Dear Chuck:

In regard to your denial for unemployment insurance, I just talked to the representative on unemployment division. He told me that you should check with the Gamble Store and find out how many employees they had for 20 weeks or more during the past year.

Then I would like to have you drop in and see me next week in Pine City to see if there is anything we can do on this claim.

As far as the date of appeal, next Wednesday is time enough for you to appeal if you want to do that.

Yours very truly,

Hans P. Christensen
