar, Minn., sends the Herald a newspaper clipping which should cause the dancers to pause and consider their ways. The clipping reads as follows:
Lake Marion, nine miles from here is a ratty resort and a pavilion has been built there by the hotel for dancing. On Sunday for some time back dances have been held there and a class of people for many miles around will attend. Sunday affairs have attended. It has been said that these dances are rough and that some of the dancers of both sexes get drunk; that the rooms of the hotel are all engaged in advance and that the cottages are broken into and the rooms occupied by the revellers.
On Sunday night, Oct. 30th, as a dance was in progress there and it is generally agreed that there were 100 dancers on the floor when the devil came and was in their midst. Some claim that he came on through the floor, others that he came down from the roof. He was the regular fellow, they say, horns, hoofs and tail. The lights flared, the musical instruments flew from the hands of the players and were splintered. Lurid gaited filled the place and the devil danced among them. Women and girls screamed and some fainted. One or more were still confined in bed with hysteria. They all fled terror stricken from the place. Some hid in the woods all night, others found shelter at farm houses, 26 cars were left standing by the pavilion until daylight came and the party rallied and kept their courage up by keeping close together and got the cars away.
Many varied stories are told about the details, but the above is generally told by all. If it was a hoax, it was cleverly done and the perpetrators are keeping still. The proprietor has offered \$1,000 for an explanation of it. His place, hotel and all, is deserted and abandoned. He nor his family dare remain there. If it was the real devil he has hurt his own business for dancing among that class has ceased. It has been a real sensation and has been widely advertised. The hard set people to convince that it was a hoax are those who were there. Sven City (Iowa) Herald.

We thought we were acquainted with all the different musicians in Pine City, but we discovered a new one the other day. John Bogus came into the shop the other day, with a guitar under his arm, and proceeded to give us some good old "hoe-down". This made our old friend, Morris Edwards—Pine City's "musical hureat"—sit up and take notice. He took the instrument and wrecked the morale of the Poker force, by giving us a selection of old time pieces that would warm the hearts of anyone. Work was at a standstill until the concert was over. If there is any mix-up of the type in this week's issue, it's because we were setting type to the tunes of "Turkey in the Straw", "Money Musk," etc.

School Notes

The third issue of The Pinnacle will be ready for delivery next Tuesday. Be on hand to get your copy.

Last Monday the high school defeated the strong alumni team in a fast game at the armory. The game started with a spirit and went up throughout the entire game. Hawley of the high school played a consistent offensive game while Thierren played a consistent defensive game. For the Alumni Edin and Pennington were the outstanding players. At the end of the first half the score stood 12-11 in favor of the H. S. During the second half the game was a battle affair. This half was very rough. Hawley and Weehle having sufficient fouls to be ruled out of the game, but they were allowed to play by common consent. It was on one's game until the final whistle blew, with score 21-17 in the H. S. favor.

Next Monday the Alumni and the H. S. will play another game as desirable the town champion. This will be an interesting game.

Friday the H. S. plays Cambridge at Cambridge. Cambridge defeat Sandstone, so a good game is sure to be played. Let's have a good attendance at this game from Pine City.

To the People of Pine City and County:

We often hear the remarks that the catalogue houses are growing. Why? we ask. Because, they say, we are adding too much profit to our sales.

Our books and wholesale prices are at all times open for inspection, and if shown that we are profiteering or overcharging, we will gladly make reductions. We can duplicate any catalogue house order with as good or better material, at the same price or lower, and you have the satisfaction of seeing what you are buying. If you will be loyal and help your home town to grow, Pine City may get started to walk instead of creeping. With your aid I'll do my best to make this side of Pine City grow.

"The Scarab Ring"

"The Scarab Ring" is the title of the Alice Joyce production which will be shown at the Family theatre on Sunday and Monday. It was made under the direction of Edward Jose, one-time director for Sarah Bernhardt, and is based upon a popular novel published under the name of "A Desperate Heritage." This novel was written by Harris Gaylord, and has found ready sale with lovers of detective fiction. It is a strong society play which offers Miss Joyce what is said to be the most emotional role she has undertaken in her screen career. The star will have added laurels, after this film picture has been shown throughout the country for it proves that in this new type of role Miss Joyce is excelling anything she has done in the past.

Library Notes Continued

Moccasin is our State Flower—but how many know the Indian legend connected with its origin? Mincopa was an Indian maiden, fleet of foot and fond of sports whose wanderings took her many a mile, shod in her gaily coloured moccasins. One day she was overtaken by a forest fire. Ashes made for her a lonely grave—from which sprang up later the gorgeous blossoms of a flower never seen on earth before, it was the Moccasin flower, which Minnesota's noble beholding said, "That flower marks my daughter's grave. Mrs. Searles has told this legend in a beautiful poem which will be on sale with others at the theatre, sold by girls in Indian costume."

If old Francis Bacon strolled to a large library and glanced over our shelves we think he would exclaim again—"um"—here are books to be tasted, here are some to be digested and others to be devoured." And we might inform him that we have readers all the way from cynics to consumers. We plead with "the Gentle Reader" to take a little time off for yourself—at up late, read in bed, we don't care, but do read books like Jane Eyre (Oh Girls you don't know what you've missed if you haven't sat up nights reading it) and Ivanhoe, and the Life

of Alice Greenman Palmer, or Hudsons Far Away and Long Ago. These books enrich your conversation and add that indelible something called charm to your personality.

The box of books from the State Library has to be returned, and it is imperative that all books belonging to this box be returned immediately.

Fred A. Sparring, Pine City, says "I had an attack of kidney trouble. The way my kidneys acted annoyed me and the secretions passed much too often. My back ached a great deal, especially after I had been bending over for any length of time. I didn't feel like myself at all. A friend, Dr. W. J. Sparring, would come over me and last for a long time took my Kidney Pills bought at Prohalla's Drug Store soon gave me the results and it wasn't long before they cured me. I haven't had any kidney complaint since."
