

### TO ALTER SPRING WHEAT GRADES

#### Substitutes Are Offered to Demands of Northwest Grain Farmers.

Washington—There will be a change in the spring wheat grade in response to the widespread demand of Northwest growers for such changes. Secretary of Agriculture Wallace announced in a prepared statement.

Instead of according to the call for grading changes, the secretary proposes the following substitutes. This he believes will remedy the situation.

First—Modification of inspection rules requiring inspectors to specify in addition to the grades based on the percentage of moisture and foreign material in wheat.

Second—Waiving of daily flour assays to the farmers so the price will be simple on the cash market.

Mr. Wallace believes that the widespread dissatisfaction with the federal grades for spring wheat is due largely to poor grading at country points, and to the lack of proper market information there. He considered the grades them selves as satisfactory.

For a long time there has been an agitation in the Northwest for a change in the spring grades. It is likely that the decision of the secretary on agriculture as announced will come as a disappointment to many growers who have demanded changes in order that they might get the mill values for their products.

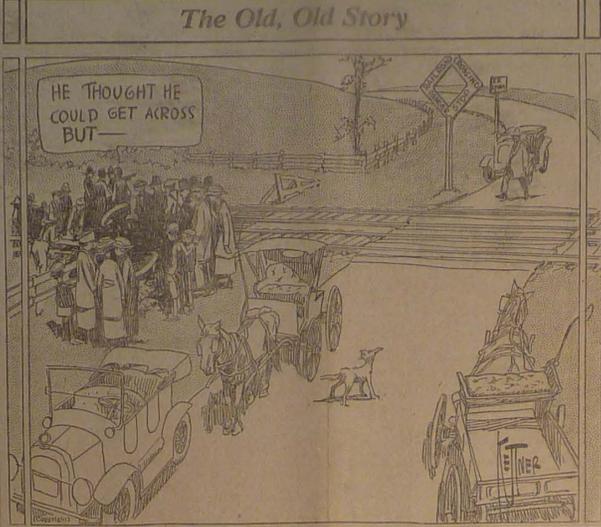

### ALL READY FOR LEGION MEET

Everything is in readiness for the big Legion meeting to be held at the armory Saturday evening of this week. M. B. Hurley, commandant of the fourth Minnesota organization, is already in receipt of enough letters from members of the various posts in the districts, who plan on attending, to assure the success of the undertaking.

The public meeting at the armory will commence promptly at 8 o'clock in the evening. Following the address of welcome, short talks will be made by State Adjutant King of the Legion, E. C. Nicholson, state chairman of the American Legion committee; Mrs. Sandy Hamilton, state president of the women auxiliary; the district chairman, C. J. O'Connell; and the secretary of the Legion, Don C. Kelly. A cooperative organization section, local activities of the tenth district office of the U. S. veterans bureau. Matters of intense and immediate interest to all service men and to all posts will be discussed at the meeting.

Dinner for the visiting regiment will be served by the local auxiliary at 6 o'clock, at the Hotel Ames. There will be a big dance, following the meeting, which will be a most enjoyable affair.

This meeting is open to all. Not only is the general public invited, but they are urged to attend, for every agriculturist as announced will come as a disappointment to many growers who have demanded changes in order that they might get the mill values for their products.

## Jos. Therrien Files For Representative Pine County Will Be Strong Vote Getter

Jos. Therrien of Pine City, has fresh impetus to the county political situation, when he filed for representative from Pine county last Monday. He will seek the nomination at the June primaries, and if successful, will make strong opposition for the other nominee at the fall election.

Mr. Therrien has been a resident of Pine County for the past 14 years. He is a judge of probate for nearly two terms, being appointed to finish the term of Robt. Wilcox when he entered the office. He is the owner of the Pine County Abstract Co.

Mr. Therrien would make a fine representative for the farmers and workingmen. He knows their needs and would not be hindered in working for their interests, as he is not in charge of health studies, showing proper care of the baby, bathing, clothing and feeding, an outfit for demonstrating oral hygiene, scales for weighing the children, and will distribute leaflets on health to clubs, that health studies may be made regular features of their monthly meetings.

She will arrange for meetings and clinics and start nutrition camps in as many communities as possible.

### BREST-LITOVSK TREATY VICT

Berlin and Moscow Sign New Pact—War Gains Canceled.

Genoa—A treaty between Germany and Russia has been signed at Genoa, the document being the latest of a series of similar treaties. The treaty nullifies the Brest-Litovsk treaty and re-establishes full diplomatic relations on an equality basis. The most notable clause is that it nullifies the claims of the Russian government on the nationalization of property.

The treaty signed is stated, regarding the conclusion of negotiations begun many months ago. This action by delegates in the Genoa economic conference in restoring international peace and negotiating a treaty outside the scope of the conference, led to the signing of the Brest-Litovsk treaty, which is now being nullified.

### Development Assn. Meets

The regular monthly meeting of the Pine City development association was held in the club rooms at the Hotel Ames last Monday evening. A goodly number of members present.

Paul Perkins reporting for the planning committee, stated that he had interviewed Mr. Price about renting an acre of his land on the state road in the south end of town, but had made no arrangement with him. The committee favors a site on the Belle place, near the hotel, near the Belle home, but could make no definite report until the return of Mr. Bede, who is in charge of the plan.

Regarding the rearranging of some of the mail routes so as to give better service to those living in rural sections. It was voted to invite a representative of the postal department to meet with the association after the matter will be gone into thoroughly. If such a meeting is arranged, those interested will be invited to attend.

J. J. Nordin, chairman of the taxation committee of the association in speaking on the possibility of securing the school tax on the matter of school taxes, the possibility of lowering the school taxes. Some of the subjects discussed were the lowering of salaries, eliminating some of the subjects taught and the matter of school taxes.

Before anyone of these changes should be put into effect, it is thought that the school board should have serious thought on the part of the school board. Especially the disbanding of some of the departments of the high school. The question is would the little amount saved in taxes that way, offset the loss of money to the school board. Of course, the bulk of our taxes could be eliminated entirely, by closing up our schools altogether.

### IRISH EXTREMIST CHIEF SHOT

Provisional Government Holds Over Hand in Eden.

Dublin—An attempt to reestablish order in the streets of Dublin, Ireland, by the Provisional Government, was frustrated by the shooting of an Irish extremist leader.

The head of the provisional government was shot and wounded by a branch of the insurgent headquarters, but he escaped and captured one of the assassins.

### TURNER BOOKS BIG PICTURE

H. N. Turner, proprietor of the Family Theater, has just booked a new picture, "The Million Dollar Picture," starring Miss Dupont, is one of the recent big releases, and is in the same class with "The Birth of a Nation." It has just finished a two weeks run in the Twin Cities and is booked for an extended run in Duluth, following the Pine City engagement. It is called "The Million Dollar Picture," owing to the tremendous cost of production. Mr. Turner feels quite optimistic over securing this masterpiece for his theater, as this will be the first small town it will be shown in. It will be here May 1st.

The "Money" show has finished on Monday, in an excellent picture, and the cast is made up of stars. While not a heavy play, it is a very delightful one of a high character and gives real pleasure to theatergoers. Such pictures as this and the one shown, merit the support of movie fans. They come from the big city show houses, and are a big expense. Mr. Turner has another picture in the works, and it is to be shown here in the next fortnight.

### NURSE WILL TOUR CO. FOR HEALTH ASSN.

On May 15th a nurse, sent by the Minnesota Public Health Association will begin a three weeks tour of the county to demonstrate health work.

She will travel in a Ford car, equipped with a special generator, projectoscope, and films for the display of motion pictures. She will also have a complete demonstration outfit for infant health work, showing proper care of the baby, bathing, clothing and feeding, an outfit for demonstrating oral hygiene, scales for weighing the children, and will distribute leaflets on health to clubs, that health studies may be made regular features of their monthly meetings.

She will arrange for meetings and clinics and start nutrition camps in as many communities as possible.

### Foot and Mouth Disease

Farmers all over Minnesota are being warned by the Minnesota Livestock Sanitary board to guard against the possibility of a new outbreak of foot and mouth disease.

There is a serious outbreak now in England the warning says, since January 1, English farmers have been compelled to slaughter 43,000 animals in 366 herds. A strict embargo has been established to keep out the animals and approved materials from infected countries.

It seems possible for the virus of the disease to be carried long distances by the clothing or other belongings of immigrant laborers, or the state's health, warning says, has and now draw as a trucking or ordinary and other goods. The hay or straw should be immediately burning to prevent its reaching susceptible animals. At livestock shows care of stock who are recently arrived from foreign countries should be watched carefully for any symptoms of sore mouth or feet.

All who come in contact with livestock should be on the lookout for any sign of foot and mouth disease and report promptly all cases coming under their observation.

WANTED persons connected with the "Money" show, to appear before the committee with Family Theater before May 2nd.

### Legion Post Can Get Money

The state legislature last year authorized each county commission to turn over to each local legion post a sum of money, not to exceed 2% for use in appropriately observing Memorial Day, May 30th. Last year the county of Pine County failed to avail themselves of this aid. Now is the time to submit request to your district commissioner or appropriate memorial day committee, so that you may only open written application.

All who come in contact with livestock should be on the lookout for any sign of foot and mouth disease and report promptly all cases coming under their observation.

WANTED persons connected with the "Money" show, to appear before the committee with Family Theater before May 2nd.

### Farm Bureau Unit Will Meet

The Pine City Unit of the Farm Bureau will meet at the club rooms at the Hotel Ames on Tuesday, April 25th. The meeting will be held at 8 o'clock and will be a very important meeting. Lunch will be served.

### HIGHWAY WAGE SCHEDULE SET

A new economy state highway wage schedule, with decreases averaging about 15 per cent and expected to total \$250,000 for the season, was made public this week by Chas. M. Babcock, state highway commissioner.

The new rates are in line with those being paid by counties throughout the state and also by private employers. They have been accepted generally by the highway officials, and will mean correspondingly greater results for the same outlay of money. The 1922 wage scales:

Hour	1921	1922
Patrolman	\$6.75	\$5.50
Laborer	3.40	2.85
Teamster	30.40	25
Truck driver	50	40
Foreman, Month	\$175	\$150
Grader operator	125	100
Tractor opps.	160	140

The rates for patrolmen include pay for one team and rental of equipment. Patrolmen who will receive 60 cents an hour are in the majority but the 55 cent figure has been adopted for several districts under better conditions. In some of the latter cases the further reductions were made to meet the schedule adopted by county road officials. The team rates include 12 1/2 cents an hour for additional horses when needed.

The reductions in state highway labor schedules according to the highway department are fair in the light of the fact that highway construction prices which now are lower than many years.

### MOVE TO OBTAIN MOONEY PARDON

#### Believes Mooney and Billings Were Convicted on False Testimony.

San Francisco—Another step in the campaign to free Thomas J. Mooney and Alvin Karpis from state prisons, where they are serving life sentences in connection with a bomb explosion here, was taken when District Attorney Brady addressed a letter to Governor Stephens asking that the men be pardoned.

Brady's action came as the result of his promise in open court several months ago while a phase of the Mooney case was being heard, that he would endeavor to have the governor liberate the men.

In his letter to the governor, Brady said that it was his belief that Mooney and Billings were convicted on perjured evidence and that their continued incarceration is a reflection of justice as administered in California. He specifically attacked the testimony of Frank C. Oxman, Darkest, a cattle man and John McDonald, leading witness for the prosecution in the bomb cases.

The cases, which became world-wide, and prompted a federal investigation on which a plea by President Wilson in Mooney's behalf was based, followed the explosion of a bomb which killed six persons and injured 40 on July 23, 1916. Ten people were killed and 40 injured.

Mooney was sentenced to death but the sentence was later commuted to life imprisonment.

### Base Ball League Meeting

The annual meeting of the Eastern Minnesota baseball league will be held at Pine City, next Monday evening about 8 o'clock.

All matters pertaining to the conduct of the league will be discussed at this meeting, officers elected for the coming year and other business disposed of.

Those interested in the selection of a breeding flock of ewes considering the question from a wool producing and a mutton producing standpoint, should arrange to attend the meeting to be held at the Northern Stock Farm on the A. T. Jones farm, five miles north and one mile west of Arkov or three miles east of Rutledge on Saturday April 29th at 1:30 p.m.

## HAPPENINGS IN UPPER STATE

News From All Parts of Minnesota Given in Condensed Form.

### EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of State Tarely Chronicled for Their Benefit.

Northfield—Platinum thieves who looted the vault at New Leighton hall, Carleton college, Northfield, obtained metal valued at \$2,400.

Minneapolis—Revoking of the license of the American General Insurance company, Chicago, and denial of an application for the Co-operative League of America, Pittsburgh, to do business in Minnesota, is announced by the state committee commission.

St. Paul—Tree planting is necessary at this time of the year if Minnesota is to retain its standing as one of the leading forestry states, according to a pamphlet just issued by W. T. Cox, state forester. Farmers throughout the state are urged to cooperate.

Marquette—Measurements of the Minnesota river are being taken this spring at several points along the stream, under the direction of the Minnesota State Drainage Department. The data secured will be used in plans for proposed flood control projects.

Owatonna—About 450 Steele county boys and girls are registered for the 1922 season of the Steele county boys' and girls' clubs, which start on July 1. The year will include junior short courses in Bloomington Prairie, Medford and Owatonna public schools.

Willmar—With the start of spring work in this section the farmers find the ground in good condition, as a rule, for seeding. Farm hands at spring demand more so than for several years. Wages have gone down, while prices on farm products generally have improved, so that the farmers feel they can afford to hire help.

St. Paul—The State Pardon board has heard 15 applications for pardons in connection with the Bremer kidnaping but has taken no action in any case. The board will visit the prisoners at Stillwater, St. Cloud and Shakopee before announcing any action.

Monticello—Judge A. E. Giddings has under consideration a petition for injunction restraining further work on the Rockford road brought by taxpayers who allege that the Wright county board of county commissioners has wasted money in road construction during the past two years. The state public examiner has been asked to conduct an investigation of the affairs of the board of commissioners.

St. Paul—Hearing on the plea of the mining companies for a permanent injunction restraining the state of Minnesota from collection on the occupational or so-called tonnage tax on iron ore has been postponed until April 24 before Judge Wilbur F. Booth in United States district court in St. Paul.

St. Paul—Retraining of automobile taxes in cases of fire, theft or other loss of a car after the tax has been paid is now allowed by Minnesota automobile tax law, Secretary of State Mike Holm is informed by the state legal department. Numerous claims have been made for a refund, and requests for permission to transfer a license to a new car.

Neerath—Seeding in Clay county and the Red River valley will be done by agents of N. O. Nelson, county agent. Ordinary farmers are in the field April 1, but it will be 10 days or two weeks before they are able to seed, he says. Much of the valley land between Moorhead and Crookston is literally covered with water.

Results achieved by the state sanatorium at Walker, contained in a recent report, placed in its work for prevention of the spread of tuberculosis. The institution has approximately 120 patients, and has been able to arrest 42 per cent of the incipient cases, 14 per cent of the moderately advanced cases and 2 per cent of the far advanced cases, the report shows.

Minneapolis—Ten Minnesota boys from as many towns in the state competed in the fifth annual state declamation contest, under the auspices of the Rosenbaum Conservatory.

St. Cloud—Frederick H. Whitney, 65 years old, assistant superintendent of the state reformatory here since its establishment in 1889, is dead. He had been ill for a long time.

Morris—Morris public school teachers face votes of from \$5 to \$20 a month for the coming school year, as a result of action of the local school board.

Chatfield—By a majority of 127 the voters of Chatfield decided to permit Sunday movies. Out of a possible 650 votes, 635 were cast, showing the great interest taken in the question.

St. Paul—Minnesota returned to its eighty-six counties more than \$3 for every dollar paid by the counties as direct state taxes during the calendar year 1921, says Ray P. Chase, state auditor.

Stillwater—The population of the Minnesota prison is 399, the highest it has been in some time.

Mankato—Ex-Mayor Waters, who has been in trouble with the city for the past six months for not complying with the city ordinance, must pay a fine of fifty dollars or go to jail. This decision was handed down from the State Supreme court.

Chatfield—The manual training room of the high school was damaged by fire, which broke out in the tool room, the loss being estimated at \$2,000. The cause of the blaze which was under control in less than two hours has not been determined.

Minneapolis—The State Bar association and the bar associations of both Ramsey and Hennepin counties honor the memory of Judge Hascal R. Brill, for 47 years a judge of the Ramsey county bench, who died March 1, at memorial exercises in St. Paul.

Pipestone—The national committee of the Young Men's Christian association and the Young Women's Christian association conducted a conference at the government's Indian school here for the purpose of completing an extensive report on the needs and opportunities of the Indians of the United States.

Redwood Falls—Van Bowen, member of the Railroad and Warehouse Commission, had a hearing at the Commercial Club rooms, in regard to raising the rates of the local telephone company. There was very little objection to the proposed increase in rates.

Mankato—Lloyd McCrystal and Miss Rose Augustine, were found dead in the rear of a truck at Mankato. The deaths were caused by monoxide gas from the engine. They made the trip from Mankato to Redwood Falls with three other friends.

Rochester—Announcement has been made by railroads here of a reduction of 20 per cent in round trip tickets to this city, with long stopover privileges, for the benefit of thousands who come here for treatment at the Mayo clinic.

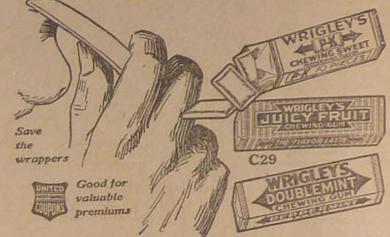

Virginia—Bismarck, Minn., is weak from hunger, Frank Noss, aged 22, sought by sheriff's forces in connection with the slaying of William Ruzic, Virginia motorist, surrendered to Deputy Sheriff Bud Martin.

Last Thursday evening an entertaining lecture was given illustrating with stereoptical slides the work of the Presbyterian church on the Iron Ranges in this state. The high spots in the annual reports came from the Ladies Aid. Over \$500 was raised in lunches and sales. They paid out in renovations, lumber, repairs to the manse about \$320. And \$225 was raised about \$200 to the church budget, \$157 to missions, making a total of nearly \$900 paid out during the year. This church owes, as the New Testament church owed, a great deal to its loyal and hard working women folk. The pastor represents the church at the Presbytery meeting in Duluth this week, on the way back he has been invited to preach at the installation service of Rev. O. Lee at Hinckley. The usual services will be held next Sunday morning and evening.  
There will be special music next Sunday morning by a young soprano choir.

## What the Consumer Buys is Service

WHAT you buy from the Standard Oil Company (Indiana) is service. Service may be expressed in many ways—by the reduction of friction from a lubricant or a good clear flame from a kerosene lamp. Every product made by this Company is designed to render a specific, definite service.

This service to be constant and dependable must be based—first upon highest technical knowledge and second upon permanency of organization. There can be no lasting service by any manufactured article unless there be stability in the organization that makes it.

The Standard Oil Company (Indiana) has for many years been the leader in producing petroleum products of the highest quality.

This is because its organization is essentially scientific; because through a period of years it has built up a personnel of experts. These know what the public demands from petroleum products and they know how to create products which will supply this need.

Each product conforms to a standard, size, yield maximum service. The series of petroleum products made by this Company round off a cycle of service which supplies every need of the community.

As a specific example, take candles. One may think that in these days of gas and electricity the humble candle had been discarded, but it has not. Twenty-two million pounds of candles are consumed yearly in the United States, of which the Standard Oil Company (Indiana) last year produced 7,849,000 pounds.

Thus, through the long list of products made by this Company, the needs of small groups of people throughout 11 Middle Western States are recognized and cared for with the same forethought and efficiency, as are the wholesale requirements of motorists and manufacturers. This, too, is service.
