MABEL JOHNSON MARRIED LAST WEDNESDAY

A very pretty wedding took place Wednesday afternoon June 11th at 4 p. m. when Miss Mabel Johnson, daughter of Mrs. Gertude Johnson, became the bride of Hartwick E. Anderson of Colfax, Wis.

They were attended by Mrs. J. O. Strandberg and Leonard Johnson, sister and brother of the bride.

The bride was attired in a light tailored suit and wore a corsage of lillies of the valley. The bridesmaid wore a dress of blue canton crepe and carried a bouquet of moss roses.

While marching in to the tune of Mendelssohn's wedding march, played by Miss Violet E. Nicholson of St. Paul, little Mabel Johnson preceded them scattering rose petals. The ceremony was performed by Rev. Samuelson of Rush City, the ring service being used.

The rooms were beautifully decorated, the ceremony being performed under an arch of spruce, lilac and bridal wreath. A 3-course wedding dinner was served at 6 o'clock by Mrs. J. A. Johnson.

The bride has been a resident of Rock Creek the past 16 years, moving here with her parents from Duluth. She has made many friends since coming here, especially among the young folks of the community. Her many friends join with this paper in extending best wishes and congratulations.

PETERSON-BERG MARRIED SATURDAY JUNE 7TH

A very pretty wedding ceremony was performed at the home of Mrs. Martin Iverson of St. Paul, sister of the bride on Saturday June 7th when Miss Hilma Ahlma Berg and G. Allan Peterson were united in marriage.

The ceremony was read by Dr. Rising of the St. Anthony M. E. church at 8 p. m. in the presence of about 30 relatives and friends.

The bride and groom were attended by Miss Hortense Berg and Lyman Peterson, brother and sister of the bride couple. Grace Berg, niece of the bride, acted as flower girl and Raymond Cosgrove, cousin of the bride, acted as ring bearer and carried it in a basket of lillies of the valley.

The ceremony was performed under a wedding bell of lillies of the valley and white streamers. The wedding march was played by Miss Ruth Buelah and "Promise Me" was sung by Miss Smedberg. The house was beautifully decorated with ferns, palms, roses and lillies of the valley. The color scheme was pink and white.

Following the ceremony a wedding luncheon was served. The bride is the daughter of Mr. and Mrs. Julius Berg, who live northeast of Rock Creek. During her residence here she has made many friends in Rock Creek and vicinity. The past eight years, she has spent in St. Paul where she has been employed.

The groom is the oldest son of Mr. and Mrs. Frank Peterson, living northeast of town, and has been a resident there the past four years, when he

moved here with his parents, from Stacy. At present he is employed as truck driver for the Bergman Lumber Co., in St. Paul. The newlyweds will make their new home at 1569 Breda Street, St. Paul, Minn. The Pine Poker joins with their many friends in this community in wishing them success throughout life.

First Woman Authorized to Preach in England

Miss Edith Platon-Turbevill is the first woman in England to be officially authorized by the Episcopal church to preach. She has come to this country to go on a lecture tour.

"Only Way to Treat Crooks Is Kill Them"

Philadelphia. — Mrs. Mary Hamilton of New York, first policewoman in the United States and head of the bureau now being created in New York with 100 women officers, called on Director Butler recently to urge the advisability of establishing a force of policewomen in Philadelphia.

The general greeted Mrs. Hamilton thus: "You're hard-bolled, like I am, aren't you?" Mrs. Hamilton replied that she was, and Director Butler continued: "I'm glad of it. All these theories and reformist ideas don't appeal to me. There's only one good way to treat a crook. That way is to kill him and keep him out of mischief from then on. These reforming ideas don't appeal to me. I don't want to reform anybody."

Service to Society FUNDAMENTALLY, the Standard Oil Company (Indiana) is a service organization. Directors, employees, and shareholders are moved by one ambition—to make this Company great in its ability to serve the community.

It was the furtherance of this ambition which caused the Management to take steps to secure a wide distribution of shares in this Company. To do this it was necessary to get the price per share down to a point where investors of moderate means would find the stock attractive. This was accomplished by distributing the working surplus among the shareholders, as a stock dividend, and reducing the par value from \$10 to \$25.

Today the Standard Oil Company (Indiana) is owned by 46,016 shareholders—22,135 of whom are employees; and 13,253 are women—no single shareholder owns as much as 6% of the total stock and the price per share at this writing is \$57.00.

Among the larger shareholders are many educational and philanthropic institutions who depend upon the dividends derived from their holding in this Company to carry on certain phases of their work.

For example, we cite the Rockefeller Foundation and the General Educational Board whose activities extend to all parts of the world, bettering the living conditions for millions, lessening the burdens of the afflicted, enlightening the youth, and expanding the educational facilities of the world.

The service rendered to society by the Standard Oil Company (Indiana) is of a broad and varied nature. Not only does it supply the thirty million people of the Middle Western states with petroleum products of superior quality in such a way as to have gained their confidence, respect and esteem, but the profits accruing to the shareholders from the operations of this Company are used in large part for the welfare of all the people and to make the world a better place in which to live.

Standard Oil Company (Indiana) General Office: Standard Oil Building • 910 So. Michigan Avenue, Chicago 3548

UNITED STATES TIRES ARE GOOD TIRES

USCO FABRIC TIRES 30x3 and 30x3 1/2 inch FOR many years the USCO Fabric has been the standard of value in a fabric tire. It's a better tire today for the light-car owner than a cheap cord of unknown make. Costs less and gives more. The USCO Fabric will give you a lot of tire service for the money. Buy U. S. Tires from Webber Service Station, Pine City

Why the True Blue Oakland Endures The reasons for the splendid performance and endurance of the True Blue Oakland Six are not hard to find. When a car is built by a permanent organization such as Oakland; when it is backed by unlimited engineering and financial resources such as General Motors possesses; and when all concerned set out deliberately to build the finest light-six in its field—you would just naturally expect that car to be a success. The soundness of Oakland's design and construction is admirably reflected in the way this True Blue car performs. See it. Ride in it. Drive it. Make it your basis for comparison in choosing your new car. HOLETZ BROS., Pine City. True Blue. PRODUCT OF GENERAL MOTORS

A SERVICE ORGANIZATION

The American Legion is a service organization, as has been demonstrated, time without number. It has worked valiantly for the disabled veteran and now it proposes to shoulder the responsibility for the administration of the new bonus law, so that every ex-service man may take advantage of government adjusted compensation.

The Legion will make it possible for every former soldier to make formal application for benefits under the law without a cent of expense to himself. It will eliminate the possibility of any unfair advantage being taken of the ex-service man for financial gain.

The American Legion deserves the united support of all good Americans in its efforts to see that the men who fought, get fair treatment. The Legion has succeeded in untiring some of the red tape that has surrounded the work among the disabled soldiers and with the proper backing, it will undoubtedly perform equally as great a service in helping to put into effect the provisions of the adjusted compensation measure.

IBAD BOYS

The former governess of Nathan Leopold, one of the self-confessed slayers of young Roger Frank in Chicago, says the death of a bird or an animal never seemed to have any effect on him, except perhaps one of curiosity, when he was a lad.

He was always head-strong and had no respect for his parents, she adds. In other words, he was a bad boy.

And the plight in which Leopold now finds himself is the fate of bad boy. The boy who will not listen to his elders is destined to have his name on the role at some penal institution.

Parental guidance is essential and young folks who are not compelled, if not willing to follow in the paths that are shown to them, will come to no good end.

Leopold had a mania for killing and collecting birds. He regarded life lightly—all too lightly. "I should give a Cann't was his code as a boy.

Boys and Girls who resort to the familiar phrase, "I don't care," express their sentiment, though in more polite language. Unless this tendency is arrested by careful parents a sad future awaits them.

Parental discipline, even if enforced with the rod, is still the hope of the nation.

GOOD FOR AMERICA

Author Brisbane says, "Each of five Paris newspapers has a million or more circulation because all parts of France look to Paris for news, while in this country only one daily circulates a million copies, because Americans feel the real newspaper is one in their own neighborhood. That is good for America."

No country so large as the United States could ever have been developed with all its people in every nook and corner fully informed on local, state and national questions without the 14,000 country dailies and weekly newspapers which give immediate information to rural communities on all subjects.

America's country newspapers are the safeguard of its democratic institutions.

A Blessing in Disguise

More handkerchiefs, more neckties, more socks for father—long live Father's Day.

Father never got much enthused about this Father's Day business until he found that it was another opportunity to add to his visible supply of wearing apparel and ever since that time he has been a rank enthusiast.

He particularly likes the idea of receiving a real "load" pair of socks from a flapper daughter, and how he "enjoys" paying for them at the end of the month. And then that new necktie that somebody always gives him—and then wears it until all the "new" comes off. How he does love those neckties.

No joking—father does like to be appreciated. He was a little jealous when Mother had a halo placed upon her head but he never said a word—just kept plodding away. He always knew that anything ever said about or done for Mother would not pay the debt humanity owes to Mother, but right down deep in his heart, Father always believed that he deserved a little recognition for the part he plays keeping the world turning on its axis.

So when somebody suggested a laurel crown for Father, he straight-away sanctioned the idea and it has grown until Father's Day has graduated into the calendar.

This year it falls on Sunday June 15th. Last year was the first time Father ever received widespread recognition with a "day" and he likes it so well that he believes he will wish one every day.

As a rule, Father doesn't

FRENCH CABINET COMPLETED

Members Adopt Text of Short Declaration to Be Submitted.

Paris—The cabinet of Frederic Francois-Marsal called generally the "minority of a majority," because the only mission it is expected to fulfill is the reading of President Millerand's message to the Chamber of Deputies, and the Senate, completed its organization and adopted the text of a short declaration to Parliament which was submitted to the president. The submission took place when M. Francois-Marsal presented his colleagues to the chief executive.

Rebel Chief Captures More Cities.

Athens—A telegram from Corfu states that the new prime minister of Albania is marching against Skoda at the head of government troops, while the former minister of war is marching with a few troops against Valona, which is menaced by being cut off by the rebels. The Albanian parliament accepted the resignation of the cabinet and organized a new one under M. Brno who is pledged to make peace with the revolting troops and settle the boundary dispute with Yugoslavia.

Local Happenings

Miss Julia Neville is home from her teaching for the summer vacation.

Miss Hattie Kalb is visiting relatives in the Twin cities this week.

Harry Petschel was up from Minneapolis to spend the week end with his folks here.

Miss Holstrom of the Power company was a visitor in the Twin cities over the week end.

Tom Henderson came home last week and will visit for a while here.

Ernest Wilcox was down from Sandstone to spend the week end with his folks here.

Judge Wilcox held court at Hinckley last Tuesday afternoon for a hearing on Mothers' pensions.

Mr. and Mrs. Godfrey Anderson of Minneapolis spent Sunday visiting at the home of Mr. and Mrs. Ira Holt.

Mrs. Dick Lawrence and children are visiting at the home of her parents Mr. and Mrs. Chas. Spickler.

Fred Jordan and Fred McKusick drove to Bayport Sunday where they spent the day visiting.

Mrs. Tampe and son and Miss Erna Tampe came up from St. Paul last Friday evening.

Miss Violet Jensen will accompany Mr. and Mrs. Eisenmenger to Lake Superior, expecting to leave today.

Paul Dorow spent Sunday at the home of his son-in-law Monte Deforest on Pokegama lake.

The W. C. T. U. will meet at the home of Mrs. Schultz on Tuesday of next week when the election of officers will be held.

Winellen McEachern accompanied Mr. and Mrs. Howard Folsom to Taylor Falls last Monday and will visit there for a week or two.

O. H. Ingram, owner of the Hotel Agnes, attended the grand opening of the new Nicolet hotel in Minneapolis last Monday evening.

Alex Halliday of Two Harbors was a visitor in the village last Monday. He was employed in the Jumper barber shop here 7 or 8 years.

Mrs. Agnes Dehle arrived from Seattle, Wash., last Friday, and will visit at the home of her sister, Mrs. J. C. Hangeck.

Mr. and Mrs. Howard Folsom were visitors in the village last Monday stopping off here on their way home from a visit at Hinckley.

Miss Ruth Blost and Miss Ruth Linnich left for Duluth last week where they will take a course at the teachers college there.

Mrs. G. T. Olsen and baby daughter came here from Minneapolis last Friday. Friends of Dr. and Mrs. Olsen are pleased to welcome their little daughter to Pine City.

Ottocar Sobotka returned home from Cleveland last Saturday where he attended the National Republican convention as a delegate from the tenth district.

Mrs. Peter Resch and daughter returned home from the

Rush City hospital the first of the week. Friends are pleased to welcome the little lady to Pine City.

J. Adam Bede returned home from Virginia last Sunday evening where he delivered an address at the pioneers picnic that afternoon. He left for Minneapolis Monday.

Fifty friends held a kitchen shower for Miss Mable Johnson at the Adam Bede home yesterday afternoon. A very enjoyable afternoon was had and refreshments were served following the social time.

Mr. and Mrs. Jos. Murray and children were up from St. Cloud to attend the wedding of her sister, Miss Clare Rybak. Mr. Murray returned home following the ceremony while his wife and children remained for a visit with her parents here.

Joe Tallon, who has been attending court on a Federal petty jury in Minneapolis, came up from the city Friday evening and will spend the week at home. He has been drawn on a jury which will set on a case next Monday.

Mrs. Ira Holt returned from St. Paul, last Saturday, where she visited the past week and also attended the state meeting of the Rebekah lodge, which held their convention during the week.

Mrs. Frances Kubicek is in great demand and is proving more popular than ever. Owing to the great number who

are playing this year, those who are using the courts are requested to only play one game when there are others waiting to play. This rule must be followed and it is only fair that everyone should have a chance to play.

Mr. Darnell and family left for Louisville, Kentucky, by automobile last Monday morning, where he will go to work for the electric company where Fred DeWesse is employed. He has been working for the local Power company. The Darnells were accompanied by Lester Wilcox who will spend the summer vacation working for the same company there. Less will return the first of September and return to Macalester college this fall.

J. M. Allen came up from Eitel hospital at Minneapolis, last Thursday, and will visit for some time at the home of his son, R. P. Allen. Mr. Allen's return from Los Angeles recently, when R. P. Allen went to accompany him home. He is able to be up and around the house now and is slowly regaining his health and will be pleased to learn that he is improving and will look forward to his recovery to his old time vigor and health.

Watch the Coffee Coupon! You may be next. Thursday & Friday—

Mrs. Torrey and Mrs. Larson living north of town, drove to the Twin cities last Saturday for a short visit.

FROM THE GALLERY

"Don't you think she has a moving voice?"

"Must have; a third of the audience has already left."

Subtlety.

"What must I talk about to a lady to please her?"

"Her beauty!"

"And if she has none?"

"About the plumpness of others."

51% Are De Laval's

The overwhelming number of De Laval Cream Separators in use is proved in a striking and forceful way by three recent investigations conducted by disinterested people, covering most of the principal butter-producing states:

(1) From an investigation conducted by the *Purdue Agricultural Cornell Countryman* (New York), *Agricultural Student* (Ohio), *Penn State Farmer, Transcrite Farmer*, published by the students of the various agricultural colleges in the question and their readers, who received the questionnaire, are data:

64.8% use cream separators of the following makes:

50.6%—De Laval.
16.8%—Nearest competitor.

(2) Sixty-two per cent of the cream separators on 358 representative Minnesota dairy farms, selected at random and over a wide area, are De Laval's, according to a survey recently made by *The Farmer of St. Paul*.

De Laval—62%.

Nearest competitor—(4.4%)

(3) From the *Dairy Farm Survey of Howard's Dairyman* (the foremost dairy paper in the world, having a circulation of approximately 85,000 at the time of this investigation).

Have you a cream separator?
80.0%—Yes.

What make?
41.18%—De Laval.
16.74%—Nearest competitor.

51.26%—average number of De Laval's, based on the foregoing, which confirms the well-known statement that there are about 85,000 De Laval's in use at all the rest combined.

The only reason there are so many more De Laval's in use is that it is the best separator—skims cleaner, lasts longer, and is easier to clean and turn.

CLOSE CONTESTS FEATURE PRIMARY

Theodore E. Christianson Leads Field for Republican Nomination for Governor.

St. Paul—Returns almost tripling in Minnesota state wide primary held Monday served to keep in doubt the three main contests—the Republican nomination for senator, the Republican and Farmer-Labor nominations for governor.

The Farmer-Labor nomination for United States senator was settled when the first returns came in. It was a 10 to 1 lead for Magnus Johnson over his nearest opponent.

Clear Hatham, former justice of the supreme court, lead Ole Sageau of Dutton and Thomas D. Schall, blind congressman, in the race for the Republican senatorial nomination on first returns. Hatham obtained a big lead in Hainey county.

Theodore Christianson of Dawson retained his lead for the Republican gubernatorial nomination almost since the first returns came.

For Chief Justice Wilson lead his opponents with Judges Albert Johnson and Dickinson fighting for a place on the ticket. Judges Stone and Holt were nominated.

From the first reports Monday night until the trailing predicts came in there was keen interest in the different camps due to the close races in various contests. At times reports tendency to change the entire results. Keen political observers were up in the air at various times and watched with interest the fluctuations in the three principal races; those of United States senator and governor on the republican ticket and the Davis and Olson fight on the farmer-labor side.

Congressional Contests.

Charles R. Davis of St. Peter and August Anderson of Red Wing were staging a close fight for the Republican nomination for Congress in the Third District. In the Farmer-Labor contest for Congress in this district, A. C. Welch of Glencoe was nominated. In the Eighth District Victor L. Powers of Hibbing has captured the Republican nomination. Geoffrey C. Goodwin of Cambridge apparently has captured the Republican nomination for Congress in the Tenth District. Julian J. Reiter of Rochester was leading for the Farmer-Labor nomination in the First District. Allen J. Farlow of Rochester ran a close race with Dr. Milo B. Price of Owatonna for the Republican nomination in this district. Harold Kesteven had continued his runaway race for the Republican nomination in the Sixth District.

Other Election Leaders.

Lieutenant Governor—W. I. Nolan. Secretary of State—Mike Holm (no opposition). State Treasurer—Henry Rines (no opposition). Attorney General—Clifford L. Hilton (no opposition). Railroad and Warehouse Commissioner—Frank W. Matson. Congress, Fifth District—Walter H. Newton (no opposition).

Farmer-Labor:

Secretary of State—Susie Stageberg, Red Wing. State Treasurer—C. M. Berg. Attorney General—T. V. Sullivan. Railroad and Warehouse Commissioner—A. E. Smith. Congress, Fifth District—Al G. Scott. Congress, Tenth District—O. G. Thomas V. Sullivan ran away with the attorney general contest. He will oppose Clifford L. Hilton, present attorney general nominated with no opposition on the republican ticket. The primary race for attorney general was confined to the farmer-labor ticket, there being no contest in republican or democratic parties. Frank H. Matson, incumbent, led the field for state railroad and warehouse commissioner. His nearest competitor was K. L. Haggis.

Student Officers Reach Camp.

Camp Custer, Mich.—College students from 19 schools from Virginia and Louisiana to Illinois and Minnesota were gathering here to open the six weeks' reserve officers training corps camp, which is first of the summer training season. Five hundred students from military academies or from colleges with military courses are included. Real training has been started by students. The camp is in charge of Col. T. L. Sherburne, who has been instructor at Michigan Agricultural college.

Pair Accused of Young Attack.

East St. Louis, Ill.—Carl and Earl Shelton, charged in Clinton county, Illinois, on indices of attempted murder in connection with the shooting of S. Glenn Young and Mrs. Young, May 23, have surrendered and given bonds of \$20,000 each at Carle, Ill. It was announced here by their attorneys, who said the Sheltons would deny knowing anything about the attack on the Youngs. Young is expected to leave the hospital this week. His wife has lost the sight of one eye.

Beroun News Department

Floyd Onstott came up from Superior Tuesday to spend some time with his family here.

Frank and Win. Vlids left Wednesday for Necedah, Wis. where they will join their father, who is employed there.

Frank Pobuda of Chicago.

VICTORIA MEDAL GIVEN U. S. MAN

J. F. Hayford Founded the Theory of Isostasy.

Evanton, Ill.—The Victoria medal of the Royal Geographical Society of Great Britain has been awarded to Director John F. Hayford, head of the college of engineering of Northwestern university, and will be presented on May 28 for notable achievement in establishing the theory of isostasy. Only two other Americans in recent years have been awarded this honor—Commodore Peary, discoverer of the North Pole, in 1910, and Alexander Humboldt, in 1914.

Force Under Earth's Surface.

The establishment of the theory of isostasy by Director Hayford and recognition of his work by British scientists is expected to direct attention anew to the research efforts of Hayford and associates over a period of 13 years to demonstrate the existence of a force beneath the surface of the earth which tends to equalize pressure at all points.

Suggested by Englishman.

Dr. Hayford said the idea of isostasy was first suggested by an Englishman and for nearly half a century has been under vigorous discussion by leading geologists and other scientists.

West Pokegama

C. H. Kane, G. W. Jewell, Mrs. O. E. Nelson and Son Edwin, motorist to Grantville, Wis. Friday morning after visit by relatives and friends here over Sunday.

Miss and Mrs. C. W. Blomberg visited at Joe Pita's Monday evening.

The Home Demonstration Sewing Class with the ladies attended the Achievement Day Picnic at Hinckley last Wednesday.

Olus Novak had the misfortune of cutting his hand quite badly on a piece of tin while working on Paul Reivers home last Monday.

Mr. and Mrs. Smith and family from the cities spent the week end at the L. G. Reeds, Monday of this week.

CLAIMS MOON IS CHILD OF EARTH

Scientist Says It Was Part of New Zealand.

London.—The secretary of the Royal Society, in his discourse at the Royal Institution, has made another notable contribution to astronomical theory.

Thery Long Under Suspicion. This theory has been under grave suspicion for some time and Dr. Eddington says what appears to be conclusive reasons for finally rejecting it.

Experimented for Nine Years.

Dr. Hayford began active work to demonstrate isostasy as early as 1910 when he was given charge of the geodetic work of the United States coast and geodetic survey.

Sanitary Plumbing For the Home

Health as well as comfort and convenience urges that the home be equipped with sanitary, efficient, dependable plumbing.
