

Swift Motor Boats Make Test Cruise to Washington

The two swift Thornycroft coastal guard motorboats bought for experimental purposes by the United States government from England made their test trip from Portsmouth, Va., to the navy yard in Washington. This type of boat was used by the English as torpedo boats during the war. The photograph shows the boats lying in the Washington bay yard.

New Type of Air Yacht to Be Speedy

This machine is being built for Vincent Astor. The seating arrangement will be similar to that of a sedan motor car. With its 400 horsepower Liberty engine it will be capable of a speed of 135 miles an hour.

MEMORIAL TO GEN. MEADE

This is the model of the memorial to Gen. George C. Meade, commander of the Army of the Potomac in the Civil war, which is soon to be erected in Washington. It is the work of Charles Grady of Philadelphia. The central figure of General Meade is surrounded by symbolic figures of military courage, energy, fame, loyalty, charity and progress.

Broadcaster for the Government

The thousands of radio fans who nightly listen into the weather reports, crop reports, messages from Secretary Mellon and other important government statements will be interested in meeting face to face T. C. Gale, the man who talks to them each evening. Here is Mr. Gale at work in his office in the Postoffice department, broadcasting messages to his country over the air.

"WILD MAN" IS ARRESTED

The "wild man," who claims he is Roy Heave, was arrested by the Berks county, Pa., authorities as a suspect for the murder of a considerable number of persons years ago. The man says he is a member of the church that is opposed to shaving, hence the long hair. He seems to be a man of education, with the mental character of the crime more than a mere of years ago could only speak because Heave's men was quite with education.

WORTH KNOWING

A state inch in China comprises 140 miles. The modern silk hat was first worn in England about 1840. A stark and white leather factory is to be established in Honolulu. Great Britain supports more people on the acre than any other island in the world. The acre of York, second son of King George, has an official allowance of \$20,000 a year. More street accidents occur in New York in the "stuck" hours than during the business "trade" hours. The British treasury expects to derive \$400,000,000 a year from the new taxes on motor vehicles. Citizens of Hawaii in nine months bought motor cars to the value of \$1,000,000. Santiago, Chile, was one of the first cities to employ women as street car conductors. A Frenchman has invented a fabric for women's dresses made from the leaves of the banana plant. The Brazilian congress is planning to protect and develop the oil resources of the country.

Modern Miss Standish. The woman was spending a week-end in the suburbs and Dorothy, the sixteen-year-old daughter of her hostess, one night as they sat talking about the future, he having ceased her a half-way engagement, he said: "And you'll be very careful and not run into debt and have trouble as the Sissons did. Well, always pay cash, won't we, dear?" A suspicious look came into her face. Quickly she put forth the question: "Whose cash?" True, but Astonishing. Anatole France, who is seventy-eight, went to Stockholm to receive his Nobel prize just after recovering from a severe illness. He was fearful of catching cold, and wore several well-cuddled waistcoats under his coat. The Swedish custom officers were suspicious. "What have you got in here?" one of them asked, with his hands on the great novelist's coat. "France," was the reply.

Very Cursory. A huntsman called at the farmstead to settle for damages done by the hounds and the game hold up his hands at the bare recollection—Tit-Bit. "That he have, sir?" replied Mrs. Hodge. ## WASHINGTON COMMENT

Rev. Harry F. Hubble, Presbyterian pastor of Buffalo, N. Y., says "all churches should install dance halls." He argues that where there is a "dance hall evil," the way to correct it is not to get rid of it, but to grab it and put the church into it.

If there were a few more ministers with so broad a viewpoint, there would be less churches which fail to hold the young man and young woman who today seek diversion where they can get it—in the church, with the churches' wholesome influence, if they can, but diversion anyway, church or no church.

It's a long, long road from intolerance to sanity of thought. We find people trying to kiss the cross on Sunday but a few score of years ago. When all churches lead the world in tolerance, all the churches will lead the world in intolerance.

## Theatre Notes

Friday and Saturday, Hoyt Gibson in "Sare Fire." The story of a vagabond cowpuncher who makes good for The Girl. He cleans out the town Shylock, prevents the married sister of his sweet heart from eloping with a libertine and saves the life of the girl he loves. So there is nothing left for her to do but marry him. Brownie the Dog Star in "Brownie's Little Vengeance."

Sunday and Monday "The Rosary." Each reel a pearl, also Fox News.

Thursday Priscilla Dean in "Out Side the Law." The story of the daughter of a reformed crook, who forsake the straight path when her father is "framed" by a former henchman and sent to prison. How she matches her wits against the minions of the law and the underworld; how the maternal instinct softens her soul and how her reformation is accomplished by the Confucian philosophy of a Chinese sage. Also International News.

Lutheran Church Notes  
Paul Heinke, Pastor

English services Easter Sunday at 10:30 a. m.  
Sunday school at 9:30.

Presbyterian Church Notes  
T. J. Buckton, pastor.

On Good Friday evening at 7 o'clock there will be a communion service. The Easter services on Sunday will begin at 11 a. m. There will be special music by a trained children's choir. The evening service will continue the series of topics on the great modern leaders of the church. The Easter services come again to remind us of Him who could not be defeated by death. Once upon a time there lived a man named Caesar, who led a campaign of undisputed conquest; until he met the King of Terrors, and lay down to die. On one time there was a man named Napoleon, at the waving of whose wand thrones and dynasties trembled and tattered to their fall; but he too met the King of Terrors, and without a word bowed low before him. But the King of Terrors could not prevail before the King of Kings. Death could

not keep Him down. The locks of His Samson were not shorn so that He became weak as other men, in spite of the sword, the stone, the wall. He who had the keys of death and hell arose triumphant and is alive forever more. And this abundant triumphant life He has promised to all who believe in Him. Go to church on Easter Sunday and learn how you can become a child of the resurrection.

Methodist Church Notes  
James A. Orrock, pastor

Holy week, or Passion week, as it is sometimes called, is freighted with sacred memories. It was during this week that almost one third of the events that happened in the life of Jesus Christ took place. These great days of the church are associated with this week, viz. Palm Sunday, Good Friday and Easter. It was during this week that the Holy Communion was instituted, which has at all time been one of the great sacraments of the church. It was during this week that He was led as the lamb to slaughter, and after an unjust and unfair trial before Pilate, was mocked and scourged, and led away to be crucified on the Cross of Calvary. After his death he was buried in a borrowed tomb. It was early in the morning of the first day of the week that the women came early to the tomb to anoint His body for burial, and found it empty. It was upon this day that they saw Him first in His resurrection. It is on this fact of His resurrection that our hope of the Eternal life is based. If this is true as the followers of Christ believe, then life is filled with hope. If this is not true, life has no meaning that can satisfy the soul. There will be services both morning and evening, that will be in keeping with this the greatest event in Human history. Special music will be provided for the occasion. We want you to enjoy this day with us. Services at Rock Creek for next Sunday and from this time on will be held at a later hour. Sunday school will meet at 2:30 and this will be followed by the preaching service at 3:00. We would like to

have all who are interested in the Sunday school to meet us next Sunday at the church at 2:30 sharp.

## Pine City News

Miss Spink, local teacher, was taken suddenly ill with the flu, last Thursday. Her condition was so serious that Dr. Wiseman called her mother, who arrived from their home in Minneapolis, last Friday. Miss Spink is much better at this time, however, and expects to spend Easter at her home in the city.

## TO THE PUBLIC

It has been our desire, since going in to the automobile business, to give this community a garage that would be equipped to handle any kind of work and repair that is ever needed on a car.

Today, that desire has been realized. As you will note by this ad, we are fully equipped in every department--as well as any city shop.

In this day of keen competition, any business to succeed must be prepared to give real service and quality of merchandise sold at the lowest possible price.

But the important part of our business, are **EXPERT MECHANICS** to do the repair work. We give that service and stand back of our work and what we sell.

It is this policy that has enabled us to grow, to our present size.

**Compare flavor and crispness! KELLOGG'S against any Corn Flakes you ever ate!**

Takes the rough edges off hopping out of the covers these snappy mornings just thinking about that lusty bowl of Kellogg's Corn Flakes waiting downstairs! Big and brown and crisp-crunchy flakes—a revelation in appetizing flavor, wonderful in wholesome goodness—the most delicious cereal you ever tasted!

Instantly you like Kellogg's, not only because of appealing flavor, but because Kellogg's are not "leathery"! Kellogg's are a delight to eat, as the little folks as well as the big ones will tell you. And Kellogg's ought to be best—they're the original Corn Flakes! You have only to make comparison to realize that quickly!

KELLOGG'S Corn Flakes for tomorrow morning's spread! They get the day started right! Insist upon KELLOGG'S Corn Flakes in the RED and GREEN packages—the kind that are not leathery!

# Meeting Severe Tests of Service

THE dominating idea which has sustained those guiding the activities of the Standard Oil Company (Indiana) is expressed in a series of products which have met successfully the severe test of sustained service.

The Directors of this Company, realizing that petroleum products are essential to the welfare of the community, are striving constantly to achieve an ideal of practical perfection in every product manufactured and sold by this Company.

The result is, that wherever strains are severest, wherever the need is most intense, there will be found products, devised by the experts of the Standard Oil Company (Indiana), to meet the conditions and relieve the situation.

As an example of a product, which bears up under rather spectacular service tests, take Fortnite Long Time Burner Oil for railway signal lamps. Every traveler on the railroad realizes the vital importance of dependable signals. This dependability rests to a large degree upon the quality of oil used in the lamps. It has been found that wherever conditions are particularly severe Fortnite Long Time Burner Oil has delivered highly satisfactory service.

The same ideal of perfection applies to every one of the long list of petroleum products manufactured by this Company, whether the demand for them be large or small. Each of these products has a record of reliability. Each is made to meet the highest standard of quality and this quality is maintained.

This ideal of service to meet severe tests is one basis upon which to estimate the value to the community of the service rendered by this Company.
