BANK COURTESY

Bank courtesy is no different than any other kind of courtesy. Genuine Courtesy is the same whether you encounter it in a bank, in a store, on the street, or in the home of a friend.

Courtesy is consideration, appreciation, and a genuine desire to do unto others as you would have others do unto you.

You will find that courtesy is a distinct part of this bank's service.

THE HAND OF THE LAW APR. 6

Everything will be in readiness when the curtain is rung up on "The Hand of the Law" at St. Mary's hall, next Thursday evening at 8 o'clock sharp. The cast has been diligently working under the instruction of Father Leo and will give the patrons a real treat in this home talent play.

The Imperial Orchestra will furnish music before and between acts. "The Hand of the Law" is an interesting story of New England life, the scenes being laid in the little village of Bradford, county seat of Bradford county. Dan Chamberlain, a young attorney, wins the love of Edith Hazelton, a village girl. Dan is chosen to the office of prosecuting attorney, defeating Squire Evans, owner of the gristmill, for re-election. Through force of circumstances he is placed in the position of prosecuting Ruben Hazelton, father of Edith, on a charge of murder, the circumstantial evidence against Ruben being great. A misunderstanding arises between Edith and Dan, brought about by the snare, who loves Edith, and Grace, who is in love with Dan. The murdered man is George Gregory, bookkeeper for the snare, and there was but one witness, Ezra, a village lad, who is struck by a charge shot from the snare's revolver before he has an opportunity to reveal the identity of the murderer. Through the work of Ahler Judkins, a tin badge detective, and through an accident which restores Ezra's memory, Ruben is cleared of the murder charge and wins Edith. Comedy is furnished by Ahler and by Sally Snodgrass, maid-of-all-work for the Hazeltons. The cast of characters are: Dan Chamberlain, A young Attorney; Squire Evans, Geo. Daley; Ruben Hazelton, A Victim of Drink; Ahler Judkins, T. J. Hamrick; Squire Evans, Archie Babcock; Ezra, A Village Lad, James Porter; Luke Higgins, Sheriff of Bradford County; Mrs. Kachel; Ahler Judkins, A Tin-Badge Detective and employe of the Hazeltons; Galan Weinberger; Mrs. Hazelton, Catherine Porter; Edith Hazelton, Hattie Kahl; Sally Snodgrass, Maid of All Work; Clara Kain.

Holders of reserved seat tickets will have the opportunity of seeing one of four plays to be given free to the holders of the lucky numbers. These are a year's subscription to The Pine POKER; 50¢ worth of seed sowing from the Fair Store; fancy work basket from Brochaska's Pharmacy; picnic ham from Buchan and Glaede. Make your reservations early as the tickets are sure to be in big demand. Remember the green tickets are for the Left and Left Center and the Gray tickets for the Right and Right Center of the sections of the hall.

State Track Meet in May

The thirteenth annual interschool state track and field meet to Minnesota high schools will be held on Northrup Field, May 19. Dr. L. C. Cook, assistant athletic director at the University of Minnesota, announced Monday night. Every high school in the state will be invited to compete and arrangements are being made to make this event the greatest of its kind ever held in the state.

As in previous years, the contesting schools will be divided into two classes, Class A and Class B. All Twin Cities high schools and military academies will be in the first class and all other schools outside the Twin Cities will be in the latter class.

While definite decision has not yet been made, Dr. Cook declared that the possible exception of Duluth Central high may be made in this race and the Duluth athletes may be compelled to compete against Twin cities athletes. That Duluth Central has the same facilities as the local schools is given as the reason for the probable change.

The events this year, as announced by the university, will be One hundred and twenty-yard high hurdles, 200-yard low hurdles, 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, mile, mile relay, pole vault, running high jump, running broad jump, discus throw, twelve-pound shot and javelin throw.

The local high school competed in the meet held at the university last year but was unplaced as it failed to enter this year or not.

Badly Burned by Live Wire

Chas. Danielson son of Erick Danielson of Green Lake, narrowly escaped instant death when he stepped on a live wire which had burned off and dropped to the ground near the Danington road last Monday evening. Mr. Danielson states that he and his brother John were visiting at the Tappan place and when returning home they saw fire shoot from the East corner Minnesota Electric line at intervals and heard a noise. When nearing their home Chas. stepped on a wire and was instantly knocked down. His brother endeavored to rescue him and was knocked down twice in so doing. He finally succeeded in pulling the live wire from the unconscious man but not until his hand was severely burned and he was also burned about the neck, his hips and feet. It is stated that the wire carried 13,000 volts of electricity and had it not been that he wore rubber shoes, he would probably have been killed instantly. Dr. Buehm was called and dressed the wounds and on Tuesday morning the injured man was brought to the Mora hospital. Mr. Danielson may lose the use of his hand.—Mora Times.

Chas. and John Danielson are brothers of Mrs. John Erickson, of Erickson Bros., of Rock Creek. Late reports state that they are getting along in good shape, one having left the hospital the first of this week.

Moose Lake Defeated by Locals

The Pine City own team defeated the Moose Lake hockey ball team on the armory floor, last Saturday evening, in one of the fastest games of the season, winning by a score of 27 to 22. The local lineup consisted of Woehrle, H. Kowalski, J. Huber, C. Edin and Thorsen. Following the game, the Moose Lake visitors were the guests of the local team at a theatre party and a lunch at the Hotel Argosy. Pine City will play the Bush City team at the armory on Saturday evening of this week.

Makes Big Jump to Movies

It was a big jump from the University of South Carolina to screen fame. But Royce Wallace, who is appearing in Edith Robert's latest Universal screen, "Luring Lips," at the Family Theatre, Sunday April 2nd made it in record time. He was leading man in the stage play and was ambitious. His play called, and he answered.

He worked diligently and his progress was rewarded by being cast opposite popular New York stage favorite. He was leading man for Laurette Taylor, Mary Nash, Cyril and Homer May Robson and many others. They came the evening story for all actors two years with David Belasco's production. He spent a year in London in the stage success "Rick In".

The Modern Dances. What is wrong with it? Who are the organizers and what do they say? Sunday night at 7:30 at the M. E. Church.

What will become of those that reject Christ? Will their souls be saved? A fair discussion Friday night at 8:00 P. M. at the M. E. Church.

KOZY KORNER NOW OPEN

Kozy Korner is the name of the new store owned by Ted Buschmeier, Mr. Buschmeier opened for business, last week, with a good stock of cigars and smokers' supplies, school supplies, stationery and a complete line of box and bulk candy.

One of the latest and most modern soda fountains has been installed, which Mr. Buschmeier had made to order. He has new ice cream tables to match and fixtures for the booths will arrive this week. The fixtures and show cases are all new and the store is very attractive. It will undoubtedly prove popular for the future.

Mr. Buschmeier plans on adding a complete stock of drugs and supplies in the near future and will operate an up-to-date ice cream and confectionery parlor.

Charlie Novak, formerly employed at the Breckenridge Pharmacy, will be in charge for awhile. He is assisted by Miss Francis Melish, who started work there, last Tuesday.

Mrs. Katherine Ouradnik

Funeral services were conducted by Father Leo from St. Joseph's church, yesterday morning at ten o'clock for Mrs. Katherine Ouradnik, and the remains were laid to rest in Calvary cemetery cemetery beside those of her husband, Frank Vatsick, Vincent Kryzer, Matt Sladky, Frank Kryzer, Joe Kub and Albert Kub acted as pall-bearers.

The deceased passed away at the home of a daughter in Cedar Rapids, Ia., last Saturday, death resulting from nephritis and heart trouble. The body arrived at Beroun last Monday and was taken to the home of her daughter, Mrs. Theo. Kryzer.

Katherine Marisek was born in Lunokva, Bohemia on Oct. 31, 1842 where she lived until 1866 when she came to America. She married Joe Ouradnik in 1859, he having passed away at their home near Beroun, 22 years ago.

The children who survive her and who were all in attendance at the funeral are: Mrs. Antone Smeal and Mrs. August Ripley of Kewanee, Mich.; Mrs. Joe Carl of Spaulding, Wis.; Mrs. Wencel Opicka of Greig Bay, Wis.; Mrs. Frank Marisek of Rhineland, Wis.; Mrs. Joe Seery of St. Paul, Minn.; Mrs. Ouradnik of Mankato, N. Dakota; Mrs. W. E. Savage of Cedar Rapids, Ia.; Mrs. Peter Habberman, Mrs. Joe Kryzer and Mrs. Theo. Kryzer all of Pine City; Joe Ouradnik and Louis Ouradnik of Beroun.

A brother, Leo, Marisek of Wisconsin, and a sister, Antonia Ruttner and her daughter, Mrs. Mayme Ruttner of Kewanee Wis. were also present. Three sisters were unable to be present: Mrs. Matt Mezina and Mrs. Joe. Rom of Kewanee, Wis. and Mrs. Joe Siska of Green Bay, Wis.

Besides the above she leaves 67 grand children and 23 great grand children to mourn her loss. The many friends and neighbors extend their sincere sympathies.

Pine City News

Mrs. Porter left for the cities the forepart of the week after visiting at the home of her daughter, Mrs. R. E. Carlson.

Mrs. Powell, sister-in-law of Mrs. M. D. Gates, is reported very ill.

It's a wonderful feeling to spend the evening playing a tight game of "whist" and come out winner. Steve was the feeling of a number of the players at the Wilcox home, last Tuesday evening, when they got revenge for defeats suffered at previous games. There were about 50 players present, the guests of Judge Wilcox and Dr. Wiseman, at the farmer's home. Following the playing, the guests were treated to a supper stew, ice cream, cake and all the trimmings. Some of us may be poor players, but we are all champion eaters.

School Notes

The fifth issue of the Pinnacle came out Wednesday. The U. S. gave a program last Monday. Minnesota spirit was featured, everything other being written for by a Minnesota person or about something in the state. The program was very interesting. Miss Ryberg read her criticism Tuesday noon.

Baseball, the national sport is again coming into its own. Hardly a week goes by without the "Shiks" being out in the back of the school house playing "One-Gat." It is nearly time to start practicing and doubtless the coach will soon call for candidates for the baseball team.

Uncle Sam Liberal With His Veterans

The United States Government has been more liberal and has provided far greater benefits than any other nation for its former soldiers. Col. Charles R. Forbes, Director of the United States Veterans Bureau, declares in a statement reviewing the work of this bureau. A total of \$1,250,000,749.90 has been expended by the Government for its former service population.

"During the time that the Bureau of War Risk Insurance and the Rehabilitation Division of the Federal Board for Vocational Education were in operation and during the five months of existence of the present United States Veterans Bureau," the statement said, "1,183,932 claims have been made by veterans, divided as follows: 486,884 for vocational training, 174,875 for insurance, and 700,133 for death and disability compensation."

Out of this number, he added, a total of 831,707 claims had been allowed by the bureau, while 472,170 had been disallowed. At the close of the year there were 104,579 veterans receiving vocational education.

According to the medical division report, 28,687 veterans were undergoing hospitalization last December 31.

Lady Rhondda May Sit With the Lords

was on the Lusitania when it was torpedoed by the Germans in May, 1915. In view of this decision it is believed that all other petitioners in their own right will meet with no difficulty in obtaining places as legislators.

Lady Rhondda, a British peeress in her own right, has now been set before the house of lords for the right to sit with the lords by virtue of her peerage. If Lady Rhondda exerts her right to a seat she will be the first woman to occupy a place in the house of lords. Lady Astor, an American, was the first woman to sit in the house of commons.

Lady Rhondda holds a commanding position in the British industrial world. She was a daughter of the late Viscount Rhondda, the Welsh "coal" baron who during the 1921 season totaled 20,085,555 tons, valued at \$39,512,891, according to the annual report of marine commerce. This is a decrease of 36 per cent compared with the 1920 movement.

Osseo—A. P. Hechtman was re-elected mayor in a heated election in which issues of 1921, when Osseo voted wet, were freely mixed. With Hechtman, all other city officials were returned to office. Hechtman received 169 of the 247 votes cast.

Fergus Falls—Officials are investigating what is believed to have been an attempt to wreck a Northern Pacific train near Henning, this county. It is believed that the engine and the pilot of the engine pushed it along and stopped before the train was derailed. About six weeks ago a rail was found across the track at nearly the same spot.

Moorhead—Several farmers throughout the potato growing district of Minnesota will adopt the plan of Ted Schroeder of Clay county, who last year sprayed his 10 acre field of potatoes with a sprayer attached to his motorcycle. Mr. Schroeder says he was able with his device to sprinkle four acres at a time and to travel at the rate of 15 miles an hour while doing the work.

Hibbing—The United States Steel corporation's structure was tapped for \$1,152,458 to pay for its activities in Hibbing in 1921, according to the report of Chairman E. H. Getty, just made public. The money was paid out for purchase of surface rights on the original 40 acres on which Hibbing was built, for the moving of buildings off the old site and the development of the new location.

Red Wing—Red Wing's new dance ordinance is now in effect and under its provisions those dancing places must notify the police department at least 24 hours in advance in order that the police patrol may be present. Just how the ordinance applies to private dances has not been definitely worked out.

St. Paul—Frank Huber, M. of Moore and Frank E. Smith, arrested following the shooting of Charles E. Carter, proprietor of the Burlington hotel, near Indian Mounds, today pleaded not guilty to a charge of first degree murder.

Minneapolis—That Northern Minnesota is destined to rival Yellowstone park as the playground of the north is the opinion of Horace M. Albright, superintendent of Yellowstone park, who was in Minneapolis on his way East in quest of information on tourist traffic.

Hibbing—A careful search of the ruins of the F. B. Harris store, which was burned to the ground in the successful attempt at burglary failed to reveal the bodies of the burglars. The authorities thought they had been trapped inside the structure after the safe had been blown.

ITEMS OF INTEREST

An eminent pomologist says that the pears in winter has been markedly uniform in quality, but that said in summer has varied from year to year. Starbuck can grow new arms, lobsters new claws and langosts new tails. A new lizard will not indeed spring from a detached tail, or a new lobster from a discarded claw, but a new starbuck will grow from a detached arm.

Can't Take Frosting Off Glass

There is no chemical method of taking the frosting effect off of glass that is practical. The frosting ordinarily is done either by sand blasting or by etching with hydrofluoric acid, and the cheapest method would be to substitute clear glass for the frosted glass.—Dr. Bur. Cross, Kinross City Testing Laboratory.

Pertinent Pointers for Practical Farmers

Prepared by the Agricultural Department, University of Minnesota

DAIRY EXPERT OUTLINES MILK PROBLEM WITH CALVES

Dr. C. H. Eckles, of the Minnesota Farm, suggests good start with milk—Change to Grain Early.

Owners of dairy herds whose product is marketed in the form of whole milk have a certain amount of trouble in raising the necessary number of calves to maintain their herds.

Dr. C. H. Eckles, Chief of the Dairy Division, University of Minnesota, says the milk in the usual way to the age of about 50 days, then if the calf is strong and vigorous gradually reduce the amount until it has after the calf is 60 or 65 days old.

Calves handled in this manner will be somewhat checked in their growth for a short time after the milk is taken from the ration, he says, "but will be in as good condition as the calves raised on skim milk by the time they are six months of age."

COW TESTING WORK SPELLS DOOM OF THE BOARDER TYPE

Cow testing association work has spelled the doom of many cows of the boarder type. By the same token the work has been a life saver for cows whose productive points were not appreciated by their owners.

Stable manure has a trinity of value in plant food, humus and beneficial bacteria. Changing conditions may make it difficult or impossible to obtain, but Minnesota agricultural college gardeners say the wise gardener will never willingly do without it.

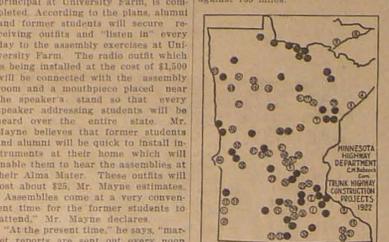

Women who use pressure cookers say they are good investments. Although the initial cost may be high, the housewife finds that the pressure has many uses and saves enough time to fuel to pay for itself in a short time.

HIGHWAY PROGRAM FOR '22 COMPLETE

State Department Gives First Full Summary of Current Fund Construction Jobs.

Nearly 100 permanent improvements on Minnesota trunk highways—so-called Habcok roads—make up the construction list to be paid for with 1922 motor vehicle taxes, county bond and federal aid funds, the state highway department announced this week.

The bulletin is illustrated with a map, the above showing locations of the more important undertakings widely distributed over the state that the largest number of sections may share in the special benefits in addition to those from the maintenance work on the entire 7,000-mile system.

Hot Chicken Salad—Mix one pint of cooked chicken cut in cubes, one cupful of cooked peas, one-half teaspoonful of salt, one-fourth teaspoonful of pepper, one tablespoonful of onion juice, one pimento and one teaspoonful of lemon juice.

Drifted down, drifting down—
Lifting as from fog to sky.
Flitting easily, fast and town.
Over the wide world, they fly.
Tenderly touching the ragged trees.
Veiling their somberness, drear and drear.
With a mantle fair, which a king might prize,
Drifting, drifting, drifting down.

TESTED RECIPES
Tartlets or small pies are so nice to serve and so simple that the following recipe will be enjoyed.
Pineapple Tartlets—Take one cupful of soft, or fluted tart pans with a plain bottom, and pack with a fork and bake in a hot oven.

Warren Stew—Cut cold roast beef into small pieces, add one onion cut fine, take up lettuce, cray, add one cup of strained tomato, add one egg, slightly. Season lightly with cayenne salt, parsley and a teaspoonful of curried powder if one likes that seasoning.

Typographical Errors!
"The little man in white lace. The Irishman's gown was pink. The whole color scheme of the decorations was pink—New York paper. Probably the printer was also in the pink of condition."
One to Spare.
An old lady saw two boys fighting in the street. She went up to the bigger of the two, and cried, "You ought to be ashamed of yourself, you don't care."
Engine Knocking.
Knocking in an engine is most commonly caused by loose bearings, carbon in the combustion chamber, and knocking at high speed, opening the throttle too quickly or driving with spark too far advanced.

One of the greatest enemies of the modern motorist is vibration. The effect of vibration is to loosen the various parts of the mechanism and the immediate effect of this is felt by the driver of the car, who realizes that he is beginning to be the victim of a host of numberless noises, which are a far from pleasant accompaniment to a drive.

Reason for Many Noises.
Transmission noises are not at all uncommon and generally result from one of the shafts being out of line by reason of a worn bearing or a binding gear. Sometimes the entire transmission is out of line, so that both shafts are out of true.

Theatre Notes

Friday and Saturday, Roof Gibson in "Action" Suddenly down the narrow mountain road, there came into view a runaway horse and buggy. Tugging desperately at the lines, a man, tightly clutching at his waist was his little girl, her face paralyzed with fear. The carriage, striking a large boulder in the road, overturned. They picked the man up, thinking his little girl was unharmed. "Boys, I'm petrified, and I've got to trust you. You've got to care for my little girl when I've gone. And I'm leaving her this, and the dying man took from his pocket a claim to a mine.

And then the story begins. This is the way "Action" a new type of Western thriller starts. As a comedy "On Account" Sunday, Edith Roberts in "Luring Lips" The story of a woman's sacrifice to save that her husband is not a thief. How she pays with fire to secure evidence which would release the one she loved from prison. His doubts of her and the eventual realization of her goodness and love. Also a comedy "Unlucky Money" Fox News, "Face to Face with Japan."

Thursday, Alice Joyce in "Cousin Kate" Joe Ryan in "The Purple Rider."

Coming: "The Rosary" and "The Son of Wallingford."

Free admission to occupants of the front 6 cars parked in front of Theatre after 7 o'clock Saturday night.

Catholic Church Notes

Presbyterian Church Notes
T. J. Buckton, pastor

"An Irresistible Argument" is the subject of the pastor's sermon next Sunday morning. Have you ever heard of—God's Traffic Officer? You know about the dense stream of traffic which crosses and counter-crosses every day at the chief street crossing in the Twin Cities, we are all familiar with the traffic cop standing in the center of the square, he blows his whistle and the traffic officers at the corners wave the traffic up one of the streets while they motion the traffic on the other to stop. Again that shrill whistle sounds and the moving stream is halted, while the accumulated traffic that has been held back surges forward. It is the principal that turnabout-is-fair that is operation on the crowded city streets. In analyzing the traffic found in the matter of Sabbath observance, The Fourth Commandment is God's unraised hand, stopping back the surging activities of business and pleasure that have been trooping across the public square of our lives without intermission or interruption for six days in order that the "Sabbath of the spirit" may have opportunity to cross over the highway of our thoughts and affections and consciences and

will for one day. That's only fair play—And those who wistfully bend the Divine Traffic Rules, those who pay no attention to the clear signal and the unraised hand of God, but rush on, running down the institutions and exercises of religion—for them there is a very uncomplimentary title, it sounding, but eminently appropriate in their case, that must be applied to them—"Road Hogs."

The evening service is at 7:30 as usual.

Methodist Church Notes
James A. Orrock, pastor

"If any one is coming to me who does not hate his father and mother, wife and children, brothers and sisters, yet his own life also he cannot be a disciple of mine." Thus did the Master signify the kind of love we should have toward Him. It is the extreme negative way of putting the matter, but it indicates in no uncertain way the kind of love and devotion that He demands of us. This Easter Season bring us afresh to us the sacrifice that He was willing to make in our behalf. "I gave my life for thee, What hast thou then given for Me?"

Services at 11:00 and 7:30. Every evening next week at 8:00. Plain, pointed, practical, you will enjoy the new songs that we are learning from the new books. Come and help in this service.

Electric Motors the Heart of Industrial Sewing Machines

SILENTLY, efficiently, never seen nor heard, Electricity--- from the Generator in the Power House to the motor in Shop and Factory, should be the Power behind the Works in modern industrial activity and production.

Electric motors for sectional or for unit drive make for greater efficiency, less overhead, more production, lower costs, more profit, and less hardship on employees, especially women; in clothing manufacturing, tailor shops, dressmaking establishments, in every industry where a sewing machine is requisite.

Motor-equipped sewing machines not only increase speed and accuracy, but tend toward better and more contented help, with less chance of strikes.

We are prepared as electrical engineers with a force of practical workmen to electrically equip the modern way any industry using sewing machines or in fact any industry needing power to drive machinery.

You don't have to coax big and little folks to eat Kellogg's Corn Flakes

Just as soon as you serve Kellogg's you'll note fussy and faded appetites getting mighty hungry; you'll see big boys being handed back for "just a few more Kellogg's, mother—they're wonderful!"

And, that'll make you glad, for Kellogg's Corn Flakes are a great speed-start for the day's digest! They make for health and happy digestion! Kellogg's are never leathery or tough, but always joyously crisp!

Kellogg's—the original Corn Flakes—will be a revelation to your taste if you have been eating imitations! For your own enjoyment, do this—compare the big, sunny-brown Kellogg's Corn Flakes with other "corn flakes." Eat some of Kellogg's—then try the imitations! You'll realize then why Kellogg's Corn Flakes are the largest and fastest selling cereal in the whole world!

Do more than ask for "corn flakes." Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package! My, but it's worth while!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and bran.

Our New Plan

Let us explain this new plan to you.

MAKE YOUR RENT BUY YOUR HOME.

Parrish-Boo Lumber Co.

Butter was never intended for hog feed

But it is being done today on every cow-owner's place where an intense or half-worn-out cream separator is being used, or where the farmer is skimming by the wasteful "gravity" method.

And it's a wholly unnecessary waste, too. Because a De Laval Cream Separator will soon save enough cream to pay for itself, and put a stop to all the waste of cream and time and labor for many years to come.

Have you had your separator tested lately? Call us up and we will bring out a new De Laval and run your skim milk through it. We know that is many times the amount the new separator will get cream out of the skim milk. We will be very glad to make such out free of charge.

August Wickstrom was a business caller in Rush City, last Tuesday.

Wm. Hurley was a week end visitor at the home of his father.

Mrs. Herman Borchers is suffering from an attack of the mumps this week.

Ray Hoeller left for Eveleth last Tuesday. He will also visit at Ely while he is up north.

Henry Para was down from Hinckley, last Monday, attending to some business matters here.

Miss Anna Dosey, who is teaching at Brahman, spent the week end at the home of her father, Julius Dosey.

E. A. Leander, foreman of the Patsch garage, spent the week end in the Twin cities, returning Monday afternoon.

A baby boy was born to Mr. and Mrs. Joe M. Pangel last Sunday.

The Paker family with other friends is a welcome to the new arrival.

Phil Slesky, proprietor of the Fair store, was a passenger to the Twin cities, last Monday afternoon, going down to buy more stock for his store.

Mr. and Mrs. Carl Wallace and son were up from Rock Creek and spent the week end at the home of her parents here, Mr. and Mrs. Robert Wilcox.

Wm. Gottry came up from the Twin cities, last week for a visit with his relatives here. He has an attack of grip and will remain here until recovered.

Miss Anna Wickstrom left for Grantsburg, last Tuesday, where she will visit relatives for a day or two.

From there she goes on to Chicago, and will later return to Denver, Colorado.

Mr. and Mrs. R. E. Carlson returned home last Sunday afternoon after spending the past week visiting in the Twin Cities and attending the Builders show in Minneapolis.

Roy also received medical treatment for his eyes, while in the city.

Mrs. J. Adam Bede returned from Keewatin last Tuesday. She has been there the past six weeks visiting with her daughter, Miss Betta, who is teaching school there.

Bede was accompanied by her granddaughter, little Miss Virginia Bede.

Miss Elizabeth Stephan, daughter of Mr. and Mrs. Chas. Stephan, left St. Paul, last Friday, for Winnipeg where she will pay an extended visit at the home of her sister.

Mrs. Solberg. She has been visiting relatives in the Twin Cities the past ten days.

Lorrie J. Boyle, son of Mr. and Mrs. J. D. Boyle of Pine City, as a member of the Hamline University Glee Club, has just returned from his trip through Northern Minnesota and North Dakota.

This year the glee club gave concerts in twelve different towns. Lorrie is second tenor and accompanist of the club.

There were 12 tables in use for the winter party given by A. O. Garbush, Phil Slesky and Frank Stuck at the Hotel Agnes, last Friday evening. Supper was served following the playing. The usual friendly rivalry developed amongst the players and all had a fine time.

Mike Resche expects to leave for Cass Lake in a week or so, where they will make their home. He has disposed of his farm—the old Beaver place. His auction, last Tuesday, brought pretty good prices, there being a good crowd present notwithstanding the poor condition of the roads.

The head of the big moose, shot by Henry Blank last fall, and given to Webb Hodge, is attracting quite a little attention. Mr. Hodge has had the head mounted and hung in his office. It is a beautiful specimen and is one of the largest ever brought to town. It measures fifty inches from tip to tip, and weighs 104 pounds.

The Nell Hillmans had a thrilling experience, last Friday night, when their house was struck by lightning. About three feet was knocked off the top of the chimney. The lightning struck about 2:30, going down the chimney and jumping to a floor register near the fireplace. It broke the register, tore up a piece of the floor and went on down to the basement into the kitchen. A rug was picked up and thrown on the cabinet. When the lightning got through with the rug, it was all chewed up as if a bunch of mice had been at it. It was very fortunate that the house wasn't set on fire, and remarkable that so little damage was done with the lightning roaring around the house at will.

Paul Perkins was a passenger to the Twin cities, last Tuesday noon.

M. B. Hurley left for the Twin cities last Tuesday on a business trip.

J. J. Tolson of Hinckley was a business caller in the village last Monday.

Ben Boo left for the Twin cities, last Monday noon, expecting to be gone a couple of days on a business trip.

Miss Portia Huber is back at her work in the auditor's office, after a two weeks illness with a severe attack of flu.

Mr. and Mrs. John Kynel are the proud parents of a baby girl, born last Thursday night. We join the other friends in congratulations.

Mrs. M. D. Gates has been quite ill the past couple of weeks. Her daughter Mrs. Milo D. Wolf has been staying with her mother, while she is ill.

Lorenzo Gray was home from the State U for the spring vacation returning to his studios Tuesday.

Darby Gray was down from Duluth for the week end.

The ladies of the G. A. R. Circle will meet at the home of Mrs. A. Pennington next Tuesday afternoon April 5th. A covered lunch will be served by members.

Miss Ruth Wiseman returned to the State U the first of the week, after spending the spring vacation at the home of her parents, Dr. and Mrs. R. L. Wiseman.

The Pine City Alumni five will play the Rush City team at the gym on Saturday eve, April 1st. This will be the last local game of the season and a fast and interesting game can be expected.

Myron Allen was up from the State U and spent the spring vacation at the home of his parents, Mr. and Mrs. R. P. Allen. Miss Doris Allen was also up from Hopkins for a visit with her folks.

The ladies aid of the Presbyterians church are holding an apron and candy sale in the church this afternoon. Supper will be served by the ladies this evening at six o'clock. All are invited to attend.

Mrs. Harold Jorgensen returned home, last Monday afternoon, after a few days visit at the home of her mother in Minneapolis. She accompanied her succession to the forepart of last week, who had spent the week end at the Jorgensen home here.

The kindergarten class started in the local school, last Monday, with about 20 little folks in attendance. The class is being taught by students of the Normal Department, under the supervision of Miss Dougherty. It will run until the June vacation.

Otto Sobotka, Roy Carlson, and W. S. McEachern, delegates to the Congressional and State Republican convention, left for the Twin cities yesterday, to attend the meeting. The tenth congressional convention meets at the West Hotel at Minneapolis, this afternoon, and the state convention will meet at the Auditorium in St. Paul tomorrow afternoon.

Howard Folson, editor of the Taylors Falls Journal, was a business caller in town last Saturday, going on up to Hinckley for Sunday and returning here Monday, when he rented the farm which the Folsons own north of town, adjoining the Strandsly farm, to Peter Felton. Mr. Felton will move on the last of this week, or first of next.

Walt Peterson will move his family here from St. Cloud, the latter part of this week. They will go back onto their farm for the summer. They moved to St. Cloud about a year ago when Mr. Peterson purchased an interest in a creamery there, which he sold recently. He has been here the past month or more attending to business matters.
